Vancouver Province: A writer in a farm paper states that the potato bug will be extinct in five years. This is something growers have long hoped and prayed for.

Speaking of those deferred Mexican nuptials, is it permissible to point out that possibly this is the only case on record where a child may not be safe in the arms of Jesus?

Auto Be Careful
At 60 miles
Across he flew
The fast mail came
At 62.

These bones of Bill's
Do not disturb;
At 60 miles
He hit the curb.

He drove while lit;
It seems a shame
His lights could not
Have been the same.

In this ground
Lies Charley Hewitt,
He thought he'd beat
A fast train to it.

This grave you see
Is Ezra Palme's.
'Twas raining and
He had no chains.

An Alliance Lothario who has been raising one of these toothbrush moustaches, appeared at the club the other morning with a clean upper lip. "How come?" Sharpy asked him. "Tried to steal a kiss from a girl who was chewing gum, was the reply.

When our Romeo falls, he falls hard. The other night, his beloved was invited to a party, but he got no invite. Behold him, about seven bells, which is 11:30 p. m. by the clock, waiting patiently on the porch of the neighbor's next door. They were getting tired of visiting, and he was weary of waiting. When they bid him good-night at 12:10, he waned on the pavement. And after all this show of devotion, they finally turned the party into one of those porch slumber affairs, and he had to go home alone.

"Today I heard for the first time," said the Lady Reporter, "that they sold razors in oriental stores."

The Good Old Days
J. M. Slayter presented the News force with a fine mess of rhubarb, sweet corn roasting ears, etc., last Saturday. This is the first roasting

ears we have heard of around here. Mr. Slayter has some mighty fine vegetables on his place north of town, and has a dandy patch of sweet corn. Our thanks is extended for the same.—Broadwater News.

Bill Maupin says: "If I were to parade the street in my B. V. D.'s I'd be arrested, and at that I'd have on about as many clothes as some of the girls." If Bill is shooting straight, Gering is a better town than we had believed.

Today's Best Story

His fellow clerks gathered around Jones when the news of his engagement became public and were expressing their congratulations:

"But," said one man, "They tell me that the girl you are engaged to is a twin, and she looks just like her sister. How do you manage to tell them apart?"

"Well, it's a nice family," said the lucky man, "and I don't bother very much."

Useless Information: "It is not generally known that all whiskies and all rums are colored—we believe, with burnt sugar."

And all this time we had thought "white mule" was more powerful than other beverages.

Seems funny, but one clothing manufacturer declares that peg-top trousers still sell heavily in many small towns.

The Philadelphia police are extraordinarily astute. Augusto Pasquale, held as one of the kidnapers of Baby Coughlin, is now sullen and defiant and refuses to eat. The police say they think he is attempting to clog the investigation. Anyone but a Philadelphia cop would have seen that long ago.

Your Harvest Money

You can make your Harvest Money earn another Harvest this year by depositing it with this Bank where it will draw interest. Then if an opportunity arises whereby you can make a good investment you have the money to grasp it.

THE COMMUNITY NEEDS SAVERS

With the coming of the harvest and the increase of ready money in circulation business is certain to increase. For the good of the community everyone should exercise judgment in the disposition of his money. The safest plan is to deposit it in a strong conservative bank, let it accumulate interest money for you while you decide the wisest disposition of it.

The prosperity of progressiveness of any community is measured by the total of its bank deposits. The American system of finance incorporates the idea of "placing your ready money in a bank" as a fundamental principle. It should be taught to the little folks, and followed by their parents.

THERE IS NO SAFER AND BETTER PLAN THAN TO DEVELOP THIS AMERICAN IDEA OF BANKING
