

ARE FIRM FOR SILVER.

Delegates at the Memphis Convention Unanimous In That Faith.

FIGHT OVER RESOLUTIONS.

Populists Making an Earnest Effort For Declaration Upon Independent Lines and the Launching of a Presidential Boom For Sibley.

MEMPHIS, June 13.—The silver convention began its labors this morning after a good night's rest. The second day's session of the great silver convention opened with no signs of a diminution in the supply of speeches.

With this business in prospect before them, the silver men decided to begin their work at 10 a. m. This was rather early for the delegates and a number from neighboring towns in Tennessee and Arkansas, who went home overnight, failed to return on time.

The attendance, however, was almost up to yesterday, for the men who go to make up this body are not of the class of the late sleepers. Around the hotel lobbies last night there was much discussion and speculation as to the scope of the resolutions to be recommended by the resolutions committee.

At noon the committee on resolutions is locked in the parlors of the Gaylord hotel engaged in a discussion that is sure to last the greater part of the day. There is no likelihood of a report at the morning session. Injection of the Populist element into the membership has caused trouble, though this trouble has not as yet assumed a more serious form than the needless and unproductive speeches and voting down propositions of the extremists.

There can be no doubt that the conservative control the resolutions committee; that that body will not only refuse to be swung to the support of any man's presidential aspirations, but that its decisions will be confined absolutely to an earnest appeal in the interests of the free coinage of silver.

At 10:45 the Rev. Dr. Brooks of Memphis opened the convention with prayer, after which the arrival of delegates from Arizona and Arkansas was announced. Chairman Turpie then announced that the committee on resolutions was not ready to report, and introduced Senator William Stewart, who addressed the convention.

At the conclusion of his speech Senator Stewart was congratulated by loud cries for Congressman Allen of Mississippi, but when it was discovered he was not present they called for H. D. Money of Mississippi, a silver leader of the state.

Money began by stating that he was for silver from head to foot and a Democrat all over. He said that the only thing that stood in the way of free silver was the power of the executive. He believed that if a Republican president had been elected at the last election the last senate and house of representatives would have passed a free silver law. It was prevented by the pressure of the administration.

Money's address was a silver leader of the state. Money began by stating that he was for silver from head to foot and a Democrat all over. He said that the only thing that stood in the way of free silver was the power of the executive.

CORBETT-FITZSIMMONS MATCH.

Entire Southwest Has Gone Wild Over the Big Fight.

FIGHT OVER RESOLUTIONS.

Populists Making an Earnest Effort For Declaration Upon Independent Lines and the Launching of a Presidential Boom For Sibley.

MEMPHIS, June 13.—The silver convention began its labors this morning after a good night's rest. The second day's session of the great silver convention opened with no signs of a diminution in the supply of speeches.

SCOTT LYNCHING CASE.

Trial Commenced in the District Court at Butte, Neb.

A CONTINUANCE IS ASKED.

State Wants the Trial Postponed Until Next Fall—Attorney General Gives Full Reason For the Delay.

BUTTE, Neb., June 13.—The case of the state of Nebraska against the alleged lyncher of Barrett Scott, the defendant in the Holt county, who was killed on the 31st of December last year, was called in the district court in this (Boyd) county this morning. Attorney General Churchill, who was requested by the legislature to take charge of the case, filed a motion for a continuance until next fall. This action on the part of the attorney general created no little surprise, as it has been given out repeatedly that the state was ready for trial.

The defense is ready and anxious to proceed. The court expressed itself in indignant terms over the dilatory practices on the part of the prosecution and informed the attorney general that strong reasons must be presented before a further continuance would be granted. He gave the attorney until noon to present affidavits in support of the motion for a continuance. It is stated that the present cause for the delay is the absence of Dr. Gilligan and James Dibble, two witnesses for the state.

A committee of citizens waited upon the attorney general last evening and urged him to dismiss the case on the ground that it would unjustly entail a heavy burden of expense upon the taxpayers of Boyd county. General Churchill informed the committee that he was acting under instructions of the legislature and had no choice but to go ahead with the case.

It is thought that the work of securing a jury will consume several weeks. The case is expected to be tried in the fall. The attorney general is expected to present affidavits in support of the motion for a continuance.

There can be no doubt that the conservative control the resolutions committee; that that body will not only refuse to be swung to the support of any man's presidential aspirations, but that its decisions will be confined absolutely to an earnest appeal in the interests of the free coinage of silver.

FRUIT NOT BADLY DAMAGED.

Condition of the Apple and Peach Crop Better Than Last Year.

WASHBURN, June 13.—The question how much injury was caused by the severe weather in May to peaches and apples will be dealt with in a special article in the June crop report, which will be issued by the agricultural department next week. The damage was much less than was anticipated.

The first report of the season relative to the condition of peaches is decidedly more favorable than that received in June 1, 1894. Only two states of primary importance have a low condition—namely, Ohio, 23 per cent, and Michigan, 50 per cent; while Maryland is the only remaining state with a per cent less than 70, the condition there being 63.

With reference to apples, the report will say: The general condition of apples June 1 is higher than on the same date in 1894. The New England states, New York, Pennsylvania, Michigan, Wisconsin, Minnesota and Iowa are improving prospects for this season, and of these New Hampshire, New York, Pennsylvania, Michigan, Wisconsin, Iowa and Minnesota have percentages disappointingly low. The frosts of May have done much damage, although, as is usually the result, the orchards in favored situations in districts suffering most have apparently escaped injury. It is too early to determine how great the damage from the cold weather has been. The conditions on June 1 indicate, except in states above cited, a crop running from good to excellent.

There can be no doubt that the conservative control the resolutions committee; that that body will not only refuse to be swung to the support of any man's presidential aspirations, but that its decisions will be confined absolutely to an earnest appeal in the interests of the free coinage of silver.

At 10:45 the Rev. Dr. Brooks of Memphis opened the convention with prayer, after which the arrival of delegates from Arizona and Arkansas was announced. Chairman Turpie then announced that the committee on resolutions was not ready to report, and introduced Senator William Stewart, who addressed the convention.

WOMAN LAWYER WON HER CASE.

COLORADO SPRINGS, June 13.—The district court has granted Mrs. Julie A. Sherman Bolles of California a divorce with \$75,000 alimony from Richard Johnson Bolles, a wealthy mining man of this city, on the ground of desertion. Mrs. Clara Foltz, the female lawyer of San Francisco, appeared for the complainant.

HEFF HELD FOR TRIAL.

FLORENCE, Colo., June 13.—W. H. Huff, who was recently removed from the office of secretary and treasurer of the Florence Oil company, has been held in \$5,000 bonds for trial on the charge of secreting valuable papers, mortgages, bonds, money, etc., belonging to the company. Huff claims that he was not legally removed from office.

There can be no doubt that the conservative control the resolutions committee; that that body will not only refuse to be swung to the support of any man's presidential aspirations, but that its decisions will be confined absolutely to an earnest appeal in the interests of the free coinage of silver.
