Wheat advanced owing to better cables than expected in view of the sharp break on this side yesterday, reports of a big export demand, an estimated French crop of only 245,000,000 bush., wet weather in that country, strong northwestern markets, foreign buying, covering of shorts and a lessened pressure to sell. Liverpool declined only ¼d. net. Paris 15 centimes. Berlin 1¾ to 2¼ marks and Antwerp ⅛c. The Northwest was buying at Chicago and there was some Wall Street buying here. At one time there was a reaction on profit taking and an increase in world's stocks of 3,918,000 bush., according to *Bradstreet's*, but on renewed buying prices moved upward again later on. The Government report for the week had a bracing effect. After the sharp break in corn yesterday a rally was not surprising. Shorts covered freely and there was no great pressure to sell. The cables, too, were better than expected, Liverpool declining only ¼ to ⅜d. and there was some foreign buying. The available supply for the week increased $36,000 bush., but this had no effect. The Government weekly report was bullish. Oats advanced with other cereals. Shorts were the principal buyers. The available supply decreased 1,255,000 bush.

It was still a narrow, traders' market in cotton, declining slightly early in the day on disappointing Liverpool cables, expectations of a pretty favorable Government report for the week, and local, Southern and foreign selling on a small scale. Some of the private crop reports were more favorable than recently. The Government report, however, did not make such a favorable showing as many had expected. It said: "The condition of cotton over the greater part of the cotton belt is improved, good growth and clean fields being generally reported. In Missouri, Arkansas, Tennessee and Central Texas, however, the crop continues to need rain, and shedding and blooming at the top in those States is extensively reported." Some of the early sellers covered on this report and prices rallied. New Orleans was firm and there was some Southern buying. Still later renewed liquidation caused another recession.

Live Stock Market.

TUESDAY, July 30.

Receipts of beeves were 151 head, all for exporters and slaughterers except one car. No trading at the cattleyards. Feeling steady. Dressed beef slow at last previous quotations. Liverpool and London markets unchanged for live cattle and refrigerator beef. Exports, 913 beeves and 4,800 quarters of beef, to-morrow 2,469 quarters of beef.

Receipts of calves were 60 head and 60 head were held over yesterday. Very little image, but prices were about steady for good stock. Fair to choice veals sold at $6.75@$7 per 100 lbs.; buttermilks were nominal. City dressed veals steady but slow at 8@10½c. per lb.

Receipts of sheep and lambs were 6,266 head, including 5 cars for slaughterers and 31 for the market, making, with the stale stock, 41 cars on sale. Demand was fair and prices generally steady. Ten cars were held over. Ordinary to prime sheep were selling at $3@$4.25 per 100 lbs.; choice and extra do. at $4.50@$4.85; culls at $2; medium to choice lambs at $4.50@$6.40; culls at $3.50@$5. Dressed mutton slow at 5@8c. per lb., good wethers selling at 8½c.; dressed lambs firm at 7@10½c. inferior stock selling at 4 to 6c.

Receipts of hogs were 2,530 head, including barely a carload for the market. Feeling easier. Quotations were $5.80@$6.15 per 100 lbs. for ordinary to prime hogs.

BURIED THE WRONG BODY.

Dead Man Was Boffin, the Tinsmith, Not Mrs. Lamberty's Husband.

Jacob J. Boffin, a tinsmith of 561 Broadway, Williamsburg, disappeared on July 18. On the following day a body was found in the Bay and taken to the Morgue at Ozone Park, where Mrs. John Lamberty of 72 Stone avenue, Brooklyn, identified it as her husband's and had it interred in Cypress Hill Cemetery. Boffin bore a striking resemblance to Lamberty.

Friends of Boffin had the body disinterred on Monday and it proved to be the missing tinsmith. It was reinterred in a grave beside Boffin's wife, who died about ten years ago.
