Information will, under ordinary circumstances, be given to any person who may apply for it in answer to any or all of the following inquiries, if the application is by letter, the envelope or wrapper should be addressed "Sanitary Commission," and if by person, it will be answered at once.

1. Is ——— a patient in any hospital?
2. What is his name and regiment, and state where about he is reported to be, if not in the hospital?
3. Is he in hospital at present, or has he recently been in hospital?
4. If he was not in hospital, was he ever in hospital?
5. If he was in hospital, and at what date?
6. If he was in hospital, and has he been discharged from service?
7. If so, has he been furloughed or leave?

Many of the inquiries as to the condition of any patient in the Hospitals or Colonial hospitals will be answered within twenty-four hours after a request to do so is received at the Washington office.

The office of the directory will be open daily from 8 o'clock, A. M., to 8 o'clock, P. M., and in urgent cases, applicants ringing the door bell will be received at any hour of the night.

Much inconvenience in conducting the business of the Directory having arisen where visitors have been given direct access to the record books themselves, this practice will hereafter be discontinued; nor can lists of wounded in hospitals, by States, counties, regiments, or otherwise, be hereafter furnished from these records.

The Sanitary Commission, under special authority from the President of the United States, maintains an extensive system of agencies for securing the safe conveyance to and distribution of goods put in its charge for the sick and wounded at points where they are most wanted. It operates with equal ease and promptitude at all points—at New Orleans and at Washington, before Vicksburg and at Nashville—its distributions being governed by a comparison of the wants of the patients in all cases. To ascertain the relative character of the wants in a trustworthy manner, and to secure an equitable distribution and honest use of the goods distributed, besides the unpaid services of the members of the Commission, twenty physicians of high professional and moral character, and more than fifty lay agents are employed, under pecuniary securities for responsible and efficient service. The cost of these arrangements have thus far been about 4 per centum of the value of the goods distributed. The Commission has not been able to obtain authentic evidence of loss, miscarriage, or misappropriations, to the value of one dollar in ten thousand, of goods which have been once received at its shipping depots. The following are the names of these depots, to which auxiliary societies and all disposed to aid the sick and wounded, without reference to States or localities, but simply to their relative necessity for assistance, are invited to send their offerings:

Sanitary Commission, Branch Supply Office, 22 Summer street, Boston, Massachusetts.

Sanitary Commission, Branch Supply Office, 10 Third Avenue, New York.

Sanitary Commission, Branch Supply Office, 27 South Sixth street, Philadelphia, Pennsylvania.

Sanitary Commission, Branch Office, Cincinnati, Ohio.

Sanitary Commission, Branch Supply Office, Bank st., Cleveland, Ohio.

Sanitary Commission, Branch Supply Office, Chicago, Ill.

Sanitary Commission, Branch Supply Office, Louisville, Ky.

The Commission receives no pecuniary aid whatever from the Government, and is wholly dependent on the voluntary contributions of the public for the means of sustaining its operations. Contributions to the Treasury are solicited, and may be transmitted to GEORGE T. STRONG, Esq., Treasurer, 68 Wall st, New York.

The names of the following gentlemen, commissioners of the President of the United States, are pledged to the public for the economy, integrity, and efficiency with which whatever is entrusted to the Sanitary Commission will be administered:

H. W. Bellows, D.D.	George T. Strong, Esq.
