RULES OF THE CONTEST

1.—Contest is open now, and closes April 10, 1922, and all answers must be mailed on or before that day.

2.—Anyone living in or outside of Alliance may compete in this contest. Employees of this paper and anyone else connected with The Herald however are barred from participating.

3.—Answers should be written on only one side of the paper. Write your name and address plainly at the head of your lists. If you write of anything else use a separate sheet of paper.

4.—Only English words found in the dictionary can be used. Obsolete words will not be counted, however.

5.—A word used once cannot be used again as part of a compound word; and only compound words as given in the dictionary as such will be allowed.

6.—The same object can be named but once. This does not preclude however the naming of an object which is a part of another object.

7.—The word may be given in the singular or plural form but if the one is used the other cannot be.

8.—The first prize will be awarded to the contestant whose answer has the largest and nearest correct list of words of objects (found in the picture) beginning with the letter "P." Second prize to the next, etc. Neat-

CONTESTANTS NOTICE—HOW TO WIN THE PRIZE

How many objects, the names of which begin with the letter "P," can you find in the above picture?

It's a big game in which everybody can take part. Who can find the greatest number of such objects? Take a pencil and paper and get busy. Everybody in the home, Pa, Ma, Bobby, Sister Mary, Grandma and Uncle Bill. First see who gets the most at home. Then combine your lists and send in the complete list to The Alliance Herald, Puzzle Dept., Alliance, Neb., and if your list has the largest number of correct words you get a prize of \$3.00.

But if your answer is the nearest correct and you send \$2.50 for one year's subscription to The Alliance Herald, you get \$12.50. If you send two subscriptions you get \$25.00 as first prize. If you send in three subscriptions (including one new subscription) you win \$50.00; and if you send in four subscriptions (including

two new subscribers) you will win the grand prize—\$100.00. It is almost as easy to qualify for the big prizes and just look at the difference in the table above.

There is no hitch or trick to this puzzle. It is easy and absolutely above-board. It's the contestant with the sharpest eyes that will find the most objects and win the big prize.

It costs nothing to try in the first class. But you will want the paper for another year anyway, so you might as well qualify for Class 2. Now to make the game exciting you ought to get into Class 3 by sending us another subscriber with your own or better still, into Class 4 by sending us three subscriptions (including one new one) and qualify for the prize of \$50.00. And, having got this far, you can with very little effort break into Class 5, and put yourself in line for the \$100.00 cash prize.

RULES OF THE CONTEST

(Continued.)

ness and penmanship will not be taken into consideration, but every contestant should be careful about the spelling so that no mistake will be made.

9.—Only one prize will be awarded to members of the same household, or to any group of the family who may have co-operated in the answering of this puzzle.

10.—The judges will be three well known citizens of this community having no connection with the Alliance Herald and will be selected for their fitness for such a task. The award of prizes as determined by these judges will be final and each contestant agrees to abide by their decision.

11.—In arriving at this decision the judges will allow one point for each correct word. A margin of 15 incorrect words will be granted to each contestant to allow for a possible legitimate difference of opinion; but each incorrect word above that number will count one against.

12.—If two contestants tie for first place the first and second prizes will be divided between the two pro rata according to their class. The next highest will receive the third prize, etc. If three tie for first place, the first, second and third prizes will be divided between the three in same manner, etc.
