# FORM WINS ON THE HILLTOP.

### FAVORITES AND OTHER WELL-BACKED HORSES CAPTURE THE PURSES.

**Lord Harry Wins the Richest Purse in a Gallop—Panway Beats Pat Conley, the Western Horse, by Three Lengths—Bess McDuff Defeats Hazelhurst by a Neck.**

Delightful October weather, a large attendance, fair fields of racers, with all the purses won by heavily backed horses, were the features of the sport on the hilltop track yesterday. Griffin landed Mamie B. R., first choice in the opening dash, winner by a neck from Polydora, second choice. The Western gelding Pat Conley, favorite, and Panway, second choice, carried the bulk of the money bet on the second race. Panway outfooted Pat Conley from the start and beat him in by three lengths. Lord Harry, a strong first choice in the third race, came out in the homestretch, beating Woodchopper, second choice, home by three lengths. The talent rallied on Bess McDuff, Lord Motley, and Hazelhurst, as named, in the fourth race. Bess McDuff came through at the finish and beat Hazelhurst in by a neck, Lord Motley finishing fourth. Hightaway, at odds of 4 to 1, beat Helen, second choice, handily in the fifth race. Caldonia, first choice, finishing third. Maiel R. ### WASHINGTON'S RACING MEETING.

**Diablo Wins the Handicap—Liselg Captures the Purse for Two-Year-Olds.**

WASHINGTON, Dec. 28.—The day's racing opened with a dash of six furlongs for two-year-olds, with Liselg and Grace Brown selling nearly even up. Emin Bey opened at 5 and closed at 2½ to 1. When the flag fell Liselg took the track, with Emin Bey second and Grace Brown third. They ran this way into the stretch and Liselg won easily by two lengths, while Emin Bey beat Ailee colt the same distance.

In the second race Prather and Cottonade opened equal favorites at 7 to 5, while Void was at 4 to 1. Belle D. got off in the lead to a good start, with the others bunched. She led by two lengths into the stretch, where she was passed by Void and Cottonade, Void winning by a length, with Cottonade the same distance in front of Belle D.

Fidelio and Pickrocket being scratched in the third race, it looked as though Diablo should win, and he was backed from 7 to 5 down to 3 to 5. After Key West had made the running for a mile Diablo came up on the outside and won easily by two lengths. Mary Stone, coming with a rush, beat Candelabra on the post a nose for the place.

Vardee was backed very heavily to win the fourth race, but a good deal of money also went on Experience. Alcalde, Grand Prix, and Experience were the first to show after the flag fell, but at the quarter Experience took the lead and was never headed, winning a good race by a neck from Grand Prix. Alcalde third.

The fifth race was a maiden affair for all ages, and it was a pretty poor lot, with the exception of Bertha B. filly, who was a hot favorite at 5 to 1 on. Pansy and Zora were even money and take your pick for the place. Pansy and Zora made the running, with Bertha B. filly laying close behind under a pull. When she got her head she shot to the front and won by three lengths from Pansy. Zora third. Following are the entries for to-morrow:

### Racing in a Gale at Chicago.

The first race was declared off. Guido won the handicap at a mile and a sixteenth in a canter, Ormie was second, and King Mac third. That good Fausta colt, First Ward, won the five-furlong handicap easily. Bonnetta had two lengths the best of the start and finished second, with Humming Bird third. In the mile selling Teutonic, the second choice, won, with Serenade second and Gold Shoe, the favorite, third. Ice Water, at 50 to 1, tackled Vanculus in the stretch in the six-furlong selling, and in a hot drive won by a neck. Corinne was third. ### PRIZE FOR A TWO-MINUTE TROTTER.

**Mr. Forbes Offers a Reward of $6,000 for the Performance.**

Mr. J. Malcolm Forbes, owner of Nancy Hanks and Arion, believing that the two-minute trotter will soon appear, has made an offer of $6,000 for the first horse which will trot on a regulation track in 2:00 during the next five years. The offer is made in the following letter to the editor of the *Spirit of the Times*:

NAUSHON ISLAND, Oct. 15.

*To E. A. Buck, Esq., Editor, New York.*

DEAR SIR: Believing, as I do, that in the near future a mile will be trotted in two minutes, but knowing that it can be only the result of the best judgment in breeding, educating, and driving the horse that accomplishes the wonderful feat, I wish now to offer, as a reward for such skill, the sum of six thousand dollars ($6,000), one-half to go to the owner of the horse and one-half to the driver, subject to the following conditions:

My offer holds good for the rest of the season of '92 and for the five years following, if I live. The mile to be trotted over a regulation track belonging to the National or American Trotting Association, and situated east of the Mississippi River. The trial to be made under the rules of the National Association. Notice to be given in writing that the trial is to be made beforehand, so that I can have time to get to the place and see the event or send a representative. The driver can avail of all improvements in track, in harness, or in sulky. Trials for this purse only open to horses in the 2:05 class. I make the condition of an Eastern track only because I want to see the trial without going too far, and not from any prejudice against tracks further West. I take it for granted that the horse that will make a two-minute record will come to it by successive stages, and before the five years have passed there may be several horses that have a record of 2:05 or better, and it will be from one of these that the two-minute mark will be reached, and not by some 2:10 horse suddenly attaining phenomenal speed on the day of trial. A further reason for opening this purse to the 2:05 class alone is in order that I shall not receive constant notices of trials to be made by oversanguine owners, whose horses have really no chance of trotting in two minutes. Very truly yours,

J. MALCOLM FORBES.

### NOVEL TROTTING AT BELMONT.

**The Oldest Drivers in the Country Race to Road Wagons.**

PHILADELPHIA, Oct. 28.—There was a fair gathering at Isaac Woodruff's benefit at Belmont Park this afternoon. The feature of the day was the veteran's race, in which four of the oldest drivers in the country were to take part; but at the last moment Woodruff found that his mare Sentress was amiss, and, as he is somewhat crippled by rheumatism, he was afraid to risk driving a strange horse, and so the quartet was reduced to a trio. These were W. H. Doble, 77; David Wallace, 72, and J. K. Levitt, known as the Major, 69 years. Levitt had the best horse, and is the youngest and strongest. His last mile in 2:25 was too much for the others, who gave it up at the last turn. Dave Wallace, with his old roadster, John, coming twenty-three, could beat the others to the half, but the ancient nags were out of it from there.

Robert Steel's Enamel-Happy Medium cross added its fifth to the 2:30 list in Queen of Cedars, a three-year-old bay filly. Grady brought the wire so easily in 2:29¼ that she could certainly have made it three seconds faster.

Cedar Park added another in Title Clear, by Great Hopes, a son of Happy Medium.

Between heats the following entered the list or reduced their records against time:

To beat 2:30.
Alcia (4, blk. m., by W. H. Vanderbilt; dam Kate Berry, by Yankee Dan) ..... 2:29¼
Alcia is a full sister to Conway, 2:19¾.
To beat 2:40.
Lady Bambino (5, gr. m., by Bambino) ..... 2:36¼
To beat 2:45.
Beaumont (8, ch. s., by Bostwick's Almont) ..... 2:36¼
To beat 2:25¾.
Jacobin (6, br. m., by Princeps; dam Lula Wilkes, by George Wilkes) ..... 2:27
To beat 2:24¾.
La Sonnette (6, b. m., by Companion by Gen. Knox; dam Sal, by Harold) ..... 2:20¾
To beat 2:20, pacing.
Sola Walter (6, b. m., by Brown Hal) ..... 2:21¾
2:30 class, to harness, $300.

Time—2:30, 2:31¼.
Veterans' race to road wagon; two in three.

### A NEW KIND OF AMATEURS.

**The Wheelmen's Racing Board Suggests the Formation of a Makers' Class.**

In spite of the strict silence maintained by the members of the Racing Board of the League of American Wheelmen in reference to their recent deliberations in Chicago, it has leaked out that in their discussion of the cash prize question they decided to suggest to the National Assembly the idea of forming a makers' amateur class.

It is a well-known fact that the leading bicyclists receive remuneration for riding various makes of wheels, and this is the only feasible remedy to separate these men from the purely amateur racer lies in the formation of an amateur class.

Races will be provided for the makers' amateurs at all the big tournaments, and, while it is no secret now, it is asserted that they will be allowed to dispose of their prizes.

It is expected that such men as Zimmerman, Wendle, Taylor, Tyler, Berlo, Hanner, Smith, Munger, Van Sicklen, Bliss, Lumsden, Rhodes, Sanger, and others who compose this class, Chairman Albert Weston, in a Sun reporter yesterday afternoon, but refused to divulge any of the proceedings of his Board.

"Not one word, I can say, of what the Racing Board would suggest the formation of a maker's amateur class to the National Assembly of the League at their meeting in February, he refused to either deny or affirm that that assertion was correct.

It is evident that the Racing Board realized that it would take a great deal of courage to carry their report. Racing men who have been masquerading in the guise of amateurs all season were known to be receiving money from the manufacturers, but the League officials found themselves powerless to obtain sufficient evidence to convict the riders of wrongdoing.

If the National Assembly of the League of American Wheelmen approve of the Racing Board's suggestions and form a special class for makers' amateurs, it becomes an open question as to how the amateur athletic organizations will deal with the matter.

The men who are likely to join the maker's amateur class are the leading bicycle racers in the big athletic organizations, and by affiliating with the league's new class they will endanger their membership in their athletic clubs.

The recognition of a maker's class is virtually recognizing professionals under an assumed name. The men in this class will not be allowed to race for cash, but they can receive the same from the manufacturers. Providing this association there's with the approval of the National Assembly, it will kill the cash prize schemes which are being suggested.

### Jackson Goes to Naveskuk Highlands.

Peter Jackson accompanied his manager, Parson Davies, to Navesink Highlands yesterday afternoon. Jackson will stay there until next Monday night, when he will return to New York with Choynski and Davies. To-night Jackson will referee the bouts at Choynski's boxing entertainment at the opera House, Red Bank. Yesterday Parson Davies visited a well-known theatrical agent on Union square in regard to arranging dates for the appearance of both Jackson and Choynski at some of the vaudeville theatres in this city and Brooklyn.

George Dixon arrived in town early yesterday morning. He is stopping at the Occidental Hotel on the Bowery. About noon he met Jackson who is stopping at the same hotel. The two old friends met warmly and after an informal chat adjourned to a side room, near the bar. Tom O'Rourke and Parson Davies soon joined them.

Jackson's appearance yesterday was much better than when he landed from the Teutonic on Thursday morning. He told a sun reporter that his hand, which was broken during his fight with Paddy Slavin at London is nearly as sound as it ever was. He is still doctoring it, however.

### THE BEAGLE TRIALS FINISHED.

**Pottinger Dorsey's Lee II. Captures the Absolute Winner Stakes.**

Yesterday the field trials of the National Beagle Club of America were concluded at Nanuet, N. Y. In spite of the fact that the ground has been so dry during the week that it was extremely difficult for the dogs to carry the scent, the trials were a great success. This was in no small measure due to the untiring efforts of Mr. H. L. Kreuder, the President of the association, at whose place the trials were held. He not only placed his house at the disposal of the members of the association, but he provided ample accommodations for the dogs and their attendants.

Yesterday's trials were by far the most important of the week, as they included the Absolute Winner Stakes, open to dogs that had won a first prize during the week, and trial open to packs of four.

In the absolute winner class five of the best beagles in the country were pitted against each other. They were: Lee II., owned by Pottinger Dorsey of Newmarket, Md.; Clyde, owned by L. S. Turpin of Dorchester, Mass.; June Rose, owned by Forest Kennels of West Duxbury, Mass.; Millard, owned by the Somerset Kennels of Bernardsville, N. J., and Zilver, owned by the Rockland Kennels of Nanuet, N. Y.

Lee II. and Clyde were drawn in the first heat. They were put down at 8:25 A. M. and taken up at 8:12 A. M. They were very evenly matched, and ran an exceedingly close race. The judges, in view of the good work done by Lee II. during the week, decided in his favor.

The second heat brought out June Rose and Millard, who won the puppy class on Thursday. This heat resulted in another very even trial. At the end of half an hour, when the dogs were taken up, Millard had a shade the best of it.

Zilver then ran her bye with Clyde at 9:50 A. M. Both showed creditable form, and it was a hard matter to choose between them, but in view of the good work done by Clyde in his heat with Lee II. he was placed ahead of the New York dog.

Zilver and Lee II. were pitted against each other at 10:20 A. M. and taken up at 10:45 A. M. Lee II. showed up in splendid shape, and the judges had little trouble in deciding in his favor. The judges then selected Lee II. and Millard to run in the final bout. They were put down at 11 o'clock and taken up at 12:20 o'clock. During their hour and twenty minutes' run their work was eagerly watched by all the beagle lovers present, as a victory in this class meant fame and fortune to the lucky dog. Both dogs did splendid work, and for a time it looked as though the judges would have a hard time to pick the winner, so evenly were they matched. Lee II., however, did the better work toward the end and was declared the winner.

Just as the trial was finished a letter was received from W. H. H. Clark of Philadelphia, President of the American Kennel Club, saying that his dog Tony Weller, who won this event last year, had been shot by a pot hunter, and was not expected to live.

Tony Weller competed in the dog class on Tuesday, but was unplaced.

After dinner all hands again adjourned to the field to see the packs compete.

Four packs of beagles were represented, the Rockland Kennels of Nanuet, N. Y., and the Glenrose Kennels of Melrose, Mass. The former was represented by Roy R., Zeller, Lou, and Fanny Racer, and the latter by Filter, Butterfly, Lurthenia, and Odyssey A. After a three-hour session, the judges awarded first prize to the Rockland Kennels' pack.

### Heffelfinger Says He Will Not Play This Year.

NEW HAVEN, Oct. 28.—Heffelfinger denies that he intends to return to Yale. He is still in the city, however, and played football on the field with the varsity eleven this afternoon. The gates were closed to everybody save the members of the team, substitutes, and coaches. One thing which is construed to mean that Heffelfinger will play is that Ives, who has made good showing, is laid up from the football field. Ives's excuse is that the work is too heavy for him and that he can stand it no longer. This would leave a place for some one to fill, and it possibly seems as though he gracefully retired to make room for the coming of Heffelfinger.

### Princeton and Wesleyan To-day.

This afternoon the first serious engagement of the football campaign of 1892 will take place at Manhattan Field. The opposing eleven will be those of Princeton and Wesleyan, and the game is sure to draw out a large crowd. While Princeton is certain to win, interest will centre in the extent of her victory. Early in the fall Wesleyan compelled Yale to be satisfied with 6 points in two halves, but subsequently the Wesleyans did not distinguish themselves. The game to-day is the first one in the series for the championship of the Intercollegiate Athletic Association, and the ball will be put in play promptly at 3 o'clock. The full strength of the Tigers will be exerted, as can be seen from the line-up under of the two teams:

| *Princeton.* | *Positions.* | *Wesleyan.* |

### Columbia's "Feather Weights" Beaten.

The game was played at the Berkeley Oval. Hamilton Fish of Columbia was referee. The teams lined up as follows:

### The Men Who Were Measured for Yale Uniforms.

NEW HAVEN, Oct. 28.—The prominent candidates for the Yale Football eleven were measured for suits last evening. The list of men chosen is important, because it disposes of certain claims of players who were thought to stand a good chance of playing. The fortunate candidates include McCormick, captain; Little, Lyman, Norton, Adee, Richards, Stillman, L. T. Bliss, C. D. Bliss, McCrea, Dyer, Messler, Armstrong, Greenway, Rockwell, Corbin, Wes. Beard, Wallis, Winter, Sanford, Hinkey and Hikok.

Ives, O'Neill, Cochrane, and Cox, three players who have taken part in several games on the varsity eleven this fall, were not measured for the distribution of the uniforms. All three of the rejected men are powerful athletes. In the case of Ives, Cochrane, and Cox, it is said that they failed to make the grade owing to physical disabilities from which they will be unable to recover in time for the championship contests. O'Neill is said to have fallen due of lack of knowledge of the points of the game.

Heffelfinger coached the eleven this morning at private practice in a room on the new gymnasium.

The annual report of the Treasurer of the Yale Football Association was submitted this morning by Noah H. Swayne, Jr. The total receipts were $7,674.37, including $669 left over by the management of two years ago. The general running expenses were $5,375.80, besides which $1,225 were paid to visiting teams. Just $1,000 of this was returned over to the Yale field and the balance in the treasury, $73.57, went to the Yale Financial Union.

### Football Games To-day.

Princeton vs. Wesleyan, at Manhattan Field.
Crescent vs. Orange, at Orange.
Adelphi vs. Stevens High School, at Hoboken.
Prospect Park vs. Staten Island, at Livingston.
Volunteers vs. Tenakill Boating Club, at Polo grounds.
Y. M. C. A. vs. Mt. Vernon A. C. at Mt. Vernon.

### Football Notes.

Sheldon will very likely play with the Crescents this afternoon. If he does he will wear a mask over the injured side of his face.

The Polytechnic Institute team will play their first home match of the season, at Eastern Park, on Tuesday, Nov. 1, with the Unions of Columbia College.

The Volunteers of Harlem will visit Dobbs Ferry on Nov. 5 to play the second representative eleven of that place. On Election Day the Volunteers will play the Elizabeth A. C. at Elizabeth.

Stevens Institute defeated the St. John's College on their lacrosse field grounds, Hoboken, on Thursday afternoon by a score of 22 to 0. The game was brought one, four of the Stevens team being disqualified and one of the St. John's College.

The Y. M. C. A. of Brooklyn game with the Mt. Vernons this afternoon, will line up as follows: Left end, Moore; left tackle, Wilson; left guard, Bell; centre, Wenzell; right guard, Conklin; right tackle, McLaughlin; right end, Kay; quarter back, Chauncey; left half back, Evans; right half back, W. D. Moore; full back, McCurdy, captain.

The Crescent team, in their game with the Orange eleven to-day, will probably be made up as follows: Stockton, full back; Sheldon and Faust, half backs; Hooper, quarter back; Norman or G. Wingate and J. A. Lawrence, centre; Brown and Price, guards; Hotchkiss and Robinson or Baldwin, guards; Matt LaMontie, centre.

### Chicago Players Kicking Over the Traces.

CHICAGO, Oct. 28.—The Chicago Baseball Club are experiencing some difficulty in signing three of last season's players, namely, Ryan, Hutchinson, and Kittredge, and it is still a question if these three cracks will wear Chicago uniforms next year. Schriver is now the only player of the old team signed. He was cut from $2,400 to $1,800, and without much of a murmur. The same proportionate cut was suggested to Ryan but the star centre fielder would not submit. Hutchinson will be asked to stand a slight cut. Kittredge, who has recently married, contends that he cannot and will not accept a reduction. He says that he can earn much more money in commercial life than the Chicago club contemplates paying him. Walter Wilmot announces that he will go into business outside of baseball before he signs at a reduction. Farrot, Dahlen, and Dungan have already signed.

### Football, Princeton vs. Wesleyan.

First championship game, 3 o'clock this afternoon, at Manhattan Field, 6th ave. and 106th st. Admission, 50c.; grand stand, $1.00.—Adv.

### IT WAS NO CINCH.

**The Monarchs Thought It Was, but They Were Mistaken.**

There was much sorrow in the ranks of the Monarch Bowling Club last night in the national bowling tourney. Remembering their two grand victories of the previous week, their friends journeyed over from Brooklyn in large numbers, fully expecting to see the Fifth Ward and Jolly teams defeated by their pet bowlers. There is considerable feeling between the Monarch and Fifth Ward teams, and the local bowlers had many rooters present. It proved to be one of the prettiest games rolled this season. The Monarchs led for three frames; then the Fifth Wards forged to the front, leading by a few pins, only to lose the lead again, and finally to win the game in the last frame by four pins.
