GREAT DAY ON THE HILL.

MR. MICHAEL F. DWYER'S FAST MARE UPSETS THE TALENT.

A Long Shot Wins the Handicap—Favorites at a Discount—A Series of Surprises—Bergen Set Down for the Year.

Mr. Michael F. Dwyer's mare Meriden won the first race of the year for the President of Elizabeth's race course yesterday at Guttenburg. It was a great victory for the daughter of Billet. She was a 12 to 1 shot in a field of ten that started in a dash of five and a half furlongs for a $500 purse. The mare got away last, and before she struck her stride was six lengths behind the leader, yet she won handily by two lengths in 1:08, the best time ever made on the track at the distance. Getting away as she did in the rear, she probably ran a second faster than the official time. An unpleasant incident occurred at the post in the second race. Jockey Bergen, the pride of the Hill, who has recently been reinstated, had the mount on Dixie, the favorite. The field of thirteen bothered Starter Caldwell. Extra Dry, ridden by Lameley, cut the most capers. At one of the breakaways Dixie turned the wrong way. Mr. Caldwell made for Bergen, and, it is said by those at the post, attempted to strike the jockey, at the same time applying harsh epithets to the lad. Bergen was set down for the remainder of the year.

Eleven started in the opening dash. Ilma B., at 7 to 5 against, Blackburn 4 to 1, Defendant, 7 to 1, and Bessie R., 6 to 1, were all well backed. Rootjack headed a snug start, Ilma B. leading for a few strides at a quarter. Defendant taking up the running and leading to the eighth furlong, where Blackburn took command and won handily by a length and a half, Ilma B. second, Defendant third.

Thirteen joined in the second race. Freedom headed the bunch at the start, Cora Tanner taking up the running at a quarter. Dixie, favorite at 3 to 1 against, moved to the front in the homestretch, winning a close race by a neck from Lamar at 5 to 1, Bob Arthur, at 5 to 1, third.

Endurer was a prime favorite at 10 to 9 on in the third race, Glitter II, rating next in favor at 5 to 1 against. Cassella showed the way to the quarter, Stonington, at 10 to 1, taking up the work and setting the pace to within 100 yards of home, where Endurer asserted his claim to the purse, winning the race by a length and a half from Stonington, Glitter II, third.

The fourth race was a stunner to the talent. Meriden opened at 6 to 1 against, closing at 12 to 1. Civil Service going to the post a 2 to 1 on favorite. Meriden got away last in the field of ten, while Civil Service met the pace at a rattling clip. Gradually devouring the field, Meriden took the lead in the homestretch, Taylor landing her winner by two lengths, Civil Service beating Glory three lengths for the place.

Jack Rose, favorite at 10 to 9 on, and Woodcutter, at 12 to 1 against, made the finish of the day in the *Sporting World* Handicap, at a mile. Milton set the pace for half a mile and then broke down. Woodcutter and Jack Rose made the issue in the homestretch a shoulder to shoulder fight, Woodcutter getting the verdict by a nose. Text, at 12 to 1, finished third, six lengths behind the leaders.

Odons, at post odds of 12 to 1, wound up the excitement by winning the sixth race by a length from Harry Kuhl, 3 to 1, Landseer, at 10 to 1, losing the place by a head. Summary:

Warming Up Derby Candidates.

MEMPHIS, Tenn., March 31.—Trainers were busy at Montgomery Park yesterday, notwithstanding the fact that the track was a little heavy on the backstretch. Several Derby candidates were worked a mile, among the number being Chimes, Tom Mackin, and National. The two first named worked together and had John Sherman to accompany them. All three kept well bunched until the three-quarter post was reached, when Chimes and John Sherman drew away from Tom Mackin, and finished the mile under a drive, Chimes crossing the line five lengths in front of John Sherman, who was 10 yards ahead of Tom Mackin. The time was 1:46¾, which is the fastest mile yet made at the track this spring. Chimes belongs to McGuigan, and is looked upon by some trainers as the Derby winner. National belongs to Tucker, and Cherry also worked a mile yesterday in company with Limlikhow. The mile was made in 1:50, and National pulled up lame. It was the prevailing opinion that he had broken down for good. This, if true, will be a severe loss to his owners, as he was a promising colt, for whom they paid $7,500 last year, and there were many who thought he would be the winner of the Derby.

Reunion of Kings County Wheelmen.

The interior of the handsome club house of the Kings County Wheelmen at 1,255 Bedford avenue, Brooklyn, presented a charming appearance last evening upon the occasion of the celebration of the club's tenth anniversary. Among the assembled members and guests were some of the pioneers of cycling in the City of Churches. The programme included music, recitations, and speeches. A supper was served at the conclusion of the entertainment.

PLAYING WHILE SNOWFLAKES FALL

The New Yorks Defeat the New Havens by a Close Score.

Had some novelist been at the Polo grounds yesterday afternoon he could have made a ten-strike. There he would have found all the material for a romance, the title of which he could have easily decided on without the least trouble. It would probably have been something like this: "Playing Base Ball While the Snowflakes Fell, or How He Won Her as He Stood Shivering in the Storm, Clad Only in a Base Ball Uniform and Green Stockings."

The New Yorks and the New Havens had only just begun to play their second game in this city when snowflakes began to descend. The players swung their arms back and forth with much force on their chests to put warmth into their bodies, while the 300 spectators present laid back in their seats enveloped in heavy overcoats. They were amused all through the game, and not one left until the last man was out. In fact, they all sat still until Cudworth, captain of the New Havens, had disappeared through the door of the club house. Then they arose and made their way through the gates.

What had proved the feature of the afternoon's doings was a pair of green stockings which Cudworth wore. They seemed to have some magnetic power about them which kept 600 eyes riveted on them throughout the game. Cudworth has set a precedent, and it need not be at all surprising if in the future the members of a team appear each wearing different colored silk stockings. It is a New England innovation. The only objection may be that they will be more of an attraction than the game itself.

The game was very close up to the fifth inning. Manager Burnham, being short of pitchers, engaged Fitzgerald, who has been signed by Lebanon, to do the twirling. He did his work remarkably well until the fifth inning, when the cold began to affect his arm, and he was batted hard. Then Condoff, a New Haven amateur, was substituted. In the three innings he pitched but two hits were made off him.

John Ewing did not try to use any speed. All the home players favored their arms. Several pretty plays were made by Connor and Richardson, while the outfielders had a good deal of running to do, as the New Havens hit the ball pretty hard. The New Yorks would have lost the game had their opponents run the bases well, for they were both outfatted and outfielded. Henry made a difficult catch of a fly ball from Gore's bat in the sixth inning. The score:

American Athletic Union Base Ball News.

An interesting question for amateur base ball players has been settled by the A. A. U. Base Ball Committee, consisting of J. E. Sullivan, chairman; F. K. Stearns and Howard Perry. The problem was whether a member of an A. A. U. club could, previous to the opening of the championship season, play exhibition games with another club. The point was raised in the case of Spalding de Garmendia, a member of the New Jersey Athletic Club base ball team, who desired to play to-day with the Manhattan A. C. team in its contest with Yale. There being some doubt on the point the committee took a telegraphic vote. F. K. Stearns sent his opinion from Detroit as follows:

Until each club reports its players to the committee, I think they may play exhibition games with whom they choose."

Mr. Perry's views are similar to those of Mr. Stearns, and as Mr. Sullivan agrees with them, the action of the committee is unanimous.

Mr. de Garmendia will, therefore, play second base for the Cherry Diamond club to-day, and other players can do as they please in regard to exhibition games until April 15, when entries close. On that date all clubs entered in the A. A. U. championship contest must have filed with J. E. Sullivan the names of the players, during the season, in order to add a new player to its team, must give ten days' notice of its intention. This will remove all apprehension on that point. The outlook for the season is bright. New York will, as usual, furnish the lion's share of contestants. Detroit, which now has the champion team, will have three clubs in the fight, and Cleveland will also have three teams in the race. Washington will come to the front in good style. Pittsburgh and Buffalo are somewhat uncertain, but may enter. The battle will start on Decoration Day in the various sections, and end on August 30. The final bouts will follow.

Ward Will Arrive To-day.

John Ward, who is to captain and manage the Brooklyn team, will arrive home to-day from Europe, where he has been for the past few weeks viewing the sights and resting himself so as to be in good, strong health for the vigorous base ball campaign soon to commence. He sailed on the Teutonic last Thursday, and that steamer is due here this morning. He will be met by a large number of his friends, who will give him an enthusiastic reception. Among them will be the players of the Brooklyn club, whom he will lead in their fight for the pennant. They are all anxious for him to be here, as they feel that under his direction they will be in much better trim when the season opens than without his guidance and system of training. To-night the Brooklyn club with Capt. Ward will leave for Boston to play the Boston National League club to-morrow. All the players will go, excepting George Smith, whose wife is at the point of death.

Tim Keefe Signs.

Affairs in the Keefe case have turned out just as THE SUN predicted two weeks ago. He signed a contract with the New York Club yesterday. The reason he held off was because he had been engaged as trainer of the Princeton College team, and, as his duties as such did not come to an end until last Saturday, he desired to finish them. Yesterday afternoon Directors Spalding and Talcott had an interview with him, and it did not take long for the parties to arrive at an understanding. A contract was made out and Keefe signed it. The New York team is now complete. Seventeen men are under contract.

Base Ball Notes.

President Day is laid up with the grip.

Collins and Kinslow of the Brooklyns reported yesterday.

Manager Powers yesterday signed Schaffer as a fielder for his Buffalo club.

The New York and Williams College teams will play at the Polo grounds to-day.

There is a letter at the office for William Kaiser, late of the Ringwood Base Ball Club.

John Fryr, the well-known first baseman, has again been secured by Manager Bright of the Cuban Giants.

The Long Island grounds will be opened on Sunday. The Gotham and Ridgewoods will be the contesting clubs.

The manager of the Bedfords of Brooklyn would be pleased to receive answers from the different clubs he has written to with reference to dates. Address J. M. Smyth, 2,085 Bergen street, Brooklyn.

TO THE EDITOR OF THE SUN—*Sir:* Will you please insert in the base ball notes of your paper that the Winthrop team has decided not to reorganize for the ensuing season, and oblige. W. J. CUNNIN.

PHILADELPHIA, March 31.—The base ball game that was to have been played here this afternoon between the Philadelphia League Club and the Princeton College nine has been postponed on account of bad weather.

Manager Nutrie is contemplating playing in New Haven again next week. It would be a good move for New Haven, as a minor base ball city, is one of the best, and another big crowd would surely turn out, knowing, as they do, that the stars would appear.

The Tonawanda Club has organized with the following team: Mullen, p.; Murphy, c.; Hannigan, 1st b.; Downs, 2d b.; Daly, 3d b.; Friery, s. s.; McNamara, l. f.; Comac, c. f.; Gilroy, r. f. All clubs with players of about 18 years should address John Hannigan, 326 East Thirty-ninth street.

The Nassau Base Ball Club will start the ball a-rolling at their grounds in South Brooklyn on Sunday next, on which occasion they will have a strong picked nine as opponents. Clubs desiring Sunday games should address Joseph De Cantillon, manager, 779 Hicks street, Brooklyn.

The New Haven Club will in all probability get out an injunction restraining Carney from playing with the Cincinnati Association Club. That player has an agreement to play with the New Haven Club, which Manager Burnham showed to a SUN reporter yesterday. It is doubtful if the injunction will come up in the Association team, if the New Haven Club is determined to hold him to that agreement, which they certainly will do.

The New York team will play in Holyoke to-morrow. Manager Mutrie will take along all the stars of the team, so as not to create any disappointment among Holyoke people. His new rule making it obligatory on the part of the stars not to shirk their work on to the youngsters is commendable, and is bringing forth commendation from all sides. So often in the past have the small fellows and towns been fooled by the announcement that a big professional team would appear and when the time came only a lot of substitutes turned up, that such announcements have come to be looked upon as a certainty that the regular team would not appear. Manager Mutrie is the first to bring about a reform in this respect, and when the New York team is advertised to appear in a small town or city, the stars will play. Nobody will deny but that this is a reform that other clubs must follow. The New York team which will play at Holyoke to-morrow will be stronger than Manager Mutrie had expected. Glasscock will arrive to-day, and he will play short. Holyoke is Mickey Welch's home, and so great is the interest to see the New Yorks that 2,500 tickets have already been sold. As a guarantee to Holyoke people that Ewing and Welch will be on hand they have been sent on ahead.

Promising Amateur Performers.

The talented young members of the St. Ignatius Athletic and Social Club entertained their friends in the Guild room of St. Ignatius Church in West Fortieth street last night, the programme embracing singing, whistling solos and duets, recitations, and two brightly played comedies. In the plays they had the valuable assistance of Everi Jansen Wendell, who participated by the courtesy of the Amateur Comedy Club. The acting of the Guild was especially fine, and the members of St. Ignatius have reason to be proud of the young social branch of the church.

THEY CAN'T BEAT THYNE.

He Won His Eighth Successive Series in The Sun Tourney.

THE SUN individual championship tournament was resumed at Thum's Germania Assembly Room alleys last evening, and, despite the inclement weather, a good-sized crowd surrounded the alleys to witness the battles between the big wielders of the wooden ball. Nick Thyne had so far recovered from his attack of the "grip" to roll his scheduled series, but as Hass is not in the best of health the series between that player, Thum, and Aberle was postponed until a later day. It seems that nearly all of the contestants in THE SUN tourney are suffering with the "grip," but it is thought that no more games will be postponed. Barkiage lost two more series last evening, making a total of eight straight defeats. Nick Thyne added two more victories to his credit. The score:
