

## A Voice

Sometimes we get a little discouraged, and feel that what we say here may be only a "Voice that crieth in the Wilderness." It is so difficult to convey to you the enthusiasm we have for the magnificent collection of jewelry, silverware, watches, etc., that we have laid out here for your inspection.

Of course, the fact that we are selling more goods every month than during the corresponding month last year shows that you believe in us, and we are grateful and appreciative.

But we would like more visitors—those who come just to look things over for a possible future purchase. There is no obligation to buy, no one here would dare to urge you.

We want you to come and see, and then sometimes you will buy, we know.
