

STATE OF THE CROPS.

With Three Exceptions All Show a Decline in Conditions.

EUROPEAN CROP REPORT.

Wheat Harvest of the World Slightly Less Than Last Year—Reduced Quantity Being Fed to Stock—Protracted Drouth in France.

WASHINGTON, Oct. 14.—Reports to the agricultural department show a decline in the conditions of all the principal crops, except oats, rye and barley. The detailed summary shows a widespread reduction in the condition of potatoes, due largely to drouth. The most serious complaint of the potato growers this year is the low price of the product, particularly in the northwest. The report from the department's agent for Wisconsin and Minnesota represents that in the latter state the tubers "do not pay for digging." He states that the yield is enormous.

Sweet potatoes have suffered quite sensibly from lack of rain and their condition has been materially reduced in many states. In Iowa it has fallen from 10 to 22 points.

Rye—General average condition, 90.3, a decline of four points, due principally to drouth.

Hops—The product of hops is returned at 86.9 per cent of a full crop. The quality is generally very good, except in Washington, where the loss and mold have done material damage.

Sugar Cane—There is a very general falling off in condition, due to drouth. The effect of the severe winter is seen in stunted cane fields. The prospective crop is much under that of 1894.

Sorghum—This crop seems to have suffered but little, but in Virginia low conditions exist in the Blue Ridge region the general average is 80.

Apples—The continued drouth, hot weather and hot winds of September, causing premature ripening and dropping, have resulted in a loss of over two points in the average condition of apples.

European Crop Report. WASHINGTON, Oct. 14.—The general conclusion in the British cereal trade is that the wheat harvest of the world for 1895 is about 100,000 bushels less than that of 1894, as announced in the report of the British agent of the agricultural department for October. The report adds: "It is known, however, that a greatly reduced quantity is being fed to stock, leaving about the same quantity for human beings."

The estimate of this season's wheat crop in the United Kingdom vary from 23 to 27 bushels an acre. Both in Great Britain and on the continent the wheat was harvested in such favorable conditions as to assure a high percentage of flour.

France—The official estimates for 1895 are: Wheat, 357,500,000 bushels; oats, 263,000,000 bushels. All of the other crops are suffering from protracted drouth.

Germany—The wheat crop is estimated at 104,000,000 bushels, a reduction from last year of nearly 7,000,000 bushels. The potato crop is believed to be over the average.

Italy—The wheat crop is officially estimated at 103,300,000 bushels against 118,400,000 bushels last year. A poor medium crop of corn is expected from Spain—The wheat crop is officially reported at 92,000,000 bushels. It is not a spring crop.

Bulgaria—The continued and persistent drouth is reported to have done great injury to the corn crop, which, in some districts, is said to have been totally destroyed.

Hungary—Corn crop irregular but satisfactory. Rumania—The wheat crop is exceptionally abundant. Greece—The wheat crop is unexpectedly short. A decrease of 30 per cent is expected. The rye crop is fine and heavy.

Loss 175 Pounds in Weight. CHEYENNE, Oct. 14.—Annie Grover, who died at Laramie of starvation, had no nourishment for over two months, except a glass of water. From 200 pounds in weight she wasted to 75 pounds. A most extraordinary circumstance in this connection is that the alimentary canal failed absolutely to perform its office for 10 weeks prior to death. Local physicians regard the case as one of the most extraordinary in medical annals. She lost the power of speech two weeks ago, and made herself understood by signs. She apparently suffered no pain. She was a half-sister of Sarah Alford Hill-Sharon.

Vast Falling Off in Cuban Trade. NEW YORK, Oct. 14.—Mr. Wayfield, of Wayfield & Co., steamship owners, in commenting upon the vast falling off of New York's trade with Cuba and the consequent withdrawal of several steamships from the Cuban trade, said today: "We used to ship large quantities of machinery and provisions—especially canned provisions—to Cuba, but now the Cuban factories are silent and there is only a call for machinery repairs. I may safely say that New York's trade with Cuba has fallen off over \$1,000,000 a month since the insurance began."

Retail Liquor Dealers in Session. WASHINGTON, Oct. 14.—The annual convention of the National Retail Liquor Dealers' association of America began here today. About 28 states are represented by delegates. The proceeding today were confined to a social visit to Cabin John bridge, a few miles beyond the city. The business sessions will begin tomorrow evening.

Bishop of Rochester. BASILE, Switzerland, Oct. 14.—The Rev. Richard Burnford, bishop of Rochester, died suddenly today, aged 89 years.

Guests Escaped Without Injury. MEMPHIS, Oct. 14.—The Tucker block in Dyersburg was destroyed by fire, which originated in the T. P. A. hotel, which was entirely consumed. The guests escaped without injury. Total loss, \$75,000; partially insured.

Death of Mrs. Clara Doty Bates. CHICAGO, Oct. 14.—Mrs. Clara Doty Bates died at her home here today after a long illness. Mrs. Bates was a well-known authoress, being particularly prominent as a writer of juvenile stories.

FARMERS HOLDING THEIR WHEAT.

Deluth, Oct. 14.—There is no doubt that northwestern farmers are holding back their wheat on account of low prices prevailing and marketing their course grain instead. For several days past the receipts of wheat in this market have fallen below those of last year. Receivers say that offerings are daily growing lighter, and daily sales here support the statement. On the other hand there has been a more than corresponding increase in course grains, though of course the daily reports of car inspection do not show as large a total for all grain receipts.

FOUR FATALLY BURNED.

Pittsburg Workmen Caught in a Downpour of Molten Metal.

DISASTER IN AN IRON MILL.

Pittsburg, Oct. 14.—The converters at the Frankstown mill of Jones & Laughlin overturned at 3:40 a. m. and 16 tons of molten metal poured into the pit below, where a score or more men were at work. Four men were fatally burned and four others sustained serious injuries. The names are: SQUIRE WATSON, widower, terribly burned about head and body; will die. JOHN B. BURN, may not recover. WILLIAM EDWARDS, may not recover. CHARLES FERRIS, may not recover. WILLIAM FAULKNER, THOMAS W. FAULKNER, BRANK KEARLING, SAMUEL LOWE.

The injured were removed to the hospital, where everything possible was done to alleviate their suffering. The accident occurred while the men were in the act of raising converter No. 1, which contained over eight tons of molten metal. It is raised by compressed air power. Samuel Love and John Tanney were working at it, and before they got it raised the men working at converter No. 2 started to raise it also. The metal ran out of converter No. 1, and the men became so excited over the possibility of an explosion that they let go of the compressed air machine and allowed the converters to drop. They came down with a crash and threw the metal in every direction and enveloped nearly all the men employed in that portion of the mill.

Wrecked by a Broken Frog. ELKHORN, W. Va., Oct. 14.—A passenger train on the Norfolk and Western road was wrecked by a broken frog between Bluefield and Kenova today. The baggage and mail car and the second-class coach were thrown from the track and then derailed. Seventy-six passengers were in the car and all were more or less injured. P. P. Dillon, mayor of Pocahontas, was badly hurt and F. L. Shaffer, baggage man, and one other passenger were also severely injured. All the wounded passengers were taken to Pocahontas for medical attendance.

Fourth Victim of the Trolley Accident. PITTSBURGH, Oct. 14.—O. J. Baldwin of Youngsville, a victim of last night's trolley car accident, died at the hospital this morning. This makes four deaths and three others are in a critical condition. The accident was caused by a loose chain and the fact that the trolley left the wire. The motorman attempted to stop the runaway car by reversing the current, but there was no current. The conductor and motorman both went down with the passengers and were badly injured.

Fire in the Muir Tunnel Unchecked. HELENA, Mont., Oct. 14.—Fire has been raging furiously in the Muir tunnel, on the Northern Pacific between Bozeman and Livingston, for nearly a month. Efforts were made to smother the fire by sealing the tunnel and also with steam, but both were unsuccessful. The cause cannot be estimated at this time, but it is believed to be very heavy. Large quantities of earth have fallen in on the tracks. Trains are being transferred successfully over the new track recently constructed over the mountains.

Last in Lake Erie. LORAIN, O., Oct. 14.—The schooner Nellie Duff foundered two miles off this port last night. The captain and two men were drowned. One man was rescued.

Drouth in the East Unbroken. PITTSBURGH, Oct. 14.—The long drouth in this section continues. There was some rain on Saturday, but it was so light that it gave no relief. The present extremely low water in the river is causing a vast amount of damage to the industrial establishments on the Monongahela river.

Secretary Cardie in New York. NEW YORK, Oct. 14.—Secretary Cardie, accompanied by Assistant Secretary Hamlin, is in town. Secretary Cardie denied himself to newspaper people, sending them word that he had nothing to impart to the public at this time.

DR. OVERTON CAPTURED. Fugitive Des Moines Grave Robber Caught in Madison, Wis. Des Moines, Oct. 14.—Dr. W. C. Overton, who fled two years ago from an indictment in this city for grave robbery and had since been in London and Rio de Janeiro, was arrested last night in Madison, Wis. Sheriff McCarragh left today to bring him back for trial. His accomplices have been convicted and are serving sentences for the crime.

Senator Davis Left for Home. OTTUMWA, Oct. 14.—Senator Davis of Minnesota is not ill here as reported from Webster City, but left Saturday for his home in Minneapolis. He had a severe attack of grip.

HUMPHREYS' VETERINARY SPECIFICS For Horses, Cattle, Sheep, Dogs, Hogs, 500 Page Book on Treatment of Animals and Cattle Sent Free.

South Omaha Live Stock. SOUTH OMAHA, Oct. 14.—CATTLE—Receipts, 3,800 head; choice heaves steady, others 10c lower; feeders active; steady; native beef steers, 2.75@3.25; western steers, 2.10@2.40; Texas steers, 2.25@2.35; cows and heifers, 2.20@2.35; calves, 1.50@1.80; stockers and feeders, 2.75@3.25; calves, 2.00@2.25; bulls, stags, etc., 1.50@2.25.

Chicago Live Stock. CHICAGO, Oct. 14.—RECEIPTS, 50,000 head; left over, 4,000 head; market active; heavy to higher; light, 43.00@45.00; mixed, 43.75@45.00; heavy, 3.50@4.20; including 3.50@3.75.

South Omaha Live Stock. SOUTH OMAHA, Oct. 14.—CATTLE—Receipts, 3,800 head; choice heaves steady, others 10c lower; feeders active; steady; native beef steers, 2.75@3.25; western steers, 2.10@2.40; Texas steers, 2.25@2.35; cows and heifers, 2.20@2.35; calves, 1.50@1.80; stockers and feeders, 2.75@3.25; calves, 2.00@2.25; bulls, stags, etc., 1.50@2.25.

Chicago Live Stock. CHICAGO, Oct. 14.—RECEIPTS, 50,000 head; left over, 4,000 head; market active; heavy to higher; light, 43.00@45.00; mixed, 43.75@45.00; heavy, 3.50@4.20; including 3.50@3.75.

South Omaha Live Stock. SOUTH OMAHA, Oct. 14.—CATTLE—Receipts, 3,800 head; choice heaves steady, others 10c lower; feeders active; steady; native beef steers, 2.75@3.25; western steers, 2.10@2.40; Texas steers, 2.25@2.35; cows and heifers, 2.20@2.35; calves, 1.50@1.80; stockers and feeders, 2.75@3.25; calves, 2.00@2.25; bulls, stags, etc., 1.50@2.25.

Chicago Live Stock. CHICAGO, Oct. 14.—RECEIPTS, 50,000 head; left over, 4,000 head; market active; heavy to higher; light, 43.00@45.00; mixed, 43.75@45.00; heavy, 3.50@4.20; including 3.50@3.75.

South Omaha Live Stock.
