A1 DRESSMAKING AND CUTTING TAUGHT.—The only genuine tailor's system, as used by all ladies' tailors, habit makers, and first-class dressmakers; persons come daily; been deceived by so-called garment drafting machines, charts, and numerous so-called tailor systems that advertise to instruct free (but you must buy their worthless chart), or they may show you a square which differs widely from the genuine; there is only one genuine tailor's system that is the same as gents' garments are cut by, not Taylor by name, but tailor by trade system. Why do ladies pay high prices and demand tailor-cut garments? Because no other system can give the style, grace, and beauty. We do not ask you to pay money when investigating or force you to learn, as other worthless imitations do, knowing if you investigated further they would lose you; no paper pattern rooms or fashion book sellers, but genuine first-class dressmaking parlors, where you see the most elegant garments made. We are the inventors of the seamless garments, glove-fitting, without darts; also the new bias side-gore; references given from leading houses; positions procured. Call or write for circular.
