## QUARREL BETWEEN PRESIDENTS.

### Barrios and Soto Have Very Bad Opinions of Each Other.

PANAMA, Aug. 25.—President Barrios of Guatemala and President Soto of Honduras have fallen out, and their dispute will tend to promote discord in Central America. Señor Soto wrote a long letter to Señor Barrios from San Francisco, in which he told the latter that he sought to create anarchy in Honduras and to bring about a change of Government. He claims that personal interest did not lead him to accept office, and that during six years he has struggled to maintain order and peace with the adjoining countries, and to govern Honduras with justice. He declares that bloodshed is not necessary to turn him out of office, and that he will resign rather than be the cause of creating that anarchy and disorder which will follow if the country is exposed to the machinations of Señor Barrios.

The latter answered by saying that he knew Señor Soto was about to seek a pretext to abandon Honduras. Many citizens had told him that there was much discontent in Honduras and a profound hatred of Señor Soto; that he had appropriated all the riches of the country, absorbing everything and exhausting the country. Having carried off everything he could carry off, and having nothing further to expect and much to fear in Honduras, he was preparing to go abroad and enjoy his fortune, with a determination never to return. "I have to lament," continued Señor Barrios, "the error into which I fell in believing that in you, who were nothing until I literally drew you from obscurity and misery, and did not leave you until I made you President, existed the sentiments of patriotism which I endeavored to instil." Señor Barrios then warned him not to make the Guatemalan Government a pretext for not returning to Honduras.

Señor Barrios has recently visited the United States, and Señor Soto is now being feted there.

### Cursing a Cemetery.

SANTIAGO, Aug. 20.—In consequence of the passage of the Cemetery bill, providing for interments in cemeteries regardless of questions of creed, there is quite a panic among the religious fanatics in Santiago. A considerable number of bodies have been disinterred and reburied in churches and chapels. The Minister of the Interior has prohibited any further disinterments until precautions have been adopted for the protection of the living. The ecclesiastical authorities promise to curse the general cemetery as soon as the new law is promulgated, hence the anxiety of the relatives of the dead to remove their remains to other places.

### Ohio Coal Miners on a Strike.

CLEVELAND, Sept. 3.—Seventeen of the twenty coal mines in the Massillon district are idle to-day. Two are paying the advance of ten cents per ton demanded by the miners, and one has not been heard from. The operators here are firm in their determination not to grant an increase, asserting that the condition of the market will not permit it.
