The Corn Festival.

The entertainment given at the opera house Friday evening under the auspices of the Ladies of the G. A. R. was attended by an immense crowd of people, both the floor and the galleries of the house being crowded.

The early part of the evening was devoted to a musical programme, interspersed with tableaux. Prominent among the former was Whittier's Corn Song which was rendered as a duet by Miss Ella Sullivan and Gus Chamberlain. The words were appropriate to the occasion and the music is very pretty.

Among the other musical numbers was a song by five children, a violin solo by Anna Connor and a cornet solo by Dr. Morrill, all of which were well rendered. The tableaux were well produced, the subjects being very appropriate.

At the conclusion of this programme dancing was announced, and to music furnished by Prof. Garlich's orchestra, a hundred persons enjoyed themselves until the midnight hour. Light refreshments were served during the evening.

The entertainment was a very successful one throughout, and the members of S. A. Douglas Circle—especially the committee in charge—deserve the gratifying results which attended their efforts. The net receipts were about \$75.
