BE BEAUTIFUL.—If you desire beauty you you should use Hagan's Magnolia Balm.

It gives a soft, refined, satin-like texture to the complexion, removes roughness, redness, blotches, sunburn, tan, &c., and adds a tinge of pearly bloom to the plainest features. It brings the bloom of youth to the fading cheek and changes the rustic country girl into a fashionable city belle.

In the use of the Magnolia Balm lies the true secret of beauty. No lady need complain of her complexion who will invest 75 cents in this delightful article.

THE CHEMICAL WONDER OF THE AGE.—Without poisoning or staining the skin, Phalon's Vitalia, or Salvation for the Hair, restores gray hair to its natural color in from five to ten days. It does not resemble in any way the old played-out "dyes," "colorers," and "restorers," but is essentially a new discovery in science, precipitates no filth, exhales no vile odor, is not sticky, and is guaranteed to be infallible as well as agreeable.—*Adv.*

FINANCIAL AND COMMERCIAL.

SATURDAY, Sept. 25—P. M.—The money market necessarily continues in an unsettled condition, and it is difficult to fix upon any settled rates. The nominal rate at bank was 7 ⅌ cent. currrency; but in the street it was impossible to negotiate loans at less than 7 gold, and at the Stock Exchange ¼ to ½ ⅌ cent. was paid for having stocks carried over until Monday, while on New York Central *one and a half per cent.* was paid. This stringency arises rather from a want of confidence in securities and borrowers than from any lack of means among the banks. Some disastrous rumors concerning the Tenth National Bank were industriously circulated this morning. The bank stood clear at the Clearing House this morning in $723,000, which has since been settled, and the institution has been pronounced by the Bank Inspector perfectly sound. The bank statement has been a favorable one, because placing the banks in a more conservative condition, the liabilities having been diminished and the loans contracted. The following shows the condition of the banks as compared with last week:

	Sept. 18.	*Sept. 25.*	*Differences.*
Loans	$265,496,024	$263,441,828	Dec., $3,054,196
Specie	14,578,109	13,998,481	Dec., 569,628
Circulation	35,972,759	36,006,981	Inc., 23,223
Deposits	195,200,140	190,250,793	Dec., 5,190,357
Legal tenders	51,259,197	50,025,081	Dec., 1,234,116

State bonds, railway mortgages, and city bank shares have been quiet and steady and without special feature. The railway share market has been feverish and unsettled, pending the investigations of the troubles in different banks and the Gold Room.

The Mutual Bank, a new institution under the State Banking law, opens for business on Monday. The President is known as the head of one of the oldest clothing houses in the city, and the Cashier is well known in the neighborhood, having been Cashier of the East River Bank for a number of years, and very popular among the merchants in that vicinity.

Business Notices.

So Insidious are the First approaches of Consumption, that thousands remain unconscious of its presence until it has brought them to the verge of the grave. An immediate resort to Dr. D. JAYNE'S EXPECTORANT, upon the first appearance of the Cough, Pain, or Soreness of the Throat or Chest, would very generally preclude a fatal result; or, in case the symptoms indicate the presence of Latent Consumption, would tend to subdue the violence of the disease, and thus materially assist in prolonging the life of the patient. Use the Expectorant, therefore, when you take a Cold, and thus prevent the necessity for its use in more dangerous complaints. Sold everywhere.
