DISASTROUS CANNON FIRING.

One Man Killed, Two Blinded, and Four Others Seriously Injured.

WAVERLY, N. Y., Nov. 22.—On Thursday evening a party of young men assembled at Halsey Valley, Tioga county, to celebrate the marriage of an acquaintance by firing a cannon. While loading it to fire the fifth round the cannon was prematurely discharged. The charge struck Elsworth Kirk in the head, killing him. George Hess's eyes were blown out. Sumner Rosebrook was also blinded. Part of the right hand was blown off, and he was otherwise badly injured. Frederick Kirk, a brother of the young man who was killed, was so badly hurt that if he recovers he will be crippled for life. Henry Elvin was thrown twenty feet by the concussion, bursting the drum of his left ear and destroying his hearing. Elijah Barton was badly burned about the face. Fred Hess, a brother of the young man who had his eyes blown out, and Albert Winters were rendered unconscious by the discharge and were badly burned about the head and shoulders. It is feared that one or two of the injured will die.

SATURDAY, Nov. 22.

Dulness has been the feature of to-day's market. There has been no news to affect prices, and, judging from the quotations, no radical change in the programme of the operators who seem to have the power of effecting a temporary movement in the market. The half dozen stocks that constitute the market were fairly well held, considering that the amount of legitimate business must have been very small. The net results of the day were an advance of ¼ in Northwestern, the strongest stock, and a decline of ¼ in the Vanderbilts, which were the weakest. The rest of the list closed practically and in many cases absolutely unchanged.

Closing prices compare with those of yesterday as follows:

	Nov. 21.	Nov. 22.		Nov. 21.	Nov. 22.
Cent. Pac.	35¼	34¾	N. Y. Central	97¾	97⅞
C., B. & Q.	121	121¼	N. J. Cent.	42	42¼

Government bonds quiet but firm. The 4s and the coupon 4½s closed ¼ higher bid, and the 3s ¼ lower. Railroad bonds dull and fairly steady. The market developed no new feature.

Money on call nominally 1 ⅞ cent.

Sterling exchange dull and steady, with posted rates at $4.83 and $4.86 for long and short bills respectively.

The imports for the week were: Dry goods, $1,559,827, and merchandise, $5,311,938—a total of $6,871,765.

Bids for bank stocks are: America, 152; American Exchange, 117½; Broadway, 235; Butchers' and Drovers', 130; Chatham, 140; Chemical, 2,000; City, 260; Commerce, 141; Continental, 110; Corn Exchange, 150; Eleventh Ward, 90; Fourth National, 115; Fifth Avenue, 400; Garfield, 160; Hanover, 172; Importers and Traders', 255; Irving, 138; Leather Manufacturers', 150; Manhattan, 140; Market, 138; Mechanics', 130; Mechanics' and Traders', 56; Mercantile, 100; Merchants, 126; Metropolitan, 160; Nassau, 120; New York, 300; New York National Exchange, 100; New York County, 150; North River, 100; Oriental, 140; Park, 142; Phenix, 100; Seventh Ward, 90; Shoe and Leather, 120; St. Nicholas, 100; State of New York, 102; Tradesmen's, 97; Union, 150.

The measures for the renewal of national bank charters about to expire have not yet, in the case of any of the banks in this city, been completed. The consent of holders of two-thirds of the stock must first be obtained and then the Comptroller of the Currency must be satisfied by examination, or otherwise, that the bank is sound. Some banks could undoubtedly pass the ordeal, but others again have serious reason to fear it.

Gas stocks are very dull, dealers holding off for the issue of the new Consolidated stock, which will be made about Jan. 1. It is now offered at 85, deliverable when issued. Quotations for the old stocks are: New York, 155 to 158; Manhattan, 265 to 270; Metropolitan, 230 to 235; Mutual, 120 to 122; Municipal, 265 to 310; Harlem, 115 to 120; Equitable, 91 to 92; Brooklyn, 125 to 129. The value of the old stocks embraced in the consolidation is rendered uncertain by the uncertainty of the cash surplus to be divided in each case. It is tolerably well settled that the New York stockholders will get in stock at par, 190; Manhattan, 300; Municipal, 220, and Harlem, 142. The new company is making contracts with large consumers for five years at $1.50 ▼ 1,000 cubic feet.

The bank statement shows the result of the imports of specie and of the absence of a country demand for currency.

A year ago the banks held only $55,926,500 in specie and $26,502,100 in legal tenders, making a total reserve of $82,428,500. The receipts of specie from Europe to-day were $1,150,000, making the receipts since Aug. 1 $9,660,000.

Receipts of internal revenue to-day, $396,562; customs, $564,319; national bank notes for redemption, $486,000, making $3,018,000 for the week. National bank currency outstanding, $352,083,358, against $362,350,492 Nov. 15, 1882.

The gold balance in the Treasury continues to increase and that of silver to diminish.

The quantity of anthracite coal sent to market for the week ending Nov. 15 was 846,351 tons, against 701,437 tons for the same week of last year. The quantity for the year so far is 26,023,172 tons, against 28,156,516 tons for the corresponding period last year.

It is estimated that the net earnings of the Chicago and Northwestern Railway for the six months ending Nov. 30 will suffice to pay the usual dividends on the preferred and common stock and leave a surplus of $500,000. It must be remembered, however, that for the corresponding six months of 1883 the gross earnings were $14,500,000, against $10,500,000 during the next six months, and that for these six months the road showed a deficiency. It is not impossible, therefore, that the dividends for 1885 may have to be reduced, especially in view of the falling off in earnings and the increase of fixed charges due to recent issues of bonds.

The receivers of the Philadelphia and Reading Railroad Company have arranged with Drexel & Co. for the purchase of the coupon and registered interest of 6 and 7 ▼ cent. consolidated mortgage bonds due Dec. 1. In June last the interest on these bonds was bought by the same firm, and the coupons were redeemed by the receivers within a month and cancelled. The present advances, are, it is said, to be provided for in like manner within the next few months.
