SATURDAY, Dec. 6.

The stock market opened firm generally, but without activity. Western Union alone was in large demand and buoyant. There was a good business in Erie common and Kansas and Texas, with a fair business in Lake Shore, Indianapolis, Cincinnati and Lafayette, and Ohio and Mississippi common. The Granger roads and the coal shares were somewhat neglected, but rallied quite firm. St. Louis and San Francisco further declined. At the second board Pacific Mail was active and advancing. The latest dealings were very active for Western Union Telegraph, but prices were weak. Erie common, the Granger roads and coal shares were the good demand and higher, and St. Louis and San Francisco advanced. The final changes were: Advanced—Northwestern preferred, ¾; Northwestern common, 1⅛; St Paul preferred, 1; St. Paul common, 1⅛; Lake Shore, 2⅜; Michigan Central, ¾; Western Union, ⅝; Rocky Mountain, ¾; Delaware, Lackawanna and Western, 1⅜; Delaware and Hudson, 1⅛; Kansas Pacific, ¼; Union Pacific, 1; Kansas and Texas, 2⅜; Erie common, 1⅜; New Jersey Central, ¾; Pacific Mail, 1⅜; St. Louis and San Francisco preferred, 2; Hannibal and St. Joseph preferred, ¾; Reading, 1⅛; Wab. and Pac., ⅜. Declined—Canada Southern, 1; C., C. and I. C., 1; Louisville and Nashville, ⅜.

Governments were dull and weak. Railroad bonds had a general sale, and prices slightly improved for the more active issues. Money on call 5@6, ⅝ cent. The imports of general merchandise the past week are valued at the unusually large amount of $7,191,007, and these large imports, together with the reduced exports, caused by the speculations in cotton, breadstuffs, provisions, petroleum &c., are putting up rates of exchange; prime sixty-days' bills on London are quoted today at $4.82½ to the pound sterling.

The bank statement compared in its footings as follows:

	Nov. 29.	Dec. 6.	Differences.
Loans	$277,430,900	$279,101,100	Dec. $338,800
Specie	52,310,700	54,771,000	Dec. 2,460,300
Legal tenders	16,771,700	14,673,200	Dec. 2,098,500
Deposits	247,195,300	247,030,100	Dec. 165,400
Circulation	23,024,800	23,255,100	Inc. 230,300
Excess of reserve	7,283,525	7,686,675	Inc. 403,150

Western Union Telegraph advances, notwithstanding its rival, the American Union, expects to commence business early in January with 50,000 miles of its own wire and a connection with the new French Atlantic cable. The public seems to be of the opinion that there is business enough for both lines.

Indianapolis, Cincinnati and Lafayette shares, which during November, sold as high as 16, have fallen to 3⅜. As no reason was given for the rise, so none is forthcoming for the fall, except that the present price is never the actual value of the property.

Chicago and Alton preferred is 117 bid. This seems to be a high price for a stock which depends for dividends on the chances of each year's business, but an explanation of the phenomenon may perhaps be found in the rumor that Jay Gould, being unable to get control of the property by purchase of securities, has leased the main line and its branches for a term of years, and that papers binding the agreement have already been signed.

The bond market continues to be strong, on a brisk demand from investors. Erie first consolidated sold largely at 116, and in small lots from 116 to 117. Metropolitan Elevated first mortgage 6s, gold, were also active at 105 and upward. The sale of the $3,000,000 of these bonds yet unissued is, we hear, postponed till after Jan. 1.

The city authorities of Rochester are endeavoring to patch up their quarrel with Mr. Vanderbilt over the Rochester and State Line Railroad, and if they succeed, the January interest on bonds of the road will probably be paid.

Bids for bank stocks are: America, 146; Butchers' and Drovers', 104; Central, 110; Chem., 121; City, 175; Citizens', 134; Fourth, 98; Gallatin, 138; Hanover, 118; Importers' and Traders', 290; Market, 114; Mechanics', 185; Mechanics' and Banking Association, 78; Mercantile, 125; Merchants' Exchange, 76½; Metropolis, 133; Nassau, 78; Park, 115⅛; St. Nicholas, 107; Union, 141.

Gas stocks are quoted: New York, 85 to 90; Manhattan, 140 to 149; Metropolitan, 110 to 118; Mutual, 50 to 55; Municipal, 145 to 150; Jersey City, 135 to 145; Brooklyn, 130 to 135.

The production of anthracite coal last week was 675,939 tons, as compared with 577,132 tons the previous week, and 527,962 tons the corresponding week of 1878. The total production from Jan. 1 to Nov. 29 was 28,930,783 tons, as against 25,858,293 tons for the like period of last year, showing an increase this year of 3,072,490 tons. The Schuylkill Coal Exchange of Philadelphia this afternoon adopted a resolution that all mining and shipments should be suspended on the evening of Dec. 24, 1879, and so continue until Monday, Jan. 5, 1880, and that they advance the price of coal, on the resumption of business, 25 cents per ton. It was also agreed that, if necessary, a similar suspension would be ordered in January. The price of Schuylkill coal will be advanced 25 cents per ton on Jan. 1, and an advance of ten cents in freights and tolls will be made the same day by the Reading Railroad Company. This will entitle the miners and railroad employees to a proportionate advance in wages.

The imports at this week just ended were: Dry goods, $1,164,182; merchandise, $7,191,007; total, $8,355,189. The exports for the week were 6,600 bbls. of fresh meat, 2,400 quarters of beef, and 5,500 dressed sheep.

The sales of provisions in Chicago this week were unprecedented, 806,000 barrels of mess pork, 425,000 tierces of lard, and 35,000,000 pounds of meats having been disposed of. These sales are equivalent to 235,000,000 pounds of produce, valued at $23,000,000.

The Britannic, which arrived from Europe today, brought $1,200,000 in American gold coin and American gold bars, and the Donau $750,000 in other specie, making a total of $1,950,000.

The Secretary of the Treasury telegraphed this afternoon to accept all bonds offered for the sinking fund at 106.35. This makes the purchase $200,000. There has since been sent in $5,000 more at the same price, and the remainder up to $1,000,000 may be obtained.

The Treasury now holds $364,485,550 United States bonds to secure bank circulation, United States bonds deposited for circulation during the week ending to-day, $1,380,400, United States bonds, held for circulation, withdrawn during the week ending to-day, $1,142,600. National bank circulation outstanding, currency notes, $339,068,651; gold notes, $1,447,120.

By the 1st of January Grand Trunk Railroad trains will be running into Chicago, although business will probably not be solicited at once. Only about twenty miles, from Valparaiso westward, remains to be built. For ten miles beyond Thornton the track is all ready for travel, and all over the route in Michigan trains are now running.

Purchases are said to be making in Missouri of the stock of the Louisiana and Missouri River Railroad Company, with the purpose, it is supposed, of adding it to the assortment of speculative fancies dealt in at the Stock Exchange here. The road extends from Louisiana, on the Mississippi River, twenty miles below Hannibal, to Jefferson City, Mo., a distance of 110 miles, and is leased to the Chicago and Alton Railroad Company, which operates the section from Louisiana to Mexico, about fifty miles in length, as a part of its through line from Chicago to Kansas City. The bonded debt of the company is $2,154,000 first mortgage and $300,000 second mortgage, and the net earnings of the road have, until recently, been insufficient to pay the interest. The completion of the Kansas City connection has probably rendered the property more productive, and given some value to the stock, but how much it is difficult to say.

Wanted—Females.
