COLLEGE PREPARATORY and primary classes; both sexes; combined advantages of class work and individual instruction. Young men and young women whose early education has been neglected find here excellent opportunity to make up time. The work is thorough and practical, and the moral tone high. A spirit of earnest endeavor and of honest pride in each other's success pervades the place. The best evidence of this and many other advantages of the school is to be found in the good opinion of its neighbors, parents, and pupils.
