A Historical Relic.

In looking through the papers of the late Alonzo McMichael members of the family found a copy of the New York Herald dated April 15, 1865, published the morning following the assassination of President Lincoln. About two columns were devoted to this event that shocked the world. The Herald, then a six column four page paper, contained two pages of news relative to the northern army, though nearly all the dispatches were dated ten days before published. Jeff Davis had made his last appeal to his followers, advising them that the fall of Richmond was a blessing in disguise, but other Confederate leaders advised the submission to peace terms submitted by the president.

Burglarize Store

The front door of the Van Scoy second hand store was forced open Saturday night and a number of articles stolen, among which were two guns, one accordion, a meerschaum pipe, two clarinets and a suit case belonging to C. F. Harshfield, of Bellefourche S. D.

Announcement of the Fidelity's New Policy

The Policy that is Different

There has been a growing demand for a plan of insurance which will combine as far as possible the features of those most popular of insurance policies—

The Life and Endowment Plans.

The life plan makes protection during life the chief object of insurance and the most important period that we need this protection is during our active period of life, say from 20 to 60 years of age

The Endowment plan combines protection with an investment feature, from which the insured will reap the benefit of living at the end of the endowment period. Under the usual endowment forms, says 10, 15, 20 or 25 years endowment policies, the premium is high for the protection afforded (above the average man's ability to pay) and where the sacrifice is made and they are carried, the endowment period comes early in life and you use the money, lose the protection early in life and when you come to old age you are not much better off.

The Fidelity now issues a policy, to a great extent, combining the life and endowment features and overcoming all these objections.

The Installment Endowment at Age 60

This policy gives protection during the active period of your life, viz.—From the time you take it out until you are 60 years of age. You make your last premium payment when you are 60 years of age, and commence drawing the face of the policy in ten equal installments. The premium on this policy is just a little more than for a whole life policy. Phone the office for an appointment for further particulars and advantages of this policy.

ANNOUNCING

A Service of Real, Practical Benefit to the Men and Women of this City and Vicinity.

Every person in this community who now has a Life Insurance Policy, or expects to have one soon will gladly take advantage of the service this bank now offers for meeting the annual expense.

Life Insurance is a valuable and necessary thing for every man to have, no matter what his financial circumstances. Our advice, given as bankers, is that every man should carry enough good insurance to assure the future independence of his family, to protect his business interests and prospects.

But, many people lack the insurance protection they really need because they have found the annual premium expense too great a burden to bear. This is because no practical plan has heretofore been provided for setting aside a portion of the weekly or monthly income as a fund to meet this payment.

The "Thrift" Insurance Paying Plans

offer the most satisfactory solution of this problem.

They are a part of the Service offered by our "Thrift Savings Clubs" Department, which was organized to give everyone assistance in financial matters; and which so many people have found helpful in various ways. Since Life Insurance is such a necessary thing for all classes of people, we feel it is our duty to come forward with this Service, which will make possible its universal purchase, by eliminating the hardship of paying the premium, and thus help increase the prosperity of our people.

No Charge for this Service—A Plan to Suit Every Need.

No matter what the amount of your annual premium, or when it is due, there is a "Thrift" plan to care for it nicely. Either call, write or telephone the bank for information or ask any Insurance Agent in the city. We are here to serve you.

Watch for announcement next Friday.
