There is not much political activity in the country at present, but all that there is indicates certain republican success in every state where an election is to be held in November.

ABOUT \$2,000,000 gold is on the way to the United States, and the movement will increase as the season advances. This will help to restore confidence and brace up the banks and the markets.

BOIES declines the nomination for either governor or senator this year, on the ground that he desires to retire to private life. His acceptance of a nomination, however, would not prevent his retirement, as he couldn't be elected to either office.

COLORADO has furnished more bank failures this year, fifteen, than any other state, but as the bank examiners in that quarter have reported that most of these wrecked banks are likely to soon restate, the situation even in that state is not as bad as is popularly supposed.

THERE is considerable difference between a bank failure and a bank suspension. The suspended banks will nearly all resume operations at an early day, and many of them have already done so. Their embarrassment is only temporary, and has been due to runs which were altogether causeless.

THE workmen were told last summer and fall that the inevitable result of the success of the democratic party would be a reduction of wages. They laughed at the prediction, and declared their unions would keep their compensation up to the old standard. How is it now? In force, but the apprehension of its repeal has alarmed manufacturers in nearly every branch of business, and the gloomy prospects in that the workmen will have to accept the alternative of lower wages or absolute idleness.—N. Y. Record, July 20.

SILVER is one of our products, but by no means the most important. Appraising the silver mined in the United States in 1892 at ninety cents an ounce, the value of the product was less than one-eleventh of the value of the corn crop (\$600,000,000); and coal, cotton, wheat, eggs and pig iron all outranked silver very considerably. There are thousands of iron miners that are out of work to-day because the price of iron is so low that the mines can not be worked. Why may they not as justly ask congress for aid as the fewer silver mines?—Toledo Blade.

In Senator Manderson's opinion the first thing for congress to do is to pass a joint resolution that the government will keep every paper dollar on a parity with gold, which itself would go along ways to restore confidence so far as the money situation is concerned. Speaking of standards, Senator Manderson says he is not in favor of a double "standard," but of a double "basis," and declares his belief in free coinage of silver with a change of the ratio. And, lastly, he does not think that the Sherman purchasing act has had much to do with the present condition of affairs.

AUDITOR MOORE has visited Chicago and made a personal inspection of the situation at the Nebraska building. As a result he finds that his conclusions of extravagance were correct, and in support thereof gives a list of employees (most of them useless) employed at large salary expense, that are eating up the appropriation at the expense of the exhibit which never came. These salaries amount to nearly twenty-five hundred dollars a month which any person knows is twice too much, and these figures do not include the salary of the commissioners general. The only conclusion is that Garneau is incompetent, a spendthrift, and a rogue to boot.—Kearney Hub.

THE latest suggestion of relief to the silver owners by recalling the paper money of last year's denomination at \$5 in order to enlarge the circulation of silver coins will hardly be received with approval in many quarters. While it is true that the government paper issues in England, France and Germany seldom appear in denominations that small, yet many people view our employment of small bills as a gross improvement over the European system. The principle of Gresham's law that every one will endeavor to part with the poorest metal in his possession first was never better illustrated than in the present relative distribution of small bills and silver coin. It is always the weaker party to a transaction who has the less desirable money thrust upon him. So in the case of small bills, it is conducted almost entirely with small bills and whenever a silver dollar is obtained it hurriedly passed on to the next person demanding change. By a process of this kind the bulk of the country's silver coin has been shoved along until it is massed in the west, where all our paper money is necessarily made in excess. Because in the west are compelled to employ silver coin exclusively affords no reason for forcing the same situation upon others in the east. It would be far better to supply small bills to the whole country than to withdraw those that are now so eagerly sought.—Boe.

NICHOLS' SUGGESTS.
TUESDAY, AUGUST 1ST.
Grain stacks are looming up all over the country.
The gentle hum of the threshing machine is heard in the land.
The wheat and oat harvest will be completed this week.
The people of Nichols and vicinity will indulge in a harvest picnic in the near future. Watch out for date.
Miss Jennie Weir will teach the "young ideas how to shoot" in district No. 11 the coming year.
Friends from down the line Sunday with N. B. Spurrier's people.
The rain Tuesday forenoon and also those of Thursday and Saturday nights last week were much needed.
The few cool days last week were greatly appreciated by both man and beast.
Miss Lwator who "wielded the rod" in the Stoddard school the past year, will, we understand, perform the same feat the coming year in said school.
The Nowell hay shed just south of the south river was blown down by the high wind Thursday night just previous to the rain. It was a large structure.
We have been informed by good authority that David Hunter residing west of Hershey, has the finest piece of "paddy's pets" in the valley between North Platte and Sutherland.

Mrs. Carrie Struthers and children, of North Platte, spent Sunday and Monday with her parents. Andy came up Monday evening and they all returned home Tuesday.
All those who attended the social "thop" at J. B. Tillion's new granary Thursday night report a pleasant time.
Theodore Winter has purchased a new threshing machine and is at work with it already.
Frank Zook is up from the canyons making hay when the sun shines.
The dam to the irrigation ditch has been repaired and plenty of water flows down the canal at this writing.
Henry Brown came down from the ranch Monday of last week and returned Saturday accompanied by his brother T. C. where they will remain through haying which will take them about a month.
Mr. and Mrs. George E. Sullivan's youngest child, a little boy about 14 months of age is critically ill with lung trouble. Dr. McCabe is in attendance.

It is reported that the change in the time for holding the Hershey Sabbath school from afternoon to forenoon was to accommodate some of the base ball players.
Frank Carpenter is now tapping the keys at Hershey station again after a short sojourn as agent at Sutherland.
Miss Madane Layton, of Keith county, is stopping with her sister, Mrs. Kate Sullivan.
Oscar Kullivan will soon erect a new house in place of the one which was consumed in the prairie fire of April 7th last.

Considerable haying will be done this week, mostly by contractors, as others are busy harvesting their wheat and oats and stacking the same.
George Gibbons is now residing in the house recently vacated by J. B. McKee and family. George and family will remain there until next spring if all is well.
Mrs. Hancock, sister of Frank Thompson the ditch boss, will teach the pupils in the Sisson school "what is what" the coming season.
Spring wheat and oats are first class in quality but not as thick on the ground as we have seen them. James McKee having disposed of his horses, wagons, buggies, harness, etc., will not take an emigrant car but will take a passenger train some time this week and go a flying to his old home in Ohio.

Alex. Lewis was up from Willard again this week on business.
A couple of Hershey chaps indulged in a genuine knock down a few days since. One of them was arraigned before Esquire Zook of this place upon a charge of disturbing the peace. He was on hand for trial but had it put off a few days because a couple of his witnesses were not on hand. Then he swore out a warrant for the other pugilist for assault and battery and sent an officer after him, but after they got together after the last warrant had been served they began to see the error of their ways and repented and a compromise was then and there perfected. This place has always done what it could to have peace and harmony reign in its sister hamlet.

SOMERSET SNAP SHOTS.
MONDAY, JULY 31ST.
Two nice little showers the past week and crops on the sandy land about holding their own.
Will Hazen and R. L. Kidder were at home over Sunday.
Alex. Groon was a North Platte visitor Monday night.
O. C. Mullikin and Dr. Owens went to North Platte Saturday.
Mrs. J. H. Knowles, has been sick for some days, and at this writing is reported quite serious.
Bern to Mr. and Mrs. E. C. Fletcher Sunday, July 30, an eight pound girl.

South of here the crops are reported to be seriously injured by the continued dry weather.
R. L. Bendall expects to leave here Monday and to sail from New York Saturday for his old home in England. The best wishes of many friends go with him.
Mr. Snale is having a well bored and Wm. Griffith has had one bored the past week.

MILLER MATTERS.
FRIDAY, JULY 28TH.
Mrs. Will Cave and children, of Missoula, Montana, who have been spending their summer vacation at Mrs. C's home in O'Neil, Neb., were the guests of Mr. and Mrs. J. Neary and family a few days last week prior to returning to Montana.
Mrs. Cave was formerly Mrs. Bee Gorman of North Platte, and led Mrs. Wallebaugh and little daughter Mabel, of Wallace, who have been staying with J. Koutz, brother of Mrs. W. V. Koutz, for two months, left for home last Sunday.
Miss Lizzie Facka met with what might prove a serious accident last Sunday while horseback riding. In order to arrive home quickly she left the public road and cut through the pasture. After a while, she saw not how long, she became aware of the fact that she had been lying unconscious on the ground. She had either been overcome with the heat or her horse stumbled. Her many friends will be glad to learn that she escaped with but few bruises. Moral—The longest way round is the shortest way home.
Mrs. J. Neary, and daughter attended the ice cream social recently given by the Catholic ladies of North Platte, and after having a good time in town proceeded home. On the way out, however, they had a breakdown and was taken to call on Will Michael to repair the broken buggy spring which that accommodating young man succeeded in doing. Some one has suggested that the ice cream made have been pretty strong; in fact must have had a "stick" in it, but Mrs. Neary's well known temperance proclivities protects her from insinuation.
A meeting in the interest of irrigation was held Sunday afternoon at the school house, at which some very interesting talk was indulged in, but we fear that it will all end in words and only words. Messrs. Beer, Neary, Facka, Vaughan and Baum and others were present and took part.
A fine rain fell here Tuesday morning, which made all the farmers feel happy, as crops needed rain very badly.
W. S. Vaughan began threshing last Monday.
Mrs. A. McMichael and daughter Jennie, of North Platte, were visitors in these parts last Saturday and Sunday.
Chicken hunters are coming out pretty thick, and as it is yet too early to hunt without fracturing the law, we would say that some very serious threats of prosecuting the offenders are being made, and this would prove very unpleasant for some folks we know.

AUGUST 1ST.
This part of the world got a very small share of the dynamic rain last week. Corn is commencing to suffer badly.
Mr. and Mrs. C. Combs and family, of Pawnee City, who have been visiting their parents Mr. and Mrs. W. Combs of this place went to Cody to visit friends and relatives there.
G. M. Wilson has now got his threshing machine in running order and started to work in earnest.
Mrs. Rhea and family of the Platte visited with Mrs. L. P. Derby last week.
Lena Crabtree made a trip home the first of the week.
Mrs. D. Brunk returned from Edgelyville Tuesday last, where she had been taking care of her little granddaughter who had been seriously sick but is now getting along nicely.
Cora Combs came home Friday and returned to Gandy Saturday.
Mr. Crabtree had quite a number of young chickens that were incubated last week without the aid of the mother hen. C. H.

KILLED BY LIGHTNING.
The residence of Jay Strobridge, on the Fort McPherson Reservation, was struck by lightning during the rain and thunder storm which overtook in that section Tuesday morning, and his nine year old daughter instantly killed, and two other children quite severely injured. There were several other persons in the house at the time of the accident and it is fortunate that more of the number was not killed outright. The three children were playing on the floor; one, a boy, had his hair badly burned by the electric fluid and a little girl was quite severely shocked, while the girl killed seemed to have been struck squarely in the mouth.—Gothensburg Star.

Judge Long, of Michigan, was badly shot to pieces during the war of the rebellion and has been receiving \$72 per month. General Black, of Chicago, another brave officer, was badly smashed and been receiving \$100 per month. Both were deserving men and both entitled to their pensions. But Hoke Smith found that Judge Long was a republican and he stopped his pension at once. General Black as yet has received no notice. Will his politics save him?—Inter Ocean.

The success of Mrs. Annie M. Beam, of McKeesport, Pennsylvania, in the treatment of diarrhea in her children will undoubtedly be of interest to many mothers. She says: "I spent several weeks in Johnston, Pa., after the great flood, on account of my husband being employed there. We had several children with us, two of whom took the diarrhea very badly. I got some Chamberlain's Colic, Cholera and Diarrhoea Remedy from Rev. Mr. Chapman. It cured both of them. I knew of several other cases where it was equally successful. I think it cannot be exceeded and cheerfully recommend it." 25 and 50 cent bottles for sale by A. F. Streitz, Druggist.

The farmers up in the Elkhorn Valley, who have heretofore transacted business in shipping out hay, are protesting loudly against the change the Newberry bill makes in the rates on hay. The great measure deprives them of the commodity rate of \$14 a car, and raises it to \$35, which practically shuts them out of business.
For a lame back or for a pain in the side or chest, try saturating a piece of flannel with Chamberlain's Pain Balm and binding it onto the affected part. This treatment will cure any ordinary case in one or two days. Pain Balm also cures rheumatism, 50 cent bottles. For sale by A. F. Streitz, Druggist.

Mr. H. J. Mayers, of Oakland, Md., says: "I have sold thirteen bottles of Chamberlain's Cough Remedy to-day and an literally sold out. This is the largest sale on record of any one preparation in a day over our counters. It gives the best satisfaction of any cough medicine we handle, and as a seller it leads all other preparations on this market." For sale by A. F. Streitz, Druggist.

The best citizen in a time like this is the man who laughs the burglars to scorn by leaving his money in the bank.
Captain Sweeney, U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the best medicine I have ever used. It would do me any good." Price 50 cents. Sold by North Platte Pharmacy.

It is a significant fact that the leaders of the democratic party are all marching with the baggage train this year.
Teach your children how to save. Just think one penny a week for a year will buy a large bottle of Hall's Sure Cure Cough Syrup and cure coughs for the whole family. For sale by F. H. Longley, Druggist.
New method to learn German. Take Shiloh's Little Green Pills. For sale by F. H. Longley, Druggist.
Branding and nose-slitting were favorite political punishments in England 200 years ago.
Shiloh's Cure, the Great Cough and Croup Cure, is for sale by us. Pocket size contains twenty-five doses, only 50c. Children love it. North Platte Pharmacy.

John Keith shipped four cars of cattle to Omaha the first of the week.
Frank Carpenter was returned to his old position as agent at the depot and Hershey is minus a night operator from this on. Glad to see him back.
E. C. Brown departed for his home in Iowa Sunday morning.
Geo. Bookwater was a county seat visitor on Friday.
Mrs. Chas. Richards has been on the sick list the past week but is now on the mend.
C. A. Holtry has turned artist and treated his office building to a coat of paint. It seems that we are not all suffering from the hard times.
Mrs. Carpenter has departed for the eastern part of the state to spend a few weeks with her parents at St. Paul.
C. F. Iddings made a brief visit here on Wednesday night.
The dynamite explosions on Wednesday were heard in all directions and though not followed at once by showers yet enough moisture has fallen within the past few days to make it look as though the experiment had proved successful.
Prairie schooners are plentiful this week and most of them seem to be going eastward. Side door Pullman tourists and others having a tie pass are also numerous. Most of them are from the silver regions of Colorado and are going east in search of work.
Miss Jennie Chuswell, of North Platte, was a passenger on the train Saturday evening.
Sheriff Baker was here on business the last of the week.
G. W. Applegate lost a cow by lightning in the storm Saturday night. Loss covered by insurance.
Henry Abshire has been looking after his interests at the Keystone ranch in Keith county this past week.
Some fine raspberries from the Hunter ranch north of town made an enjoyable dessert on some suppers in town this week.
Eli Etchison and some of his neighbors shipped a car load of hogs to Omaha the last of the week.
Bluford Chamblis is building a granary on the Moon farm southwest of town.
Miss Eva Yates is spending a few days with Mrs. Hutton while Fred is at North Platte.
The heavy shower Saturday evening makes the corn walk out of the ground at a rapid rate and smiles once more haunt the "independent farmer."

To-day the voters of the Conway District have their meeting to locate the new school house and let the contract for building same.

ABSOLUTELY PURE
Highest of all in Leavening Power.—Latest U. S. Gov't Report.

This little paragraph from the York times has the ring of true republicanism in it: If the republican party wants Judge Maxwell it will nominate and elect him. If it wants somebody else it will do the same by him. The populists need not lose any sleep over it.

Bullard's Snow Liniment.
This wonderful Liniment is known from the Atlantic to the Pacific, and from the Lakes to the Gulf. It is the most penetrating Liniment in the world. It will cure Rheumatism, Neuritis, Cuts, Sprains, Bruises, Wounds, Old Sores, Burns, Scalds, Sore Throat, Sore Chest, and all Inflammation, after all others have failed. It will cure Barbed Wire Cuts, and heal all wounds where proud flesh has set in. It is equally efficient for animals. Try it and you will not be without it. Price 50 cents. Sold by A. F. Streitz.

President Cleveland after all is wise. In no condition in this life can a man do more solid and correct thinking while angling in quiet waters far away from the noise and bustle of life. The grave responsibilities resting upon the chief magistrate in the present emergency can not be doubted, and every loyal man, regardless of party, should stand shoulder to shoulder and aid as best he can to bring order out of chaos.—Inter Ocean.

Clinton, Missouri.
Mr. A. L. Armstrong, an old druggist, and a prominent citizen of this enterprising town, says: "I sell some forty different kinds of cough medicines, but have never in my experience sold so much of any one article as I have of Bullard's Horsehold Syrup. All who use it say it is the most perfect remedy for Cough, Croup, Consumption and all diseases of the Throat and Lungs, they have ever tried." It is a specific for Croup and Whooping Cough. It will relieve a cough in one minute. Contains no opiates. Sold by A. F. Streitz.

All talk about Gresham as a candidate for president is irrelevant and unprofitable. He threw away his last chance in that respect when he supported Cleveland because of a personal grudge against Harrison.—Globe-Democrat.

Bullard's Snow Liniment.
Mr. Hamilton Cambridge, Ill., says: "I had the rheumatism so bad I could not raise my hand to my head. Bullard's Snow Liniment cured me entirely. I take pleasure in informing my neighbors and friends that I have done for me. Chas. Handley, clerk for Lay and Lyman, Keosauqua, Ill., advises us Snow Liniment cured him of Rheumatism. Why not try it? It will surely do you good. It cures all Inflammation, Wounds, Cuts, Sprains, etc. For sale by A. F. Streitz.
