In a barroom in the Bowery, on Sunday, the front was hung with black, and in front were the words "Bar closed." A wag who stood by got a piece of paper with a mourning border, upon which he printed "We mourn our loss," and pinned it immediately under the other. Some moralist who passed subsequently, wrote underneath, "Your loss is morality's gain." A barter up town got into a novel speculation. He bought a barrel of lager, and brought it into his shop, and as his customers came in he told them to help themselves to a glass. Those who did so were charged 25 cents for a shave; those who did not paid only ten cents. In fact all sorts of dodges were and will be resorted to, in order to evade the law.

In the First Precinct there were five complaints for the non-removal of garbage and ashes; in the Eighth, one complaint for the same; in the Twelfth there were seven complaints, and in the Twenty-first, twenty-two. In the Seventh Precinct, Governeur Slip was not swept; in the Ninth, two streets ditto; in the Twelfth, one; in the Nineteenth, ten; Twentieth, one; Twenty-eighth, four, and Twenty-ninth, eight streets. FIGHT IN A ROW-BOAT—ONE MAN DROWNED.—Joseph Maloney, ticket agent at the Fort Washington R. R. depot, reports that a day or two ago he saw two men, under the influence of liquor, leave Yonkers in a small row-boat. On reaching the middle of the river the men quarreled and clinched, when the boat was upset. The men were thrown into the water, one of whom swam to the Jersey shore, but the other was drowned. On Sunday, the body of a man was found opposite Tubby Hook, supposed to be the remains of the man who was drowned in the boat. Deceased was 35 or 40 years of age.

CITY GOVERNMENT—BOARD OF ALDERMEN—CONSTRUCTION OF AREAS AND STOOPS ON NASSAU STREET—THE EIGHTEENTH WARD MARKET.—The Board met at 2 o'clock P. M. on Monday, the President, Mr. Brice, in the chair.

Mr. Ely offered a resolution forbidding the construction in Nassau street of areas, stoops and steps that shall project beyond the house line for a distance of more than eighteen inches, and ordering the immediate removal of all areas, stoops and steps that now project beyond eighteen inches. Referred to the Committee on Lands and Places.

A communication was received from the Comptroller, enclosing a copy of an act of the Legislature providing for the erection of a public market in the Eighteenth Ward, and setting forth that the money for the erection of said market could not be raised except by the issue of the necessary bonds authorized by the Common Council. Referred to the Committee on Markets.

MEETING OF THE GRAND JURY—THE CHARGE TO THEM.—In the Court of Oyer and Terminer yesterday, the Grand Jury having been summoned for this term, and a sufficient number for the transaction of business having met, Mr. Justice Ingraham delivered the usual charge to them. He stated that he was happy to say that the crimes to be brought before them were of no great magnitude, except one or two homicides, and therefore there was nothing calling for special remark. It was a matter of congratulation that even the homicides to come before them were not apparently cases involving gross cruelty or the worst passions. Though, possibly, they might reach the grade of murder, there did not appear to have been long premeditation, or to have been committed for money or revenge, but rather in sudden passion. They must remember they were not to try the persons brought before them, but they must remember that but one side of the case was told to them, and that it was a very grave matter to accused persons to be presented by them. He then called their attention to the crimes to which special reference is required by statute, and dismissed them to their room. No business being ready, the Court adjourned to Tuesday at 10 A. M.

THE JUMEL WILL CASE.—This case was the first on the calendar of the Supreme Circuit, Part 1, yesterday morning, and was, owing to the pressure of Oyer and Terminer business, transferred by Mr. Justice Ingraham to the head of the calendar of Part 2. Meanwhile a motion was made at Chambers to postpone the case on the ground of the absence of an important witness, a Mrs. Hall, from the State, for the purpose of taking her testimony and obtaining other evidence. The motion was resisted, and the argument will be heard to-day.

DIVORCE OF A WELL KNOWN WRITER.—Among the divorces granted during the last term of the Supreme Court was one against Fitz Hugh Ludlow, on the petition of his wife, Rosalie D. Ludlow. The defendant is a well known literary man and contributor to the magazines. He was married at Waterville, Oneida county, June 15th, 1859, and is charged by the plaintiff with adultery with a Mrs. Ives, both in this city and in the West. The case was commenced some time ago, but was delayed through the necessity of issuing a commission to the West. The case is now concluded by the decree of the Supreme Court in the plaintiff's favor.

THE CHRISTY WILL CASE.—The General Term of the Supreme Court have decided in this case that Mary Miller was the mistress, not the wife of Christy, and hence that the will made to her and other persons as executors, was null and void. The property, which is estimated at $150,000, is thus left to his wife and children. The Court also decided that he was insane at the time he jumped out of the window, and hence was incompetent to make a will.

NITRO GLYCERINE.—The case of the U. S. vs. Otto Burstenbinder was resumed yesterday before U. S. Commissioner Betts. Mr. J. H. Prentiss was recalled for the defence, and testified that the case of nitro glycerine that was sent to San Francisco, was not intended to be sent in an illegal manner. He also gave his opinion as to the explosive properties of nitro glycerine, which are similar to those already published. The further hearing of the case was adjourned until this morning.

COURT OF GENERAL SESSIONS.—The May Term of the Court of General Sessions began yesterday, Judge Russel on the bench. John Berrian was convicted of grand larceny and sentenced to State Prison for five years. Mary Jane McDonald pleaded guilty to grand larceny, and was sentenced to State Prison for two years and six months.

Brooklyn.

THE OPERATIONS OF THE NEW LIQUOR LAW—ARRESTS FOR SELLING LIQUOR ON SUNDAY AND DISPOSAL OF THE PARTIES.—The Police Court of Justice Cornwell, in the basement of the City Hall, was thronged yesterday morning by parties who had been arrested for violating the Liquor Law on Sunday, and their friends, which filled the room so as to make it difficult for others to enter. The following are the arrests made by the police of the different precincts:

42D PRECINCT.—David Meshutt, 3 Fulton street; John Comelias, 25 Fulton street; postponed to Wednesday. Edward Grant, 196 York street; John Bolinan, 39 Main street; Michael Briordy, Fourth and Stewart streets. With the exceptions above named the parties were fined $30 each.

43D PRECINT.—Neil Doherty, corner of Warren and Columbia streets; Lewis J. Bohre, corner Degraw and Hicks streets; Francis Ferguson, Conover and Wolcott streets; John H. Wicken, corner Columbia and Woodhull streets (case adjourned); Geo. S. Gardiner, Hamilton avenue, near Ferry (adjourned); Richard Addis, Atlantic street, near Boerum; George Shull, corner Boerum and Pacific streets; Henry Schlichting, Dean street, near Boerum. Fined $30 each in the cases disposed of.

50TH PRECINCT.—Geo. Wessels, corner 3d avenue and Carroll streets; Martin H. Bower; John Oster, Flatbush avenue. Fined $30 each.

49TH PRECINCT.—Martin Mehrtons, corner Myrtle avenue and Skillman streets, fined $30.

The fines, in nearly all the cases, were promptly paid.

The number of applications for licenses granted for May 5th were as follows:

41st precinct	1	46th precinct	4
42d "	0	48th "	1
43d "	6	50th "	1
45th "	0		
		Total	26

Making a total of 249 thus far.

There were only seven arrests in the city on Sunday, for intoxication.

POLICY SHOP BROKEN UP.—Roundsman Riggs, of the 41st Precinct Police, yesterday paid a visit to the policy shop of John Booth, in the basement of No. 209 Adams street. A roulette table, complete, and the wheel of another, together with the various appliances connected with the policy business, were carted to the Station House. The accused was brought before Justice Cornwell and admitted to bail in the sum of $300, to await examination.

They did so and they held a good prayer-meeting.

THE Pittsburg *Gazette* says that a coal company has piled, near Honesdale, in that State, 350,000 tons of coal—said to be the largest body of coal ever collected in one heap on the face of the earth. A LETTER gives particulars of the hanging of five men by the people of Jersey County, Illinois, for horse-stealing. The slack administration of justice against this class of offenders, and the persistent refusal of grand juries to indict them, appears to have infuriated the people, and determined them to take the matter into their own hands. The opportunity arrived, and was employed most effectively. The citizens declare that they have not yet finished, but that there are three more men who must be killed.

ALL OWNERS OF HORSES SHOULD have a box of DALLEY'S Galvanic Horse Salve. It makes every man his own farrier, and is warranted to be the best horse and cattle salve known. It is in a most convenient form for use, being contained in a large tin box, and therefore is not liable to be wasted and broken, as liniments in glass bottles generally are. This salve is perfectly clean, has no tar in its composition, and can easily be removed with a little soap and water. It seems almost needless to speak of the vast importance of having this remedy always at hand, for many a neglected strain or sprain, not to speak of the many accidents, cuts, bruises, &c., to which horses are liable, has ruined a valuable horse, and rendered him useless for life, when, if this invaluable cure had been applied, all traces of the injury would have disappeared. The inventor feels confident that this article only needs one trial to satisfy the most doubtful of its real merit. He has studied this subject for years, and now presents to the public the result of his researches, in the shape of a perfect horse ointment. The marvelous success his Magical Pain Extractor has achieved in curing the worst forms of human ailments, such as Burns, Piles, Rheumatism, Corns, Bunnions, Old Sores, &c., for which all who have ever tried it admit it to be a perfect cure, led him to attempt the same noble work for the horse. Many who have given up their horses as useless, were induced to give DALLEY'S Galvanic Horse Salve a trial, the result being a perfect cure. Do not then give up any horse until a fair trial has been given this ointment. Remember, it cures the worst cases of Galls, Scratches, Cuts, Bruises, Strains, Sores, and Sitfast; it reduces the worst cases of Swellings in a few days, and is a certain cure for Inflammation in every form. 50 cents a box. Sold by all Druggists and Harness Makers, and can be obtained by the dozen or single box at the Depot of DALLEY'S Magical Pain Extractor, 49 Cedar st., N. Y. 329
