FLINT'S FINE FURNITURE

HARBINGERS OF SPRING.

Our new decorated, enamelled or natural wood furniture for bedrooms is "fair with spring flowers cast down" apparently by Flora's hand. Under their influence your rooms may blossom into spring array.

A toilet table of bird's-eye maple has shield-shaped mirror, broad top and three drawers festooned with roses and woodbine. A cheval glass has roses and woodbine trail all around the supports. Those in light wood are after Sheraton. Our Adams pieces in mahogany are also very effective. Their simplicity of line is emphasized by "flower garlands fresh and new," adding brightness to each piece. Toilet tables have tall, tapering legs, small top and little jewel boxes in white or colored enamel. With eglantine and woodbine or violet, rosebuds and blossoms scattered everywhere, our floors, like the smiles of April, brighten a room.
