Which Shall It Be?

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove? You KNOW that old stove eats up a lot of fuel each year.

You KNOW you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

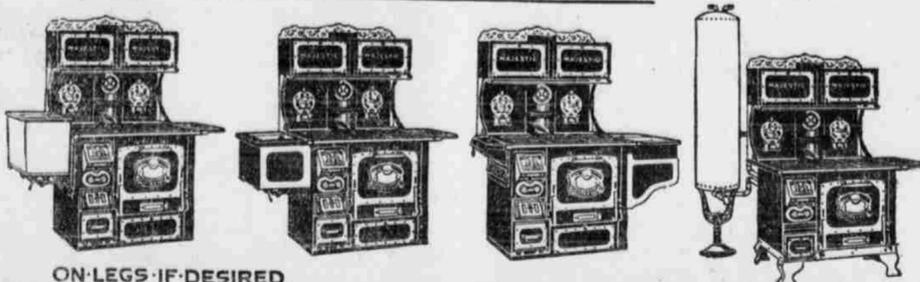

Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation—

The Great Majestic Malleable and Charcoal Iron Range

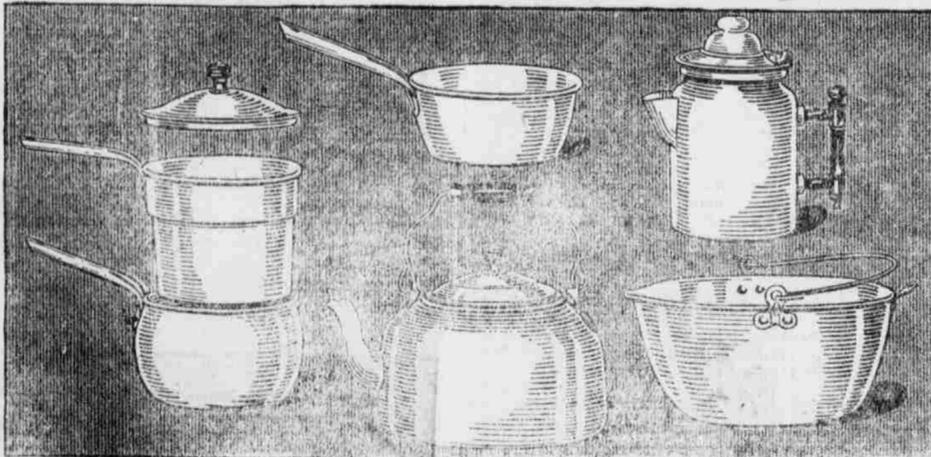

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and out of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos—parts being malleable can't break—has a movable reservoir and an oven that doesn't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen," you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weakest.

MOOSE ORDER DECIDES ON ACCIDENT IDEMITY

At a meeting of the Loyal Order of Moose at the K. P. hall Wednesday evening the matter of accident, sickness and death indemnity was decided upon. At this meeting it was decided to give seven dollars per week for thirteen weeks to members who were incapacitated by sickness or accident, the benefits to start after the first week of illness, and one hundred dollars death indemnity.

The order is in a prosperous condition after their six months' career. The club rooms and equipment have been entirely paid for, which is a matter of about seven hundred dollars, and they also have a balance in the treasury of over that amount after the per capita tax is paid to the grand lodge. It was also decided at this meeting to purchase a piano for the club rooms and a little later they hope to get some pool and billiard tournaments under way as well as some musical organizations. Considerable work of interest is planned for this winter.

At the meeting Wednesday evening the work of the order was put on and two new members were initiated. They were Elmer Baker and W. T. Green. James Adamson, who recently located here from Dawson, N. M., spoke before the lodge on the work of the Moose in the town from which he came.
