MURDERED ON MOOSIC MOUNTAIN.

An Unknown Man Found Dead with a Bullet Hole in his Head.

SCRANTON, Pa., Sept. 25.—It was ascertained to-day that the stranger who was found dead on Moosic Mountain yesterday afternoon by a party of boys was the victim of foul play. The County Coroner, Dr. N. Y. Leet, and a jury of inquest made an examination this afternoon and found that the strange man's skull had been smashed in by some blunt instrument, and that the bullet wound in his head is in a spot where it would be impossible for him to shoot himself. The body was brought to Scranton this afternoon. Dr. Leet says there is no doubt the man was murdered and thrown into the chasm, where the remains were found, and that the pistol was placed in the dead man's hands to ward off suspicion. The neighborhood where the body was found is one of the worst in this entire region. It is on the outskirts of Sport Hill, and within the last five years no less than a dozen mysterious murders have been committed there. This latest victim seems to have been a commercial traveller, although no papers were found in the clothing to assist in the identification. County Detective Carling and several special officers have undertaken to ferret out the perpetrators of the crime. The body was found jammed between two large rocks, on the sides of which great clots of blood are still visible. No effort will be spared to hunt down the murderers, who are supposed to be a gang of desperadoes that make their homes in the Moosic Mountain wilds.

RETURNING FOR THEIR BOOTY.

How Two Alleged Thieves were Entrapped by the States Island Police.

Of late many houses on Staten Island have been broken into at night, and considerable property has been stolen. The police have made many vain attempts to find the offenders. Yesterday, however, the police were rejoicing over the capture of a pair of alleged thieves, a man and woman, who, they think, may be responsible for many of the robberies. On the night of the 15th inst. the house of Mrs. John C. Green was entered, and many articles of value were taken. Some of the property was found hidden on the premises next day by the police, and it was thought that there might be more secreted on the grounds, and that the thieves would come back for it. A watch was kept every night by Policemen Cobb and Young, and on Thursday night, at about 8 o'clock, a man and woman entered the grounds. They approached the spot where Cobb was hiding, and the man unfolded a carriage robe, which he spread on the ground. In this some table linen and an enamelled French clock were placed, and rolled up. As the pair were about departing, the policeman sprang out and arrested them.

The man gave his name as Frank Smith, 35 years of age, and a peddler by occupation. The woman said her name was Pauline Miller, and her age 31. Both were committed by Justice Powers to await the action of the Grand Jury.

Mrs. Green appeared in court and identified the property found in possession of the prisoners.

A Monkey's Resentment.

Josef Sylvestri, an Italian organ grinder, and his monkey, "Garibaldi," were in the Yorkville Police Court yesterday. George Schernikon, 8 years old, of 2,423 First avenue, was the complainant against Sylvestri. His thumb was bitten and somewhat swollen. The monkey sat on Sylvestri's shoulder, and was very quiet until it saw the complainant. Then uttering a scream of rage, it tried to get at him, but was held back. The boy claimed the monkey had bitten him without cause. Sylvestri said that a woman had given the monkey a penny, and that the boy snatched it from his hand and stamped on the ball, whereupon "Garibaldi" resented and bit the boy.

Justice Otterbourg said that vicious monkeys should not be allowed in the street, and he fined Sylvestri $5.

Milk Dealers in Consultation.

The Milk Dealers' Union, an association composed principally of the milk dealers of Orange County, met at 160 Hester street yesterday afternoon to take action in regard to the price to be paid the farmers for milk during September. The union reorganized on Sept. 3, after being disbanded for a year on account of the death of its President. In May last the milk exchanges of New York and Brooklyn made an agreement with the farmers to pay three cents a quart for milk during September, and yesterday's meeting was called to ascertain whether the union would stand by this agreement. After considerable discussion it was voted not to abide by the action of the two other associations, but to pay only 2¾ cents a quart.

The New Peruvian Charge d'Affaires.

Ignacio Ramon Garcia has been appointed Charge d'Affaires at Washington for the republic of Peru. He was the Inspector Fiscal of Peru in New York, and now will attend to the duties of both offices. He has been in the United States for a year past, and his residence is at 25 West Twenty-sixth street. Mr. Garcia was a member of the Peruvian Congress during two terms, representing his native State, Piura. He will go to Washington within a few days.

Adolfo Falcon, appointed attache to the Peruvian Legation, arrived in this city yesterday from Aspinwall.

Cutting Through the Point of Rocks.

The work of straightening and widening the cut of the Pennsylvania Railroad at the Point of Rocks, in Jersey City, is being pushed forward. The cut comprised three heavy curves, which are to be taken out. About 200 feet of the first and 150 feet of the last curve have been built through; the second curve is made, the line has been straightened, and trains are running through. The road-bed is of small stone, levelled with the top of the rails, and sloping off on each side to concrete gutters covered with tar. On each side of the road-line terraces are being laid out.

Speaking of his Daughter when Nearly Dying.

Horatio N. Walker, an eccentric lawyer of East New York, who lived in apartments over Justice Sherlock's court room, was found dying in his room from acute paralysis by one of his clients on Friday. He was removed to the county hospital. Before being taken away he spoke incoherently to Justice Sherlock of a daughter to whom he wished, in case of death, to leave his property. Mr. Walker has led a secluded life, and although well known as capable and well read in his profession, no one knew anything of his history. His recovery is deemed improbable.

Dry Paint in Mail Bags.

In the Italian mail received at the Post Office yesterday was a sack containing 400 letters, the addresses of many of which had become wholly or partially obliterated by burnt sienna escaping from some packages mailed to a paint house in this city. The attention of the Italian postal authorities is to be called for the third time to the injury done by admitting packages of dry paint to the mail bags.

Another of the Eleventh Avenue Gang in Jail.

POUGHKEEPSIE, Sept. 25.—F. A. Gyse, one of the notorious Eleventh avenue gang, was placed in jail here to-day, having been arrested at 2 o'clock this morning with goods in his possession which were stolen from cars on the Hudson River Railroad. Nine of the gang have been arrested within the past five months, four of whom are brothers, and all are now in jail.

SATURDAY, Sept. 25.

The stock market had an active and advancing opening for nearly the entire list, with Union Pacific, Iron Mountain, and the coal shares taking the lead. At the first board Wabash and Pacific preferred and Manhattan Elevated declined a fraction. Between sales and at the second board the business was slow, with prices variable and irregular. In the final dealings the coal shares were strong, but the market generally dull at prices something under the best figures of the morning. The more important changes for the day were as follows: Advanced—Rock Island, 1; Northwestern common, ⅝; St. Paul common, ¾; Lake Shore, ⅞; Michigan Central, 1⅜; Western Union, ⅝; Iron Mountain, 2¼; Del., Lack. and Western, ¾; Del. and Hudson, ¾; Kansas and Texas, 1⅜; Union Pacific, ⅞; Reading, 2⅛; Erie, ⅜; Jersey Central, 1⅜; Wabash and Pacific preferred, 1; Louisville and Nashville, 4; Pittsburg and St. Joseph common, 1⅜; Han. and St. Joseph preferred, 1¼; Ohio and Miss. common, ¾; Nashville and Chat., 1⅜; Northern Pacific, ⅞; Northern Pacific preferred, ⅞. Declined—Manhattan Elevated, ⅛.

Governments were active, and the four per cents recovered most of the decline of yesterday.

Railroad bonds were fairly active, but prices not materially better. Money on call 2@2½ per cent.

The weekly bank statement, compared with last week's, is as follows:

	Sept. 18.	Sept. 25.	Differences.
Loans	$314,123,500	$310,204,000	Dec. $3,919,500
Specie	66,517,300	65,147,600	Dec. 1,369,700
Legal tenders	13,517,700	13,197,200	Dec. 320,500
Deposits	288,928,700	284,808,900	Dec. 4,121,800
Circulation	19,344,500	18,882,500	Dec. 462,000

The following shows the relation between the reserve and the liabilities:

Specie	$66,517,300	$65,147,600	Dec. $1,369,700
Legal tenders	13,517,700	13,197,200	Dec. 320,500
Total reserve	80,035,000	78,344,800	Dec. $1,690,200
Res've req'd	74,732,175	73,701,725	
Excess of reserve above legal req'ments	5,302,825	4,643,075	Dec. $659,750

Bids for bank stocks are: America, 135; American Exchange, 120; Butchers' and Drovers', 112; Central, 116; Chase, 132; Chatham, 110; Chemical, 1,700; City, 200; Citizens', 107; Commerce, 141; Continental, 115; Corn Exchange, 150; First, 600; Fourth, 112; Fulton, 140; German American, 78; Hanover, 122; Manhattan, 130; Market, 98; Mechanics', 140; Mechanics' and Traders', 102; Merchants', 126; Metropolitan, 151; Nassau, 100; Ninth, 107; Park, 126; Phenix, 97; Republic, 126; St. Nicholas, 109; State of New York, 113; Union, 146.

Gas stocks are quoted: Manhattan, 180 to 185; Metropolitan, 132 to 135; Mutual, 65 to 70; Municipal, 170 to 175; Brooklyn, 110 to 112; Jersey City, 150 to 160. A dividend of 5 ⅜ cent. will be paid by the Municipal on Monday, the 27th.

The receipts of specie from Europe for the week were $4,530,800, of which only $237,000 was in American coin. The Donau, arrived this morning, brought $808,944 more. The total imports of specie since Aug. 1 are $25,365,600, of which $1,722,500 was American coin. In that period $21,920,600 of imported specie has been deposited in the Assay Office, while that office has paid out for bullion $14,349,000 on account of the same. The Hamburg American Line steamer Geiliert sailed from Havre to-day with $100,000 in gold for New York.

The receipts of national bank notes for redemption for the week ending to-day, as compared with the corresponding period last year, are as follows:

	1879	1880
New York	$221,000	$304,000
Boston	437,000	69,000
Philadelphia	82,000	62,000
Miscellaneous	517,000	382,000
Total	$1,277,000	$816,000

The Treasury now holds $360,091,450 in United States bonds to secure bank circulation. Bonds deposited for circulation during the week ending to-day, $644,600; bonds held for circulation withdrawn during the week, $1,114,000. National bank circulation outstanding: Currency notes, $342,526,328; gold notes, $1,325,066.

The Treasury is now shipping daily to different parts of the country—principally South and West—about $25,000 in fractional silver coin. The demand for fractional silver has doubled within the past week. The orders are mostly for dimes, quarters, and half dimes. Much of the silver is sent out in bags containing $70 each, which go through the mails as registered matter. This mode of distributing coin is said to have become very popular, and orders are constantly arriving for mail packages, especially from places where there are no banks, and at places far distant from the centres where fractional silver accumulates. Some silver has been sent in this manner to Post Offices as far distant as Oregon.

Internal revenue receipts to-day, $422,046; customs, $751,770.

For the week ending to-day there have been 640,992 standard silver dollars distributed, against 297,489 for the corresponding period in 1879.

The production of anthracite coal last week was 647,093 tons, against 577,545 tons the corresponding week of 1879. The total production from April 1 to Sept. 18 was 15,968,615 tons, against 18,100,650 tons for the like period of last year, showing a decrease this year of 2,497,035 tons.

The combined anthracite coal interests have agreed to a suspension of production from Oct. 1 to 6, inclusive. There will be no changes in Eastern prices.

At the stockholders' meeting of the New York Elevated Railroad Company, the award of the arbitrators as to the relative values of the New York and the Metropolitan Elevated Railroad stocks was approved by a vote of 54,000 out of 65,000 shares, and the directors of the company were authorized to propose the following basis of settlement with the Metropolitan and Manhattan Companies:

Change the tripartite agreement and leases in the following particulars:

1. Make the payment of the 10 ⅜ cent. dividend to depend upon the earnings, and, if there be a deficiency in any quarter, the same to be covered by scrip, payable, with interest at 6 ⅜ cent., out of future earnings, for the first 20 ⅜ cent., with interest on half from Sept. 15, 1880, to be paid to the New York Company.

2. Place the control of the leased property in the hands of a joint committee of nine, three to be appointed by the directors of each of the three companies—New York, Metropolitan, and Manhattan.

3. This committee to be annually appointed, and the arrangement to continue until the legislation next mentioned be obtained.

4. Legislation to be applied for giving the stockholders and bondholders of the three companies power to choose the directors of the Manhattan Company.

Some stockholders voted against the proposition in order to preserve a standing in court in case they should find it necessary to resort to legal means to prevent a consolidation on unjust terms. An extended statement of the operations of the roads was presented showing that during the year ending Sept. 19 there had been carried 60,386,073 persons, distributed as follows: 36,406,227 by the New York and 23,979,846 by the Metropolitan. It concluded with a statement of earnings from Aug. 16, when the Second avenue line was opened, to Sept. 16, which showed a total gross receipts for that period to be $333,320, the expenses $244,000, and the net earnings $139,320. Allowing for a transfer of 7,500 persons at Chatham square, the earnings of the New York lines are figured at $88,774, and of the Metropolitan lines $50,546. Less the monthly interest on the bonds, which is respectively $51,243 and $54,495, there is shown a deficiency to earn the interest on the Metropolitan bonds of $3,952, and a surplus on the New York lines of $37,531.

The imports for the week were $7,503,779, of which $2,309,767 was dry goods and $5,194,012 merchandise.

The imports of Canada for August were $8,443,757; duty, $1,690,554; exports, $11,569,899.

The St. Louis, Iron Mountain and Southern Railway Company give notice that they have bought out the Memphis and Little Rock Railroad Company, and that they will issue their stock to the extent of 15,000 shares therefor. The road is 135 miles in length. Its bonded debt is $2,850,000, of which $2,600,000, by the plan of reorganization, bears 4 ⅜ cent. annual interest for two years, and 8 ⅜ cent. thereafter; the remaining (preferred) $250,000 bonds bear 7 ⅜ cent. interest, and can be paid off in two years. The capital stock is $1,500,000 (15,000 shares), and of this total the St. Louis, Iron Mountain and Southern own $1,400,000.

A despatch from Havana says that authentic news has been received from Mexico that there is a great drawback to the value of the railroad concessions lately made, in the fact that the Mexican Government only agrees to pay $400,000 out of the subsidy to the Palmer-Sullivan Company and $600,000 to the Symon-Boston Company, without reference to the amount of work done. This will affect the sale of the bonds of both companies.

It was announced on the Paris Bourse to-day that Leon Eostein of Warsaw has failed. His liabilities are placed at $770,000.

The London *Economist* of this week says: "The rate of discount for bank bills, 60 days to 3 months, is 2 ⅜ cent., and for trade bills, 60 days to 3 months, 2¼@2½ ⅜ cent. Despite the growing cheapness of money, the stock markets show a general fail. The fall in United States Governments is unusual, and deserves special mention." After discussing the real return offered by the redeemable issues, and after taking into consideration the loss upon future redemption at par, the *Economist* says: "The question also arises what form the new funded loan will take which will be issued for their redemption. Many reasons can be urged for a 3 ⅜ cent. funded loan, which, next to consols, would command the highest market value of all the securities in the world."

NEW YORK MARKETS.

SATURDAY, Sept. 25.—FLOUR AND MEAL—Were moderately active, but prices of wheat flour were in some cases slightly lower; outside figures were seldom reached. We quote: Flour—No. 2, $2.50@$3.25; superfine, $3.40@$4; extra spring, $3.80@$4.20; Western spring, XX and XXX, $4@$6.25; Western winter shipping extras, $4.20@$4.50; do. XX and XXX, $4.60@$6; patents, $6@$8.25; city shipping extras, $4.50@$5; Minnesota extras, $3.75@$5.50; Southern bakers' and family brands, $5.25@$6.25. Southern shipping extras, $4@$5.
