MEDICINES.

A CARD—TO THE PUBLIC GENERALly, and particularly to the afflicted poor.—I left my home and family in Missouri four months ago, suffering under the curse of a loathsome and unmanionable disease, with a broken constitution, broken down by the use of mercury, are hopeless of a cure. Chance threw me in the way of an honest citizen of New York city, who brought me to the office of Dr. Geo. L. Connelly, 218 New Canal street, by whose kind and skillful treatment I am now, under God, restored to health, and, by his moderate charges, I am thus enabled to return to my family a new man. I tender him this card, as a tribute of gratitude for his skill, and the blessing to God has attached him in his true and charitable help to the afflicted. GROSTON H. DIXON, St. Louis, Missouri, June 19th, '61.

SUN CHOLERINE MIXTURE—AS THIS is the season when Diarrhœa, Dysentery, Cholera Morbus and other like complaints prevail, it is well to have a bottle of this excellent medicine on hand. This receipt was first made known by M. S. BEACH, Esq., in the sun, and during the cholera of 1849 it was used with the greatest success, as many in this city remember. Many articles have been put up under this name, but the majority were perfectly worthless—no attention being paid to the quality of ingredients used. This article is warranted to be put up according to the original recipe, in every particular. Volunteers and all military men would do well to take a bottle with them, as it will be found a sure cure for Diarrhœa, &c. To be had at 49 South Second st, Williamsburgh. je19 6*
