ATHLETICS

Williams Wins the New England Intercollegiate Meet.

WORCESTER, May 19.—Williams won the New England intercollegiate meet this afternoon in the midst of a driving rainstorm and under most depressing weather conditions. The attendance was hardly eight hundred, but there was plenty of enthusiasm, notwithstanding the heavy track and grounds. Three new records were established. Cloudman of Bowdoin ran 220 yards in 22 1-5 seconds. The former record was 22 3-5 seconds, made in 1892 by Hide of Dartmouth and Curtenus of Amherst in 1898. In the discus throw Al Grover of the University of Maine threw 108 feet 8 inches. The old record was 108 feet ½ inch, made by Grover last year. In the broad jump Cloudman covered 22 feet 8 inches. The best mark heretofore was 22 feet 3 inches, made in 1895 by Stephen Chase of Dartmouth. Cloudman's figures will probably be disallowed as the pit was lower than the take-off on account of the rain. The points scored were:

Williams, 20 2-5; Brown, 28 2-5; Bowdoin, 25; Dartmouth, 20; University of Maine, 8; Massachusetts Institute of Technology, 6 2-5; Amherst, 6 1-5; Wesleyan, 2-5.

The summary of the events follows:

SCHENECTADY, May 19.—The third annual interscholastic athletic meet under the auspices of Union College A. A. took place here to-day. The weather conditions were unfavorable. Despite this, however, all the contests were close, though the time was slow. The Utica Free Academy won the most points, Horace Mann School second, Westminster School of Dobbs Ferry third, and Trinity School of New York fourth. Mills of Horace Mann easily captured first place in two of the dashes. Summary follows:

George Considine to Resign as Matchmaker of Broadway A. C.

It was learned on good authority yesterday that Mike Padden will be installed as matchmaker of the Broadway A. C. again, and that George Considine, who succeeded Padden, will resign. Considine, it is understood, has devoted all of his time to looking out for the interests of Jim Corbett in the capacity of manager. Both Considine and Padden are popular with the sports, and under their leadership the local club has been quite successful.

Vigilant in Commission.

The Vigilant, the flagship of Commodore Percy Chubb, went in commission at Greenport yesterday. The yacht will start early this week for Oyster Bay. Commodore Chubb has appointed Herbert L. Satterlee fleet captain and Frederick R. Coudert as signal officer of the Seawanhaka Corinthian Yacht Club.

Lacrosse Notes.

At Bay Ridge yesterday the Crescent A. C. lacrosse team met and conquered the Lehigh University team. The score: Lehigh, 0; Crescent, 6.

The lacrosse teams of Columbia University and Stevens Institute of Technology were to have played in Hoboken yesterday afternoon, but owing to the rain the game was called off.

The lacrosse match between the Heffley School of Commerce of Brooklyn and the Staten Island lacrosse team which was to have been played yesterday on the old athletic club grounds at West New Brighton, Staten Island, was postponed owing to the storm.

Gossip of the Ring.

Jack Ryan of Brooklyn, who is rapidly coming to the fore as a lightweight, wishes to make a match with any 135 pounder. Ryan prefers a match with Jack Downey.

The Sampson A. C. of Brooklyn has matched Jack Dempsey to meet Joe Handler of Newark in a 25 round bout to morrow night.

S. G., New York—He is not matched with any one at present.

Young Griffo, the erratic Australian pugilist, has come forward again with a challenge and now offers to box Frank Erne at 133 pounds.

"Syndicate" Miller's Case up Again.

Supreme Court Justice Gaynor in Brooklyn yesterday heard argument on the application for a certificate of reasonable doubt as to the conviction of William F. Miller of the Franklin Syndicate. Frederick B. House contended that incompetent, irrelevant, improper and immaterial testimony was admitted at the trial of Miller, and that competent, relevant and material evidence was excluded by Judge Hurd. District Attorney Clarke opposed the application. Justice Gaynor took the papers and reserved decision.

The Weather.

The atmospheric depression which was overlying the country on Friday was drawn to a centre yesterday on the Middle Atlantic Coast, showing an increasing force; the winds were from brisk to high blowing on shore, with a dense fog, from Virginia north to Nova Scotia, and south of Virginia, blowing off shore with clear weather. The storm centre was moving northeastward. The rain area covered a belt from Texas and Oklahoma northeast over eastern Nebraska, Iowa, Missouri, Indiana, Kentucky, Ohio, Pennsylvania and, on the coast, from Virginia to Maine, with one or two scattered thunder storms. The storm will pass off this morning and fair, cooler weather will follow.

In this city the day was foggy and rainy; heavy rain fell between 8.15 and 9.40 A. M. and lighter rain all day; wind northeast to north, and from fresh to brisk and high; average humidity, 97 per cent.; barometer corrected to read to sea level at 8 A. M., 29.53; 3 P. M., 29.44.

REAL ESTATE NEWS.

Another very satisfactory week in the sale-at-private-contract line closed yesterday, the principal announcement being that of the sale of No. 325 Central Park West by Samuel J. Quincy. A report was printed earlier in the week of the sale of an apartment house fifty feet north of West Ninety-fourth street on Central Park West by Mr. Quincy, which was the result of a rumor concerning the sale of the Quincy apartment house announced in these columns. The property is one of the better class of elevator apartment houses on Central Park West and is seventy-five feet north of Ninety-second street, 50x125. It was the only one owned by Mr. Quincy in that section and is new.

The immediate vicinity of Central Park West and Ninety-second street has been built up within a year or so, one of the largest apartment hotels in the city, a ten-story building on the southwest corner, being in course of construction and nearly completed. The outlook over Central Park at this point is very beautiful.

Most of the sales of the week have been of moderate price property and the number of such transactions has been large, the whole constituting a first-class basis for the market.

The sales at auction were generally unsatisfactory, the principal setback being the failure of the Barney-Sheldon syndicate to receive a single bid on the lots offered of the remainder of the Orphan Asylum property. It is generally conceded that the method followed in the effort to dispose of them was a straightforward one, an upset price being named which, it was declared, was below the wholesale price.

The failure will convince the opponents of the method that in practice it does not pay. It is urged that fictitious bidding is the proper practical method to "warm" the competing bidders up to satisfactory prices. The result, however, was in accord with the way matters have been going at auction of late. It is stated that the property will be withdrawn from the market until fall, but after the sale, at the office of Charles T. Barney, it was said that the property could be bought at private contract at any time if satisfactory prices were offered.

Robert Smith is the buyer of No. 71 Mercer street, sold last week and erroneously reported as No. 91. The buyer will erect a six-story business building.

Plans were filed with Building Commissioner Brady yesterday by G. A. Schellenger, architect, for a seven-story flat house to be built for Simon Habermann, owner, on 129th street east of Eighth avenue at a cost of $140,000, and by Janes & Leo, architects, for two four-story and basement dwellings to be built for J. A. Farley, owner, on Eighty-second street east of Fifth avenue at a cost of $100,000.

Plans were also filed by L. Falk for improvements costing $500 to the athletic lodge of Columbia University at Putnam avenue and 211th street and by C. H. Fox, architect, for improvements costing $10,000 to the dwelling owned by Annie D. Watson at 52 West Fifty-second street.
