IN AND OUTDOOR SPORTS.

IT WAS A QUIET DAY FOR THE BASE BALL PLAYERS.

That Row Between the Atlantic and New England Associations—The Amateur Players Getting to Work—Notes.

Fred Stearns of the old Detroit Club is in the city. He came here quietly yesterday, and the purport of his visit is not known. It is said, however, that he is here to try and work some deal whereby his club will be admitted to the National League. It is thought that he will try to work some sort of a deal for the purchase of the Washington franchise.

COLUMBUS, Feb. 5.—John B. Day of the New York National League Club is doing what he can toward fracturing the national agreement in the case of Mike Lehane. Two weeks ago Lehane signed a contract that he would play with the Columbus Club at a stated salary if Manager Buckenberger could secure his release from Buffalo on or before Feb. 15. The deal was made yesterday and Lehane notified that his terms were accepted and a contract would be forwarded immediately. Secretary White of the International League today notified Vice-President Lazarus of the Columbus Club that his offer for the release of Lehane had been accepted by the Buffalo management, and authorized him to treat with Lehane as to terms.

This afternoon that player telegraphed here: "Do not negotiate my release from Buffalo, as I will not play with Columbus." The officers of Day and Nutting were seen, and Lehane were well known and Mr. Lazarus wired both gentlemen that Columbus had purchased Lehane in a regular way from Buffalo, and warned them against treating with him any further on pain of violating the national agreement. President Phelps was then informed of the status of the matter, and he at once promulgated the contract of Lehane with the Columbus Club. It is known that Mutrie offered the player a fabulous salary to play with New York. The trouble is the New York magnates were outwitted and are now endeavoring to get Lehane to renounce his obligations. He will be held by Columbus at all hazards.

BALTIMORE, Feb. 5.—Manager Barnie went over to Washington to see President Young of the National League today and lay before him the position of the Atlantic Association in reference to the Worcester Club. President Lang of the Hartford Club, in the New England League, has written to Mr. Young, urging that as the Board of Arbitration recognized Worcester as belonging to the New England League the Atlantic Association has no right to break the alleged status by buying out the Worcester Club. President Young thinks this a very strange course of reasoning. The Atlantic Association, he says, pays $250 a club for the protection of the national agreement, and as a consequence, has certain rights which will have to be respected. It is idle, he declared, to entertain for a moment the idea that it would allow the Worcester Club to be taken away.

Base Ball Notes.

Recreation grounds will open on April 6.

De Valli is working hard for the opening of the season.

The Gramercys will again have their crack pitcher, Spittler.

Joe Baum will cover third base for the Columbia College team.

Any team in need of a good player should not overlook Andy Costello.

Fred Crowley will be found behind the bat for the Leontines again.

Lon Keyser will play next season. He can cover first base with any of them.

Gaunt is practicing daily near his Jersey home. So far his condition is O. K.

Bates will probably pitch for the Staten Island Athletic club after the college season.

It is said that Jimmy Powers will play in Rochester, and Siefke in a Western League team.

The Wertheim & Schiffer Manufacturing Company will present a strong uniformed team this season.

No doubt Dillon and Buckins will be found with the Senators' outfield again. Both are reliable players.

If Van Zant does as well in the box this season as he did last it will be hard to find his equal in the amateur ranks.

Mike Kelly yesterday received his *Sporting Times* medal for being the most popular League player last season.

If the Staten Island Athletics don't make some of the teams hustle to defeat them this season it will not be the manager's fault.

"Kid" Cadmus led the fielders in the Amateur League last season, and in eleven games did not make an error. This is a good record for a 16-year-old.

Lahane of the Buffalo Club says that he has made a personal agreement to play with the Columbus club, provided they secure his release by Feb. 15.

Jimmy Morris has received a letter from Secretary Chamberlain of the Burlington (Iowa) Club to report about April 15. In his letter he names the above town as the "Land of Flowers and Prohibition."

The Jersey, Jr., B. B. C. of Hoboken, would like to hear from some club whose members average 17 years, to play a game on Washington's Birthday, grounds to be agreed upon. Address O. Brown, 52 Garden street, Hoboken.

Kennedy, the catcher, and Gilsey, pitcher of last season's Orange team, are open for an engagement. The following records of the two players show what they can do: In batting the former had an average of .350 in sixteen games and was eighth among the catchers, with a fielding average of .895. The latter player led the pitchers in the Amateur League with a fielding average of .967.

The Jackson Indians have reorganized this season with the following players: Harry Hanlon, c.; Geo. D. Jackson, p.; J. McCarthy, 1st b.; J. Duryea, 2d b.; J. Sullivan, 3d b.; J. Mullally, s. s.; J. Donovan, r. f.; H. Leigh, c. f., and J. Dunning, l. f.; substitutes, W. Whitford and J. Manning. Would like to hear from all telegraph base ball nines. Address S. Reilly, manager, 1,869 Third avenue.

New Lonpon, Feb. 5.—Edward Hanlon, the ball player, of last year's Pittsburg League club, and a prominent member of the Players' Club of that city, will be married tomorrow evening at Taftville, his native place, to Miss Nellie Kelley, a handsome and popular young lady. The couple will make a wedding tour to New York, Philadelphia and Chicago and will probably reside in Pittsburgh till next fall.

Jersey City's old favorite Snap Lang will undoubtedly wear another stop-watch after the Jersey City team manager Brady has accepted his terms and has sent him a contract. This will prove good news to the base ball people across the river as Snap's playing last season was something wonderful. Although a left fielder, he made up for it in his fielding. The signing of Lang will complete the infield.

HAVERSTRAW, Feb. 5.—At a meeting of the Base Ball Association, held this afternoon, the following men were appointed to represent Dartmouth at the regular meeting of the American Base Ball Association to be held in Boston next Friday: Manager Stayers, Capt. Williams, and Director Dubois. The Athletic Association voted to send Manager Sparhawk, Miss Yes and Little Joe to Boston to represent them at the annual meeting of the Intercollegiate Athletic Association next Saturday.

WILMINGTON, Feb. 5.—The preliminaries of a deal between the Wilmington Club of the Atlantic Association and the Philadelphia Club of the National League were effected to day whereby, if everything turns out satisfactorily, the local club will have the use of the services of the Philadelphia players. The players of the Philadelphia without them being released from the latter club. The Atlantic Association clubs have been asked to sanction the movement and make it general and it is predicted all arrangements will be favorably consummated.

The Brooklyn "L" B. B. C. have organized for the season of 1890 with one of the best semi professional teams in the State, and would like to hear from all first class clubs having enclosed grounds and giving good guarantees. They are in favor of the Players' League and would like to arrange exhibition games with the Brooklyn and New York Players' League. As they are the champions of Brooklyn they can guarantee either of the above clubs a first class exhibition if they give them a game. All communications should be addressed to Robert F. Reed, manager, 779 Lexington avenue, Brooklyn.

SYRACUSE, Feb. 5.—George K. Frazer, who has charge of Syracuse's ball interests, has signed Mike Morgan to play right field. Catcher Grant Briggs and Joseph Ramsey, a pitcher, have been signed also. Briggs was the International star team catcher and Ramsey is described as a young phenomenal player. Wright has presented his terms to Mr. Frazer, who has written to one or two of the Buffalo players and has written to that city regarding their releases. Mr. Frazer will probably sign all of the old Syracuse team except Murphy, together with several new men, and from these he will pick out his team afterward selling the men he has no use for to minor leagues.

Brooklyn Bicycle Club Pool Tournament.

The Brooklyn Bicycle Club's pool tournament is finished, and the winner turned out to be H. B. Mathews, who had a handicap of one ball. He played very strongly, used excellent judgment in all his games, and was not defeated once. He won all ten games. Second place in the tournament was captured by J. F. Borland; his handicap was two balls. He won six of seven games, the winner of the tournament being the only one who was able to lower his colors.

C. Le B. Snedeker, who was the scratch man, was third with five games won and one lost. The tournament was a pronounced success. The standing of the competitors at the close of the tourney is as follows:

	Won.	Lost.		Won.	Lost.

Pool of the Kings County Wheelmen.

Wickes (twelve balls) by defeating R. Raynor (ten balls) by 50 to 46. In the second game J. Smith, scratch, beat W. Nellis (ten balls) by 50 to 40. The third game was between W. Marion (eleven balls) and J. Long (ten balls) and was won by the latter by a score of 50 to 38, after some excellent playing on the part of Marion. A. H. Miles umpired the contests. Titan A. C. Pool Experts.

The first annual handicap pool tournament of the Titan Athletic Club began last evening at the club room of the organization, 104 West Forty seventh street, and as some expert pool players are entered in the event some interesting contests are anticipated by the members of the organization.

The game played is continuous pool, 50 points to a game. The opening game of the tourney was between T. McIntyre (8 points) and H. J. Tuson (no points' handicap, and the contest was close and interesting. McIntyre led off and gained a good advantage on the first frame played, but Tuson evened up matters a little in the two next frames, but his advantage was only momentary, as he opened quickly worked in some fine combination shots and soon ran out the game. Referee, McIntyre. Score, 50 to 40. Referee, G. S. Ryan.

FENCING BOUTS OF THE A. A. U.

The First Day's Entertainment Brings Out Some Fine Work.

The preliminary bouts of the Amateur Athletic Union's fencing championships were begun yesterday afternoon in the spacious gymnasium of the New York Athletic Club. There had been twenty-eight entries in the foils, seventeen in the duelling swords, and fourteen in the sabre class, and a decided pruning was necessary before the finals could be entered upon. The committee succeeded in weeding out the superfluous and inferior swordsmen in the foils yesterday, and this afternoon will be consumed in thinning out the contestants in the other classes.

The following jury presided and decided when a point had been scored, though the decisions were by no means always satisfactory: The Hon. Perry Belmont, R. K. Bloodgood, New York Athletic Club; Prof. R. Senac, fencing instructor, New York Athletic Club; Prof. Armand Jacoby, instructor of the Fencers' Club; Prof. Charles Koch, New York Turn Verein. Eugene Higgins of the New York Athletic Club was the starter, or, rather, director of the bouts, while little Willie Haas kept tally of the points scored.

The men made an interesting picture in their various costumes. In this respect the Manhattan Athletic Club fencers far outpointed the other contestants, their elaborate suits of dark, wine-colored velvet showing in brilliant contrast to the somewhat plainer apparel of the others; but gaudy costumes do not score points, and the M. A. C. representatives were routed with great slaughter. Seven of their foils fell out of contest, being eligible to compete in the final foil bouts. Eugene Van Schaick, the first lieutenant of the club, from whom such great things were expected, seemed in poor form and fell an easy victim.

Perry Belmont was the reserve and decided all knotty points. There were frequent disagreements among the judges, but they were not unseemly, each gentleman apparently trying to outvie the other in politeness. Profs. Senac and Jacoby were the experts of the jury.

The most striking fencer of the afternoon was Mr. Greger of the New York Athletic Club. He is the secretary of the Russian Legation, and a powerfully built man. He appeared irresistible in his rushes, and had a bewildering manner of whirling his sword which seemed to intimidate his antagonists.

The most expert fencer of the afternoon and the probable winner of the championship was Louis Fredericks, Jr., of the New York Turn Verein. He is a son of Prof. Fredericks, the famous instructor of the Turn Verein, and appears to have inherited his father's wonderful skill. He is fencing under protest in the present championship, and according to the committee will not receive the emblematic medal even if he wins the honors all his foemen. He was only reinstated by the Amateur Athletic Union last summer, and in answer to the reporter's question as to the protest, said:

"I certainly do not know of any charge they can bring against me. They are suspicious of me because my father is a professional. I believe they have some story that I fenced with a professional last summer at a benefit at Germania Assembly Rooms, but I can bring dozens of witnesses and affidavits that it was my brother Arthur. This is the third time they have tried to bar me out, and I am disappointed and discouraged not to contest. An idea of Frederick's skill is shown by the fact that he outpointed Eugene Van Schaick 5 to 1.

The competitions were contested under rules written especially for the Amateur Athletic Union by Adolph Rubo, a member of the Jury of the Academy of Arms of Paris, and following are a few of the pertinent points bearing on the competition:

The contestant making the first five touches to win his bout.

The jury in deciding the bout can add one point to the losing contestant if they think his general form in fencing superior to his opponent. Should the score by addition of this one point be made equal they shall force for it the winner. The method of judging is based upon the idea that the contest is intended as an exhibition of skill rather than the mere securing of points.

Touches to count only when made upon the body within the limits defined by a line drawn on the fencing jacket, under supervision of the committee. Any contestant, however, who shall turn his back on his adversary during a bout shall forfeit one point for each offence.

Whenever there is a clear intention on the part of the one touched to avoid the point, either by a movement of arm or body, his adversary shall score one point.

A touch is of no value when the point is twisted on to the body after the slap of the foil.

Following is a summary of the afternoon's contests:

First Bout—John Allaire, New York Turn Verein, defeated Dr. Hammond, New York Athletic Club. Score, 5 to 0.

Second Bout—A. Greger, New York Athletic Club, defeated Roderick H. Smith, Manhattan Athletic Club. Score, 5 to 4.

Eighth Bout—J. Strauss, Central Turn Verein, defeated E. Stein, New York Turn Verein. Score, 5 to 4.

Ninth Bout—Lawrence Myers, Manhattan Athletic Club, defeated R. O. Bauhold, Central Turn Verein. Score, 5 to 1.

Eleventh Bout—E. C. Schaider, New York Turn Verein, defeated Eugene Van Schaick, Manhattan Athletic Club. Score, 5 to 4.

Twelfth Bout—R. Malchein, Central Turn Verein, defeated C. S. Van Beer, Athletic Club of the Schuylkill Navy. Score, 5 to 0.

Thirteenth Bout—Eugene Van Schaick fenced a bye against Louis Fredericks, Jr., New York Turn Verein. Fredericks won. Score, 5 to 1.

Then came the second round of trials, the winners of which meet in the finals Saturday night to contest for the championship.

First Bout—Allaire defeated Myers. Score, 5 to 3.

Second Bout—Greger defeated Dodge. Score, 5 to 0.

Third Bout—G. Heintz, Jr., defeated Howard. Score, 5 to 3.

Fourth Bout—Gerard defeated Schaider. Score, 5 to 2.

Fifth Bout—Day defeated Strauss. Score, 5 to 3.

Sixth Bout—Shaw defeated Malchein. Score, 5 to 2.

This leaves Greger, G. Heintz, Jr., Gerard, Day, Shaw, and Fredericks to contest in the finals. The latter drew the bye in the second round of trials.

SOLDIER BOYS AT PLAY.

Results of Company H, Thirteenth Regiment, Nautilus Games.

The joint athletic games of Company H, Thirteenth Regiment, N. G. S. N. Y., and the Nautilus Boat Club of Brooklyn were held at the former's armory, Flatbush avenue and Hanson place, last evening before a crowd of spectators who occupied every seat in the large enclosure.

Several good performances were done, and one record was broken. R. C. Chadsey of Company E, Ninth Regiment, N. G. S. N. Y., succeeded in reducing the figures of the three-mile run of the National Guard. He commenced his long journey alone, but was coached for the last quarter mile by J. D. Lloyd of the Prospect Harriers. Chadsey ran around the thirteen-lap track perseveringly, and finished, amid much applause, sixteen and one-fifth second in his record, the former record. His time was 16 minutes 18 4-5 seconds.

W. D. Day, the star distance runner of the New Jersey Athletic Club, won the one-mile handicap from scratch in the fast time of 4 minutes 31 seconds. This performance is so fast that it caused a remeasurement of the track, the result being that it proved to be short. The previous board-floor record is 4 minutes 39 seconds by L. Hjertberb, brother of the one who finished second in this race last night. Day's dropping the figures so much made many think that the track was short.

The final heat of the fifty-yard handicap run resulted in a dead heat for first place between T. I. Lee, N. Y. A. C., who was at scratch, and M. Remington of the Nautilus Boat Club, who had four feet start. They agreed to run it off, and another dead heat resulted. Once more they ran it off, and the Nautilus man won by six inches amid a great demonstration by his friends. Lee ran a fine race, and stands on his mark preparatory to the firing of the pistol as well as any amateur in this vicinity.

The banner which was given to the club scoring the greatest number of points was won by the New Jersey Athletic Club with sixteen points. The Nautilus Club was the Prospect Harriers with eight points. The results:

Atalanta Boat Club Reception.

The large dancing hall of the Central Opera House last night looked like fairyland, the many colored dresses of the ladies, as they moved to and fro in the merry dance, presenting a panoramic scene. The occasion was the forty second annual reception of the Atalanta Boat Club. The hall was handsomely decorated. Streamers of gold star dotted muslin ran from the ceiling to the centre chandelier forming a canopy. The front of the balcony was decorated with blue pale, handsomely ornamented with gold figures, while around the hall was hung the many handsome banners won by the members of this celebrated club. At 10 o'clock the stage was set to a forest scene from which Lappa's Seventh Regiment band dispensed sweet music. Above the forest the Brooklyn Bridge was depicted in single shell, while in front was the name of the club in gas jets, as follows:

1848—ATALANTA BOAT CLUB—1890.

CHAMPIONS.

In front of the stage was displayed the handsome white silk banner won by the club's eight oared shell crew at the National Regatta last year, which made them champions of the United States. At 10 o'clock the grand march was started. It was led by H. A. MacLean and his stylish partner, over two hundred couples took part. It was the largest and most successful reception ever held by this organization.

The officers were: Four director, Howard A. MacLean; Recording Committee, Thomas J. Gibson, Chairman; Committee of Arrangements, Howard A. MacLean, Chairman.
