IMPORTANT RAILROAD PURCHASE.

The Atchison and Topeka Securing an Independent Line to the Pacific.

BOSTON, March 10.—The *Transcript* this afternoon says: "After two days of negotiation, the Atchison, Topeka and Santa Fé Railroad Company has purchased the Sonora Railroad and secured an independent line to the Pacific. The Sonora Company was organized by Thomas Dickerson more than three years ago to build a line of road from Guaymas, on the Gulf of California, through the Mexican State of Sonora to the American border, there to meet the Atchison system. The line finally determined upon, and now within a few months of its completion, went almost due north through Hermosilla, toward Tucson, and was to meet the Atchison at Calabasas, 270 miles from Guaymas. The company has a Government subsidy of $12,270 per mile, or $3,042,960 in Mexican silver—equal to $2,608,280 in American gold. Of this subsidy $610,000 in Mexican silver has been paid to date. The road stands capitalized at $20,000 per mile of 7 per cent. bonds, of which only $15,000 per mile are issued or contracted for, and $20,000 per mile of stock leased, or to be issued, a total of $5,000,000 in stock and $5,050,000 in bonds. The contract of sale to the Atchison Company provides that the Atchison shall guarantee the interest upon the first mortgage 7 per cent. bonds, and issue one share of Atchison stock for two shares of Sonora stock. This gives the Atchison road a valuable property for a guarantee upon the bonds, provided the subsidy is fully paid; for the subsidy paid and to be paid amounts to $2,608,280 in gold, while the Atchison road gives but $2,700,000 in stock at par for the Sonora stock. This is one of the most important movements ever made by the Atchison Company. It gives the Atchison system an independent Pacific coast outlet, and completes the longest continuous line of railway in the world."

Suddenly Anxious to Join a Corporation.

Next Tuesday the trouble that is now seriously disturbing the Mechanics' and Traders' Exchange will be settled in one way or another by a vote upon the proposed new by-laws that are the subject of dispute. The corporation is the exchange of the mechanics and supply merchants of the building trade. It has 120 voting members, and 225 subscribers who, under the present rules, could become members upon the payment of an initiation fee of $25. They have all the other privileges of members except the right to vote. Early in January it was proposed to amend the by-laws in such a way as to give the officers the right to issue certificates of membership which shall be negotiable, as the certificates of other exchanges are, also to raise the initiation fee and to do away with the subscribing members. Soon this became known, not only the threatened subscribers, but 100 other persons, mainly unknown to the Exchange, posted their names as applicants for membership. Advised to gain a place on the rolls under the present arrangement, which is $75 cheaper than the new by-laws would render it, as the certificate of a member is now worth $780 upon a division of the capital of the Exchange, these applicants evinced a business instinct in applying when they did. The names of all applicants are submitted to the Board of Managers, and a two-thirds vote of the Board is required for acceptance. The managers have had the long list of names under consideration, and have thus far failed to agree upon any of them. Many of the subscribers and outside applicants are angered at this inability of the managers to act, and they openly threaten to found a new Exchange. On Tuesday the new by-laws will be voted upon.

Sentenced for Ten Years.

John Thornton was sentenced yesterday in Jersey City for having passed a forged check for $30 on a Hoboken saloon keeper in ten years in State prison, during the excitement attending the execution of Martin Kinkowski he attempted to escape in disguise. A other prisoner named Seyforth, to whom he had disclosed his plan, informed on him. A few days after said Seyforth by the threat in the corridor and tried to choke him to death. For this Thornton was put in a dark cell for three days.

Seyforth, whose evidence secured Thornton's conviction, and who had been sentenced previously to Thornton's trial, three years in State prison for stealing from his employer, was recalled by the Court, who said that in consideration of his services he would reduce the sentence to nine months.

The Rental of Space in a Burial Vault.

Joseph Bissicks, in the Marine Court, yesterday, sued Elizabeth Fayolle, at present in Germany, under the following circumstances: The plaintiff alleges that in January, 1878, he agreed to let the body of the defendant's husband be placed in the plaintiff's vault in Greenwood Cemetery, in consideration of $200. He should remove the corpse within three months after her arrival in Antwerp, whither she was going, she was to pay only $100. She paid $100, and Bissicks permitted the body to be deposited in his vault, where it still is. He now claims $100 more, with interest.

The defense was that Bissicks absolutely agreed to receive the body in his vault for the consideration of $100. Judge McAdam reserved decision.

Bookmaking Adjudged to be Gambling.

Jeremiah Haley went with Alfred H. Cridge, the bookmaker, to New Orleans, Louisville, Baltimore, Saratoga, and other cities, under an arrangement by which he was to receive $5 per day for travelling and other expenses, and at the end of the racing season he was to receive $500 for his services. Haley studied Cridge's betting on Saturday yesterday to recover this sum.

Upon the trial it appeared that Haley's duty was to get information in regard to the condition of horses entered for races, for the use of Cridge in making his bets. Judge McAdam held that bookmaking was only another name for gambling, and that all contracts made to further bets or wagers were illegal and void, and thereupon dismissed the complaint.

More Land for the Bridge.

The Brooklyn members of the Board of Trustees of the East River Bridge met yesterday with closed doors, in the bridge office, to discuss a plan of taking lands at the bridge terminus, Sands street. The project of widening Washington and Sands streets near the bridge, by taking 10 feet along Sands street, from Washington to Pillion, and 100 feet along Washington street, from Sands to Pillion street, were discussed. One proposition considered was to remove the stores fronting on Pillion street from the corner of Prospect street and extending to Sands street. The cleaning away of these buildings would give a view of the size of the bridge that is now building.

To Elevate the Laborer's Condition.

The certificate of incorporation of the Brooklyn Labor Lyceum Association, the object of which is the elevation of the laboring classes through intellectual culture, the promotion of social intercourse, and the establishment of an evening and Sunday school and a lecture room, was filed with the Kings County Court yesterday. Its officers are: President, Francis Gerau; Vice-President, Peter Schneider; Secretary, Christian Paldwey, and Treasurer, Hermann Oettenbach.

Troubles of a Base Ball Club.

W. H. Hribert, President of the Base Ball League and also the Chicago Base Ball Association, is ill at his home in Chicago, with little or no hope of his recovery. Close on the heels of this trouble the Chicago club has met with a new one, in the shape of a notice from the Mayor of the city to vacate the grounds which are occupied by them, and which they have held for the past four years.

Sparring and Wrestling.

The annual contests to decide the amateur championships at sparring and wrestling will be held, under the auspices of the New York Athletic Club, at Lenox Lyceum this evening. Some of the best known men in the country are entered. There will be four weights in sparring and two in wrestling. Mr. A. V. Dederick will act as referee, and Mr. Hermann Lohr as judge.

A.—IT'S WONDERFUL HOW WE DO IT, BUT WE DO!

We are clothing the multitude at the rate of

EIGHTY THOUSAND SUITS PER ANNUM!

Why is this thus? Because we make a $45 suit to order, any style and of any known material, for $12. You can wear the suit a month, and then for $2 we will exchange it for another $45 suit to order. When you have had twelve suits in this way, if you wish to return the last suit, we will pay you $10 for it. Thus you get twelve $45 suits a year for $24, or, coming down to hard pan,

A $45 SUIT TO ORDER EVERY MONTH FOR 48c. A WEEK!

Those who from lack of time cannot have their measure taken will find a magnificent stock of ready-made clothing, the latest styles, the finest materials, and the very best make.

We offer a $24 suit for $12, a $20 suit for $10, a $17 suit for $8, a $12 suit for $6, and a $10 suit for $5.

When they come to think of the countless deaths among children caused by lack of sufficient clothing, mothers will be delighted to know that we have a stock large enough to clothe every child within a radius of ten miles. We will sell a $10 boys' suit for $5, an $8 suit for $4, a $6 suit for $3, or a $4 suit for $1.75.

If any there be too poor to avail themselves of either of the above offers, let them know that we have a large stock of most elegant second-hand clothing, which we offer at less than one-fourth of its worth. It is so excellent that we will wager any one that if we place a new suit alongside of one of these suits, he could not tell the difference. A $30 suit is sold at $7, a $25 suit at $5, and a $17 suit at $4.
