DYSPEPSIA—DYSPEPSIA—AMONG The many remedies offered to the public for DYSPEPSIA, none have proved more successful in curing that disease, than the

Dr. SMITH'S DYSPEPSIA ANNIHILATOR.

Many who had considered their case as hopeless, have been considerably benefitted by using this excellent preparation. Persons who have been cured have offered to testify to its wonderful powers in eradicating that distressing disease, but we prefer to let its merits speak for itself, being fully satisfied that none will complain who once give it a trial. It is very pleasant to take, and is no way injurious to the weakest constitution, as it acts as a mild, invigorating and healing balm, on the shattered system, and giving new life to the sufferer.

Persons of sedentary habits should by all means try the ANNIHILATOR, as they will surely be benefited by its use.

This remedy is prepared by the Proprietor, at 46 South Second st, Williamsburgh, and can be had in New York at the corner of Allen and Stanton sts, and at the corner of Houston st, and ave D. Price One Dollar per bottle. 539

LACTINE—THE BEST SUBSTITUTE for MOTHER'S MILK, the most digestible and nutritious food for INFANTS, INVALIDS and DONVALESCENTS.

Prepared by an improved process based on the principles of Prof. V. LIEBIG, the celebrated Chemist and Philosopher.

NO BOILING OR STRAINING REQUIRED.

Caremi analyses have proved that the substitutes for mother's milk usually taken in the form of starch (Arrowroot and Sago being forms of Starch,) even when combined with COW'S MILK, do not contain digestible or nutritious properties sufficient for an infant.

THE CHIEF CAUSE OF DEATH during infancy is due to the CUSTOMARY PAP furnished at that period.

Recommended by Prof. CHARLES A. JOY and Prof. CH. F. CHANDLER, of Columbia College, New York.

CONSUMPTION.

SCHENCK'S PULMONIC SYRUP.—THE GREAT BLOOD PURIFIER.

This Syrup is used with the pills to clean blood-vessel, equalizing the circulation, preventing hemorrhage, separating the bile from the blood, making it healthy and the stomach natural. With the aid of the SEAWEED TONIC and MANDRAKE PILLS, the system resumes its healthy condition, the purulent matter, abscesses and all ulcerations of the lungs must yield to their power.

In almost every square of Philadelphia there are persons who have been cured of consumption, in its several stages, by the use of Dr. Schenck's medicines. Many persons have been restored to health by these remedies after being confined to their beds, reduced to mere skeletons, and troubled with cough, night sweats, hectic fever, and all the other indications of an advanced stage of the disease; but by an examination with the Respirometer, one may be enabled to be in a tolerably healthy condition. It cannot be doubted that many lives have been saved by a timely resort to the proper remedies. It is true that in all cases where cures are effected the patient must have sound lungs remaining; but thousands of

VICTIMS OF CONSUMPTION

have descended to their graves, who might have been saved if their had come to Dr. Schenck in time, and placed themselves under his directions. It is not doubted that some who take Schenck's Pulmonic Syrup for a time, may commence taking it in all cases where cures are effected the patient must have sound lungs remaining; but thousands of

have descended to their graves, who might have been saved if their had come to Dr. Schenck in time, and placed themselves under his directions. It is not doubted that some who take Schenck's Pulmonic Syrup for a time, may commence taking it in all cases. Dr. Schenck claims for his medicines is their ability to resolate and invorate the whole system, to ripen the abscesses, and facilitate the discharge of the morbid matter, to relax the mucous membranes of the bronchial tubes, and to dislodge from those tubes the tough phlegm or purulent matter which obstructs them and produces serious diseases of the organs of respiration.

SCHENCK'S PULMONIC SYRUP

will prolong life sometimes several months, by keeping the bronchial tubes free from the putrid matter which impedes their functions, when the lungs are too far gone to cure. There is no medicine that can cure consumption when both lungs are much diseased, and Dr. Schenck would rather every one would know their true condition before taking his medicine, and for this purpose he can be consulted at his Principal Office, No. 39 North Sixth st, Philadelphia, every Saturday, from 9 a. m. until 4 p. m., and at No. 32 Rend st, New York, every Tuesday. He treats no diseases but those of the Lungs, Liver, and Stomach, and makes no charges for advice, or examining lungs in the ordinary way, or at physicians' request, but for a thorough examination with the Respirometer he charges three dollars, and wishes every one, rich or poor, that has cough, pain in the side or shoulder blade, troubled with costiveness or diarrhea, sallow complexion, loss of appetite, low spirits, restlessness at night, or any other disease leading to consumption, to call on him and receive his advice.

SCHENCK'S Pulmonic Syrup, Seaweed Tonic and Mandrake Pills will cure—even in the advanced stages of Consumption, Liver Complaint and Dyspepsia, which are curable, the following eminent physicians are cured by the use of Dr. Schenck's Pulmonic Syrup, Tonic and Mandrake Pills.
