HANDICAP FOR ADVANCE GUARD

COVERS A MILE AND A FURLONG IN FAST TIME.

Carries 126 Pounds and Increases His Chances in the Brooklyn—Meadow Brook Steeplechase for T. Hitchcock Jr.'s Somerset—Racing in Heavy Fog.

A dense fog settled over Morris Park yesterday afternoon so that it was impossible for the crowd of 6,000 racegoers to see the performances of the thoroughbreds from start to finish. In the races down the Eclipse course it was impossible to make out the various colors until the horses were within a quarter of a mile of the stand, while in the events run on the circular Withers course, one could not discern incidents upon the backstretch nor upon the far turn. But this did not cut much of a figure with those who bet on the horses as a fine business proposition, for public form was in good working order and four favorites came home with the money. The rain of the morning did not make the track muddy or heavy, but served to lay the rather deep top soil so that the footing was rather conducive to fast time.

With the Brooklyn Handicap to be run at Gravesend next Saturday in mind, much interest was shown in the performance of Carruthers & Shields's horse Advance Guard, who pressed Watercolor so earnestly on Saturday that he has become a factor in the figures for the Brooklyn. Winner Advance Guard took up 126 pounds in the $1,000 handicap yesterday at a mile and a furlong and handled the weight in a masterly manner. R. T. Wilson Jr.'s Dixieline and J. E. Madden's Pentecost were scratched among others, leaving Sir Finnan, 102 pounds, and Alsike, with only 88 pounds, to tackle Advance Guard, who was, of course, a prohibitive favorite at 11 to 20. Sir Finnan got away quickly when the barrier went up and was showing the way for Alsike, with Advance Guard trailing as usual, when the fog bank enveloped them in the run along the backstretch. When they emerged from the mist in the middle of the stretch Advance Guard had a comfortable lead, which he had assumed at the end of the turn. Burns eased him all the way down to the wire, where he won as he pleased by three lengths in 1:45⅘. This was a first-class performance in the estimation of the sharps, as the record for the distance on the Withers course is 1:43⅘, made by Box, 126 pounds, in October, 1899. Advance Guard is a five-year-old chestnut horse by Great Tom—Nellie Van. He will carry 117 pounds in the Brooklyn and will probably have a large following, judging from the general run of comment after yesterday's showing.

The Meadow Brook Hunters' Steeplechase at two miles and a half was the feature of the card. It brought out a large field and several well-known gentleman riders. Thomas Hitchcock Jr.'s favorite, another son of Great Tom, who has been racing on the flat hitherto this year, was a hot favorite at 2 to 1. H. S. Page's Self Protection was a most popular second selection at 4 to 1, with Fell and Hayes's Champion and Hark Forward coupled at 9 to 2. Mr. Page, who rode Self Protection with marked cleverness, made the running with the Paradigite gelding, who jumped beautifully and looked like the winner when the last hedge had been taken. But Somerset, well rated by Green, challenged Self Protection in the run home on the flat and as Mr. Page had done his best with his mount, Mr. Hitchcock's horse won rather easily by a length in 4:41. Twenty lengths behind Self Protection was Joseph E. Widener's Borough, who beat Champion a neck. Hark Forward and All Smiles both threw their riders.

The running of Perry Belmont's Numeral in the City Island Stakes was something that the talent could not understand after it was all over. This event was for maidens to carry 100 pounds and the distance was seven furlongs on the Withers mile. J. B. Haggin's four-year-old colt Royal, by Candlemas—Royal Falcon, was an added starter and the wise men promptly played 5 to 1 down to 5 to 2, while the Claghorn-Sabin's White Crest was reduced from eights to sixes. Numeral, meanwhile, receded from 4 to 5 to 8 to 5, still remained favorite. A large one H. Mackay's Frankfort got plenty of backing at fours. Shaw let Frankfort take the pace, Royal, with Wonderly tugging at the bridle, being a good second. Numeral quickly dropped back, the colt seemingly being without his accustomed speed. Frankfort continued to lead all the way into the stretch, where Royal let down for a great rush home, passed Mr. Mackay's colt and rapidly drew away, winning in a gallop by four lengths in the fast time of 1:27⅘. Frankfort lasted long enough to beat White Crest by three lengths, the latter, with Numeral, under the whip, half a length back.

The Burns Selling Race for two-year-olds at five furlongs down the Eclipse course was a close betting proposition. David Gideon's Henry of Navarre gelding Plater was the pick, but he went up from 4 to 5 to even, notwithstanding also went up in value to fours, while the followers of mysterious tips played Faust down to threes and Back Number down to tens. It was out of the question for Timekeeper Barrett to see the yellow flag drop up at the start so no time was taken. Plater made a runaway of it, coming home four lengths before Faust, a length and a half before Impetuous, with Back Number only half a length away.

The best finish of the day was in the fifth event, for selling platers run over the Withers mile. Revisiter and Agnes D were equal favorites at three to one, with Father Bill, Daly's Handicapper played down from eights to fives. When they went into the fog Agnes D and Handicapper were making the pace, neck and neck. When they came out of it less than a furlong from home, all the horses were in such a compact bunch that the wild crowd broke into wild cheering. All the boys had whips out and the way they laid it on was a caution. Handicapper and Agnes D came down to the wire on such equal terms that they could not be separated twenty yards from the end. Little Creamer, however, put up a much stronger finish than Cochran and in the last stride Handicapper got the verdict by a neck. Barbara Fritchie was half a length behind Agnes D and a length better than Rough Rider, who was neck and neck with Aster and Roysterer. The time was 1:42⅘.

The opening event called the Third Monday Selling Race, run on the Eclipse course, was a cinch for the Mollie Mac stable's pair of three-year-olds. Cuthiness and Maru, who were coupled at 1 to 3 in the straight betting only, the former being quoted at 1 to 4 a place and the latter at even money a place. Stella W. was backed in a half-hearted way at five. Stella W. led the ship with Maru hanging gamely. Then Cuthiness came up from behind and, taking Maru with her, the stable finished one, two. Cuthiness a length to the good and Maru three lengths before Stella W. The summaries:

LOUISVILLE, May 18. T. W. Moore, owner of the crack three-year-old colt Inventor, received an offer of $12,000 for the son of Imp. Inquisitor after he had finished second to Alan a Dale in the Kentucky Derby. The tender came from an Eastern syndicate through John Harding of New York. Mr. Moore declined the offer on account of the colt's engagements in the Latonia and American derbies. Inventor's illness is reported as trifling, and although he may not fulfil his Futurity engagements, Mr. Moore is satisfied that Inventor will show himself to be the king of the three year olds in the West before the season ends.

BALTIMORE KICKERS WIN.

They Secure a Separate Association of the A. A. U. After a Three-Year Fight.

The long standing dispute over the Atlantic Association of the A. A. U. has at last come to a close by the national body consenting to redistrict the Atlantic Association. The matter was first presented to the A. A. U. annual convention more than three years ago, but nothing definite took place until the annual meeting of 1900 when the Baltimore delegation attended again with the same trouble on hand. Again the petition for a redistricting of the association was pigeonholed, but the Baltimore kickers were unwavering in pursuit of justice and at the last annual convention they turned up again with the same grievance. This time the petition seemed to have more effect and it was the voice of the convention that something definite was necessary to pacify the athletic legislators in the Middle Atlantic States. The following petition was presented after the outlaws had joined the Atlantic Association.

James E. Sullivan, Secretary-Treasurer Amateur Athletic Union:

DEAR SIR: The following clubs desire as per Section 4 of by-laws of the Amateur Athletic Union, to make application for a redistricting of the present Atlantic Association of the Amateur Athletic Union:

First. That the Atlantic Association be divided into two districts, one to consist of Delaware, Pennsylvania and south New Jersey, and the other to consist of Maryland, West Virginia, District of Columbia and North and South Carolina.

Second. The names of the clubs applying for the above named new district are given below and are now all members of the present Atlantic Association.

Third. The reason for granting such proposed new district is because by localizing athletics in each of the proposed new districts renewed life and stimulation would be given athletics to its great general advancement.

BALTIMORE, Feb. 18, 1902.

The clubs subscribing the above were:

The Maryland A. C., Charles Taylor, President, and Henry F. Wilkins, Secretary; the Park A. C., Isaac Stewart, President, and Charles A. Murphy, Secretary; the Suburban Club of Baltimore, G. Rosenthal, President; Peabody Outing Club, Ernest J. Schwartz and Lee A. Griffith; Walbrook A. C., Edward C. Reisberger and Ernest Tucker; Baltimore City College, W. B. Shaugilla.

As a result of this petition the following resolutions were submitted by a mail vote to the A. A. U. by Secretary Sullivan and they were adopted by a vote of 25 to 2, six not voting:

Resolved, That the application above quoted be received and the request to redistrict the Atlantic Association as enumerated be granted, the proposed association consisting of Maryland, West Virginia, District of Columbia, North and South Carolina, to be called the South Atlantic Association of the Amateur Athletic Union.

Resolved, To amend Article III, section 4, Constitution of the Amateur Athletic Union, page 24, by adding the following territory under the heading of "Atlantic Association."

Maryland, West Virginia, District of Columbia, North Carolina, South Carolina.

Resolved, To amend Article III, section 4, Constitution of the Amateur Athletic Union, page 25, by adding the following under the subhead "South Atlantic Association."

Maryland, West Virginia, District of Columbia, North Carolina, South Carolina.

IN THE BASEBALL WORLD.

NOT ONE OF THE EASTERN TEAMS LANDS A VICTORY.

New Yorks Lose Three Out of Four to Cincinnati—St. Louis Beat the Brooklyns, Who Now Adorn the Tail End—Results of American League Games.

Defeats are now coming to the Greater New York teams two a day. Both lost one Sunday and both lost yesterday. The Cincinnatis won three out of four from the New Yorks and St. Louis fared equally as well in the Brooklyn series. Yesterday's defeat was the second one-run loss sustained by the Brooklyns in two successive days. The Brooklyn team is to-day adorning the tail end, which makes it look very much as if it had been playing poor ball and not "robbed by the umpire." More base hits and fewer players benched for kicking would help the Brooklyns. It seems a waste of time to say the Pittsburgs won, but yesterday's victory, which was over Philadelphia, was by only one run. If the Champions, when they win by a single tally only, were charged with a defeat it might make things more interesting. The Chicagos beat Boston, so that not a single Eastern team won yesterday. There were only two American League games played. Rain prevented two. The two games played were whitewashes. St. Louis beat Cleveland and Chicago won from Detroit. The National League results and record follow:

Cincinnati, 4; New York, 2.
St. Louis, 6; Brooklyn, 5.
Pittsburg, 2; Philadelphia, 1.
Chicago, 5; Boston, 2.

CINCINNATI, 4; NEW YORK, 2.

CINCINNATI, May 19.—The Cincinnatis took the last game of the series with the New Yorks to-day before a small crowd. Rain fell immediately before the game and delayed the starting of play. The locals gave good backing to young Currie who pitched a steady game, doing his best work when the New Yorks were nearest to scoring. Sparks was hit no harder than his opponent, but was more unfortunate in keeping the hits scattered. Then, too, Lauder made a costly error in the fourth, which gave the Reds the runs which won the game. The score:

ST. LOUIS, May 19.—St. Louis took to-day's game from Brooklyn by 6 to 5. The score was 5 to 2 in the favor of the visitors in the last of the seventh, when the locals tied the game by a single, a home run and a triple. Ward was sent in to bat for Newton, but to no purpose, Dolan and Keeler being left on bases. Kitson went in to pitch when the ninth opened with the game still a tie. Two Brooklyn men got on bases, but the next three were easy outs. Ryan opened for the locals with a single, advanced on Popp's hit to McCreery and the latter's bad throw to second. Farrell sacrificed and Donovan brought in the winning run by a single to centre with one man out. Attendance, 700. The score:

PITTSBURG, 2; PHILADELPHIA, 1.

PITTSBURG, May 19.—Pittsburg won the fastest game of the season here to-day in the ninth inning. Conroy tripled and scored the winning run on Wagner's sacrifice fly. Both of Philadelphia's errors were made in the first inning and not a blunder was made by either side afterward. The exceptionally good fielding was done by Leach, Hulswitt, Smith and Childs. Doheny and McGee both pitched well. The score:

CHICAGO, 5; BOSTON, 2.

CHICAGO, May 19.—Chicago again defeated Boston to-day by a score of 5 to 2. Boston bunched four singles in the ninth inning and scored two runs, but the batting rally proved too late for the Orphans had already piled up a commanding lead. The fielding and batting of Tinker, Miller and Congalton proved the feature of a rather tame game. Attendance, 1,200. The score:

GOLD SEAL

America's Best

CHAMPAGNE

"SPECIAL DRY." "BRUT."

"GOLD SEAL" is made by the French process from the choicest grapes grown in our own vineyards, excels any other American wine and equals any imported.

"GOLD SEAL" may be placed on the table of the most fastidious connoisseur without fear of criticism or comparison with any imported champagne.

Why pay twice as much for foreign labels?

"GOLD SEAL" is sold everywhere and served at all leading clubs and cafes.

SARAH BERNHARDT says: I find the Urbana Wine Co.'s "GOLD SEAL" CHAMPAGNE excellent, in fact, superior to many French Champagnes. It surprises me that such a fine wine can be produced in America.
