THE TEAS BOUGHT AT THE GREAT UNITED STATES TEA WAREHOUSE—The *New York World* reports, are "*True Weight*." Professor Seely reports these "*Teas are unadulterated*." Why, then, pay the same prices elsewhere for short weight and adulterated goods? NOTE.—Nos. 36, 38, and 39 Vesey street, Astor House block.—*Communicated.*

FINANCIAL AND COMMERCIAL.

MONDAY, April 19—P. M.—The day's business at the office of the United States Assistant Treasurer was: Receipts for customs, $418,000; receipts for gold notes, $100,000; total receipts, $2,778,930.58; total payments, $4,023,748.32; balance, $86,727,493.81. Clearing House statement: Exchanges, $156,016,019.81; balances, $2,445,392.14.

Gold has been strong and fairly active, opening at 133¼, receding to 133⅛, advancing later to 134, closing at 3 P. M. at 133¾, that being the price until the close of business.

The firmness in the premium is due to despatches from Washington relative to Cuban affairs, and the hostile position taken by prominent Senators on the Alabama claims. The chief excitement has been the gold loan market, borrowers having been compelled to pay as high as 1-16 for the use of the coin until to-morrow. It is not assumed that the corner can be carried much beyond its present limits as holders of July coupons will take advantage of their prepayment and throw the proceeds into the loan market, largely augmenting the present supply. The amount disbursed to-day, $454,867.52, indicates that such a course will probably be adopted. The Weser delivered here to-day $85,090 in treasure. The imports of specie at this port during the week past were $2,430,757, making since January 1 an aggregate of $7,187,605; same time 1868, $2,559,164; same time 1867, $665,578. The total clearings at the Gold Exchange Bank were $60,022,000; the gold balances, $1,804,567.50; the currency balances, $2,848,026.79.

Foreign exchange has been dull, and the demand limited by reason of the high premium on gold. Prime sixty days bills are quoted at 108, and short sight at 108⅝.

The money market has been abundantly supplied at 7 ⅌ cent. in currency on all kinds of collateral, the banks being free lenders on account of their improved condition. The banks are also discounting quite freely, but as yet there is little change in rates: choice grades of paper pass at 10@12 ⅌ cent, with exceptions at 9 ⅌ cent.

The Government bond market opened strong, but at the first and second Boards fell off ⅛ to ⅛ ⅌ cent., on account of cable dispatches from London giving lower quotations for 5-20s. The decline of ⅛@⅜ ⅌ cent. in United States securities abroad is imputed to our complications with Spain on Cuban matters. There were some large sales to realize the late advance, under which the market weakened, but partially recovered, closing firm.

Transactions in State bonds have been on a scale of uncommon magnitude, the market being weak on new North Carolina bonds, which were heavily pressed for sale at 53@53¼; the old issue was strong, the offerings being closed at 66¾. North Carolina 6s at 60¾@61, Virginia 6s at 58, new bonds at 61¾, and Missouri 6s at 87¾@87¾; Louisiana Levee 8s sold at 68¾; Connecticut and Rhode Island 5s at 100¾, and Ohio 6s of 1886 at 110. Railroad bonds were quiet but strong, Columbus, Chicago and Indiana Central drifts advancing from 38¾ to 39¼; Mariposa Trustee 10 per cent. certificates advanced to 70. City Bank shares were dull, with sales of Fourth National at 100¾, Fourth National at 100¾, and Bank of New York at 132.

In the share market railway stocks have been extensively traded in, the aggregate sales at the different Boards amounting to 69,726 shares, 50,966 of which shares were recorded at the Open Board. The highest prices were generally made at the opening, and fell off at the close, the influence of the cliques unloading very rapidly to sustain the market. The centre line was actively represented, the Western below par shares having the prominence. New York Central opened at 166¾, declined to 165¾, and later advanced to 166¾. Reading was conspicuously firm at 95@95¾. Michigan Southern, after selling at 91¾@92, fell off to 89¾, later recovering ¼ ⅌ cent. Pittsburgh declined from 90¾ to 90¼. Rock Island ranged on extreme quotations from 138¾ to 139¾, with late sales at 139¼. The Northwestern stocks have been firm at 84¾@¾ for common, and 95@95¾ for preferred. The St. Paul stocks declined from 56¾ to 56¼ for common, the preferred being steady at 87@87¾. Wabash rose to 74, later declining to 72¾. The miscellaneous list was active with Pacific Mail as the feature, selling as high as 95¾, and as low as 93¾. Express shares sold at 78 for Adams and 61 for United States, advancing from 60¾ to 66, Adams from 61 to 63. Wells, Fargo & Co. selling at 32, and American Merchants' Union at 30¾@32¾.

BANKING AND FINANCIAL.

ROBBERY OF $1,000,000.

The statement having been extensively published and advertised that the St. John's Savings Bank of Philadelphia had been robbed of the above amount out of a

"LILLIE BANK SAFE,"

we deem it proper to state the facts.

THE BANK NEVER HAD A LILLIE SAFE!

Indeed, never had any safe; what it did have was an Express Messenger Box, not made by Lillie, enclosed in a brick and stone vault, the outside door of which was manufactured by Lillie, *as a Fire Proof only, and sold as such* to a Philadelphia Iron Worker (who manufactured the inside doors) for the sum of $225, which included the Lock!

So much for the responsibility of the Lillie Safe for the robbery.

An Absolute Safeguard.

Invalids, broken down in health and spirits by Chronic Dyspepsia, or suffering from the terrible exhaustion which follows the attacks of acute disease, the testimony of thousands who have been raised as by a miracle from a similar state of prostration by HOSTETTER'S STOMACH BITTERS, is a sure guarantee that by the same means *you too* may be strengthened and restored. But to those who stand in peril of epidemics, to all who, by reason of exposure, privations, and uncongenial climate or unhealthy pursuits, may at any moment be stricken down, this paragraph is most *particularly* and *emphatically* addressed. You, who are thus situated, are proffered an absolute safeguard against the danger that menaces you. Tone and regulate the system by this harmless medicinal stimulant and Alterative, and you will be forearmed against the maladies whose seeds float around you in the air unseen. HOSTETTER'S STOMACH BITTERS are not only a standard Tonic and Alterative throughout the United States, but they are accredited by the certificates of the most distinguished citizens of the Union, to the people of all other lands. In Canada, Australia, and the West Indies, they are gradually taking the place of all other stomachics, whether native or foreign, and as surely as truth is progressive and demonstration overthrows doubt, they will eventually supersede every other Invigorant and Restorative now employed in medicinal practice.

Insect Powder.

HOW TO TELL THE GENUINE ARTICLE.—Prof. F. Lyon, while traveling in Asia, discovered a flower, which, when powdered, is sure death to every kind of Insect, from a Cockroach to a Fly. He protected his discovery by letters-patent, Government medals, &c., put his signature upon every flask of the article, and named it Lyon's MAGNETIC INSECT POWDER. He imparted his secret to no one but his successor.

Purchasers of Insect Powder—and it is used in almost every house—must see to it that they are not deceived by worthless imitations and counterfeits. *The signature of F. Lyon* is the purchaser's guarantee. Look sharp for it, and buy no Insect Powder that does not bear it. It may be had of Druggists and Family Stores, at 25 cents per flask. Depot 31 Park row, New York.

Special Notices.

HOW GOOD TO KNOW THAT PURGATION WITH BRANDRETH'S PILLS

removes in sickness those matters which cause pain. Whoever has bodily trouble while it lasts should use more or less of these Pills, because they cleanse the liver, the spleen, and all the interior vessels of the body, making the blood pure, and thus sure to act curatively on the local or general disease.

Thus Rheumatisms, Influenzas, Colds, and Inflammations of all kinds are cured by BRANDRETH'S PILLS.

A few doses now will secure us from sickness in the summer months. In the South and in tropical climates the wise should never be without, in order that when occasion requires they may be used at once; much danger and sickness will be avoided by this course.

In fact, these Pills safely enforce a great curative principle, which will before long be adopted by civilized people everywhere, and because it is true.

Every time a dose of BRANDRETH'S PILLS operates, there is absolutely less diseased matter remaining, and by repeating the process all diseased humors are certainly removed.

As an Antibilious Pill and for Costiveness they have no equal.
