AMERICA'S GREAT VICTORY.

IROQUOIS WINNER OF THE ST. LEGER AS WELL AS OF THE DERBY.

Mr. Pierre Lorillard's Great Three-year-old Colt Defeats a Fine Field of English Race Horses—How the Race was Run and Won—Previous Performances of Iroquois.

LONDON, Sept. 14.—The race for the St. Leger Stakes at the Doncaster September meeting was won to-day by Mr. P. Lorillard's brown colt Iroquois, Mr. F. Gretton's Geologist coming in second and Lucy Glitters third. The weather was dull, but there was no rain, and the attendance was very large. The betting just before the start was 100 to 30 against Iroquois, 4 to 1 against Ishmael, and 5 to 1 against St. Louis. Iroquois was ridden by Archer. The American colt attracted much attention by his excellent style in the preliminary canter.

An excellent start was effected at the first attempt. Iroquois was the quickest away, but Archer immediately pulled him back. Josyan then took the lead, attended by St. Louis, Limestone, and Geologist, with Iroquois next. By the time the Rifle Butts were reached, Falkirk had taken the lead, Ishmael and Lucy Glitters having joined the leading lot in front of Iroquois, who continued at the head of the second division. At the Red House, Falkirk succumbed to Ishmael, Lucy Glitters being second, with St. Louis, Geologist, Scobell, Limestone, and Iroquois well up until a half mile from home. Here Limestone joined Ishmael. After a quarter of a mile had been traversed, the two leaders were beaten. Bal Gal and St. Louis became distressed, and Lucy Glitters momentarily took the lead; but before the distance pole was reached Iroquois came on at full speed, winning easily by a length. Geologist passed Lucy Glitters in the last fifty yards. St. Louis pulled up fourth, followed by Eusôtie, Ishmael, Fortissimo, Limestone, and Scobell in the order named. Lord Chelmsford, Josyan, and Privateer were the last three, except Voluptuary, who walked in. The time of the race was 3 minutes 20 seconds. There was three-quarters of a length between Geologist and Lucy Glitters. Iroquois's victory was extremely popular, and he and Archer were enthusiastically cheered. The following is a summary:

The St. Leger Stakes of 25 sovereigns each for 3-year-old colts, 8 stone 10 lbs.; and fillies 8 stone 5 lbs.; the owner of the second horse to receive 200 sovereigns, and of the third 100 sovereigns out of the stakes; over the new St. Leger course, about 1 mile 6 furlongs and 132 yards; closed with 232 subscribers.

Kenshire's black colt Lord Clyde, Jockey Watts; and Lord Rosebery's bay colt Voluptuary, Jockey Webb.

After the race for the St. Leger Stakes to-day, Iroquois became second favorite in the betting in the race for the Cesarewitch Stakes, which will come off at the Newmarket second October meeting, on Oct. 11, at 14 to 1 against him, with 12 to 1 against Geologist.

Iroquois, the first American winner of the Derby and St. Leger, is a son of Leamington, dam Maggie B. B., by Australian. Iroquois is a magnificent well-grown colt with a white star down his face and white around the coronet of the left fore foot. His shoulders are full of power, and he has great sweep and strength in his hindquarters. This famous colt was bred by Mr. Aristides Welsh of Chestnut Hill, Pa., Leamington. The sire of Iroquois, was a great racehorse, and Maggie B. B., the dam of Iroquois, was a fine race mare.

The first St. Leger was run in 1776. It has become the second prominent event on the English turf. Iroquois is the tenth Derby winner who has been successful in the St. Leger.

Iroquois was sent to England when a yearling. Standing the voyage better than most of his stable companions, he was put into early training. While a two-year-old his career was checkered. He started twelve times, winning four races. He made his first appearance on a race course in England May 12, 1880, winning the Newmarket Two-year-old plate, five furlongs. He next faced the starter in the Woodcote Stakes, at the Epsom meeting, May 25, but did not gain a place. The next day he won the Two-year-old Stakes, carrying 125 lbs., five furlongs, at Kempton. June 18, he was out of form, and failed to get a place in the New Stakes. On July 6, at Newmarket, he was beaten by the favorite, Bal Gal, by a head, for the July Stakes. On July 8 he captured the Chesterfield Stakes from a fine field of English flyers; but two weeks later he was unable to secure a place in the great Kingston two-year-old plate. He won the Levant Stakes the following week, running second for the Findon Stakes on the same day. At Doncaster, Sept. 14, he ran unplaced in the scramble for the Champagne Stakes, and also failed to get a place in the Hopeful Stakes at Newmarket Sept. 28. His last race in the season of 1880 was for the Clearwell Stakes, at Newmarket, Oct. 11. His number failed to appear among the first three.

This year his career will go into history with the annals of the turf. In his first race of the season, May 4, he ran second to the favorite, Peregrine, for the Two Thousand Guineas, at Newmarket. On May 6 he won the Newmarket Stakes from Lord Falmouth's Lennoxlove. May 17, at Newmarket, he had a walk over for the Barwell Stakes. On June 1, at Epsom, he won the great Derby Stakes, valued at £5,350, beating Peregrine, Town Moor, Don Fulano, Marshal McDonald, and ten others. On June 14 he won the Prince of Wales Stakes for three-year olds, valued at £2,800, beating Geologist and five others. On June 16 he beat Count Lagrange in the race for the St James's Palace Stakes. The money value of the St. Leger, which he won yesterday, is about $28,000.

There was universal rejoicing among the horsemen and others at Sheepshead Bay yesterday over Mr. Lorillard's victory. Even the stable boys inquired early at Reporters' Row as to whether Iroquois had won the St. Leger.

RACING AT SHEEPSHEAD BAY.

Mr. Pierre Lorillard Winning Two Out of Three Races in which he had Horses.

The delightful weather drew a fair attendance to the races of the Coney Island Jockey Club yesterday. The course was in excellent condition, and the five contests on the programme were run off in fast time.

Mr. P. Lorillard supplemented his great victory in England by winning two out of three races in which he had single entries. Altogether, the day was very enjoyable.

The sport opened with a mile dash for a purse of $500, with weight penalties for winners and allowances for maidens. The starters were F. M. Lilly's Pilgrimage, carrying 118 lbs.; J. McCormick's Lillie R., 115; O. Bowie's Crickmore, 105; and Applegate & Bros.' Mattie Rapture, 95. Crickmore was a tremendous favorite in the betting at $500 against $60 on the field.

Crickmore had the easiest of races. Hughes rode him the mile under a pull, with a strong lead from the start. At the quarter pole he had a gap of five lengths. Rounding the lower turn under a double pull, Pilgrimage came within three lengths of him. Crickmore won by that distance, Pilgrimage second, and Lillie R. third. Time, 1:45. Mutuals paid $5.30.

WYOMING WINS.

The second event was a spin of three-quarters of a mile, for a purse of $500, for two-year-olds, on the same conditions as the first race. There appeared at the post P. Lorillard's Wyoming, 102 lbs.; H. McDaniel's Letina, 102; A. Burnham's Frankie B., 102; G. L. Lorillard's Bouncer, 102; C. G. Davis's Virgo, 97, and Mr. Nelson's Macbeth, 105. Betting—Wyoming, $150; Letina, $80; Macbeth, $75; Bouncer, $70; Frankie B., $55, and Virgo, $30.

Mr. Sheridan found it difficult to get the juveniles off in anything like even order, and they were finally sent away straggling. With Bouncer and Macbeth at the heads and Wyoming at the tail of the string. Before reaching the three-quarter pole, Shauer had worked Wyoming through the ruck and headed Bouncer by a neck. Dashing up the straight, Wyoming retained the lead, the others clashing tosses home coming with a length to spare, Virgo second and Letina third, with a length between each. Time, 1:17½. Mutuals paid $8.30.

OHIO BOY'S VICTORY.

The above race was followed by another scramble of three-quarters of a mile for a purse of $500, entrance $10, the winner to be sold by auction under the rules. There came to the post E. A. Cabaugh's Oden, 115 lbs.; P. Lorillard's Godiva, 80; Ackerman & Co.'s Ohio Boy, 110; Mr. Nelson's Reliver, 85; J. H. Harbeck's Marathon, 85; A. Belmont's Ada, 95; Dwyer Brothers' Charley Gorham, 94, and C. G. Davis's Constantina, 88. Betting—Oden, $200; Charley Gorham, $75; Ada, $35; Constantina and Godiva, $25 each; field, $55.

The horses were sent away in quick order, with Ada at the head and Oden at the tail of the bunch. Rounding along the backstretch at top speed, Constantina took the lead from Ada before reaching the half-mile pole, Ada lapped half way, and the others close enough to make an exciting and interesting race. Around the turn they swept, with Constantina still in the lead when they entered the straight. Here Ohio Boy came up and challenged for the supremacy in range with Ada. They both passed Constantina, Ohio Boy winning by a neck from Ada, Constantina third, lapped to Ada's mane. Time, 1:15⅝—within a second and a half of the best. French fives paid $120.20.

SIR HUGH DEFEATED.

A mile and a quarter race for a handicap sweepstakes of $25 each, with $700 added, $150 to second, drew out G. L. Lorillard's Sir Hugh, 103 lbs.; H. Daniels's King Nero, 90; C. H. Pettingill's Fair Count, 110; P. Lorillard's Sly Dance, 110; J. McCormick's Valeria, 95, and P. H. Duffy's Krupp Gun, 98. Betting—Sir Hugh, $100; Fair Count, $80; Sly Dance, $65; Krupp Gun, $50; field, $25.

King Nero headed the bunch in a flying start, but his reign was very brief. Sir Hugh leading as they dashed past the stand at the quarter, Fair Count second, and Krupp Gun third, all in a cluster. These three led the bunch around to the lower turn, where Sly Dance began to race for a place. Working through well up the straight, Pierre Lorillard's colors on Fakes were once more seen in the lead, Sly Dance winning half a length from Fair Count, Krupp Gun third, four lengths away. Time, 2:11. Mutuals paid $23.65.

DAY STAR AT THE FRONT.

A handicap steeplechase over the inside course for a purse of $500, of which $100 to second, ended the programme. The leapers were W. C. Daly's Frank Short, 130 lbs.; Cattanach & Son's Highland Fling, 143; M. Welch's Catalona Franklin, 138; L. Hart's Redding, 133; Geo. Sutcliffe's Day Star, 127. Betting—Capt. Franklin, $125; Day Star, $105; field, $65.

Highland Fling sailed over the first fence in the lead, Day Star a close second. Before reaching the next jump Day Star assumed a commanding lead, Delaney held him well in hand, but Day Star's blood seemed to be up, and for the remainder of the chase he kept a strong lead, giving as pretty a picture of steeplechasing as the lovers of the sport have seen during the season. All five of the horses cleared the double round of jumps safely, including the walls and water. Day Star winning twenty lengths ahead of Highland Fling, Capt. Franklin third. Time, 5:15. Mutuals paid $17.80.

The races are to be continued to-day and Saturday. On Saturday the great four-mile heat race for the Long Island Stakes will be the final event of the meeting.

KNICKERBOCKER YACHTS RACING.

A Stiff Breeze Both Ways with One Lapse Into the Doldrums.

The Knickerbocker Yacht Club had its annual sailing match yesterday. Fifteen yachts started, and, with a fine sailing breeze, had an interesting contest to wind up the season. The course was from off the club house, Port Morris, to Gangway buoy and return for the first six classes, and to the buoy off Fort Schuyler and return for the seventh class. The start was from an anchorage, the Sara weighing anchor at 11:10, and the other classes following at intervals of two minutes. It blew a rattler from the east. The Nellie R. soon passed the Sara and took the lead, and the Estelle, Sharpie, Rex, and Nettie, after passing the Brothers, were bunched pretty well together, just astern. Near the Brothers the hook of the peak halliards of the Nellie R. broke, and she had to heave to to repair damages. The fleet shipped quickly on, with lee rails under, for a while, and then, in a most provoking manner, drifted suddenly into the doldrums, near College Point.

Despairing of a breeze, the Hattie, Maggie, Musidora, and two or three others withdrew, some of the yachtsmen going in to visit Mary Ann, the lighthouse keeper, on the North Brother, and others setting out for Willetts Point for beer and chowder. Those who persevered were soon rewarded by a breeze again, and with a flood tide skimmed quickly around the corner at Throgg's Neck. After rounding the Fort Schuyler buoy, the Nettie started off with lifted sheets for home a long distance ahead of the Louie of her class. It was close work up to the Gangway buoy, and the Nellie R. would have rounded first had she not first turned the Spindle and started for home. The mistake was soon discovered, and she luffed up and came on the wind again. The Sara rounded the Gangway buoy a little ahead of the Rex, followed by the Nellie R., Estelle, and Sharpie. About 3 P. M. the wind hauled to the southward, and after passing Throgg's Neck freshened into a capful, which with a fair tide sent the fleet dancing by the finish at a lively rate. The Sara had an exciting race with the Nellie R., but after a while passed her and led the fleet in at 4:09 P. M., the Nellie following five minutes later.

The start, finish, elapsed, and corrected time are as follows:

	Start.	Finish.	Elapsed.	Corrected.

THE MARKSMEN'S PRIZES.

Speech of Gen. Hancock to the Victorious National Guardsmen.

The weather yesterday at Creedmoor was fine. There was a slight breeze from the south. The attendance was large.

Mr. C. H. Eagle was the winner of No. 7 Qualification Match by a score of 47.

The "Military Team" Match was won by the Twentieth separate company of Binghamton by a score of 143.

The "Army and Navy" Cup was won by the United States Engineers' Battalion by a score of 349.

The "Army and Navy" Medal was won by the Thirteenth Regiment of Pennsylvania. The second medal was won by the Twentieth separate company of Binghamton.

At 5 o'clock Gen. W. S. Hancock presented the prizes. In addressing the winners of the State and division matches, he said:

For the last eight years teams representing the various organizations of the National Guard have met annually at this place to contest for these prizes. Under the stimulus excited by these competitions, year by year, the standard of skill has been raised until now it would seem that no better shooting is possible to be made with the soldier's weapon than you have shown today in these matches. I do not hesitate to say that in regard to these contests, and, in fact, rifle contests of all descriptions, as a military exercise, to become good shots men must be made interested; their personal and regimental pride must be aroused. We have found this to be the case in the past, and it applies with even greater force to organizations like yours. The possession of a good team of twelve may not materially strengthen the regiment to which it belongs, but in the selection of teams, the practice, its success, and, perhaps, even its occasional defeat, an interest is maintained which permeates the whole organization, and is of the greatest military value. The difficulties you have had to encounter in coming here this year, I understand, are greater than has previously been the case. It is a matter of congratulation that so many have been willing to make the pecuniary sacrifices required.

The military and New York State teams will shoot at 10 A. M. to-day. The "military championship match," first stage, will be begun at 11 A. M., and the army and navy match at 1½ P. M. Several new teams are expected.

Base Ball Yesterday.

A team composed of members of the Stock Exchange met the nine of the Montclair Club on the Staten Island Club grounds yesterday. There were many spectators, including a large number of ladies. The Montclairs had the better battery, but the brokers excelled in batting and fielding. The score was as follows:

Montclair	0	0	0	2	3	1	1	—	7
Stock Exchange	1	2	2	1	0	4	3	—	13

The stock brokers are to play the Staten Island Club and the Knickerbockers next week.

The game between the Metropolitans and the Domestics of Newark, on the Polo grounds, resulted as follows:

Domestics	0	0	0	0	0	0	0	1	0	—1
Metropolitans	0	0	1	1	0	0	2	4	...	—8

The first game of the Atlantic tour was played yesterday in Philadelphia with the Atlantic Club, and resulted in a victory for the latter by the following score:

In Worcester—Worcesters, 12; Buffalos, 2.
In Providence—Providences, 4; Detroits, 1.

Speeding the Flyers.

On the Gentlemen's Driving Association grounds yesterday and Tuesday there were some very fast trials of speed. Among the spectators were Messrs David Bonner, Frank Work, Shepherd F. Knapp, W. H. Vanderbilt, W. H. Harbeck, S. Foster Dewey, George Dickinson, Chas. W. Glawold, T. C. Eastman, and T. J. Coe. Jerome Whipley drove the gelding Kesse Jim a mile in harness at his ease in 2:21. The veteran driver, Isaac Woodruff, held the ribbons over M. J. H. McCoon's Pickett, and drove a half mile in 1:08, making the full mile in 2:24. Pickett afterward trotted a half mile in 1:06½, and the mile in 2:22½. John H. Hatfield sent his gray gelding a mile in harness in 2:20¾. Warwick Maid went a mile in harness in 2:24. Mr. David Bonner's Cora Belmont and Mr. C. H. Bayne's Skipton had a close contest as speed for a mile, in which honors were even. The bay mare Forget-Me-Not went a half mile in harness in 1:10. Dan Nace speeded Mr. W. H. Vanderbilt's team, Lancaster and Tilton, in 2:20¾ a mile to a top wagon, subsequently in 2:23¾. Mr. T. J. Coe tried his bay team, Robin Hood and Rosie, against Nick Hausman's gelding Wake-up, on Seventh avenue, distance about two miles. To the surprise of Mr. Hausman, who was waiting for a brush, the team beat Wake-up easily by six lengths.

NEWS FROM THE OLD WORLD.

THE LONDON PRESS ON THE REVOLT OF THE EGYPTIAN TROOPS.

Urging that the Sultan Should Furnish the Force for Putting Down the Rebellion—A New Ministry Definitively Constituted.

CAIRO, Sept. 14.—A new Ministry has been definitively constituted. The principal members of the Cabinet are Haidar Pasha, Minister of Finance; Baroudi Pasha, Minister of War; and Marashly Pasha, Minister of Public Works.

LONDON, Sept. 14.—The *Times* in a leading article says: "The Khedive is a prisoner in his palace. The joint control of England and France is for the moment at the mercy of an armed mob, and the settlement laboriously arrived at by the powers is seriously threatened. It is plain that this state of things cannot be allowed to continue. It seems clear that the chief object of the Colonels is the substitution of a native military government for foreign influence. The suzerainty of the Sultan supplies the obvious instrument for putting down the rebellion, as it supplied the instrument for the deposition of Ismail, the father of the present Khedive. There can be little doubt that the despatch of a Turkish fleet and a dozen regiments would go very far to restore order. To summon Turkish aid is no doubt a *pis aller*, but it is better than summoning Europeans, whose landing would be the signal for opposition by the natives and intolerable friction between the temporary allies."

The *Times'* despatch from Constantinople says: "Two of the embassies here have received from Cairo confirmation of the rumors that the Khedive applied to the Sultan for troops. The press censorship prohibits the publication of any Egyptian news."

The *Standard* and *Times* agree in thinking that the Egyptian settlement is only temporary. The *Times* urges the suppression of the Khedive's army.

The Paris correspondent of the *Daily News* says he is able to state that the Government does not attach the slightest importance to the insinuation made by Paris journals that English intrigue incited the Egyptian Colonels to revolt.

CONSTANTINOPLE, Sept. 14.—The Porte has finally decided to despatch neither troops nor Commissioners to Egypt.

PARIS, Sept. 14.—The Havas Agency publishes an evidently semi-official note directed against the idea of restitution of Egypt to Turkey, which, the note says, would compromise all the progress made by Egypt since the days of Mehemet Ali.

THE WAR IN TUNIS.

Arabs Cutting off the City's Water Supply—A French Camp in Danger.

TUNIS, Sept. 14.—The Arabs have partially destroyed the aqueduct between Tunis and Zaghouan. The quantity of water now entering the town is very trifling, and as it is decreasing every moment it is probable the supply will be entirely cut off. This will be most serious, as there are no other means of procuring drinking water.

The camp at Zaghouan is in a critical position, as all communications with Tunis have been cut off.

The Bey is greatly distressed at the demand of France to dismiss Prime Minister Mustapha, as he is a special favorite with the Bey. Mustapha's successor is highly respected throughout the country for his integrity and ability.

THE ANTI-NIHILISTS.

The Sacred Legion of Nobleman to Protect the Russian Czar.

LONDON, Sept. 14.—The *Morning Post* says: "It is stated that 300 Russian nobles have organized themselves under the name of 'Sacred Legion' as a counter association to the Nihilist attempts on the life of the Czar. They will dispose of large funds and employ a complete system of secret organization, and their influence at court is said to be much superior to the ordinary secret police."

THE LIVERPOOL COTTON CORNER.

Stopping the Mills for the Purpose of Breaking the Ring.

LONDON, Sept. 14.—All the cotton spinners and manufacturers at Preston have replied to the Secretary of the Masters' Association. The largest employers are willing to stop their looms. It is thought that a week will not suffice to circumvent the ring, but that a fortnight's stoppage will break up the syndicate. There is little doubt at present that the requisite majority of two-thirds will be obtained at Burnley.

The news of the decision of the cotton meeting at Manchester was received at Liverpool with indifference. The operators favor the proposed stoppage for a week as a means of improving the present unsatisfactory trade, but they fear there will not be unity among the employers, and that the operatives will be asked to stop, but will be acted upon only by a few. There is no doubt about the short time movement being carried out. At Burnley both masters and operatives favor the movement. It is uncertain whether a stoppage or short time will be adopted. In the case of the Oldham mills, which have promised to cease work, the stoppage takes place next week. There are 7,000,000 spindles in Oldham spinning American cotton, and if 4,750,000 stop, the promoters of the movement will be satisfied. A number of mills in the Preston district will close at least for a week.

Fair Trade Agitation in England.

LONDON, Sept. 14.—A meeting of the Committee of the Farmers' Alliance, in London, passed a resolution condemning the reciprocity and fair trade movement, and declaring that if protection is restored to agriculture it should not be the first to suffer. A large meeting at Coventry passed resolutions in accordance with the views of the Fair Trade League.

The Trades Union Congress yesterday made a demonstration against the fair trade movement by enthusiastically cheering a paragraph in the President's speech (commemoratory of any return to the nonsense of protection) and afterward adopted a resolution to the immediate extension of certain professed delegates who did not represent bona fide trades unions. A number of the persons so expelled, who were suspected of an intention to advocate fair trade interests, accordingly left the hall.

The Ravages of Diphtheria in Russia.

LONDON, Sept. 14.—The Russian journals publish terrible details of the diphtheria now epidemic in Russia. It is reported that in certain communes and parishes all the children under 15 years old have died. The origin of the attack dates from 1872, when the disease first appeared in Bessarabia. Since then it has spread far and wide over the south of the empire, whence it lately extended to the north of Russia and to the east and the northwest. In Poltawa, a province of considerably less than 2,000,000 inhabitants, there have been 45,543 cases, of which 18,703 were fatal.

The Railway Outrage in France.

LONDON, Sept. 14.—Herr Niemark, the German Consul at Leghorn, who was recently assaulted in a carriage of a railway train going from Paris to Turin and thrown from the carriage window while the train was passing three miles a minute, was not much injured. He managed to walk out of the tunnel, and has since proceeded to Turin. The guards of the train were arrested. One of them, when questioned, replied evasively, and marked with blood.

American Pork in France.

PARIS, Sept. 14.—M. Léon Chotteau has just published two letters, one addressed to M. Barthelemy St. Hilaire, Minister of Foreign Affairs, and the other to all the French Chambers of Commerce, demanding the abrogation of the decree of February prohibiting the importation of American pork. M. Chotteau proposes organizing a meeting at Paris against the decree.

The King of Dahomey on the War Path.

LONDON, Sept. 14.—Advices from the west coast of Africa say that the King of Dahomey, with his army of Amazons, had raided and destroyed five towns of Icsaos and Okeous, north west of Abeokuta. They had populations of many thousands. All who were unable to escape were brought to Abomey, the capital of Dahomey, for sacrifice at a great annual "custom."

ANOTHER NEW WITNESS.

The Exclamation Mrs. Inwood Thinks she Heard Jennie Cramer Make.

NEW HAVEN, Sept. 14.—The hearing in the case of the Malley boys, accused of murdering Jennie Cramer, was resumed in Thompson's Hall in West Haven this morning. Chas. Rawlings, the manager of Redcliffe's restaurant, was recalled for cross-examination. His testimony was not shaken.

Bertha Williamson, the chambermaid at the rooms over Redcliffe's, was called. She testified, as she had done before the Coroner's jury, to the effect that Walter and James Malley, Jr., had occupied rooms in the building on a Thursday night; that she had looked into the room which she supposed was occupied by James Malley and had seen a man and another person in bed; and that the beds in both rooms had the appearance of having been occupied.

To Mr. Fox the witness said that she had made a mistake before the Coroner's jury, and that the rooms over Redcliffe's had been occupied by James and Walter Malley on Thursday of the week before the finding of Jennie Cramer's body.

To Mr. Bollman the witness again said that two or three days after the occupation of the rooms by the Malley boys Mrs. Newman, the wife of the janitor of the building, who is in Mr. Edward Malley's employ, had cautioned her against saying anything about the case.

This woman's testimony was so mixed that both sides seemed willing to let her drop. Before the Coroner she had said that the rooms were occupied by the Malley boys and companions on the Thursday evening before the finding of Jennie Cramer's body. If the Thursday is to be placed back a week, of course Mrs. Newman could not, twoor three days after, have cautioned the witness against saying anything in regard to the occupancy of rooms, in view of the mysterious death of Jennie Cramer, which did not occur until later.

John J. Hauser testified, as before the Coroner's jury, that he saw James Malley walking with a young woman through the Green between 12½ and 12¾ o'clock on Friday, Aug. 5. The woman, the witness said, was dressed in white, and had a very white face.

Matilda Jane Inwood, a new witness, testified that she lives in Hartford, and that on the evening of Friday, Aug. 5, at 10½ o'clock, she was in the grove at West Haven shore. She saw the body of Jennie Cramer on the beach the next morning, and recognized her as a girl whom she had seen on the flying horses at the time mentioned on the evening previous. With the girl on that eve were a woman and man.

Mr. Bollman—Can you point out that gentleman here?

The witness replied that she could, and pointed out Jas. Malley. The witness was attracted to the party in the swing because the girl, whose dead body she saw on the next morning, called out, "For God's sake stop," and the witness thought that the young man whom she pointed out as Jas. Malley replied, "Stop! Go on."

To Mr. Fox, who cross-examined the witness, she said that she had lived in Cark street in Hartford for twenty-one years. She was at the shore visiting her daughter. She would have objections to taking the reward offered for the recovery of Jennie Cramer's murderer, for she would not take "blood money, evil money." She only wanted to tell the truth.

Chas. Audley testified, as before the Coroner's jury, to the effect that he had seen James Malley, Jr., at 3 o'clock on the afternoon of Friday, Aug. 5, on Trumbull street, walking with a lady who had two rings on each hand, one ring on each hand, the witness said, had a stone in it. In his cross-examination, the witness said that he had heard Mr. Persch, a detective, speak of "hush money." Mr. Persch had said before the witness that he would see what Edward Malley would do about it, and that he did not think there was any money on the other side. Afterward Persch had said that he had seen Mr. Malley, who had asked him to come to the house. The witness had never heard anything more about hush money. He had never intended that his testimony could be hushed for money.

The hearing was adjourned till to-morrow.

NO NEWS FROM STUART.

Has he Gone to India?—The Coupons Traced to H. O. Jones's Bank Account.

George A. W. Stuart, ex-Secretary of the Brooklyn Board of Education, is believed to be enjoying the autumn weather in Canada. His friends profess not to have heard from him yet. No reward has been offered for his capture.

Mr. Stuart was once in the service of the East India Company in India, and afterward he was in the military service of a native prince, and as he is familiar with India, some think that he will eventually be heard from in that country.

In the examination of Alderman Harry O. Jones in charge of Commissioner Stuart in stealing $15,000 from the funds of the Board of Education, Gen. B. F. Tracy yesterday morning appeared to conduct the defence. Alderman Jones was dressed with scrupulous regard to fashion, and he seemed to be as cheerful as usual. Samuel McLean, James Mullen, of 6 Jones Heights, was a spectator. George H. Sanborn, assistant teller of the Atlantic State Bank, produced the deposit tickets of the bank account of H. O. Jones. He said that Mr. Jones had been a depositor in the Atlantic Bank for several years. The large amounts set opposite the word "checks" were deposited in drafts of some kind. He could tell that the slips dated April 29, 1878, Jan. 29, 1876, and Nov. 28, 1875, were drawn upon the Mechanics' Bank because of the exchanges slips between the Atlantic State Bank and the Mechanics' Bank. Upon the days Mr. Jones made these deposits there were no other drafts of such an amount deposited. The payment of a draft was entered as for the day it was deposited. The witness identified the entries upon the tickets as in Mr. Jones's handwriting.

George McMullen, for fourteen years bookkeeper of the Mechanics' Bank, taking up some slips, testified that they were lists of checks deposited in the Atlantic State Bank and drawn upon the Mechanics' Bank. Upon the 1st of April 29, 1875, there appeared a Board of Education warrant for $5,672. There was no duplicate of that amount in the account of the Board of Education at that time. The deposits of $9,900 on Nov. 29, 1875, of $9,900 on Sept. 28, 1875, of $9,900 on Jan. 29, 1878 and of $7,500 on Nov. 28, 1878, were all Board of Education warrants. With one exception, the aggregates of these warrants were charged upon the books of the bank the next day, and no such amounts appear from the books to have been drawn by any one else that day. The witness could not remember who signed the warrants.

Chas. W. Woodruff, Deputy City Treasurer, presented a list of coupons from the alleged fraudulent warrants, which were traced by the former witnesses to Mr. Jones's account. The following table exhibits the information contained in the coupons, all that remain of the original warrants:

Warrant No.	Date.	Payee.	Paid.	Amount.
7,264	April 17, 1875	E. R. Paton	Apr. 30	$7,200
9,081	Sept. 18, 1875	C. N. Jackson	Nov. 30	9,900
9,814	Jan. 29, 1876	E. R. Paton	Jan. 31	9,900
13,505	April 15, 1878	E. R. Paton	Apr. 30	7,500
14,869	Nov. 19, 1878	E. R. Paton	Nov. 30	7,500
7,042	Aug. 7, 1875	E. R. Paton	Sept. 30	9,900
			Total	$52,900

These coupons were torn off as the warrants passed through the hands of the City Treasurer. The original warrants, having been returned to the Board of Education, were stolen by the thief who robbed the safe on June 3.

The examination was adjourned until this morning.

Papers are being prepared in a civil suit of $15,000 against Alderman Jones in the name of the city of Brooklyn and the Board of Education. The officials who have charge of the prosecution say that J. I. Jones will not be arrested.

THE APACHE OUTBREAK.

Gen. Sheridan Forwarding Troops, but Does Not Consider the Situation Alarming.

WASHINGTON, Sept. 14.—The following despatches were to-day sent to the Interior Department from the War Department:

CHICAGO, Sept. 10, 1881.

Gen. R. C. Drum:

Have been in free communication with Gen. Pope on the subject of the troubles about Fort Apache. The trouble is confined to the White Mountain Utes, and there is as yet no reason to believe that it will spread. Troops are now on the ground with the companies of cavalry and three of infantry, and will soon be joined by McKinney with six companies of the Fourth. Additional companies of infantry are being collected at Winchester and will be sent to Fort Davis if necessary. All will be used there if necessary. I thought it best to post them in the country at the border, although the Chiefs have not been heard from since the first report. Pope has been of the opinion that he could trust to the friendly Navajoes and help Wilcox. If I get the slightest information that will lead me to believe that the trouble will spread, I will draw the whole of the Third Cavalry and one regiment of infantry from the Department of the Platte, one from Texas and one from Dakota and one more can be pushed in from the Department of the Missouri. We cannot positively state these moves, but will take the chances as the cold weather is coming on and the Indians will keep quiet in the winter. P. H. SHERIDAN, Lieut.-General.
