The plan is to stop at every station on the rail road from Harrison to Valentine, address every school, exhibit the pictures of the Armenian sufferers in every town, meet the ministers, teachers, editors and workers of every committee and arrange the plans for the Armenian Relief, June 1st. No collection will be taken in schools, or no admission charged to see the pictures in churches or halls. We want to meet every business man and farmer, every christian and patriot, that feels an interest in suffering and oppressed humanity; and enlist them in this relief work.

Shall we not pay the great debt we all owe to that old Bible and by helping their starving in this day of their greatest need?

Armenian and Syrian Relief Speaker
