SHOT DEAD BY HIS WIFE.

The Second Murder of the Present Year in Little Italy.

The big tenement houses near First avenue and 118th street are occupied mostly by Italians, and the neighborhood is known as Little Italy. It averages two murders a year. The second murder within the present year was committed there yesterday morning.

Chiard Siso Cignarale and her husband, Antonio, were married nine years ago. They lived in Chrystie street until last February, when the woman deserted her husband and went to live with Antonio Dante, at 2,432 First avenue. Cignarale seemed not to worry over his wife's unfaithfulness and treated Dante cordially when they met. A few minutes after Dante started off to his work yesterday morning Cignarale forced his way into the rooms and found his wife still in bed. He abused her, she says, and threatened to kill her if he ever saw her again. When he was gone Mrs. Cignarale dressed in haste, took a five-chambered 32-calibre revolver, and started after him. She overtook him in First avenue, between 110th and 111th streets, and fired two shots at him. One of the bullets entered Cignarale's body just below the left shoulder blade. He ran a few steps and then fell dead. Mrs. Cignarale concealed the weapon beneath her apron and walked rapidly through 112th street toward Second avenue. Several persons who saw the shooting followed her. They called Policeman Hickey, who was on a passing car, and he arrested the woman and took her to the 126th street police station. The body of her husband was also taken there.

The woman was arraigned before Justice Welde in the Harlem Police Court. She confessed killing her husband, but said she killed him because she was afraid of him. She was committed without bail. She is 26 years of age.

ENFORCED IMMORALITY.

Alleged Proofs to be Put in the Hands of District Attorney Ridgway.

The committee appointed by the Central Labor Unions of this city and Brooklyn to investigate the charges of immorality brought against certain persons in a Williamsburgh factory has been holding sessions in Temperance Hall, Kent avenue, and has examined more than fifty girls and twenty men and boys lately employed in the factory. Members of the committee say the reports of immorality have been substantiated by the testimony. The committee to-day will place the testimony taken in the hands of District Attorney Ridgway. The allegations are that prostitution has been enforced as a condition of retaining employment. The action of the committee is a sequel of a strike caused by the discharge of two girls on the ground that they came late to work in the morning.

KALDARAS'S APPEAL.

He Says his Party are Not Gypsies, but Workers who Want to Stay Here.

Giovanni Kaldaras, the principal man of the party of forty-two persons who arrived from Rotterdam recently on the steamship W. A. Scholten, sent a letter yesterday to the Commissioners of Emigration, in which he says:

"We do not come as paupers and we are not gypsies, as stated in the newspapers. We do but come with the object of attempting to make our living easier by farming or in workingmen's professions, such as copper and tin smiths, and we much prefer to work in mines, which we have worked for so long in Hungary and Italy, and of which ample testimonials of the Italian authorities. That we do not come as paupers can be proved by the fact that I and other members of my party have paid from some 1,100 francs after we have paid 1,000 francs for the whole voyage from Palermo, Sicily, to Philadelphia. We are subjects of Austria and Austrian citizens, Hungarian district Pesth, Hungary. We are of the Roman Catholic faith.

"Our companions are partly of Italian, partly of Hungarian origin, as any one will readily ascertain with the habits of the people of these countries. At the same time such a person can find out, and will declare, that we are not gypsies or people under suspicion for labor.

"I also submit the testimonial in original as well as in translation of authority to investigate the conditions of the province of Turin of the kingdom of Italy, by which consideration is given to the fact that we are neither vagabonds nor are we people who seek work, and through which a consulted passage through the centre of Italy has been granted to us. Finally, I will substitute for further testimonial my brother, and my uncle have lived in this country for several years.

"Judging from these facts, good reason, I hope you will be convinced, and that you will pass the division and grant me and my friends the permission to land and stay in this blessed country."

To the appeal is attached a letter from the Governor of Turin, granting a passport to Kaldaras to travel through Italy and pay his trade or tinker. The letter says that Kaldaras is a workman.

The Board declined to make the decision that the party must be sent back, and, if the courts do not interfere, they will be taken back on the Scholten, which sails on Saturday.

LAWYER WILLIS DISCHARGED.

The Justices Disagree About the Paternity of Miss Livingston's Second Child.

When Miss Mary Alice Almont Livingston left the Special Sessions Court on Monday her face was wreathed in smiles, and Mr. Quinlan, her counsel, seemed happy, too. The thought that the Court would agree with Miss Livingston, who charged that lawyer Henry P. Willis was the father of her second child. Since Monday Justice Murray has consulted with Justice Kilbreth for the law requires that a Justice who hears the testimony in cases of this kind shall consult with another Justice about the law, and that they shall give a joint decision. Yesterday Justice Murray decided in favor of Miss Livingston, while Justice Kilbreth decided against her. As they disagreed, Mr. Willis was discharged.

Miss Livingston and her mother, Mrs. Evelina Matilda Bliss, did not come to court until long after the decision had been rendered.

"You may be sure that I shall not let the matter rest here," she said as soon as she heard of it.

Miss Livingston can again prefer charges against Lawyer Willis, and they may be heard before two other Police Justices.

SHE WILL VOTE IF SHE CAN.

Mrs. Beckwith of Brooklyn Succeeds in Getting her Name Registered.

Mrs. Emma Beckwith, a pleasant-looking little lady of 319 Adams street, Brooklyn, went on Tuesday evening to the polling place in the 24th district of the Fourth ward, 37 Myrtle avenue, and offered her name for registration as a voter. The registers enrolled her name, and she seemingly returned thanks. Mrs. Geo. H. Tuttle of 1,101 Pacific street presented herself at the Third district polling place in the Twenty-fourth ward on the same evening, but the registers refused to enroll her name, claiming that her husband had done so for her. Mrs. Tuttle said that on the day before last year when she tried to register at the same place, Mrs. Beckwith called on the Board of Elections and in the presence of Commissioner Lyons yesterday, and gave notification that if any attempt was made to have her name stricken from the list she would bring the matter to the attention of the Grand Jury. Mrs. Beckwith, everybody concurred, the registers in her district for refusing her name a second time. Both women are to have another consultation with Mr. Jenks this morning. Mrs. Beckwith is the only woman in Brooklyn whose name has been registered.

Drunk When Arraigned for Clubbing.

Policeman Roderick M. Terris of the Old slip squad was arraigned before Commissioner Porter yesterday for clubbing Daniel B. Sullivan of 63 Montgomery street, in John street, on the afternoon of Sept. 27. As Terris is already under a criminal charge to the same effect, which is pending examination in the Tombs Police Court, he counsel asked to have the trial postponed until the criminal case was disposed of. The other lawyer agreed to this, while Terris stood in a right attitude, with his arms stare in his side and looking as if he was more occupied with keeping himself erect than in listening to the proceedings. When Commissioner Porter asked him why he hadn't appeared when his case was called an hour before, he said with great difficulty that he was detained. On hearing his speech, indistinct, tone the Commissioner declared the case adjourned indefinitely, and directed Roundsmen Smith and Lake to take Terris to a surgeon and have his condition as to sobriety determined. Dr. Batterley, who happened to be in the building, and inspector Steers examined Terris, and pronounced him unmistakably drunk. The inspector preferred charges against him accordingly, and, unless he resigns, he doubtless will be dismissed by the Commissioners before his trial for clubbing Sullivan is resumed.

They Want $7,000,000 Next Year for the Aqueduct Work.

At the weekly meeting of the Aqueduct Commissioners yesterday, the Finance Committee offered a resolution to reconsider the vote by which $5,000,000 was appropriated for expenses during the coming year, and moved that the amount be increased to $7,000,000. The resolution was adopted, and the appropriation was increased to $7,000,000.

Mr. Fish offered a resolution that the Corporation Counsel be requested to report to the Commission Whether it can sit in the office of Secretary of the Real Estate Committee without the sanction of the Board of Estimate and Apportionment; whether a resident of any other State can be appointed to such office, and whether the office is not subject to the civil service. The Chairman at first decided that this resolution was lost, but when the ayes and noes were called he was the only Commissioner who voted in the negative, and the resolution was adopted.

Contractor Baird's Bill May Be Paid.

The committee of engineers appointed as arbitrators as to the work of Contractor Baird on the new Fifth avenue pavement has finished the work of inspection, and will report to Commissioner Newton to-day or morrow. It is said unofficially that the report will be sufficiently favorable to the contractor to justify the payment of his bills, now pending in the Comptroller's office, and that the work will be resumed at once and pushed to completion. Meanwhile the residents on Fifth avenue have become much disgusted. After one Fuller, who is interested in a private pavement, had sued the Bureau for damages to his business by the delay.

Mrs. Oyles in Prison.

Carlotta De Oyles, the Spanish woman who, Jerome Meyenberg says, had told him that Dr. Bourquet had performed a criminal operation on her, was arrested yesterday, and was detained in the Jefferson Market prison till Dr. Bourquet, who is on bail to appear for trial, was in the hands of the Inspector. When Justice Field told her she could go home she said that the police men carried her on to the hospital ward in the prison.

"Bare floors, no carpets, no easy chairs," she screamed. "I can not stay here. I can't do it. It is perfectly horrid."

THE NEW QUININE.

Science curing disease.

KASKINE

WHAT THE PHYSICIANS SAY ABOUT IT IN

Rheumatism, MALARIA, DYSPEPSIA, NERVOUS DEBILITY, LIVER, LUNG, AND KIDNEY DISEASE.

The eminent and celebrated Dr. Glessner writes: THE KASKINE CO.—Dear Sirs: "The first greatest successes I had with Kaskine were in chills and fever, malaria, nervous debility, rheumatism, and liver diseases, and I considered at that time that it was undoubtedly the best medicine ever discovered, but I was even then unfamiliar with its really wonderful powers in curing all the other germ diseases and disorders, particularly where the blood had become diseased or impoverished and the digestion impaired. Strictly speaking, Kaskine is the only blood purifier we have. I use it also very largely with unfailing success in all diseases peculiar to women and children. In over three hundred cases I have cured there has never been the slightest bad effect following its use, and it is far superior to any tonic or nerve medicine ever known to the medical profession." Very truly yours,

L. M. GLESSNER, M. D., 360 East 121st st., New York.

Prof. W. F. Holcombe, M. D., 54 East 25th st., N. Y., writes: "Kaskine is superior to quinine in its specific power, and never produces the slightest injury to the hearing or constitution."

The U. S. Examining Surgeon, Dr. L. R. White, writes: "Kaskine is the best medicine made."

St. Francis Hospital, N. Y. } "Every patient treated with Kaskine has been discharged cured."

Bellevue Hospital, N. Y. "Universally successful."

St. Joseph's Hospital, N. Y. "Its use is considered indispensable. It acts perfectly."

Kaskine is pleasant to take and can be used without special medical counsel.

Send for the great book of testimonials unparalleled in the history of medicine. $1 a bottle. Sold by all druggists, or sent by mail on receipt of price.

WILLIAM C. WHITNEY,
Secretary of the Navy.

TO THE STEEL MANUFACTURERS OF THE UNITED STATES OF AMERICA.

UNITED STATES NAVY DEPARTMENT,
WASHINGTON, D. C., Aug. 21, 1886.

The attention of all steel manufacturers of the United States is hereby invited to the requirements of the Navy Department in the way of armor plates and heavy cast forgings, for the prosecution of work already authorized by Congress.

This advertisement invites all domestic manufacturers of steel to specify, in competition with each other, upon what terms they will engage to prepare for the production of and provide the forgings and armor plate required for modern ordnance and armored ships; and no bids will be considered except such as engage to produce within the United States either all the gun steel or all the armor plate (or both) specified in this advertisement, nor will any bid be accepted unless accompanied by evidence satisfactory to the department that the bidder is in possession of, or has made actual provision for, a plant adequate for its fulfilment.

Bids are hereby invited for supplying this department with the undermentioned material:

About 1,300 tons of steel gun forgings, of which about 326 tons will be for guns of 16 inches calibre, 70 tons for guns of eight inches calibre, and 912 tons for calibres between ten inches and twelve inches (both inclusive).

These forgings are to be delivered rough bored and turned, and when in that state the heaviest forging which enters into the construction of a gun of each of the desired calibres will be about as follows:

6-inch	3¼ tons
8-inch	5 tons
10-inch	9¾ tons
10½-inch	10¼ tons
12-inch	12½ tons

All these forgings must be delivered within the following times from the closing of a contract, viz.:

For 6-inch guns, within one year, and the remainder within 18 months.

For 8-inch guns, within 2 years.

For 10-inch and larger calibres, within 2½ years.

Preference will be given for earlier deliveries.

Also, about 4,500 tons of steel armor plates, to be of the best material and manufacture, finished accurately after patterns to fit the form of each vessel for which intended, and of such sizes as may be required, varying somewhat as follows:

20 feet by 8 feet by 12 inches thick.
17½ feet by 6 feet by 17 inches thick.
11½ feet by 4½ feet by 6 inches thick.

There will also be thinner plates.

For information concerning shapes and weights of the gun forgings and armor plates, what parts must be manufactured in situ, time of delivery of each set, the chemical, physical, and ballistic tests which the metal must sustain in each case, and for all other particulars, apply to the Chief of Bureau of Ordnance, Navy Department, Washington, D. C.

Each bid upon armor plate must specify the time within which the bidder will engage to make delivery, and preference will be given to earliest proposed deliveries.

Proposals must be in duplicate, sealed and addressed to the Secretary of the Navy, Navy Department, Washington, D. C., the envelope endorsed "Proposal for steel gun forgings and armor."

They will be received at the Navy Department until 12 o'clock M. on the 10th day of December, 1886, at which hour the bids will be opened in the same place.

The right is reserved to waive defects in the form of, and to reject any or all bids.

Ten per cent of the contract price will be retained from the payment for each action delivered until the contract, so far as relates to articles of that class, shall be fully completed.

Separate bids may be submitted for the gun steel and for the armor, if any manufacturer so desires; but bids covering both will receive preference, other things being equal.

Bids will be compared
