MINOR MENTION.

—Smoke the "Royal Sport" cigar.
—Charley Pals this morning shipped a large number of fine celery plants to O. O. Carnahan, of Cozad.
—Sam Smith this morning put in his place of business a huge home manufactured ice-box.

—Mrs. Maggie Post is to-day shipping her household goods to Omaha, in which city she will make her future home.

—Some traveling evangelists have pitched their tent over in the Third ward near the round-house, and are endeavoring to secure religious converts.

—The county clerk has received a new general fund warrant book with which he is prepared to write up the indebtedness of Lincoln county for the current year.

—Hershey & Co. this week received a large pumping irrigation plant for some upland farmer. With the copious rains of the past few days it is questionable whether the party will be in any hurry about calling for it.

—Wood White is receiving a large number of lawn settees which is being made at the locomotive cab seat factory of Stannard & White, at Appleton, Wis. They are a very comfortable appendage to a shady lawn.

—Feeling gratified and satisfied with his success at bringing rain, Observer Piercy has hoisted a brand new rain flag to take the place of the old one he used to raise when it would not rain. We hope the new one will prove a "mascotte" every time it is hoisted.

—Next Sunday Bishop A. R. Graves will conduct both morning and evening services at the Church of Our Saviour, in the absence of Rev. McDonald. On the 16th inst. Rev. Potter, of Kearney, will preside, and on the 23d Rev. Beecher, of Sidney, will fill the pulpit.

—Married, by the Rev. W. E. Hardaway on the 29th ult., John C. Raynor to Miss Ida M. Babbitt, both of this city. THE TRIBUNE extends the usual congratulations incident to the occasion.

—A couple of our local heavy-weight bicycle riders had the bad luck to spring the frame of the new tandem wheel received last week by Joe Fillion, in consequence of which it was sent back to the factory for an overhauling.

—F. H. Longley has been removed from his position as a member of the local pension examining board, probably upon the ground of offensive partisanship. The position, with all its emoluments and profits, is now open to applicants.

—A new sidewalk is being laid in front of the Holten property on Spruce street. Should Chas. McDonald and T. J. Foley conclude to lay a permanent sidewalk like slagolitic in front of their property they would pull the travel and business over to the west side of the street.

—Arrangements are being perfected by the local wheelmen for another race from the McPherson national cemetery to this place for a purse of \$50. It is said that if the race is run for cash prizes an attempt will be made to class the participants as professionals by the wheelmen's league.

—A number of our amateur gardeners this spring purchased and planted what they supposed were dwarf peas. Now the plants seem to be trying to outdo the record of Jack's famous bean-stalk, and the aforesaid a. g. are kept busy in this treeless country trying to provide brush upon which the plants may climb.

—Willis Hansen went to Sutherland this morning to do some roofing in that village.

—Eli Zeigler, of this place, according to the daily papers, has been granted original pension by the department.

—Mr. McCann and wife will occupy the Episcopal rectory during absence of Rev. McDonald and family upon their eastern visit.

—The authorities have decided to send the man Robinson, who was accused of stealing and is not considered as all right mentally, back to relatives in western Iowa.

—It is said that most of North Platte's parsons will take a lay-off and vacation during the summer. Will Byron's thought in his "Vision of Judgment Day" in regard to the routing of souls then be applicable?

—Married at the residence of the bride's aunt, in Omaha, Mrs. M. C. Butler, on June 1st, 1895, Mr. T. C. Scott to Mrs. Audrey Coleman. In a few days the couple will leave for Adrian, Mich.

—We have learned of a man in this county who before the rain last week was trying to borrow \$10 upon a quarter section of land with which to make final proof, and was unable to do so. To-day he would have less difficulty.

—J. G. Crabtree, of Whittier, and Cecil Tuell, of Somerset, were callers at this office the latter part of the week. The former is spoken of as a probable republican candidate for sheriff, and the latter is being urged by his friends to be a candidate for clerk of the district court.

—As is usually the case, the observing individual at the commencement exercises last week observed that the fifty pound "kid" could make more noise in walking over the floor than a 200 pound adult. This caused considerable annoyance to those in the back of the house who were trying to hear the speakers.

—The man Ruhl who was arrested for horse-stealing, upon the advice of the county attorney was turned loose on account of there being insufficient evidence to secure a conviction, and the case was settled outside the court. The same disposition was made of the case of the State vs. Ed Davis, charged with assault with an attempt to commit rape, the prosecuting witness failing to show up. She had possibly heard of the new religious sect said to be forming in Omaha, and perhaps feared that the defendant's lawyer might claim the accused was simply practicing a part of his religion.

—In speaking of the formation of Gov. Holcomb's new military staff Walt Mason thus says of our own and only: "W. F. Cody, of North Platte has also been appointed an aide-de-camp, which office he previously held with credit to himself and state. He is a gentleman of some prominence in his own county, where he owns a large farm. In his younger days he was somewhat given to the frivolous pursuit of killing Indians and curing their scalps for the foreign market; but he has sobered down with advancing years, and now he can pass a cigar store Indian without giving a war-whoop. He will be an extremely valuable man in case of war, and the governor displayed great wisdom in appointing him."

—This evening at 8:30 o'clock at the Church of Our Saviour, Henry Gilfoyl will be united in marriage to Miss Beatrice Arundale, the Rev. McDonald officiating. It will be a very quiet wedding, cards of invitation having only been issued to a few of the more intimate friends. Ushers will be at the door to receive the cards of admission. Each of these young people are well and favorably known in this city, the former having been engaged in train service here for several years, while the bride has wrought in various capacities in North Platte. It is the wish of THE TRIBUNE that the journey through life of these young people may be remarkable for its pleasantness, and that the little squalls of domestic difficulty may only make the calm more agreeable.

—By invitation the following members of the degree staff of Signet Chapter No. 55, O. E. S. left this morning for Lincoln to exemplify the unwritten work of the order at the meeting of the state chapter: Mrs. A. S. Baldwin, C. E. Barber, Mrs. D. A. Baker, Mrs. G. W. Pinn, Mrs. M. H. Douglas, Miss Mattie Donohew, Mrs. J. G. Anderson, Mrs. C. E. Norton, Mrs. F. N. Dick, Mrs. W. C. Reynolds, Miss Anna Kramph and Miss Irene Hartman. Mrs. C. G. Hall, who is a past officer, accompanied the party. To-morrow morning Mesdames W. J. Stuart and W. W. Birge will leave for the same place to take part in the exercises. This is quite an honor for North Platte which these ladies have earned by patiently practicing to perfect themselves in the work.

PURELY PERSONAL.

John Bratt was an Omaha visitor yesterday.

Lester Eells transacted business yesterday in Sidney.

M. C. Keith went to Omaha yesterday morning on No. 4.

Alex. Stewart made a brief visit with Lexington friends last week.

Mrs. Smith Clark, of Council Bluffs, is a guest of North Platte friends.

Master Guy Robinson left this morning for a visit with friends at Beatrice.

Mrs. P. A. Norton and son Jimmy, left this morning on No. 4 for Omaha.

Rev. L. P. McDonald and family leave to-morrow for an extended visit among eastern friends.

Mrs. Baker, the mother of Mrs. G. T. Field, left yesterday morning for her home in Detroit, Mich.

Mrs. Seim Laing came in yesterday on No. 2 and is visiting the family of Guy A. Laing in this city.

Miss Mary Morgansen arrived last night from Sweden and will make her home with Hans Hansen.

Miss Nellie Donahue, one of North Platte's best school teachers, left yesterday morning for a visit with her mother in Cleveland, Ohio.

Fred Ginn, of Perry, Iowa, is visiting his brother Robt in this city. Since the former left here he has graduated in a Chicago embalmer's school.

H. H. Branch, who travels for the Hamilton Brown Shoe Co., was in the city yesterday with his wife, returning from a trip clear through to California.

Hattie Singleton left for Lincoln this morning to chaperone the members of the O. E. S., and to witness the graduating exercises at the state university.

Judge Neville left for Kearney yesterday morning to hold a session of district court in that city—hearing cases in which Judge Sinclair had been interested.

Mrs. Albert Reed and Mrs. Markel, of Omaha are visiting the family of W. H. Fikes. The former will remain for about a month, while the latter will be here for a week.

—Walter Hoagland graduates this week at the state university in Lincoln.

—The graduating class of the High school had their pictures taken by Broach.

—It is said that the government will supply all its land offices with new Densmore typewriting machines.

—W. H. Johnson left with B. F. Reed yesterday morning for an outing in Colorado. They make the trip by wagon, and if the former finds work at his trade he may conclude to locate there.

—Sheriff Miller was yesterday exhibiting a mammoth mushroom, seven inches in diameter, which he found down near Bratt's ranch. If Lincoln county's crops the coming year are commensurate with the above plant they will be something enormous.

—As a number of North Platte people have been interested in the oratorical contest at the Platte institute in Kearney, we note that the first prize, the gold medal, was awarded to Marshall Ross, of that city his subject being "Simon says Thumbs up." It was a difficult matter, however, for the judges to decide between Mr. Ross and Miss Mildred Barstow, of St. Paul, Neb.

—The city council held a short session last evening. In the absence of Mayor Baker, president of the council Thomson presided. Aldermen Johnston and Iddings were also absent. Harry Dixon asked for the privilege of extending an irrigation lateral across Twelfth street, and was given permission provided he would construct a flume the entire width of the street. A petition was read from residents of the Third ward asking the city to put in an additional bridge across the slough in that ward. This matter was referred to the proper committee. C. M. Newton was instructed to place guards at the entrance of an alley across which he dug a water trench, in order that passing teams might not get mired. Saml. Smith asked that he be permitted to place a fruit table on the sidewalk in front of his store, but was informed that an ordinance prohibited such. The chief of the fire department reported that part of the poles and wire of the alarm system were in bad condition and that owing thereto good work could not be expected of the system. He was directed to make some temporary repairs and the rest of the work will be attended to later.

CORN IS CASH.

We can not, and positively will not, sell corn or feed on time. Please do not ask to have such items charged.

HARRINGTON & TOBIN.

New Styles

in Ladies' Blouse Waist Sets, very pretty, not expensive; also a new line of Cheap Belts and Belt Pins, Side-Combs, Hair Ornaments, and the new Long Watch-chains. If you want anything in the way of a neat little present for some one, you can find it in our line of novelties, from 25 cents to—well as high as you wish to go.

CLINTON, THE JEWELER.

RAILWAY RESUME.

Mrs. V. E. McCarty went to Cozad this morning for a brief visit with relatives.

Engine 694 ran out of food and water yesterday and had to be helped into the yard by the switch engine.

The 684 is being repainted and receiving some light round-house repairs. Wood White has the 693 in her place.

A Fourth district crew came down last night with a freight train on account of being short of power and crews at Sidney.

Fred Frederickson and Wood White each had a chance at a passenger run this week of which they promptly availed themselves.

Sanford Hartman and James Roddy are to-day "breaking in" the 624, after which it is the intention to send her to Sidney to be laid up.

The receivers of the Union Pacific are seeking to annul through the courts the twenty-five year contract made with the Pullman Palace Car Co. in 1889. It is said to have grown quite burdensome to the company.

A washout on the Julesburg branch Sunday night so delayed the passenger train that it could not make connection with No. 4 yesterday morning, in consequence of which the latter went through without any coaches.

The 804 came out of the "back" shop this week and will go into passenger service on the Second district while the 807 is undergoing repairs. In consequence of this Lu Farrington once more has a good engine.

It is said the B. of L. F. will take the matter of the setting back of engines in their turn to headquarters at Omaha. It is dimes to doubt that if the Union Pacific company gets out of the hands of the U. S. courts that the schedules of agreement between the employees and company will be so quickly withdrawn that it will astonish some of the former.

—James Downie and Charley Pals have a large number of English broad beans growing. The pod thereof is said to be a cure for warts, while the vegetable is thoroughly edible.

—The village of Curtis no longer has a dam by a mill site or mill by a dam site. The heavy rain of the past week caused the waters of Lake Curtis to break away from restraining reservoir and re-enact the scenes of a miniature Johnstown flood. An account of the disaster will be found upon the inner pages of this paper.

—Judging from the sentiment of a portion of the members of the city council, it is doubtful if the city will any longer pay the hydrant rental until the validity of the contract has been determined by law. It may be that something may be found defective in the agreement, and it may be that North Platte will have the sum to pay with the costs added; yet the city should in no-wise take any step that would impair its credit, or look like repudiation. However, it is perhaps as well to test the validity of the ordinance.

—THE TRIBUNE has heard considerable complaint recently in regard to the way in which the North Platte cemetery is being managed, in regard to the locking of the gates. Whether it is that the officers are to blame in this respect or that it is only an assumption on the part of the sexton we do not know; but one thing is certain that it is causing some very healthy, abled-bodied "kicks." One of our most steady going citizens was lately so garaged upon driving out there and finding the gates locked, that he said he would have opened them with an ax had he had such a tool in his buggy.

M. A. Daugherty received a communication from a Chicago firm last week which is looking up the prospects for investing in irrigation district bonds. Mat went to Omaha Sunday on No. 8 to meet these parties and if prospects of a sale of bonds are quite certain, Mat will not test the constitutionality of the law, but will go right on and build the ditch. However, if this district finds sale for its bonds, other parties who think of organizing need have no fears and need wait no longer, but go ahead and organize.—Ogallala News.

—A. D. Wright has moved his cigar manufacturing establishment to the rooms over Morsch's barber shop.

—It is said that the I. O. R. M. will take hold of the Fourth of July celebration and boom the matter to a finish.

—Griffith's "Faust" company has written Manager Lloyd for a date at the opera house this month. A "Fast Mail" company has been booked for next January.

—Owing to the rain Saturday evening the Gordon cornet band could not give its concert. This will be rendered next Saturday evening, the weather permitting.

—The "Teachers' National Benefit Association," of Lincoln, is the latest thing in mutual insurance in this state. It is intended to be composed of school teachers, and A. K. Goudy, ex-state superintendent, is at its head. It will bear an investigation by pedagogues.

—Sheriff Miller has had the number of his boarders very materially increased in the past few days. G. Ruhl was put in upon a charge of stealing a horse from the widow of Nicholas Biehl, a man named Robinson from down about Fox Creek, who is believed to be slightly unbalanced was brought in upon a charge of petty stealing, and a fellow named Ed Davis was "juggled" for assaulting Sally Ann Butts.

—The Gordon cornet band has received permission from the county commissioners to have erected in the courthouse park a suitable band stand, and the boys in a short time will call upon our citizens for contributions for this purpose. It is an excellent plan and it should be liberally encouraged by our people, and especially by our business men, whose trade is considerably augmented by the increased number of persons attracted from their homes by these Saturday evening concerts.

—We have received from John E. Evans, deputy secretary of state, a copy of the law and blank notice to be used by road overseers, city marshals and street commissioners, to be used in looking after Russian thistles. The law passed with the emergency clause, and there is a fine of from \$50 to \$100 to be assessed against overseers who fail to do their duty; and also a fine of from \$10 to \$100 against the owner of any land permitting such thistles to grow upon his land after being notified. It would be well for these officers to look up their duties under the new statute.

At North Platte, where Mike Callahan comes from, grandmothers made fairy tales of how the widows and spinsters sat up late in the night thinking how to entrap the wily Callahan into connubial meshes; how expertly Callahan dodged the arrows of Cupid and how he persisted in remaining in bachelorhood until the divinity that shaped his end sent him to Grand Island. Here was a maiden fair to see and Mike didn't "take care!" He was caught the first trip out of the box and Sunday Miss Jennie Broadwell became Mrs. M. E. Callahan, the ceremony taking place at the home of a sister of the bride in Lincoln. Miss Broadwell is well and favorably known as the cashier of the Vienna restaurant, of which Mr. Callahan is part owner, and it is stated that the blush of Mr. C. when he informed his partner that he would be off for about ten days was a thing of beauty and joy forever. Mr. and Mrs. C. will not return for a week or ten days. Mr. C. is also very popular with his patrons and—just wait until he returns!—Grand Island Independent.

CORN IS CASH.

We can not, and positively will not, sell corn or feed on time. Please do not ask to have such items charged.

HARRINGTON & TOBIN.
