GROCERIES.

GO TO THOMAS R. AGNEW'S ONE-PRICE HOUSE, Greenwich and Murray sts, and there you will find teas, coffees, fish, flour and everything else. CHEAPER THAN ANY STORE IN NEW YORK. 354

HARD TIMES SEEM TO BE ON THE increase—so much the more need of our saving what we have. As we use SHELDON'S cheap groceries, we see hundreds going and coming from them. It is a fine sight. They save more on every dollar they buy. He sells his finest butter at 40 cts; good, 30 to 35 cts; cheese, 20 to 22 cts; lard, 16 cts; best flour, $8 to $8 per bbl; 50 cts, 7 lbs; $13 to $18 per ton. Retails wear at factory prices; starch the same. In fact there is 5,000 persons trades at his stores. Air tea, coffees, sugars, butter, flour, &c, and can buy as much for $5 as they used to pay $6 or $7; and there is no one in the city that can sell goods cheaper than he can. He takes large orders by the goods by the cargo, and it is worth the while of any one that sends the $5 to go and see the trade that is done at his stores.

DR. SMITH'S DYSPEPSIA ANNIHILATOR.

Many who had considered their case as hopeless, have been considerably benefited by using this excellent preparation. Persons who have been cured have effected by verbally to its wonderful powers in eradicating that distressing disease, but we prefer to let it stand upon its own merits, being fully satisfied that none will complain who once give it a trial. It is very pleasant to take, and is on our interiors to the weakest constitution, as it acts as a tonic, invigorating and bracing up the shattered system, and giving new life to the sufferer.

Persons of sedentary habits should by all means try the ANNIHILATOR as they will surely be benefited by its use.

This remedy is prepared by the Proprietor, at 46 South Second st, Williamsburgh, and can be had in New York at the cor of Allen and Stanton sts, and at the corner of Houston st, and ave D, in Brooklyn, cor. of Kent and Myrtle aves. Price One Dollar per bottle. 509

AMERICAN MOWER.—THE ONLY SELFSHARPENING MACHINE.

With the great improvements in construction to which moving Machines have been brought, I call the attention of Farmers to a Machine embracing STILL GREATER SUPERIORITY in those points of excellence in the public.

Particular attention has been paid to the wants of the farmer in the construction of the AMERICAN MOWER, to make it

THE VERY BEST MACHINE IN USE.

There are many points of excellence in the other work comparatively faultless, and yet there are inconvenience that are greatly annoying to the operator, arising from the frequent breaking of the knives, and more particularly the crank-pin, or pitman head, which, if neglected, for it is very apt to be, results in serious injuries to the frame, and, in permanent injury to any machine. The AMERICAN MOWER has the following features of excellence:

The pitman head is the only one on the AMERICAN MOWER, as well as the CRANK PIN, are all SELF-LUBRICATING, and wears no out.

The outer end of the Finger Bar will drop lower and lift higher than that of any other Mower.

You can elevate the Finger Bar from a declining position, to an upright, for the mower.

The Finger Bar can be raised higher, to pass over obstacles, by means of the hand lever, than that of any other Mower.

The operator has a greater control over the Finger and Knife Bar than he has of any other Machine.

The Finger Bar will come in a more upright angle than that of any other Mower. This is one of the most important features in a perfect Mower.

Either wheel operates the Cutter Bar, independent of the other, at any turning, either way, the knives are kept in rapid motion.

The Draft is from the front of the frame which gives a great advantage over those that draw from the pole.

It has an easy spring seat for the driver.

It backs off the mower, and can be thrown in and out gear when in motion.

It has a folding Bar, and can be folded without disconnecting the Pitman.

It is of LIGHT DRAFT, and has no redundant parts to weary the team.

It is more simple and perfect in its construction, and has no Restraints, with lightness combined, than any other Mower.

Transportation.

I call attention to the above, and invite the scrutiny of all who are in any way interested in the farming interest to examine this Mower, feeling confident of its superiority.

Shafts or Pills supplied with Machines for one horse.
