The Sun.

Vol. XLI.—No. 225. NEW YORK, FRIDAY, JULY 31, 1874. PRICE TWO CENTS.

RACING DAY AT SARATOGA.

THE HIGH TIDE OF FASHION AT THE OLD WATERING PLACE.

Bright Weather and Excellent Sport—The Brush for the Saratoga Stakes—An Old-Time Challenge for the Cup—Springbok Carries all the Prize—The Race for All Ages.

SARATOGA, July 30.—Not only the people but Providence also seems to favor this arrangement of having the races every other day for this season. For on every intervening day it has rained, and on every race day the sun has shone bright and warm, and made the day's sport trial. Pool selling this season is exceedingly novel, and the amounts risked are mostly small. The Pacific pools are popular with all classes, and especially so with sporting men of small means. The first season of this system of pool selling was introduced as some frame showed every purpose. Now there are four, with two men attending each frame, and it is not an unusual thing for a thousand dollars to be laid for chances on a single race. Book betting is another convenient device for placing money on a favorite in the race. This is introduced here this season for the first time, and has already become very popular. To-day is the third of the present race meeting. It is the most important of the five, and the race for the Saratoga Cup is the one to be looked. Pool selling but little was done outside of the Pacific frame, the room at Morrissey's too overflowing.

THE EVENTS OF THE DAY.

For the Saratoga Stakes, three-quarters of a mile, there are fifteen nominations, though only twelve are expected to start. The last time ever made in this race was 1:15¾, by Kingfisher's Catalpa in 1872. It was won last year by Belmont's Steel Rver, who cost Baldwin by only a head. The Brush being the quality for that day (1872) was not exceeded. The favorite for this race to-day is Mollie the entire Sheepsake and Annandale. The fellows in the field at Morrissey's last night will show the relative confidence of sporting men in the horses to-day.

Mollie	$700	$200
Annandale	150	75
Kate Pease	125	100
Lady Washington	100	75
Hartland	100	75
Planter	100	75
Leonard	60	50
Lizzie R.	60	50
Lucy	60	50
Total	$1,500	$1,000

The race for the Saratoga Cup has come to be the most distinguished event of the season. It was instituted in 1868, and the fillies which have contended for it have been the best of their time. The following are the names of the winners and their time in this race, since its institution:

1868	Kate Pease, 4 yrs old, 98 lbs	2:43
1869	Kate Pease, 5 yrs old, 104 lbs	2:43
1870	Kate Pease, 6 yrs old, 104 lbs	2:43
1871	Kate Pease, 7 yrs old, 104 lbs	2:43
1872	Springbok, 4 yrs old, 98 lbs	2:43
1873	Springbok, 5 yrs old, 104 lbs	2:43
1874	Springbok, 6 yrs old, 104 lbs	2:43

Springbok has run in the Saratoga Cup three times, and has won it twice. She was beaten by Kate Pease in her first attempt, and was withdrawn after the first heat in her last attempt. She is the only mare that has won the Saratoga Cup twice, and she has run in it more times than any other mare. She is the only mare that has run in it three times, and the only one that has won it twice. She is the only one that has run in it in her own name, and the only one that has run in it in her own name and won it twice. She is the only one that has run in it in her own name and won it twice, and the only one that has run in it in her own name and won it twice, and the only one that has run in it in her own name and won it twice, and
