STATE SHERIFFS MEET IN CONVENTION IN THIS CITY

The state convention of sheriffs opened in this city this forenoon with about twenty in attendance, a much smaller number than usually attend these meetings. One reason for the small attendance is due to the fact that at this period of the year the sheriffs are detained at home closing up the business of the past year, making annual settlement with the county commissioners and those who are candidates for re-election are busy repairing their political fences.

The sessions will be held in the district court room and a number of questions pertaining to the office of sheriff will be discussed.

The party guilty of the petty thieving which has been carried on in the McDonald bank building for several months was apprehended yesterday. The articles stolen were returned and the guilty party will probably not be prosecuted. There was more than a gunny sack full of the plunder and included surgical instruments, medical books, and other articles of no use whatever to the thief, who seems to be somewhat of a kleptomaniac.

Arrest Box Car Thieves

In the arrest of Joe Ferguson, John Kern, Oscar Salstrom and Clara Millard at North Bend last Saturday, officials of the secret service department of the Union Pacific believe that they have broken up a gang that has been robbing freight cars along the eastern division of the road during the last two or three months.

The method adopted by the car thieves was to gain entrance to a merchandise car while the train was standing at some station. After the train started and reached a point some distance from town the parties in the car would throw out boxes of merchandise at, or near places agreed upon and then get out of the car and off the train at the next stop. Subsequently, with a team, the confederates would drive alongside of the track and gather up the stolen goods.

A search of the homes of the men arrested at North Bend, it is asserted, disclosed the presence of a large quantity of canned goods and other merchandise, much of it in the original boxes and cases when shipments from Omaha were made.

Ice Harvest Finished

The work of harvesting the first cutting of ice on the U. P. lake east of town was completed this forenoon. The crop was about fifteen thousand tons, or about one-third the amount required to fill the local houses. Arrangements were made to have ice shipped from the lake at Gothenburg, but for some reason shipments from there are slow. It is possible that a second cutting may be made from the lake east of town.

APPEALS FOR HELP FOR WOUNDED SOLDIERS.

In response to a request from Anne Parker Miner, State Chairman for Nebraska of the Surgical Dressings Committee whose headquarters are at 299 Fifth Ave., New York City, I am earnestly asking the co-operation of every citizen in North Platte. This is the first appeal which has been made to us to help the wounded soldiers, and we should be willing to do all in our power to relieve a little of the intense suffering in the war districts. To do this we must prepare and send to the destitute hospitals as many surgical dressings and bandages as possible. We need new materials for the dressings and we can use all kinds of old muslins in making bandages. Every person can help in some way, either by sending money for new materials, or by sending me a bundle of old muslins, such as sheets, pillow cases or even bed spreads. Within the next week I trust I may receive a gift from every man, woman and child in North Platte to be sent immediately to the war districts to relieve the destitute condition of the hospitals. I am getting together an executive committee to help in making and forwarding these bandages by having each church, lodge and club appoint one of its members. I am trusting for prompt action on your part in this humane cause.
