WIZARD SCHAEFER'S DREAM.

"SLOSSON, 600; IVES, 599," IS WHAT HIS SHADOW-LAND SCORE SHOWED.

Schaefer Declares that He Has Discovered a New Run-Making Wrinkle at Balk Line —Ives Replies to the Wizard's Criticisms —The Young Napoleon Wants to Beat Vignaux's Average of Seventy-five— Great Work by the Experts Yesterday.

Jacob Schaefer had a dream on Thursday night about the "Big Three tourney" between himself, Ives, and Slosson in the Madison Square Concert Hall next week. It was in connection with the result of the opening game between Ives and Slosson on Monday night. Dreams do not count as a rule, but old readers of The Sun will remember that an employee of the Brunswick-Balke-Collender Company dreamt, when Slosson and Schaefer were to play a match in Chickering Hall about four years ago, that Slosson would beat Schaefer at a discount. The result of the game was that the score showed that Slosson had more than discounted the "Wizard." Schaefer's dream is reported here simply as a curiosity. Here are the details:

"The game was exceedingly close. The score stood: Ives, 599, with one to go; Slosson, 599, with four to go. Ives made a miscue, and Slosson ran it out."

It will be in order for billiard lovers to discover on Monday how near Schaefer, who is called the "Wizard," can come to results in the rôle of a seer. All of Maurice Daly's colored help were making policy "gigs" on these figures last night.

Schaefer now says that he has discovered a new wrinkle at billiards that is better than the "anchor nurse" in gathering in by runs at balk lines and which is more entertaining. All that Jake would say about it yesterday was that it was a discovery that several tricks at nursery carroms could be picturesquely combined. He said that he didn't want to give away the exact nature of the new system of play. If it was worth anything at all he wanted to reap the full benefit of it as the discoverer. The "Wizard" played a game in the Coleman House yesterday afternoon and reeled off a run of 368 points without the aid of the anchor nurse.

Ives, who continues to play with phenomenal skill and speed, had this to say yesterday about Schaefer's criticisms:

"Schaefer says I kicked so hard that I lost the game. Well, I wish that somebody would watch Jake and learn some new points in the art of kicking. He can give them. If I had run out the game in my break of 456 in Chicago, why didn't he do the same in his big run? I had the balls in identically the same place as he had them in his collection of 343. If there was a hole in the cloth he had the same advantage, but didn't make use of it. Indeed, he says I am afraid to play cushion carroms. He seems to be afraid to play a balk-line match with me. That match was made by his backer, Mr. Roche, with Jake's full concurrence. Until it is played or forfeit paid I will not talk about cushion carroms."

Ives laughed heartily about the "Wizard's" dream. "Dreams don't affect the game of billiards," he said. "All that I want to do is to beat Vignaux's average of 75, made in a game with Slosson in Chicago some years ago. Then I will be satisfied. I have beaten all other records. I should like to average 100."

Last night Schaefer played in a private parlor of the Coleman House. His adversary was W. A. Spinks. Schaefer's high run was 402, in which there were a number of masse shots and very little "anchor nursing." The score was:

Schaefer—105, 6, 0, 71, 402, 16. Total, 600; average, 100.

Spinks—12, 1, 2, 14, 25. Total, 54.

Schaefer made it manifest in this game that, while his masse strokes were not as free as formerly, they were still just as effective in results.

Slosson was all smiles when he heard of Schaefer's high run. Both these stars seem to be pulling together to knock out the "Young Napoleon." Slosson played last night with J. B. Stark, an amateur, and won out a game of 600 points in twelve innings. His finishing runs were 155 and 209, and his average 50.

Ives in the afternoon beat the work of Slosson. The "Young Napoleon's" game, however, plainly showed the effect of the strain of playing 1,800 points on the day previous, in which he scored 553 and 598 without any anchor nursing. Heiser began the game with Ives and was succeeded by Maggioli. The score was:

Ives—6, 16, 118, 99, 40, 7, 69, 202, 52. Total, 600; average, 66 6-9.

Heiser and Maggioli—3, 1, 1, 0, 0, 24, 10, 15. Total, 54.

Frank Parker, manager of the big Chicago match that Schaefer won from Ives, telegraphed to the Brunswick-Balke Company yesterday that he wanted to bet $1,000 at best odds that Ives would beat Schaefer out in the New York tourney, ties to be played off.

President Hensinger of the Brunswick-Balke Company came from Cincinnati on Thursday to be present at the big tourney. He is a strong Schaefer man.

Schaefer, Ives, and Slosson will meet at noon to-day to decide upon who shall be referee and marker of the tourney. This is the last preliminary to the great meeting next week.

WANT TO PROTECT THEIR CLUBS.

Why All Amateur Cannot Compete in the Metropolitan Championships.

In connection with the annual boxing and wrestling championships of the Metropolitan Association of the A. A. U., which are fixed to take place at the Central Opera House Dec. 21 and 23, the following letter has been received:

To the Editor of The Sun.—Sir: I notice in an announcement sent out by the committee in charge of the coming boxing and wrestling championships that they claim it is absolutely necessary to belong to some club in membership in the Metropolitan Association. Will you kindly tell a constant reader why they assume to dictate such terms and where their authority comes in. There are in New York city, Brooklyn, and Jersey City a great many genuine amateurs (boxers and wrestlers) who would like to strive for these honors, but are forced to stay out because they are not members of athletic clubs.

I hope that you will ventilate what seems to me a wrong, and see if the championship meeting cannot be thrown open to all amateurs, as it should be.

C. RUSSELL.

The communication was shown to Secretary Sullivan of the Metropolitan Association yesterday. He could not see any way by which the ironclad rules which govern Metropolitan contests could be modified so as to allow amateurs to compete indiscriminately for the district championships. "A glance through our handbook," he said, "will show that the objects of this association are:

"First—To foster and improve amateur athletics throughout its territory, in accordance with the standards and under the rules prescribed by the Amateur Athletic Union.

"Second—To protect and promote the mutual interests of its club members.

"Third—To institute, regulate, and award the amateur athletic championships of this association.

"Now, continued Secretary Sullivan, "in association championship meetings no person from a member of a recognized athletic club belonging to this association will be eligible to compete. All entries must be made from the club of which the proposed contestant is a member, and each entry must be accompanied by the declaration of the captain or other proper officer of such club that such entry conforms in all respects to the constitution, by-laws, and rules of the Union and of this association; and no entry of an individual other than a member of a duly authorized club of at least fifty members will be accepted for any championship meeting."

The officials for the coming boxing and wrestling tournament, to be held at the Central Opera House, Dec. 21 and 23, were selected last evening by the committee. They are as follows:

Referee of boxing, Maxwell E. Moore, N. Y. A. C. Judges, P. J. Donohue and Frank Cramer, Sewanhaka Boat Club. Timers, Bob Stoll, N. Y. A. C., and Jack Abell, N. Y. A. C. Referee of wrestling, Gustave Bojens, N. Y. Turn Verein. Judges, T. A. Collett, St. George's A. C., Lauterwasser, N. Y. Turn Verein. Timers, Mortimer Bishop, N. Y. A. C.; David White, Clipper A. C.

Gossip of the Ring.

Jack Dorsey, the "Baltimore Spider," announces his willingness to try conclusions with any 126-pound man for a purse.

Tommy Ryan, the Chicago welter weight, declares that if Billy Smith is as anxious for a fight as he claims to be, he (Ryan) will accommodate him at 142 pounds.

Fred Norris, Billy Madden's "Cyclone," said yesterday to a Sun reporter that he has intended to go to Washington, his home, and start a school for boxing.

Melvin J. Chisum, better known as the "Texas Hurricane," arrived in town yesterday. Chisum says that he is willing to fight anybody in the country at 130 pounds.

TO THE EDITOR OF THE SUN.—Sir: Seeing in THE SUN that Tony Moran is desirous of a match at 122 pounds, I will accept his proposition, give or take two pounds. Address George Connors, 405 Canal street, New York city.

TO THE EDITOR OF THE SUN.—Sir: Instead of having an idea of retiring from the ring, I wish to state that I am open to fight any man in the world at from 145 to 150 pounds for a suitable purse offered by any reliable club. First come first served.

FRANK GORMAN.

Billy Roach told a Sun reporter yesterday that he would back Harry Martin for any part of $1,000 against Mike Leonard and Martin will allow Leonard to weigh in at the ring at 132 pounds. It is said that Mike Donovan will offer a suitable purse for these two men to fight for at the N. Y. A. C.

MUNCIE, Dec. 8.—The prize fight here last night between Kid Gilbert of Indianapolis and Jack Moore of Toledo was a brutal affair. The lads work at the mat and bolt factory, and the fight was the result of a dispute. It took but seven rounds to "wind" them both, and even then the motley crowd of iron workers had enough. The lads got mad and fought part of the mill with bare knuckles. Knockdowns were numerous, and the ring was changed from time to time in order to prevent the boys from doing the last three rounds in a pool of blood. Gilbert had the best of the knocks.

PLENTY OF HARD FIGHTING.

Several Vicious Bouts Cut Short at the Pastime A. C. Tournament.

The preliminary bouts in the Pastime A. C. boxing tournament took place at Maennerchor Hall, 208 East Fifty-sixth street, last night. The first pair did not put in an appearance until almost 9 o'clock, and long before that hour every desirable seat in the building had been snapped up by the sports, who had been getting anxious for a boxing show.

The announcement of Maxwell E. More, New York A. C., as referee was hailed with approval. Billy Robertson and P. H. O'Keeffe were the judges and R. Stoll and J. C. Spaeth timekeepers.

The sport opened with bouts in the 110-pound class. M. J. Streeben, Hanover A. C., faced J. Cain, Bridge A. C. Cain won comfortably from start to finish. W. Haas, Clipper A. C., and J. Fox, Pastime A. C., sailed in to finish each other in the first round. Haas made the better attempt, and got the decision.

The 120-pound class was then sampled, with J. Guerringue, Union A. C., and F. Magner, Pastime A. C., as the first pair. The "Indian" had been ruled out of the 110-pound class for excessive avoirdupois. He ratified the official estimate by overwhelming the Union A. C. man after three windmill rounds.

Richard Donovan, Dolphin A. C., was also drafted from the 110-pound class to meet W. Lester, Bridge A. C. He fared much worse than his predecessor, and was declared a loser after three hot rounds. Donovan wore the Brooklyn Handball Club colors.

T. Meclirr, the Pastime A. C. 120-pound crack, was drawn against J. Crow, Lexington A. C., to the misfortune of the latter. McClirr proceeded to "eat crow," as one of the talent put it, and got the decision after 1 minute 43 seconds of one-sided fighting in which McClirr's left-hand jabs played a conspicuous part.

W. Markey, Spaulding L. C., and Frank Coyle, Pastime A. C., proved a splendidly matched pair. They hammered each other with a vim which brought onlookers to their feet in cheering appreciation. Coyle was very clever while fresh, but the Spaulding lad outstayed him, and did most of the effective leading and punching in the final round. The judges disagreed, and the referee gave Markey the bout.

J. Clare, a light-haired cyclone from the Star A. C., graduated from the 115-pound class by scoring decisively over Dick Gorman, Union A. C. Then followed a burlesque on sparring, which the referee stopped after 2 minutes 30 seconds. The principals were J. McCarren, Union A. C., and Otto Raphael, Clinton A. C. The latter stripped apparently pounds over weight, which probably accounted for McCarren's reluctance to face the music. At any rate, the Union A. C. man was not aggressive enough to please the referee, and he was adjudged a loser for "showing no inclination to hit."

The next bout was little better from a scientific standpoint. G. Basil, Pastime A. C., was the aggressor, and he punished C. E. Van, Clipper A. C., so viciously that the referee stopped the contest after 2 minutes 10 seconds of the second round expired, and gave Basil the decision.

Bob Abercrombie, Palmetto A. C., got tired of being a chopping block for F. E. Sheridan, Pastime A. C., and quit after fifty seconds of the second round. He had apparently mistaken his vocation.

A bout between a 145-pound pair, Pete Riley, Star A. C., and Nicholas George, Hanover A. C., brought the exhibition to a climax. They went to each other as if the result had to be figured on "knock-outs," Riley forced the fighting, and frequently carried the war into his opponent's corner. After three rounds the judges could not agree, and the referee decided that George had won. He was a very agreeably surprised pugilist.

THE FIGHTING GROUND SELECTED.

Corbett and Mitchell to Fight in the Building Used for State Fair Purposes.

JACKSONVILLE, Dec. 8.—The old fair grounds, comprising some twenty acres and about 2½ miles from the centre of the city, is to be the scene of the great Mitchell-Corbett fight. The grounds are well located, and the old State fair main building will be used for the battle. The two sides will be torn down and other wings added, making a sort of an eight-sided house. Work on the improvements will be commenced the first of next week. There will be fifty or more boxes, and seats in them will be sold from $10 to $35 each.

One of the things suggested is to have the fight take place in the daytime, thus affording the contestants all the light they wanted. Delaney said that he knew Corbett would like such an arrangement, for he claims that Jim wants to meet Mitchell so badly that he would go into the ring blindfolded if necessary. The training quarters at Mayport are being fitted up, and Delaney will go there to-morrow and have everything in readiness when Corbett comes here next February. They have the famous old Wallace cottage and two other houses, all being well fixed for this purpose. They intend to have a handball court, sprinting room, and one or two sheds for special work. The quarters are right upon the beach.

Soldiers Will Bivouac Near the Ring.

LAPORTE, Ind., Dec. 8.—The report that the militia would march on Roby next Monday was confirmed here this morning by an official order from Col. James K. Gore of Elkhart, commander of the Third Regiment. This city has been made the point of rendezvous of the companies comprising his command. Capt. Morrison of Company L of this city has received marching orders, and 500 militiamen, supplied with equipage for active campaigning, will go into camp within the enclosure of the athletic club at Roby.

CLASSIFYING CYCLERS.

New Rules Which the L. A. W. Will Submit to the National Assembly.

The Racing Board of the L. A. W. have placed in shape their rules regarding the new classes. They will submit them to the National Assembly next spring for adoption. The two classes are defined as follows:

Class A—An amateur who has not engaged in, nor assisted in, nor taught cycling or any other recognized athletic exercise for money or other remuneration, nor has ever competed with or against a professional for a prize of any description, or one who, after having forfeited the amateur status, has had the same restored by a competent authority having jurisdiction over the sport.

A cyclist ceases to be an amateur of class A by: (a) Encouraging in cycling or other recognized athletic exercise, competing, assisting, training, or coaching any person therein, either as a means of obtaining a livelihood or for a wager, money prize, or gain; (b) competing with a professional, or making pacemaker for or having the pace for himself made by such in public or for a prize; (c) selling, pawning, barter-ing, or otherwise turning into cash or in any manner realizing cash upon any prize won by him; (d) accepting directly or indirectly any remuneration, compensation, or expense whatever for cycling; (e, in the case no prize shall exceed $15, in value, and such prize shall be limited to medals, wreaths, diplomas, plate, and jewelry only; (f) competing with amateurs of class B and having were lost his status in class A, cannot recover it or be restored thereto.

Class B—An amateur of this class shall be a cycle rider who has competed in public for pay or remuneration for riding, but shall not compete for a cash or a dividable prize, nor realize upon any prize won by him. A cyclist ceases to be an amateur of class B by: (a) Engaging in cycling or other recognized athletic sports or exercises, for a wager, money prize, or gate money; (b) competing with a professional, or making pacemaker for himself by such; (c) pace made for himself by such in public or for a prize; (e) selling, pawning, or otherwise turning into cash or in any manner realizing cash upon any prize won by him; (d) losses may be granted by a majority vote of the racing Board for competition in invitation race between amateurs of classes A and B, prize rule of class A to govern.

The prominent racing men of to-day are enjoying the privileges which will be accorded to them in class A. The only line which will separate them from direct professionalism will be the restriction that they cannot race for cash prizes. Chairman Raymond of the Racing Board informed a SUN reporter yesterday that the Board will suggest the adoption of the two classes as the only feasible method of settling the vexed amateur question.

New Cash Prize Cycling Combination.

From present appearances bicycle racing for cash prizes will be continued in this city next season. It seems that Receiver Freedman of Manhattan Field and Manager Sanger of the Madison Square Garden have formed a combination to hold races of this nature, and will license riders themselves. They intend to hold twelve days of racing in the garden this winter and twelve days at Manhattan Field next summer. They claim that sufficient inducements will be offered as the Zimmerman, Johnson, and the other cracks will join. This arrangement comes from the fact that the Philadelphia end of the National Cycling Association threatens not to grant licenses to those riders who compete in the coming six days' race at the garden.

Individual Prizes Assured to Cricketers.

The Executive Committee of the Metropolitan District Cricket League met yesterday at the Cricketers' Club. The principal business was in connection with the presentation of the pennants and individual prizes, which takes place on Dec. 16. While the league constitution provides for an outlay for pennants, there is no provision for individual prizes, and, as there are six of them to be distributed, many thought that a draft should be made for them on the league treasury, inasmuch as that such action would be unconstitutional. The matter was amicably settled when the President, Mr. J. A. Walker, the Vice-President, said they would be personally responsible for the gifts. The league treasury is now in a most satisfactory condition, and a substantial surplus will be carried over to next season.

Wants to Play Ball Here.

Treasurer Talcott of the New York Baseball Club received a long letter yesterday from one of the most celebrated players in the League asking that his release be purchased, as he was anxious to play ball in this city. Mr. Talcott refused to disclose the identity of the player, but said that he would open negotiations with the club of which the player is a member, if suitable terms can be made, the man will be secured. Talcott has it that either Farrell of Washington or Harper (ex-Boston) is the player.

GREAT DAY FOR THE TALENT.

Five Favorites and a Second Choice Win the Purses at Bennings.

WASHINGTON, Dec. 8.—Five favorites won at Bennings, and the twenty-seven bookmakers quit big losers. One or two laid up against Shelly Tuttle in the last race and won out on Tartarian's success. Owing to the bad condition of the inner field, the handicap steeplechase was changed to a mile and a half on the flat. Lithbert, who would have been at 50 to 1 over the sticks, was made the medium of a heavy plunge and spread-eagled his field, winning in a walk. The track was sloppy but hard underneath and the horses had good footing. The opening race was won easily by Aurelian, who was heavily played at 3 to 5 and 1 to 2, closing at 1 to 3. Little Mat beat Curacoa a head for second place.

In the second race there were a number of good things, but Play or Pay carried the most money, and won on the post by the shortest of heads from Sonora. Restraint was favorite in the handicap, and won all the way, Tanway just beating Sullross for second. Lithbert won the fourth race in a romp, with Geronimo next and Aspen Leaf fourth.

Artillery was a prohibitive favorite in the fifth, and but 1 to 5 was obtainable. After Fidget had led to the last sixteenth, the favorite collared her and won handily. The sixth race went to Tartarian, second choice, who opened up a gap which Shelly Tuttle could not close. Play or Pay was bid up $305, and bought in by the owner. Summary:

First Race—Two-year-olds; six and one-half furlongs. Aurelian, 108 (Penn), 1 to 3, won; Little Mat, 108 (Hamilton), 7 to 1, second; Curacoa, 108 (Harris), 10 to 1, third. Time, 1:24¾. Tigerslan ran.

Second Race—Selling; five furlongs. Play or Pay, 106 (Lamley), 11 to 5, won; Sonora, 104 (Blake), 4 to 1, second; Tom Hart, 104 (Verplank), 10 to 1, third. Time, 1:03. Heads or Tails, Robin Hood, Syracuse, Silence, Linstone, Freezer, Bolero, Vesta Lily, and Yellow Rose also ran.

Third Race—Handicap; one mile and a sixteenth. Restraint, 104 (J. Lamley), 7 to 5, won; Tanway, 96 (Newell), 7 to 1, second; Sullross, 105 (Griffin), 8 to 2, third. Time, 1:52. Bessie Boland and Moonraker also ran.

Fourth Race—One mile and a half. Lithbert, 140 (Pines), 3 to 5, won; Geronimo, 137 (Simms), 10 to 1, second; Aspen Leaf, 125 (C. Hamilton), 50 to 1, third. Time, 2:52. St. John, Capt. Manning, Oaklawn, Barchet, Mars, and Eighth also ran.

Fifth Race—Four and a half furlongs. Artillery, 107 (J. Barrett), 1 to 5, won; Fidget, 107 (H. Jones), 8 to 1, second; Amrath, 107 (Griffin), 40 to 1, third. Time, 0:57. Panhandle and Laughing Water also ran.

Sixth Race—Three-year-olds; six and a half furlongs. Tartarian, 107 (Mc Pines), 2 to 1, won; Shelly Tuttle, 104 (Simms), 7 to 10, second; Mack, 107 (Griffin), 6 to 1, third. Time, 1:25. Lismore, Bayard, Blue Blood, and Calathara also ran.

Following are entries for to-morrow's races:

First Race—Maiden two-year-olds; five and a half furlongs. Ariosto, Thurmond, Tom Kling, Ben Valley, Mr McIntyre, 111 each; Blue Mass, Golden Valley, Queen T., Brightwood, Finance, Loving Heart, Dominic Claneman, Dass, Union, 108 each.

Second Race—Handicap; six furlongs. Capt. Brown, 114; Tartarian, Shelly Tuttle, 110 each; Mack, 100; Can't Tell, 103; Factotum, Florence, 98 each.

Third Race—Four-year-olds and upward; six furlongs. Johnny, 116; Pottowattomie, 110; Fleetwood, 109; Rosa Lee Palatina, 105; Lizzie, Commodore Vaughan, 103 each; Dalsarbaron, Lady Kate, Dollywood, Mc Lilly, 100 each; Postmaid, Cheyenne, 97 each.

Fourth Race—Selling; one mile. G. R., 108; Tom Flynn, Gettysburg, Mustive, 103 each; Elsmore, Hourl, Philion, 100 each; Arab, 99; Shadow, Ebony, 97 each; Chiswick, 96; Prince Otto, Dillon J., Hiram, 93 each.

Fifth Race—Selling; four and one-half furlongs. Gonzales, 116; Gray Eagle, Verona, 114 each; Benjamin, 110; Lady superior, 114; Syracuse, 113; Woodban, 112; Fidge, 111; Recherche, Out of Sight, Jim Dunn, Hermia, 109 each; Lallah, 107; Confederate, beautiful Belle, 105 each.

Sixth Race—Six furlongs. Tom Karl, Willie McAuliffe, Gold Dan, Annie Lawson, Mamie Callahan, Prem, Heads or Tails, G. W. Cook, Blue Blood, Rolero, Needmore, Fremont, Luray, Robin Hood, 105 each.

The Winter Meeting at Ivy City.

Secretary Sass of the Ivy City Jockey Club has settled all doubts as to whether racegoers, horse owners, trainers, jockeys, bookmakers, and pool-room keepers have a chance to keep their nimble dollars spinning all winter by announcing the programme for the first three days of the meeting, which will begin on Dec. 14, at the close of the Bennings meeting. There will be six races each day, four for purses of $300 each, and two for $400 purses, of the usual dash order, with steeplechases and hurdle races thrown in.

BOARD OF REVIEW'S GOOD WORK.

Secretary Morse to Stop Issuing Certificates to Suspended Owners and Horses.

The Board of Review of the National Trotting Association held its final session at the Murray Hill Hotel yesterday, and adjourned after ordering Secretary M. M. Morse not to issue certificates to owners of horses under suspension.

These certificates are for identification. They show the age, color, breeding, and record of the horse, and are issued for the protection of foreign buyers and associations. So many frauds have been practised in the past that some five years ago the United German Trotting Clubs asked the National Trotting Association to issue a certificate of identification, and send over a printed form, which has since been used. Afterward the Austrian, French, and English associations adopted the same rule, and now all trotters exported to the other side are furnished with these certificates.

In passing this order one exception was made, in favor of J. W. Jay of Waterloo, N. Y., President of the New York State Breeders' Association.

Dr. Jay, who makes frequent shipments to the other side, is sending over thirty trotting horses this week. Among them is a bay mare called Spray, which the Doctor purchased from a suspended Kentucky horseman. In view of the fact that the Doctor is an innocent party in the matter, it was decided to make an exception in his favor, so Spray will be supplied with the usual certificate.

The next meeting of the Board of Review will probably be held in Chicago in May, 1894.

THE BREEDERS OF THE NORTHWEST.

They Intend to Reorganize as an Incorporate Body.

CHICAGO, Dec. 8.—The Northwestern Trotting and Pacing Horse Breeders' Association, which has done business as an unincorporated body for ten years, has determined to reorganize as an incorporate body, with two classes of members. At a meeting held yesterday the Hon. John L. Mitchell of Milwaukee was reelected President, and R. Allen, Secretary and Treasurer. These Vice-Presidents were also elected: Jackson I. Case, Wisconsin; H. C. Jewett, New York; W. P. Ijams, Indiana; W. B. Raymond, Montana; E. A. Emery, Ohio; S. A. Browne, Michigan; John Walter, Hayes, Iowa; W. A. Sanborn, Illinois; Bradford Dubois, M. F. Kirk, A. C. Beckwith, George W. Sherwood, and Edward Martin.

The financial statement of the association for 1893 shows that the receipts from all sources were $101,541 and the expenditures $101,922, leaving a balance of $14,618. The receipts for pools during the September meeting were $24,000, and the gate receipts $23,455. The purses amounted to $83,355, exclusive of the *Spirit of the Times* contribution of $11,000.

Budd Doble was paid $6,028 for exhibitions with Nancy Hanks and other horses, and Monroe Salisbury received $2,707 for showing Directum and one or two other steppers.

IT LOOKS LIKE HINKEY.

The "Silent Captain" is Anxious to Lead a Yale Team to Victory.

NEW HAVEN, Dec. 8.—The members of the Yale football team are delaying the election of a captain beyond the usual date. No explanation for this is offered, and Capt. Hinkey and Manager Holter both agree in the statement that the election will take place some time before Christmas. As was rumored before the Princeton game, it is now pretty well settled in the minds of the undergraduates that Hinkey will be his own successor; in fact, it is stated that Hinkey is desirous of a reelection. Had his team won the Princeton game, however, he would have felt differently. Now it is his desire to captain a Yale team to victory and the championship. Hinkey's only rival is Butterworth, the gamey full back. He and Hinkey are close friends, and the former would make any sacrifice to see the "silent captain" lead the way another year.

There has been a report that the Yale faculty has taken steps toward reforming football, and "laying certain plays legislated against." None of the foot-ball men on the campus have heard of any such move, and they are strongly inclined to discredit the possibility of any such action. The latter, as far as is known, have found no fault with the revised of the big games this fall, although some have been rather sore over the fact that Yale was defeated.

The Yale navy has received the new barge that has been built by John Hess, the veteran carpenter of the Yale boat house. The barge is of cedar and much narrower and lighter than any that the navy has ever had. It only weighs 350 pounds, which is very light for a working barge. The idea of such a boat is that it will enable the oarsmen to get at more of the fine points of work in a shell than was possible in the heavy old barges that have been used.

The Yale Baseball Association has again engaged John Clarkson as coach for the varsity nine next spring.

Football Notes.

The English Rugby match, which was to have been played to-day at Livingston, has been postponed until next calendar. Any one interested in the game can get further information by writing to H. Manley, Staten Island, C. O., West New Brighton, S. I.

DULL MARKET FOR TROTTERS

THE RED LETTER SALE HANGS FIRE AT MADISON SQUARE GARDEN.

Leland Stanford, a Son of Electioneer, Out of the Dam of Santa Claus, Sold for a Few Hundred Dollars—Low Prices Also Rule at Kelly & Co.'s East Side Sale.

Yesterday was to have ended the big sale of trotters at Madison Square Garden, but so many animals remain that the auction goes on to-day, and may be carried over to Monday. There have been some private transfers of the stock sold earlier in the week, one of them, made Thursday night, by which the bay mare Juno, nine years old, again changed hands. Thos. Greenwood bid the mare in on Wednesday for Millard Sanders, and he has transferred her to Col. Robert Hough, Secretary of the Pimlico Driving Club, for $500. Juno is by Buccaneer, out of Venus, the dam of the fast pacer Adonis, 2:11¾, and she produced Ida, yearling record 2:30, sold for $1,000 soon after Juno was offered.

The market yesterday was the dullest one that the Tattersalls Company have had this week, as there was nothing particularly attractive offered. The closing out sale of Thomas B. Harrison, a rich Philadelphian, who has a stock farm in the swell district of Pomfret, Conn., brought that gentleman a very inadequate return for his investment. Brignoli Wilkes, whose record of 2:14¾ and strong breeding should have made desirable, realized a price of $3,500. When brought into the ring, and no one would advance a dollar on that amount, so he is still Mr. Harrison's property. Leland Stanford, a son of Electioneer, out of the dam of the great campaigner Santa Claus, was practically a present to J. H. McCormick of Poughkeepsie at $550. Mormon, another of the aristocratic young sires from Pomfret, had been shown Thursday night and withdrawn by consent of the last bidder. He went up to $975 yesterday morning, C. C. Foster of Boston the buyer, and after that nothing of this lot got near the $500 mark. Mr. Harrison omitted to select brood mares of desirable stock in most instances, so that they and their progeny brought less than good work horses would fetch under the hammer.

The bidders began to indulge in larks by offering ridiculous sums for the youngsters, and the spectacle of a weanling going for $10 was seen. This pulled the average down so that the day's sales for sixty-one head only amounted to $31,041, or an average of a trifle over $508. Late in the afternoon there was a grateful change, in the shape of the fine black filly Estelle Guy, by Guy Wilkes out of Daisy Gardner, 2:28¾, whose price went quickly up to $500.

The attendance was lighter last evening and the best breeding failed to stimulate the buyers. Even the get of Director went for less than $500, the neat black stallion Jet, out of a Nutwood mare, being about the greatest bargain of the week at $410.

Lady Daggett, 2:26¾, a famous old campaigner, now 28 years old, was shown before two of her produce were put up. Starter J. F. Caldwell secured a good roadster in Hubert P., a five-year-old gelding by a son of Smuggler, for $500, and General Benham, an unheaded son of General Washington, with a mark of 2:28¾, was a gift at $375.

There still remains a large consignment from Speedwell Farm, and some seventy-five head will be sold to-morrow among them the stallion Shamrock, one of the few surviving sons of Iroquois's Hambletonian. Summary:
