# NEY ISLAND RACES.

## ROTHERS' ONONDAGA BEATS THE LORILLARD'S SACHEM.

### Trotting Races at Sheepshead Bay—The Favorites Beaten—A Fast Race of Heats—Horses Killed in the Field—Old Derby Day—The Winners and the Betting.

There was a more attractive programme than the racing public than that provided at Coney Island Jockey Club at Sheepshead Bay yesterday. Before the races the grand stand became uncomfortably crowded, using thousands to seek for available seats on the quarter stretch.

The part of the day most eagerly looked for was the match race made by the Dwyer Brothers and Pierre Lorillard to see which owned the three-year-old colt. The race was arranged during the spring meeting of the American Jockey Club. Since that time Onondaga, which Dwyer Brothers placed their race, has suffered defeat from a three-year old owned by Mr. Lorillard, and that Gerald was slow compared with them, the colt which Mr. Lorillard had against Onondaga. This rumor, in connection with the defeat of Luke Blackburn last May, weakened the faith of many in the fame of the Dwyers, and made Sachem a favorite in the race. This was especially the case with the silk stockings of Murray Hill. It was even whispered that the Brooklyn boys would forfeit, and that the race would be called off. Those who know the Dwyers were killed at this. They knew that two months only steady the boys for their race and put them determined to win if possible. They were right in their conclusions. Onondaga, the son of Leamington and Lucine, met Sachem, the son of War Dance, and Sly Boots, as close and game a battle as ever brought by two young thoroughbreds, in a victory for the Dwyers.

The races were run with the dash for which characterize the contests of the club by the seashore, most of the horses being where least expected. It was a race of dark horses, and an unlucky day for the steeplechaser Surprise. He made his jump, nearly killing his jockey. Honest Dick Derby, too, narrowly escaped the fate usually overtakes most steeplechasers.

THE OPENING SCRAMBLE.

A field of two-year olds appeared for the victory spin of three-quarters of a mile, purse of $500. The youngsters and were comprised Sly Dance, 90 lbs.; Warfield, 90 lbs.; Tom Ochiltree, 105 lbs.; Mr. Nelson's Vanderbilt, 105 lbs.; Mr. Nelson's Macaroon, 105 lbs.; E. V. Snedden's Bonfire, by Reform, 102 lbs.; Dwyer Brothers' Francesca, by Leamington, 104 lbs.; Lorillard's Rica, by Kingfisher, 102 lbs.; P. Lorillard's Wyanoke, by Saxon, 102 lbs.; P. and G. Lorillard's pair, Rica, $200; Rica, $100; Sly, $80; field, $45.

Four attempt the youngsters were sent away, Rica and Oakdale drawing light. These two kept the lead and were close on their flanks, McDuff and then Vanguard, where Oakdale took it relinquished it to Rica before reaching the straight for the finish. A close brush ensued up the stretch, Sly Rica and the colts Oakdale and McDuff fly proved too fast for the landing her winner of the race of daylight between herself and Francesca, Vanguard, and McDuff named. Time, 1:16. Mutuals

FOR THREE-YEAR OLDS,

for three-year olds, one mile and a quarter, bought out J. E. Kelly's Edenburg, 115 lbs.; G. L. Lorillard's Bliss, 113; Dwyers Brothers' Bliss, and, 110, and P. Lorillard's Wallington, 110. Pools—Edenderry, $200; field, $100.

Bliss listened in front as soon as the flag was dropped, holding her firmly. This gave Edenderry a chance to pass, which she at once improved, clinging to her neck, now Edenderry pushing through for a lead, and in a pretty cluster around to and down the backstretch, Edenderry tapping the lead and passing them before reaching the turn. As he drew near the end of his stride he was collared by Bliss, Aella having fallen back to the rear. Edenderry, however, proved the fastest and strongest of the running the race one length in front of Bliss, a close third, and Aella fifty yards Time, 1:57. Mutuals paid $11.55.

MILE AND A FURLONG HEATS.

Little lot faced the starter for the third of the handicap sweepstakes of $25 each, $600 added. The bunch comprised Mr. Dwyers' Warfield, 6, by War Dance, 109 Mr. Bell's Dan K., aged, by Bonnie Scotland, 105 lbs.; W. Murkey's Judge Murray, 4, by Vanderbilt, 100 lbs.; Cattanach & Ivanhoe, 5, by Wanderer, 96 lbs.; P. Lorillard's Rica, 4, by War Dance, 90 lbs.

Warfield, $700; Dan K., $240; Sly $220; Ventriloquist, $200; field, $85.

Whole six made a pretty race for nearly a mile, Warfield running well bunched from the time they left the stand at the furlong, with Sly Dance in her head in front and Judge Murray at the end of the heap. Sly Dance kept her place and Juanita, Ventriloquist, Warfield, and Rica all challenging her in the run without Dan K. was the last to tackle her. Dashing the straight lapped, they ran away from the others in their headlong rush. Passing the Sly Dance won the heat by a nose ahead of Juanita, which was third, Warfield fifth, Rica sixth, Ventriloquist, and Judge Murray following in order. Time, 1:55.

Sly for the second heat, with Judge Murray drawn—Sly Dance, $100; Ventriloquist, Dan K., $65; field, $80.

The heat was run in a manner which drew loud of applause from the vast crowd watching the racers. The horses ran in a dark squad and only that little or no daylight intervened between them. Sly Dance first, and then Juanita, leading the galaxy until the turn into the stretch, nearly three-quarters of a mile from the start, was reached. Here McLaughlin began to play the whip vigorously on Warfield, and war horse responding gamely. He took hold around the turn and came rushing into the straight, where Juanita grappled him. On home, McLaughlin still using the lash to the veteran at his pace, which was fast and all the others except Juanita in the rear. Warfield took the heat half a length from Dan K. third, ten lengths away, Ventriloquist, Rica, Time, 1:57¾.

Sly Dance sold in the pools for $100 in the second to $25 on Sly Dance.

Mr. Dwyers' Francesca moved away in the lead with her head, the horse tanking to her half way well along the backstretch, where Warfield was seen to lag, notwithstanding a hot application of whip. At the three-quarter pole Warfield was four lengths behind. Rounding the corner into the straight, Onley couldn't reach the mare. She ran wildly on the extreme outside, and Warfield was sent by Mr. Dwyers along close to the inside rail. This closed the gap to one length, and the crowd became greatly excited. Sly Dance, however, on her own hook held her own, winning by one length, to the music of vociferous yells announcing "Sly Dance wins!" Time, 2 minutes. Mutuals paid $15.95 for the first heat; $24.50 for the second, and $16.40 for the last.

A RACE FOR MAIDENS.

Purse for maidens of all ages, $100 and, one mile and a quarter, was raced for by Nelson's Clarendon, 4, by Harrah, 118 lbs.; Wilson's Lucy Pat, by Pat Malloy, 115; Dermont's Jack of Hearts, 3, by Tim Murphy, 115; P. Lorillard's Sir Walter, 3, by Waverley, 113; E. A. Clabaugh's Rapid, 3, by Vauxhall, 110. Pools—Jack of Hearts, $575; Rapid, $550; Clarendon, $230; field, $325.

Fairly close order, following Jack of Hearts, Sir Walter was never headed, and a quarter, winning by a length, with Rapid third, at Clarendon, fourth, and Lucy Pat fifth. Time, 2:09¾. Mutuals paid $16.10 for the winner.

THE MATCH RACE FOR $10,000.

Will now summoned Pierre Lorillard's gold colt Sachem, by War Dance, and others' two-year-old colt Onondaga, Leamington, for the much-talked-about race of three-quarters of a mile for a stake of $5,000 a side. Sachem brought the pools against $100 on Onondaga. The money from Brooklyn were piled on Sachem. Two boss jockeys, McLaughlin on Onondaga and Barlee on Sachem, appeared to ride the race. Both colts are beautiful bays, Sachem being the lighter in color. They got away even when the colts were soon bounding in the race, Sachem showing his war horse a neck or more for the first few times when they ranged head and head in the run along the backstretch, watched by thousands of sharp eyes. As they neared the lower turn a roar announced the fact that the colts were taking a hand. It was a beautiful sight, the three-quarter quarter of a mile, the horses locked in a close race. Onondaga's luck was soon to be with Sachem's shade luck. Barlee on Sachem, making Sachem strain every nerve to regain the lead, while Sledge held his white without cutting, up the straight like an Indian on his scalp. At the last furlong he was yards of daylight between them. Barlee now delivered his mount to Onondaga in the last 200 sufficiently to prevent Onondaga's greatest match ever run in this country in two-year-olds. The three-mile run in 1:15¾—one and a half seconds slower than the best record of 1:14 made by Harrett last year in Monmouth Park. French lives paid $10.25.

A LONG STEEPLECHASE.

A lively field of jumpers started in the handicap steeplechase for the $750 purse, of which $100 to second and $50 to third. The horses and weights they carried were: C. Reed's Disturbance, 162; T. A. Lynch's Derby, 157; M. Daly's Surprise, 134, and W. C. Daly's Frank Short, 123.

Pools—Disturbance, $450; Derby, $175; field, $75.

The favorite Meany cut loose on Disturbance in the lead at the send off, but at once drew back and permitted Derby to take the first hurdle in advance. These two then ran head and head for a short distance, Frank Short a good third, Surprise trailing. Before reaching the water jump on the first circle of the field Frank Short headed Derby and Disturbance, leaping over the water a length ahead of the line. On the run outside of the upper field Surprise began to gain, passing Disturbance and closing on the other two in the lead. While clearing the rails in the upper field, near the beginning of the backstretch, Surprise struck the top rail with his heels with such force that he splintered the wood, came down on his head, turning completely over end for end in the air, and killing himself in the fall. His rider, a colored boy named Henderson, lay stunned for a long time. Nearly every one thought the boy, as well as the horse, was dead. Henderson recovered sufficiently to walk to the stables between two men, but it is believed that he is injured internally. Scarcely had the chorus of "Oos!" drawn out by the fall of Surprise died away in a murmur, when a fresh and fiercer volley broke forth as the crowd saw old Derby stumble and fall over the very next hurdle, apparently crushing J. Meany, his rider. Derby soon regained his feet, as did Meany his saddle. Before he got well going again Disturbance was half a mile in the lead, having everything his own way. Disturbance came in winner about five lengths ahead of Frank Short, Derby third, half a mile behind. Time, 6:05; distance nearly three miles. Mutuals paid $9.70.

## FINE SPORT AT LACROSSE.

### The New York Team Victorious in a Series of Well-fought Contests.

The best exhibition of lacrosse playing yet seen on the Polo Grounds in this city was that which marked the tournament for the Oelrichs medal yesterday, in which the New York, Staten Island, Princeton College, and Tyro Lacrosse clubs were the contestants. The grand stand was largely occupied by ladies, and the open stand was well filled. The clubs and players were the following:

New York—E. Merrett, captain, E. Cluff, W. Ritchie, A. Ritchie, W. H. Jordan, J. R. Flanner, W. O. Ross, A. Barker, T. A. Marson, H. Balch, R. La Montague, and F. Herring.

Princeton—C. E. Maguire, L. Riggs, J. A. Hodge, F. P. Allen, H. Walsh, G. W. Ward, S. Egan, W. F. Robinson, F. L. Rieman, J. Field, C. Hewitt, and W. J. Flick.

Tyro—Thos. F. Smith, J. Healey, A. Norman, J. Simons, J. Morse, H. Vandusen, W. West, C. Raines, G. McKibbon, J. Mallony, and J. E. Berrier.

Staten Island—W. Meade, W. C. Rowland, L. Morris, F. W. Jansen, H. Jansen, F. G. Jansen, H. Telfair, W. Roberts, A. Carroll, H. Rich, and W. D. Winan.

The two umpires took their places at each of the two goals at half past 3, and the referee started the games, the gentlemen serving in these capacities being T. W. Langstroth, Jr., and J. W. Daniels, respectively of the Bloomfield and Brooklyn Athletic clubs, and Mr. C. H. Thompson of Montreal. The first clubs to present their teams on the field were the Tyros of Staten Island, and the Staten Island Athletic Club. These young players went to work with great zeal and earnestness to achieve victory, but with comparatively little skill in the scientific points of the game, and the result was a contest of an hour's duration, in which a series of lively skirmishes for the possession of the ball was the principal feature. The first game was won by the Tyros in eight minutes, Mr. Morse taking the goal. The second game went to the Staten Island team, owing to the fine play by Harvey Rich—the young cricketer—in putting the ball through the goal. The game occupied twenty minutes. The third and last game was won by the Tyros through the efforts of Mr. Malloy, who won a goal in twenty-one minutes. This threw the Staten Island team out of the lists, and the New York and Princeton teams prepared to take the field, the Tyros taking a rest until they faced the victors in the second series of the tourney.

The contest between the college team and the New Yorkers proved to be the event of the day. The latter had a trial of skill recently with the Princetons. They knew the mettle of their opponents, and prepared for a touch piece of work. The two teams entered the field at 4:55 P. M., the New Yorkers taking the east goal and the collegians the west. For twenty minutes the fight was kept up with great spirit, the Princeton heavy weights and runners placing their more experienced rivals frequently on the defensive, though the brunt of the battle was on Princeton ground. After a contest of twenty-five minutes' duration a good run by Mr. Ross, followed by a fine throw to goal, gave the first game to the New Yorkers.

After a brief rest, the second game began, and this time the home team won in thirteen minutes, Mr. Cluff winning the goal by fine play. The third game proved to be a short one, as Mr. Cluff managed by a skilful manœuvre to get a chance at a goal in four minutes, just as the hour's play closed.

It was now left for the Tyros to face the victorious New Yorkers, and they soon fell victims to the "Blues." The New Yorkers won three straight games, respectively in two, four, and ten minutes. The goal winners were Messrs. Cluff, A. Ritchie, and Balch. This ended the tourney, and gave the champion Oelrichs medal to the New York club, each of its team players in the tourney also receiving a handsome gold pin as a special prize.

## RUNNING AND WALKING RACES.

### Summer Games of the Irish-American Athletic Club—Fredericks's Victory.

Four hundred people looked on at the summer handicap games of the Irish-American Athletic Club on the Manhattan Athletic Club grounds, Fifty-sixth street and Eighth avenue, yesterday. All the contests were at running or walking, and the track was in excellent condition. S. Berickson, Fordham A. C. (3 yards), won the final heat of the 100-yard handicap run in 9¾ s., with G. K. Smith, American A. C. (2½ yards), only two feet behind at the finish. The handicap middle race, 440 yards, was won easily by W. A. Shearer, N. Y. A. C. (2 yards), in 56¾ s., with H. Alsheimer, New York City (5 yards), second. Two members of the Irish-American Athletic Club, J. J. Gillogan and F. Dennin, then ran a mile for a diamond pin, Gillogan leading at the start. Gillogan passed Dennin on the third lap, and won easily, by a quarter of a lap, in 5m. 10s. The final heat of the opening handicap was won by J. J. Barnes, Pastime A. C., by five yards, in 7m. 23¾s. W. H. McAmany, Irish-American A. C., second.

The final heat of the hammer handicap run was exciting, being well contested from start to finish. T. J. Conway, New York City, and F. A. Adams, American A. C., finished neck and neck, Conway winning in 2m. 19¾s., runners off the neat. Conway won with ease, in 2m. 19¾s., Adams stopping five yards from the start.

The last race was a mile run for the McCoy silver cup, for which Fredericks, of the Pastime A. C., had held the cup on May 25 in the fastest time of 4m. 32s. Betting was 2 to 1 in favor of Fredericks, who was easily in 4m. 28s., Gifford leaving the track after ¾ lap.

### Lawn Tennis in Orange.

The Orange Lawn Tennis Club opened their new grounds at Montrose, or Mountain Station, yesterday afternoon. The club has leased several acres of land far up Montrose avenue, and in the middle of the plot a space 239x200 feet has been levelled off, giving room for eight double tennis courts, so that that number of games can be played at a time. The level space is surrounded by a terrace, and this is backed by dense chestnut groves. There was a large turnout at the opening. Lemonade, ice cream, cigars, dog carts, phaetons, drags, T carts, and other horse equipments were scattered on the grounds. A bandstand was erected in a pavilion under the trees near the center of the grounds. There were present all the prominent members of the club, and the Domestics of Newark. The officers present were: Mr. Edward Winslow, President; Mr. Wm. H. Male, Vice President; Mr. Wm. Cummings, Treasurer; Mr. H. M. Hoyt, Secretary; Messrs. Samuel Campbell, Edward Salmon, Jr., A. M. Wood, and F. H. Hinks are directors. There are about eighty members.

## THE MARKSMEN AT THE SEASIDE.

### The Shooting at Pigeons and Targets in the Sportsmen's Tournament.

The sportsmen's tournament at Coney Island is about two days behind programme arrangements. In order to expedite matters another row of traps was set up yesterday, and ties were shot off simultaneously. The second contest of Wednesday's programme was first disposed of. In this match two pigeons were sprung at once. The first prize was won on Friday. Yesterday Mr. Ed Hudson of the Onondaga Club won the second prize, a $125 gun. Mr. J. Taylor won a $75 baby carriage, beating Dr. Wynn, the winner of the Pierce diamond badge. R. F. Hawkins won the $50 suit of clothes for the fourth prize, and J. H. Andrews won the fifth prize, $25 in gold.

The next match was a class shoot at seven single birds. Of the 106 entries, 42 made clean scores of seven apiece, and the shooting off of these ties was the most protracted contest there has yet been. Three, H. Doury of the Syracuse club, Geo. W. Smith of the Audubon, and J. W. Crouch of the Genesee, shot 18 birds apiece in addition to their previous score of seven without a miss. Doury then missed on his 19th pigeon. Smith brought down his pigeon, and Crouch missed. There was a big cheer from Buffalo men, and Smith, a big, jolly-looking German, grinned in gleeful anticipation of victory. All three scored on the next round. If Smith should miss on the third round the others would have a chance to tie him again. Drury missed his bird. Smith's pigeon was sprung, and he hurled it over, making a string of 28 pigeons killed without a miss, the largest score yet made. He waved his arm in triumph, "Dot Dutchman vas ahead!" he said. "I yust told you dot I vas laying for dot vatch." He spoke in as pronounced a dialect as possible. He won a $250 gold watch. Crouch brought down his last pigeon also, giving him the second prize, a $50 illustrated work.

There were 32 ties of six. The first prize, a $250 gun, was won by H. Garrick of the Washington Gun Club. The second prize, a $50 pair of stuffed pheasants, was won by W. Shelbert of the Audubon Club. H. B. Jones of the Forrester Club won a $150 gun, the first prize in the ties of five. E. H. Madison of Brooklyn winning the second prize, a $50 ebony wall cabinet. The first prize in the ties of four, $10, was won by J. H. Higham of the Audubon Club, and the second prize, $5, was won by B. Tallsman of the Queen City Club.

Ten clubs entered the contest for the Livingston Cup, each sending in two marksmen. The entrance fees, $30 apiece, go to the winning club. Each marksman shoots at fifteen double rises. The match was interrupted by darkness before all the rounds had been finished, and it will be continued on Monday.

The press shoot took place during the day. There were eleven contestants. Mr. Frank Satterthwaite of the *Herald* shot a string of 11 pigeons without a miss, and won the first prize, a $25 book. Although it was put down as simple score shooting, it was shot off by classes of ties, and owing to this, Mr. Harry Sidway of the Buffalo *Courier* was awarded the prize for the second score, although he missed the fourth bird in 11 rises, while G. A. Chappell of the *Sea World* got nothing, although he shot a straight string of ten birds, missing only the eleventh. The second prize was a $25 meerschaum pipe. The third prize, a $25 writing desk, was won by J. W. Douglass of the Buffalo *Sunday Times*, who killed 11 out of 14. The prize for the fourth score was a ten dollar box of cigars, but as there was no fourth class of ties, there could be no winner of it, and it was concluded to distribute the cigars among the other winners.

There was pistol shooting yesterday for seven prizes ranging in value from $50 to $2. There were nine entries, distance fifteen yards, ten shots to each man. The first prize, a silver water pitcher, was won by John B. Luge of the Forrester Club, whose aggregate distance from the bull's-eye in his ten shots was only twenty-four inches. John B. Higham of the Audubon Club, who won the second prize, had a total of 27 14-16.

### American Athletes Winning in England.

LONDON, June 25.—At the second summer meeting of the London Athletic Club, in conjunction with the Manhattan Athletic Club of New York, at Stamford Bridge to-day, in the two-mile walking race, open to amateurs, Mr. Merrill of the Union Athletic Club of Boston defeated Mr. Beasley of the London Athletic Club and Mr. Murphy of the Highgate Harriers. Only the three games walked. Mr. Merrill won easily by fifty yards. Time, 14 minutes 35 seconds. In the 440 yards running race Mr. Meyers of the Manhattan Athletic Club walked until in the straight for home. He then came away and won easily by eight yards. The official time was 49 4-5 seconds. Mr. Meyers also won the 100 yards. Club game in second. The other contestants were Mr. Baker, A. S. Smith, T. A. Guinness, and J. P. Musgrave, all apparently well-known athletes. The prizes in both races were cups. Intense interest was exhibited in the result of the contests.

### Canoeing with Sail and Paddle.

The annual regatta of the New York Canoe Club was held yesterday in the bay. There were two races, one with paddles and the other with sails, and there was a good attendance of spectators to see the sport in the bay yesterday. In the paddling race were the Kittiwake, Capt. C. L. Norton; Wanda, Capt. W. Whitlock; Pilot, Capt. Royer Vaux; Psyche, Capt. C. K. Munroe. It was a mile race, with a turn. The Psyche took the lead, but the Kittiwake soon overtook her and then kept the winning mark ahead. The Psyche, however, turned inside and came back with the lead. The sailing race was from the Kittiwake, which had a lug-mutton rig. The Pilot took the lead and kept it.

### Rowing Off a Dead Heat.

The dead heat between the eight-oared shell crews of the New York Athletic Club was rowed off yesterday afternoon on the Harlem River. All of the original crews were not present, and five men were substituted. The race was rowed up stream with the tide from the Madison avenue bridge to the club house, in rough water and a strong wind. Both crews got off well, and held together for nearly a quarter of a mile, when they veered into each other until their oars tangled. In steering off to prevent a collision, Phillips's crew gained a length, which they maintained to the finish, and won by over a length. The winning crew was composed of George D. Phillips, stroke; J. A. Buckman, N. T. Hard, Otto Savory, J. R. Curran, E. Gilgar, C. H. Liebert, and A. W. Dunning, bow.

### Cricket.

The match at cricket yesterday at Prospect Park between the elevens of the Brooklyn and Appleton Clubs resulted in the signal success of the former by a score of 159 to 59. W. J. Williams's score of 53, and that of Edwards's 52, were the batting features of the Brooklyn eleven's play. Wise's 44 and Scissen's 10 being the best scores on the other side.

### The Racehorse Long Taw Injured.

In the rushing races at Sheepshead Bay, coming from the three-quarter pole into the straight run home is the critical point in many contests. It might be called Tobin's home stretch.

The racing fever has reached Gunnison, Col., the newest city in the United States. The Gunnison Jockey Club give their first meeting on July 4 and 5, with $1,175 divided into eight races.

From the Fourth of July the Tantivy will reverse her trips, running from Tarrytown in the morning and returning from Yonkers in the afternoon. Austrian cabins will drive each day at the first week.

Faithful old Angel Williams, who delighted in showing Aldercroft, Aristides, Tom Bowling, and a host of other great racehorses, which he trained on Pope Mecrator's beautiful farm near Lexington, Ky., died last Saturday.

John Lines offers to leave Mr. Darrell's bet of $10,000 that no three men in relay can beat Dowell in a week's race, if John agrees that the three men will do twenty miles in six days. Weis would be heavier than paper.

Lake Blackburn's arrangements are all off for the week. He announces his last race was shown by the fact that he dare after he could not drive, he moved not to the Lake Side stables. Phoenix is the intimated trail skin or neither about the horse or his owner.

The *Clipper* announces that hereafter it will print no prize-fight challenges or receive stakes for such contests. It is convinced that no a satisfactory conclusion can be reached between men or note in the old-fashioned way, and that money making out of gulls is the object of the match makers.

A great racing event is talked of by the Coney Island Jockey Club, the new organization which joined at one bound into great popularity with New York and Brooklyn turf lovers. The spirit of the Times says that the rumor has been not been made public but it is thought that one race will be for Saratoga stakes and Blue Ribbons for two-year-olds, with $2,000 added; colts to carry 115 lbs., fillies 110; distance, 1¼ miles. Wealthy members, including Mr. Keene, have signified their willingness to contribute whatever may be necessary to make the great stake for five years. This will make the prize the richest racing event in the world.

## THE FLIGHT OF THE CARRIERS.

### Travelling 250 Miles at the Rate of a Mile in One Minute Fifty-six Seconds.

The International Pigeon Race, the great event of the year among fanciers, was flown yesterday. Owners of birds in the vicinity gathered at 78 Cortlandt street to await the returns. The pigeons belonged in different sections of the country, and flew over home ground. Troy birds flew home from Lockport, a distance of about 250 miles; Fall River birds flew back from Media, Pa., and so on, the distance being about 250 miles in every case. At 7 o'clock A. M., local time, yesterday, pigeons were freed in Wytheville, Va.; New Carlisle, Ind.; Lockport, N. Y.; Media, Pa.; Johnstown, Pa.; Pittsburgh, Pa.; Fort Wayne, Ind.; and Brantford, Ont. Every pigeon was stamped with a peculiar mark unknown to its owner, and when the bird came home the owner was instructed to telegraph to New York the time of arrival and description of the peculiar mark.

At a few minutes after 2 o'clock in the afternoon a despatch was received at Cortlandt street from Mr. E. S. Raymond of Fall River, Mass., whose birds had been liberated at Media, Pa. It announced the arrival of his two pigeons at 2:02 o'clock P. M., with the confidential marks "C. L." and "C. 2." on their wings. This gave him the two gold medals and a money prize for the first two birds at home. A little later T. H. Richardson of Green Island telegraphed that three of his birds had arrived from Lockport. This gave him the prize for the first return of three birds. Mr. Richardson's birds also won five other prizes. N. Adams of Utica won every prize from the seventh to the eleventh, and others were won all around until No. 17 was reached.

So far not a single New York bird out of seventy of the best racers in the country had returned, and the home sportsmen were feeling glum. Mr. Bramhall of Jersey City telegraphed the return of a bird, however, at 3:13 o'clock, and the New Yorkers won all the rest up to the final one, No. 26, by Thos. Cooper of Brooklyn, when the race closed at sundown.

The fanciers are at loss to account for the poor showing of the home birds, except on the hypothesis that they have encountered extraordinarily bad weather. The average time per mile of the winning bird was one minute and fifty-six seconds.

### Playing Polo in the Water.

Prof. Ernest Von Shoening, the champion long-distance swimmer, proposes to teach the art of swimming at Locust Grove, Coney Island. Upon the grounds are being erected a large pavilion with 100 bath houses attached, a long bathing pier, a diving board, a floating stand, rowboats, &c. The bathing places are so protected that the water will remain quite smooth.

During the season there are to be tournaments, in which the novel feature will be water polo. The competitors, sixteen in number, are divided into two teams, dressed in fancifull uniform, and mounted upon floating horses, which they propel through the water with long double paddles. The strife is to drive a large floating ball into a defended goal. An exhibition of this game was given yesterday, and as the riders rolled off their horses and were unceremoniously ducked, the crowd greeted with roars of laughter. A regular game is to be played on the 4th of July.

### Pioneer Boat Club Races.

The races of the twelfth annual regatta of the Pioneer Boat Club were rowed yesterday at the foot of Thirty-fourth street, Brooklyn, over a mile course, with one turn. The Punch crew won the four-oared gig race in 5 minutes 52 seconds, defeating the Judy crew. The prize was a gold medal. In the race for a gold medal offered for four-oared shells, the Nip crew won, beating the Punch crew, after a good race, by 3 minutes 6 seconds. Their adversaries came in five seconds later. The race between singles was declared off.

### Wants to Row.

TO THE EDITOR OF THE SUN—*Sir*: Can some boating reader of THE SUN tell me whether there is any regatta to take place besides the dry goods clerks' regatta for which a young man in business in New York can enter? I am not a dry goods clerk, and, therefore, am barred from competing in that trial of muscle and skill.
