FRIDAY, June 29.

The "sympathetic" strike of Western railway employees has brought the stock market very nearly to a standstill both in respect to dealings and fluctuations. A few of the Industrial stocks, notably Sugar Refining and Distilling, showed a little animation to-day, trading in them being stimulated by Washington advices relative to the tariff. Both were strong throughout, and Sugar Refining closed at an exceptional net advance of 1¾ ⅌ cent. Chicago, Burlington and Quincy was the only railroad stock that received much attention. It was sold down upon the publication of the company's statement for May, but subsequently recovered to within a small fraction of last night's closing price.

Northern Pacific preferred rallied a little, presumably upon the certainty that the July interest upon the first mortgage bonds will be paid. The action of the Bondholders' Reorganization Committee in providing the greater part of the money required to prevent a default upon the first mortgage bonds is of great value to the preferred stock, since a foreclosure of that mortgage would wipe out the provision under which the preferred stock is received at par in payment for lands of the company.

Only $1,250,000 gold was engaged for shipment to Europe to-morrow, making the total exports for the week $2,750,000. To-morrow's shipment was made possible by the firmness in private discount and the decline in sterling at Paris. During the afternoon telegraphic advices from the West received by the street foreshadowed an early collapse of the strike, and, in consequence, traders who have been selling stocks on account of the labor troubles were disposed to take part of them back. The closing was quiet, but very steady.

Final sales compare with those of yesterday as follows:

Government bonds steady at unchanged quotations. Railway bonds irregular. The features were Atchison 2d As, Missouri, Kansas and Eastern 1s, Northern Pacific 3ds, Oregon Railway and Navigation 1sts, Rock Island extension 5s, St. Joseph and Grand Island 1sts, Wisconsin Central 1sts, and Kansas and Texas issues. The more important net advances were in Kansas and Texas 4s, ¼ ⅌ cent., to 70, and 2ds, ¼, to 40¼; Missouri, Kansas and Eastern, ¼, to 28⅝; Rock Island extension 5s, ¼, to 104, and St. Joseph and Grand Island 1sts, 1, to 95. The noteworthy declines were in Atchison 2d As, ⅝ ⅌ cent., to 26½; Northern Pacific 3ds, 5, to 50; Oregon Railway and Navigation 1sts, 2, to 101, and Wisconsin Central 1sts, 0⅝ ⅌ cent., to 51.

In bank stocks 25 shares of Bank of Commerce sold at 176, and 10 shares of Central National at 120.

Bar silver in London, 28¾d. Exports to Europe to-morrow, 270,000 ounces.

Money on call, 1 ⅌ cent. There is practically no demand for time money. Quotations are 3 ⅌ cent. for four months, and 3 ⅌ cent. for six and seven months. The market for commercial paper continues dull, and offerings of desirable bills are light. Prime endorsed bills receivable are quoted at 2½@3 ⅌ cent., choice single-name paper at 3¼@4 ⅌ cent., and good at 4½@5½ ⅌ cent.

Sterling exchange was dull and weak. In Continental exchange, Paris checks were firm, owing to the decline in sterling at that point. Posted asking rates for sterling, $4.87½@$4.88½, for long bills and $4.88@$4.90 for demand. Actual rates are: Long bills, $4.87@$4.87½; short drafts, $4.88½, and cable transfers, $4.88¾. France are quoted at 5.17½@5.16¼ for long and 5.15 for short; reichsmarks, 95¼@95⅝ for long and 95¾ for short; guilders, 40 5-16 for long and 40 7-16 for short.

Domestic exchange on New York: Boston—5@10 cents premium. Charleston—Buying, par; selling, ⅛ premium. Savannah—Buying, par; selling, ⅛ premium. New Orleans—Bank, 150 premium; commercial, 100 premium. San Francisco—Sight, 10; telegraphic, 15. St. Louis—60 cents premium bid, Chicago—75 cents premium.

The Delaware, Lackawana and Western Railroad Company has declared a quarterly dividend of 1¾ ⅌ cent., payable July 20.

The imports of dry goods for the week ending to-day were $909,489, against $957,830 last week and $2,211,985 for the corresponding week of last year. The amount marketed was $1,094,075, against $953,614 last week, and $1,837,223 for the corresponding week of last year.

The Chicago, Burlington and Quincy Railroad reports gross earnings for May of $2,518,317, a decrease of $774,526 as compared with the same month of last year, and net $780,522, a decrease of $328,985. For the five months ending May 31 the gross earnings were $12,706,091, a decrease of $2,389,638 as compared with the corresponding period of last year, and net $4,505,272, a decrease of $246,030. Fixed charges were $4,000,000, leaving a surplus of $505,272, a decrease of $131,625.

The following cable from Berlin was received to-day by Mr. R. D. Adams, Chairman of the Bondholders' Reorganization Committee of the Northern Pacific Railroad. It is understood that the various German committees representing the several classes of mortgage bonds of the Northern Pacific Company were induced to make the statements contained in the subjoined telegram by the publication here of reports that they are working in the interests of Henry Villard. The cable to Mr. Adams reads: "Make the following statement to the Stock Exchange: We represent exclusively the interests of our depositors and clients. Allegations that we are in any way Villard representatives are absolutely false. You may publish the above. (Signed) Dr. Riesser, Chairman First Mortgage Committee; M. Neumann, Chairman Second Mortgage Committee; A. Gwinner, Chairman Third Mortgage Committee; E. Salmon, Chairman Consolidated Mortgage Committee, "The Deutsche Bank of Berlin." The Bondholders' Reorganization Committee has sent this cable to Secretary Ely of the Stock Exchange, together with a letter in which reference is made to the following statement published in the circular of the committee of April 25 last:

"Each of the undersigned declares that his services and influences in connection with this committee and its work are absolutely independent of the old management and solely for the purpose of reorganizing the Northern Pacific property in the interests of the bondholders." This statement was signed by every member of the committee. At the same time the committee distributed among the bondholders a letter from the German Committee representing the consolidated 5 ⅌ cent. bonds that contained this paragraph: "Mr. Henry Villard has nothing to do either with the composition of the committee or with its management. He has in all respects refired from the affairs of the Northern Pacific, and for several months back has been in the Orient. There is no intention whatever to give Mr. Villard in future any voice in the management of the Northern Pacific Railroad." The New York Reorganization Committee has been formed by the initiative and with the cooperation of the parties interested in Germany.

The Bondholders' Protective Committee of the first mortgage bondholders of the Duluth and Manitoba railroad company has negotiated a lease with the receivers of the Northern Pacific Railroad Company providing for the lease of the property of the first named to the Northern Pacific receivers for three years from Aug. 15 1893, at a rental equal to 4 ⅌ cent. per annum on the first mortgage bonds for eighteen months, and 5 ⅌ cent. per annum for the remaining eighteen months, the lease to be subject to the approval of the holders of a majority of the bonds and of the courts. Rights of foreclosure are to be waived during the term of the lease, but at its expiration payment of the unpaid balance of the coupons can be enforced. If holders of a majority of the bonds authorize the committee to assent to this lease, two-thirds of the face value of the coupons of Dec. 1 and Jan. 1 last will be paid about Aug. 1 next, and a further payment of two-thirds of the face value of the coupons next falling due will be made on Oct. 5, 1894.

The granting of permission to the receivers of the Lake Shore and New England Railroad to issue $500,000 certificates, chiefly to pay the coupon on the first mortgage bonds due Jan. 1 last, disposes of a number of undesirable questions that would have been raised had a second default occurred, and it also facilitates the reorganization. In the proceedings the authorities in charge of the certificates the fact was brought out that interests friendly to the Reorganization Committee have bought $1,100,000 of second mortgage bonds heretofore held in the interests of the New York, New Haven and Hartford Railroad. It is reported that the price paid was a little less than par and interest.

Dun's Review reports the number of business failures in the United States during the week ending to-night at 214, against 207 for the corresponding period of last year. For the six months ending June 30, the number of failures was about 7,100, with liabilities, as far as reported, of $98,456,366, distributed in sections as follows: In the Eastern States about $48,000,000, in the Western States $26,000,000, and in the Southern States $25,000,000. Classified returns show that of the liabilities about $41,000,000 were of manufacturing and $52,000,000 of trade concerns. In Canada the failures for the half year were approximately 1,032, with liabilities of over $9,000,000.

The condition of the Treasury at the close of business to-day compares with that of yesterday as follows:

	June 28.	June 29.
Total available assets ...	$774,176,415	$774,094,341
Current liabilities ...	659,920,460	658,126,351
Total balance ...	$114,255,955	$114,927,99[illegible]
Gold balance ...	66,798,079	66,808,815
Currency balance ...	$47,457,876	$48,624,175

Included in to-day's assets are $19,104,872 fractional silver and minor coins and $12,054,[illegible] 245 deposits in national banks. The Treasury holds $63,704,101 national bank notes for redemption, against $6,569,124 yesterday.

Money in London, ¼ ⅌ cent. Rate of discount in the open market, for both short and three months' bills, ⅜ ⅌ cent. The amount of bullion gone into the Bank of England on balance to-day, £5,000. Paris advices quote 3 ⅌ cents at 100 francs 27½ centimes, and exchange on London at 25 francs 15¾ centimes.

The Atchison Reorganization Committee announces that the agreement under which deposits of securities are to be made is nearly completed and will shortly be lodged with the depositories in this city, Boston, London, and Amsterdam, for the signatures of security holders. In the mean time holders who may wish to do so can deposit their securities and will receive temporary receipts exchangeable in due time for engraved certificates of deposit.

Exports to-day 4,650 to the Continent. Spot cotton here was steady, with sales of 140 for export and 1,325 for spinning. One hundred bales were delivered on contract. Middling uplands 7½c. Southern markets were quiet and generally unchanged. Mobile and Norfolk declined 1-16c, and St. Louis was easy. New Orleans sold 900 and Memphis 300 bales. Interior receipts for the week 1,718, against 1,710 last week and 3,141 this week last year; shipments 10,805, against 1,362 last week and 16,733 last year; stocks 73,859, against 70,930 last week and 1,000,000 last year. The rain fall for 24 hours, ending 6 P. M. last night, was 1.02 at Augusta, Ga., stations, .37 of an inch at Savannah, .21 at Charleston, S. C., and 0.00 at Wilmington. Minimum temperatures for 24 hours 70 to 74 degrees; maximum 90 to 98. One firm said: "The most favorable reports still continue from Texas, particularly about the Houston district, and the early movement, and therefore correspondingly low prices. How much lower the market will be driven will depend upon the indications given to Europe, especially as to our much more than nine millions this crop is likely to realize and how much of it will come in sight during August and September. We say nine millions because the general character of information about the crop is causing some extraordinary estimates to be sent to Liverpool and the Continent as to what Texas and the remaining States will produce the ensuing season. We are now entering upon July and August, which are usually the crucial months of the growing crop. The feeling today has rather more tatured buyers than sellers, notwithstanding the fact that both here and at New Orleans the general sentiment is a bearish one."

TOMPKINS FRANCHOT.—First the market moved downward to a moderate extent, owing to depression in Liverpool, rumors that Continental mills were to run on short time, favorable crop reports, and foreign and domestic selling here. Then Liverpool recovered the early decline, and local buying for short accounts caused a rally here. Rain is said to be needed in some parts of Texas, but one of the best features of the day was renewed buying of spot cotton by spinners here, which of itself caused some operators to cover. The future trading was as follows:
