

Dixon's South Bend Watch Club Will Soon Be Completed

"South Bend" Watch

Designs—Bridge model of latest design.
Plates—Genuine nickel—not brass nickel plated as in many makes—insuring an even expansion and contraction in changes of temperature.
Jewel—Selected ruby and sapphire jewels throughout—are harder and not so easy to chip or break as the garnet jewels generally used.
Escapement—Double roller—this overcomes all danger of over banking which would stop the watch.
Steel Escape Wheel—Harder than the brass commonly used.
Lever Set—Protects you against accidental moving of the hands.
Regulator—A patent micrometer nut and screw—no danger of back lash.
Balance Wheel—Compensating—automatically adjusts itself to changes in temperature, etc.
Hair Spring—Breguet—the very best made.
Adjustments—Temperature isochronism and three positions. Very closely rated under each one of these adjustments.
Finish—Very highly and beautifully finished throughout. Gold lettering.

Arrested for Speeding

Glenn Huddard was arrested Tuesday evening by Officer Frieberg for exceeding the speed limit in an automobile and he appeared yesterday morning before Justice of Peace Miltonberger and entered a plea of guilty. He was fined \$5 and costs, making \$8.05 in all.
Huddard and two other parties, it seems, were racing in their cars from the tracks to the North River bridge. They made the trip twice in their cars and Huddard was in the lead when the officers appeared. Chief of Police Frazier announces that he will put a stop to all such doings as it is contrary to a city ordinance and is dangerous as well. So many people, he says, seem to think that as soon as they have crossed the tracks they are out of the city and are at liberty to go as fast as they wish. So many children play on the streets in that part of the city that it is even more dangerous than in the main part of town and a few more are to have a lesson in driving cars unless the speeding stops and they will not get off with a minimum fine. While it makes the ones arrested very warm under the collar it is for the good of the city and for their own as well as it may avert serious accidents.

Pleads Guilty to Charge

T. Thomas, a stranger in this city, was arrested Wednesday evening and brought to the county jail on the charge of destruction of railroad property. Thomas was brought to the jail by a number of Japanese laborers from Birdwood and was turned over to Sheriff Salisbury.
Thomas broke the chain on a small motor car belonging to the section gang at Birdwood and ran away with it. The Japs took another and gave chase and followed him in this city where he was taken in. He made the excuse for his actions that he was drunk.
Thomas appeared yesterday afternoon before Judge Grant and entered a plea of guilty and was given a fine of \$5 and costs. He is to stand committed in the county jail until said fine and costs are paid.

RAINEY'S AFRICAN HUNT PICTURES

A MILLIONAIRES FANCY · A DELIGHT FOR MILLIONS

Shown at The Keith Theatre Tuesday, June 2d.

Mr. Rainey, who is a millionaire sportsman of Cleveland, Ohio, undertook his big game hunt at first merely as sport. But accompanying his expedition was a corps of expert photographers, and whenever there was a hunt to be undertaken, or a dangerous trip into the jungles, these intrepid men of the camera and films were to the forefront.

The Rainey expedition consisted of 35 white men, 324 black men, 135 camels, 40 horses, 60 dogs, 54 oxen and 150 sheep. Mr. Rainey's expedition consumed about one year of time and cost him over \$250,000. Heralds containing much interesting information can be had at either the Crystal or Keith Theatre.
