WARING AGAIN A WINNER.

CLOSE OF FIRST WEEK AT AQUEDUCT MARKED BY GOOD SPORT.

O'Connor Again Gets Away with the Riding Honors—A Dead Heat and Some Accidents in the Third Race—Waitnot Beats Warrenton and Charentus Unexpectedly.

The first week of the Queens County Jockey Club's autumn meeting was brought to a close at Aqueduct yesterday afternoon under highly auspicious conditions. Patrons of the game were present in strong force and the fields engaged could boast of a trifle of quality in addition to unlimited quantity. Successful favorites, however, were somewhat hard to find, but the fad of following jockeys again netted a handsome margin for the admirers of O'Connor. He lost the second race with the favorite, rode a dead heat in the next, won the fourth and fifth events and ran second in the sixth.

An unwieldy field of sixteen cheap platers lined up in the chute for the opening dash. The presence of O'Connor in the saddle helped to make a favorite of Goal Runner, but the initiated took long chances on Songster. The St. Blaize gelding slipped his field after a good break and lashed long enough on his "dickey" legs to win by a head from Village Pride. Trillo figured to be the class of the second race but again the O'Connor brigade governed the quotations and Belle of Troy went to the post favorite. Trillo never left the issue in doubt and won easily by three lengths.

A smart lot of two-year-olds turned out for the third event, a dash over the six furlong course. Shoreham ruled favorite and led to the last furlong pole where O'Connor challenged with Erwin, a 5 to 1 chance, and made it a dead heat. Eleven candidates faced the starter and in a bad scramble around the first turn Sir Guy went down. Macon and Manitoban turned somersaults over him. Callahan was knocked out for a time by his fall from Manitoban, and Cobb, who piloted Macon, was also injured, while the colt was killed. Fortunately, the accident occurred in the rear division, as if all had been in a bunch at the time the results might have been much more serious.

Charentus was the general choice for the handicap at one mile and a sixteenth, but wound up an inglorious third two lengths behind Warrenton, the honors going to Waitnot in a drive, by half a length. The talent plunged on Gaze in the fifth to get even, but again O'Connor bobbed up at the critical moment with Queen of Song and won by a length and a half from Sister Fox, who finished an equal distance in front of the favorite. Goal Prince was left. Waring, the most legitimate first choice of the day, shouldered top weight in the handicap for two-year-olds and galloped his opponents to a standstill. Summary:

At Latonia.

CINCINNATI, Oct. 28.—Albert Vale cost the books a lot of money in the first race at Latonia to-day. The colt won four events, however, enabled them to more than make up their loss. The Newport races open Monday with very favorable prospects excepting the weather. Summary:

Basketball Notes.

MOUNT VERNON, Oct. 28.—The crack Black Cleveland team of Brooklyn last night defeated the well-known Westchester County Wheelmen's quintette in one of the fastest games ever seen in this vicinity by a score of 16 to 8. The playing of Kinnick and Burns of Cleveland was a feature of the game.

The first basketball contest ever played at the Second avenue branch of the Y. M. C. A. on Friday evening. There were three games, the first being between the Rutherfords of St. George and the lightweights of the branch. The score was 21 to 6 in favor of the latter. In the second game the second team of the branch defeated the second Elizabeth team by a score of 46 to 4. The third game was between the first Elizabeth team and the first team of the branch. This resulted in another victory for the branch, the score being 36 to 8.

JACK WINS THE BLAUROCK CUP.

Dr. Gill's Speedway Pacer Turns the New Track in 2:15 to Wagon.

The Empire City Trotting Club's fall meeting ended yesterday with a long programme of high class sport. The track was lightning fast and some of the miles were close to the line of sensational speed. The J. A. Blaurock Cup race for Speedway pacers to road wagons, amateurs driving, was the feature of the card and brought out a large delegation of road riders. Dr. H. D. Gill's big bay pacing gelding Jack, 2:12½, was an odds-on favorite before the start. The amateurs gave Starter Walker a lot of trouble, and C. J. Fitzgerald, who handles the flag on the running tracks, went up the stretch to help get the horses off.

Jack got away in front and he stepped the mile in 2:15¼. Lucre came up surprisingly fast at the finish, and was beaten only a length. The Tammany pacer has no record faster than 2:18¾. In another finish more stirring than the first one, handsome Jack outfooted Lucre by about a length at the wire, the others away behind. The time was 2:15. Dr. Gill drove his horse with rare skill.

Frank Tracy's fast young pacer Comet, winner of the first heat in the 2:25 race on Friday, had to take second money when the contest was finished yesterday. Bellette, by Bellman, proved to be too fast for the youngster and won the deciding heat cleverly in 2:16¾.

Alta McDonald's stallion Pallister, winner of the 2:30 race on Friday, scored another victory yesterday in the dash race.

James Butler's bay mare Miss Jay trotted a wonderful mile in the opening heat of the 2:15 race. She went into the contest with a mark of 2:15½. Bert Shank hustled her to the front on the first turn and kept her there to the end, driving her to a record of 2:11¾. In the succeeding heats the fast mare broke and Alta McDonald's bay gelding Whitney beat her home.

The 2:09 race for pacers went to Betsy K in straight heats.

George Roeckel's $350-trotter King Chimes was an odds-on favorite in the dash race for 2:12 trotters. The converted pacer was never headed, winning almost in a jog in 2:12¼.

The Philadelphia trotting team, Cleovice and Maryland Boy, that came over here to beat John F. Cockerill's newly matched Speedway pair, Swift and Honor Bright, were badly beaten by the New York flyers. Summary:

CHANGES IN YACHT RACING RULES.

The Long Island Sound Association May Abolish Time Allowance.

A meeting of the delegates of the Yacht Racing Association of Long Island Sound will be held on next Friday evening and several changes in the racing rules will probably be made. The Executive Committee met on last Friday evening and discussed the proposed changes, which, it is thought, will be to the advantage of yachtsmen and racing. It will be suggested that time allowance in all classes be abolished and one-gun starts be used exclusively. This will simplify racing greatly, and the first boat home in each class will be the winner. As it is now in many classes one boat will allow time to another, and even after finishing first may be beaten on account of this allowance. It will compel yachtsmen to build up to the limit of the class.

The restrictions governing the twenty-one-foot knockabouts are to be made uniform with those of the Boston Knockabout Association. It will be proposed that the twenty-five footers as a special class be abolished and that the yachts built for the latter race in the regular twenty-five-foot class. There are only three of these knockabouts, the Oiseau, Momo and Alyce. During the past season there have been several races for yawls sailing in one class. This type of boat is becoming popular and so classes will be made for them. They will be arranged as follows: Forty-three feet, thirty-six feet and thirty feet.

The most important suggestion that the committee will make will be the rescinding of the present measurement rule. Last year, at the suggestion of a special committee, it was decided to adopt the girth rule, which is now in force in England. It was tried last year, but did not work as successfully as was hoped. Now the committee will suggest that the rule in force in 1896, the square root of the sail area and the water line length divided by two, should be accepted again.

It is expected that there will be a large meeting and that all the suggestions will be adopted now, so that yachtsmen who think of building during the winter will know what rules will govern in the races to be sailed next summer.

Columbia Leaves New Rochelle in Tow.

NEW ROCHELLE, Oct. 28.—The Columbia left here to-day in tow of the St. Michaels, bound east. It was reported that the yacht was going to Bristol to be overhauled preparatory to be taken to Europe in December.

FIGURE SKATING CHAMPIONSHIP

Invitation to Artists of All Countries to Visit Vienna.

The year 1900 promises to be a record breaker in international competitions. The first of the many events of universal interest set for decision is the world's figure skating championship which will be held under the auspices of the Training Eisclub at Vienna before the year is two months old.

American figure skaters will then receive an opportunity to test their skill against the masters of the art in the old world. Since the palmy days of George D. Phillips, who was the leading figure skater of the country nearly a generation ago, the champions of America have been more than able to hold their own with such of the foreigners as have crossed the water to compete in the national championships.

Arthur G. Keane, the present champion, is quite up to the high standard established by Louis Rubenstein, the Canadian, George Phillips of New York and Evans of Boston. Should he be able to take the journey to Vienna his clubmates will look confidently forward to his success, provided the rules under which the competition takes place are not radically different from those in vogue here.

In case Keane is unable to spare the time, Irving Brokaw, the runner-up to him in the championship, is more than likely to take up the gauntlet thrown down by the European skaters. Brokaw expressed his intention last year of meeting the foreign skaters on their own ground. He is the champion of the St. Nicholas Skating Club and has ample leisure to accept the invitation contained in the following letter:

TO THE EDITOR OF THE SUN—Sir: We have the honor of announcing to you that the International Skating Association has entrusted to us the organization of the world's championship contests for figure skating for 1900 and that the contests will be decided in Vienna at the end of January or the beginning of February, 1900.

We should feel highly honored if America, of whose figure skaters we have heard such wonderful accounts, should send representatives to Europe to contest for the world's championship, and therefore address a request to you to support our undertaking and further to inform us with what gentlemen we must put ourselves in communication.

Chairman of the Sport Committee of the "Training Eisclub."

BEAGLE TRIALS FINISHED.

D. F. Summers and Rockridge Kennels Share the Pack Honors.

HEMPSTEAD, Oct. 28.—D. F. Summers and the Rockridge Kennels divided the coveted honors for packs in the trials of the National Beagle Club which were quickly ended this morning on the estate of Ex-Secretary of the Navy W. C. Whitney at Wheatley Hills. Judges Turpin and Appleby saw the Summers pack work under favorable conditions yesterday and devoted their attention to-day to finding out the merits of the other entries. Rabbits were plentiful. They showed the usual aptitude in taking to their holes which generally prevails after a few days' hunting, but in sharp, short runs contrived to thoroughly test the work of the beagles.

Secretary Wharton's pack were put down first. They started a rabbit in short order and, working in unison, drove it through the valley in full view of the spectators. The team work was much better than yesterday. After a short trial of twenty minutes the Wharton beagles were recalled and the Hempstead lot put down. Kernochan's beagles jumped a rabbit a few minutes after their noses went to the ground. They worked even better than the Wharton dogs and holed the rabbit in less than a quarter of an hour.

Dr. R. L. Bohannan's pack was under poor control. The rabbit ran in the briar patch, where only one of the four dogs had the temerity to follow. An easier spot was picked out by the judges, but in the huckleberry thicket the Doctor's dogs did not show up much better. They were down longer than any of the other packs.

The second pack of the Rockridge Kennels, entered only for the National Challenge Cup where a combination of show qualities and field work is necessary, did good trailing. After five minutes Lucy L. started a rabbit and the pack gave it a determined drive before it was holed ten minutes later. Hector started another rabbit, which was also holed after a run of five minutes. Joe Lewis had selected his pack with rare discretion. Their work in the field was not quite so good as Summers's pack and first was awarded to the latter in the competition.

The stake winners varied a trifle in size and were also trained too fine to show bench points to perfection, and the challenge cup went to the Rockbridge Kennels. Every one of Rockefeller's dogs is a bench show winner. All are fourteen inches, with black and tan markings. Lucy L. and Hector, both sired by Raffler, are the pick of the pack.

Special prizes were offered for the best voices. Charles L. Stevenson's Dorsey's Woodman won the money in the dog class while Lucy L. was declared the best of the bitches. Summary:

Class G—Pack Stakes, for dogs and bitches fifteen inches or under; the property of a party making entry at time of starting; four dogs to constitute a pack—Won by D. F. Summers, with Lucy S., Belle Summers, Summers Wood and Summers Best; Rockbridge Kennels, with Pilot, Pilot Boy, Pilot Tick and Lucy L; Hempstead Beagles third, with Messenger, Florist, Nimrod and Parson.

National Challenge Cup, for packs of four, performance in the field to count 50 per cent, show qualities and general levelness, 50 per cent.—Won by Rockridge Kennels, with Hector, Lady Contralto, Lucy L. and Pilot.
