SATURDAY, Nov. 26.

The stock market was generally variable and unsettled in the early dealings. The only decided activity and advance was in Louisville and Nashville, Illinois Central, Union Pacific, Denver and R. G., Missouri Pacific, and Texas and Pacific made fractional declines from opening prices. The first board opened flat, but became buoyant toward its close, with large transactions in Lake Shore, Erie common, Del., L. & W., Northwestern, Denver and Rio Grande, and Texas and Pacific. Secretary Folger has not yet decided what call he will take relative to the outstanding bonds. The computation recently entered by him shows that the Government cannot buy the 4s and 4½s at the present market rate without loss as compared with a call of 3½s. The Secretary is still engaged in considering the question.

Internal revenue receipts to-day, $389,112; customs $527,855.

At the close of business to-day there had been $19,311,000 in bonds received at the Treasury for redemption under the 106th call.

The committee of the Confederate bondholders said that their programme is primarily by secret and persevering appeals, first to the public and then to the Congress of the United States, to bring about an opinion that the time has come when the restriction imposed by the Fourteenth Amendment of the Constitution should be removed so far as it prohibits the Southern States from effecting a just and equitable settlement of their debts legally contracted. The committee repudiate the idea of embarking in litigation to recover Confederate property in Europe.

The Stock Exchange has received applications from the Mutual Union, Baltimore and Ohio, and Bankers' and Merchants' Telegraph Companies for offices in the "long room" of the Exchange. As it has always been the policy of the Exchange to rent space to any responsible telegraph company offering desirable facilities, it is probable that all of these applications will be granted. The Exchange makes no discrimination in renting space to telegraph companies, but charges each the same rental.

The agreement between the Gould Southwestern Railroad and the Southern Pacific and other roads, known as Huntington roads, providing for a settlement of disputes, interchange of traffic, and limits of constructions, was signed to-day by Jay Gould and C.
