EPISCOPAL CHURCH NOTES.

There will be no service in the North Side chapel (Episcopal) Friday evening of this week and no Sunday school session next Sunday afternoon.

Services will be held in the Church of Saviour next Sunday at the usual hours, 8 a. m., 11 a. m. and 7:30 p. m. No Sunday school session.

The mission to be held by Archdeacon Webber, of Boston, will begin in the church Thursday of next week with Holy Eucharist and Address at 9 a. m. and be continued at 4:55 and 7:30.

A case of diphtheria developed at the Mylander ranch south of town this week when Alberta, the young daughter of Mr. and Mrs. Cole, of Kearney, who were visiting there, was taken ill with the disease.

Don't fail to attend Block's Anniversary sale which opens tomorrow.

Mrs. Walker Koehen went to Kearney last evening to visit her cousin, Mrs. Cole, for a short time.

GASTON SELLS STORE TO LOCAL COMPANY

The Gaston Music Co., which has maintained a branch store in North Platte for nearly two years, has sold the business to a recently formed company of which L. L. Walker is the head. The new company will be known as the Walker Music Co., and the business will be pushed with more vigor than before, and that is saying much, for Mr. Walker as manager for the Gaston Co., was ever alert and shipped pianos to all sections of western Nebraska. Whether the new company will remain in its present quarters has not yet been definitely decided.

STREET WORK SUSPENDED.

Owing to a depleted treasury all street work has been suspended, and it will probably be several months before Street Commissioner Salisbury will have funds available to make the repairs that are necessary. He will, however, as street commissioner, devote his time to keeping the business streets free of rubbish, but if there is any dragging of streets or other work performed he will need pay it out of his own pocket. Last year about \$3,200 was expended on street work; this year the sum promises to be very meagre, for the garment must be cut according to the cloth.

NOTICE.

All parties with overdue accounts at our store will pay up before May 1 as they will be turned in for collection on that date.

CHAS. ECHELBERY.

Local drug stores, we are told, will not take out permits to sell liquor for mechanical and medicinal purposes, and will therefore not carry intoxicating liquors. By doing this no charges, after the saloons are closed, can be made that the drug stores have taken the place of the saloons.

Three new records every grafonola owner should have: "Modest Susanna", "It Was in the Time of Roses", and "On the Road to Happiness". Visit our music room and hear them.—Dixon, the Jeweler.

Mr. and Mrs. Cole, of Kearney, were called here last evening by the illness of their daughter at the Mylander home south of town.

Mrs. Butler Buchanan, who has been visiting relatives in Mt. Pleasant, Ia., for several weeks, is expected to return next week.

The students of the Hershey high school will produce "The Silent Detective," Saturday evening, April 15.

Dr. G. B. Dent was called to Dickens Wednesday on professional business.

TALK FOR HUGHES IS GROWING GENERAL

The Lincoln correspondent of the Omaha Bee in today's paper says: "That the movement to write in the name of Charles E. Hughes on the primary ballot as the choice of Nebraska republicans is rapidly spreading is evident. Men of all parties who are covering the state in political work report Hughes sentiment exists from one end of the state to the other."

"A well known gentleman who is traveling over the state in the interests of the Bryan candidacy for governor told The Bee today when asked if he heard anything regarding Hughes out in the state that it was in evidence all over."

"There would be no question in my mind," said he, "that if Mr. Hughes' name was printed on the ballot Nebraska would go for him overwhelmingly. It appears to me his name will be written in generally."

Mrs. George Schill, of Dickens, who was taking treatment at the Nurse Brown hospital, was able to return home Wednesday.

30,000 School Children

In New York City alone need Glasses.

New York, Chicago and many other cities employ experts to examine the eyes of school children because very much of the apparent stupidity, backwardness in studies, difficulty in learning, nervousness and other physical troubles are due to defective vision which glasses will correct.

Glasses are necessary in order that many children may have a fair chance in life.

Slight defects in refraction, if neglected, often result in permanent injury to sight and health.

Your can have your child's eyes, or your own, tested at Clintons and any defect in refraction is found, secure glasses properly fitted to correct it.
