ANGORA

On Thursday of last week, a number of Angora ladies prepared an elaborate dinner and congregated at the home of Mrs. C. M. Dove for an evening's entertainment. After finishing their meal, which consisted of fried chicken and all the trimmings, they decided that by going to Dove's hall they might be able to dance and sing and in this manner the evening would pass more rapidly, as their better half's were away. Later in the evening the "stag"-bunch came in, and seeing the hall lit up, naturally wandered up the steps to see what was going on. After the arrival of the men, the balance of the night up to a late hour was spent in dancing and all types of ancient and modern dances were beautifully demonstrated by B. M. Kelly and B. E. Maybell, assisted by G. W. Venell at the piano. The "bunch" upon leaving for home declared that they had been entertained royally.

HAUL YOUR WHEAT IN A REO SPEED WAGON

Body Types of All Kinds

That truck users are more and more coming to select a truck to carry their average load rather than one big enough for their maximum load, is a settled conclusion.

There was a time not so long ago when the average buyer figured up the biggest load that he would ever want to haul, and then tried to buy a truck big enough to carry it. But the experienced user has come to realize that there is nothing so EXPENSIVE as a truck carrying half a load, unless it is the truck which is so slow it wastes the time of an expensive driver. Stop and think of a two-tonner being run with but half a load! The fact that more trucks of a one-ton capacity were sold during the third quarter of 1919 than any other type, and that REO made and sold almost as many of these as all others put together, shows, we think, THE TREND OF POPULAR FAVOR.

Why waste money, machine and men on a big heavy truck that will handle your hauling no better than the medium-sized REO?

The REO has SPEED plus STURDINESS, plus RELIABILITY. Repairs and service at all times right here in Alliance. The most economical truck on the market for the average buyer.

Have You Considered the Value of Quality

QUALITY of any sort speaks loudly for itself. Quality in merchandise—quality of service—both force their attention upon patrons.

Stephenson & O'Bannon are making their greatest appeal for the large share of your business on the strength of QUALITY. We buy nothing but the best of everything—Hay, Grain, Coal, etc., because we know it means the utmost in satisfaction to customers. In these days of high prices people are entitled to the most for their money. When they spend their money they have a right to expect return—dollar for dollar—on their expenditure.

LET US PROVE IT TO YOU

Give us the opportunity to demonstrate what we mean by QUALITY OF SERVICE and QUALITY OF MERCHANDISE.

You should be laying in your winter's supply of coal right now. We are receiving shipments of coal from time to time, and we suggest that you place your order TODAY to be filled as soon as your turn comes. You will not be able to get it cheaper for several months, and you will need the coal this winter. Your choice of
