FINANCIAL AND COMMERCIAL.

MONDAY, April 5—P. M.—The day's business at the office of the United States Assistant Treasurer was: Receipts for customs, $405,000; receipts for gold notes, $63,000; total payments, $665,326.64; balance, $87,494,293.99; total receipts, $1,309,554.88. Clearing House statement: Exchanges, $141,501,220.03; balances, $3,847,314.41.

During the morning the premium on gold was lower, partially induced by the firmer tone of Government bonds in London, though sales were below the average, the price ranging from 131¼ to 131⅛; later, owing to the firmness in foreign exchange, and rumored apprehensions in Washington of serious trouble in Cuba growing out of the instructions given to Admiral Hoff, and the countermanding of the order issued to the Twelfth Infantry to proceed to California, gave an impetus to speculative purchases, and advanced the premium to 131⅞, and the price at the close was 131⅛@131⅜. Cash gold for delivery was scarce, but the activity in money caused holders to pay 2, 3, 5, and 4 ½ cent. to have their balances carried over. At one time loans were made free of interest to either borrower or lender. The disbursements of coin interest were $18,690.28.

The total clearings at the Gold Exchange Bank were $20,276,000; the gold balances, $[illegible]; and the currency balances, $1,540,545.55. Leading gold quotations were as follows:

A.M.	Bid.	Asked.	P.M.	Bid.	Asked.
10 00	131¼	131½	1 00	131¼	131½
10 30	131¼	131½	2 00	131¼	131½
11 00	131¼	131½	3 00	131¼	131½
12 00	131¼	131½	4 00	131¼	131½

Foreign exchange was firm early in the day at 109@109½ for prime bills, but closed ¼@¼ cent. in advance; prime bankers' sixty days bills being quoted at 108½@108¾, and sight bills at 109¼@109½, though we hear of ¼@¼ cent. concessions from these rates. The supply of bills on the market is materially lessened. The week opened with unabated activity in money, and a heavy pressure for loans, which have ranged from seven ⅞ cent. currency and 6 cent. in gold to 1-16, to that rate in gold and an equal commission, while brokers have willingly paid ½ cent. to have their checks carried until to-morrow. The banks are in no condition to expand their loans by responding to the requirements of the street, contraction being the more probable course pursued by them; they are receiving no currency or imports from any section, for the reason that the Treasury will be unembarrassed their receipts. The improvement in exchange between New York and New Orleans, it is judged, will induce a return of currency from that quarter shortly, which, together with remittances from Philadelphia, will remove the pressure on the market. Discounts are rather more active, with a better demand for prime paper running three to five months, the rate being 10 to 12 ⅞ cent.

The Dover market was strong at the opening, responding to the better quotations in London, but fell off ⅛ to ¼ ⅞ cent. on the active 5-20s at the noon call, and the markets continued depressed until the close. The market arrived yesterday in the morning from the free purchases of more than a million of bonds, and forced their decision upon the price of the 5-20s at exactly 113.

Henry Clews & Co., 32 Wall street, report as follows at 5 P. M.:

[illegible]

State bonds have been moderately sold in, with North Carolina new bonds as the feature, selling at [illegible]. New Tennessees sold at 65. Missouri sixes, 91, and Virginia sixes at 62. At the close New North Carolinas moved to the front. A small sale of California sixes is reported at 124. Railway bonds were dull and without especial feature. We note sales of Book at 5 in place at 113, and Fourth National 104.

The stock exchange market opened firm on prices of Saturday night, with the principal excitement in Central under the commencement of business at the Stock Exchange, and advancing to 104½. As the 10 o'clock Open Board the whole market improved. Western Union, Pittsburgh, Rock Island, the Northwest, and Cleveland and Pittsburgh at six being features. About 11 o'clock Pacific Mail became suddenly active, on a report of some people hardly short attempting to cover, and the stock sold up to 91—a rise of 3½ cent.—without much offering. The Northwestern starts advanced in consequence of active purchases for the short interest. Rock Island, under the management of the party manipulative it, advanced to 102. Reading also showed more activity in the afternoon, with a desire on the part of Philadelphia operators to purchase. The majority of the stock is held by investors, but few offerings have been made at to-day. Western Union Telegraph showed a steady improvement, selling as high as 40¾ at the afternoon sessions. The St. Paul stocks were firm, and advanced to 52¾ for the common, and 82 for the preferred. Pittsburgh ranged from 90¾ to 91, and Michigan Southern from 76 to 76¾. Ohio and Mississippi was active and advanced from 32½ to 33¾. Lake Shore was active at 95¾@96, and Wabash strong at 67 on the increased earnings of the road over last year. Fort Wayne ranged from 92 to 92¾. Quicksilver was quite extensively traded in, opening at 22, advancing to 23, and again dropping to 21¾. The Mariposa stocks were firm on favorable news from the mines. Express shares were dull.

The following were the prices at the regular morning Board compared with those of Saturday:

The First National Bank of New York has declared its usual quarterly dividend of five per cent., payable on demand.

NEW YORK MARKETS.

MONDAY, April 5.—FLOUR and MEAL.—The market continues dull and prices weak; sales 6,500 bbls at [illegible] for superfine, $6.15@$6.40 for extra State do., and $6.75@$11.25 for bakers' and family brands. Rye flour and Corn meal nominal.

Corn meal dull and nearly nominal.

WHEAT.—Spring dull and heavy; for winter in good order; sales 1,000 bushels, partly for speculation on foreign account.

RYE.—Quiet and nominally unchanged.

BARLEY.—Quiet and steady; sales 1,000 bushels.

BARLEY MALT.—Quiet and steady; sales 1,000 bushels.

OATS.—Quiet and steady; sales 1,000 bushels.

CORN.—Opened with a fair demand, but closing heavily; sales 35,000 bushels.

PROVISIONS.—Pork dull, but closed steady; sales 800 bbls. at $31.62@$31.75 for new mess; $31.12@$31 for old do.; $26.50@$27 for prime; and $[illegible]@$30 for prime mess. Beef dull and nominally unchanged. Cut meats quiet at 13½@15c. for shoulders, and 16@18c. for hams. Bacon nominal. Lard heavy; sales 500 tcs. at 17½@18c. for good to prime steam. Butter lower, 28@35c. for Ohio, and 40@45c. for State. Cheese steady at 13@16c. Eggs scarce and again higher at 33@36c.

LIVE STOCK MARKET.

NEW YORK, Monday, April 5.—BEEVES.—The arrivals since Saturday were 1,309 beeves. The quality was chiefly fair to good, with a few prime and extra tops. With the close of the Lenten season, and the Hebrew Passover last, and favorable weather for cold door trade, the butchers were out in full numbers. And as the supply was unusually small, sellers were able to advance prices 1/2c. @ 3c. from Friday, and about 1/2c. above the rates paid last Monday; and most of the buyers claim that with the higher estimate of weights, cattle were sold at Commission's at full 1c. @ 2c. more than on Friday. A few extra steers sold at 16@16½c.; good to prime at 15@15½c.; fair to good at 14@15c.; and common to fair at 13@14½c. This "average" in the market will probably be followed by a reaction, for there are plenty of cattle at Albany, though not many of prime quality. Last year at this time prices attained 16¾@17c. ⅌ lb., and the following week fell off quite as much. Receipts for the week were 1,796.

MILCH COWS.—There is a little better feeling, but sales continue slow at $[illegible]@$95 for common to choice.

CALVES.—Prime veals are in fair demand at 12c. ⅌ lb., and fair to good sell at 11@11½c. Common and medium veals dull at 10@11c. Grassers are sunglied in and sold for whatever unprincipled butchers are willing to pay.

SHEEP.—The receipts since Saturday were 6,600 head, including about 1,500 sheared sheep. The same influences that operated to advance the price of beef cattle, strengthened the sheep market, and trade was moderately active at 6¾@8¾c. ⅌ lb. for ordinary to prime sheared, and 7@8½c. for medium to prime wooled. The total for the week is 19,328.

SWINE.—The receipts since Saturday were 49 car loads, or 6,59 hogs. The market was slow at 10¼@10½c. for common to good. Among the sales were 214 Ohios, 175 lbs. av. at 10½c.; 76 do., 150 lbs. av., at 10¾c.; 79 plus, 126 lbs. av., at 10½c.; 183 Ohios, 153¼ lbs. av., at 10½c.; 140 do., 161¾ lbs. av., at 10¾c.; 250 Illinois, 158 lbs. av., at 10¾c.; and 146 do., 170 lbs. av., at $10.10 ⅌ 100 lbs. Only 5 Cumminghams dressed hogs were sold at 13½c. ⅌ lb. The receipts of live hogs for the week were 18,481.

WRITTEN FOR THE NEW YORK CLIPPER.

BY

JOHN COOPER VAIL,

Author of the "Hebrew Gladiator," "La Tour de Nesle," "Lorenzo Dorsi," "Gil Gil," "Gil Blas," &c.

The story as above is one of intense interest. The scenes change like the variations of a kaleidoscope, from the great bank of John Law, whose cities were at the bottom of the Mississippi, to the Jockey Club, and haunts of St. Antoine, St. Giles, and the Five Points, where the smallest coin was devoured by the tiger. The story begins, entitled "The Star of the Days, or on the Boulevard of Paris Town," introduces many living characters among the gay gamblers, who will be readily recognized by the fast men about town, while it also reveals the secrets of the Gay Paris, of the Cafe Dorsi, of Crescent City, and the terrible secrets of the Vigilance Committee in Virginia City and San Francisco. To-day and to-morrow, No. 1, Vol. XVII., of the NEW YORK CLIPPER now ready.

The CLIPPER also contains:
