

War news is very interesting

Are you straining your eyes in reading about the war? Newspapers are hard on the best of eyes. On defective eyes they are a dangerous strain.

If your eyes are not as young as they used to be---or are young but defective in refracting---you'll get much more satisfaction from reading war news---and be much more efficient at your work---if you wear properly fitted glasses.

Clinton will test your eyes, and provide exactly the glasses you need to protect and preserve your sight.

Charges are fair and reasonable.

CLINTON,
Jeweler and Optician,
At the Sign of the Big Ring.

CITY AND COUNTY NEWS.

BANKING BY MAIL

It is really just as easy as banking right at the bank, and the country dweller can enjoy every convenience this bank affords as well as the town resident.

Your money is kept safely for you. You can pay your bills by check and have every facility of our organization at your disposal, merely by the use of the U. S. Mail, through the plan the McDonald State Bank has adopted.

Write or phone Mr. McDonald and he will tell you all about it.

McDonald State Bank.

NEVILLE NOT CRAZY ON GOVERNOR'S JOB.

"This salt and alkali water here in Lincoln does not agree with me anyway," Governor Keith Neville is quoted as saying when discussing his ambition to become colonel of the Dandy Sixth Nebraska and serve with the American army at the front in France.

"The alkali water affects me, and I am not crazy about this job of being governor anyway. If any man thinks it's a snap, that man is mistaken, and should try it a while."

Omahans close to the governor and to his secretary, Lee Metcalfe, say that it is all settled and that the governor and his secretary are both going to war.

Governor Neville paid a quiet visit to Omaha a few days ago, called at headquarters of the "Dandy Sixth" and also stepped across the street to hob-nob with the boys in charge of the recruiting station where the Fourth Nebraska is being brought up to war strength.

Minor officers of the "Dandy Sixth" are talking confidentially of Neville as their prospective colonel.—Omaha Bee.

Red Cross Benefit Dance

Your Uncle Bill Tiley, who is not happy unless doing something for the good of others, gathered a few other live wires about him, and they concluded to give a dance for the benefit of the Red Cross fund. This dance will be given at the Lloyd opera house Friday evening of this week, and one of the big features of the affair will be an orchestra of twenty-two pieces, members of the North Platte Musical Union donating their services. The tickets are now in the hands of the committee, members of which will not be slow to solicit you to invest seventy-five cents. The object is a most worthy one, and everyone should buy a ticket or two.

Storing Coal for Winter

Local coal dealers are laying in their winter supply of coal in anticipation that later in the season the railroads will be so tied up moving government troops and freight that they cannot handle coal. While the dealers are storing in large quantities, it does not mean that they will have on hand a winter's supply, but they do hope to have sufficient to last through thirty days or more should coal shipments be tied up. Not only have the dealers filled their bins to full capacity but they are storing on the ground, one firm already having 280 tons stored in the open. All dealers say that consumers should lay in at least a part of their winter's supply of coal during this month. Prices, they say, are not likely to be less than at present.

Guard to Mobilize July 25th

A Lincoln dispatch dated Saturday said: The Nebraska National Guard must be ready for mobilization about July 25 according to orders received by Adjutant General Hall today from the war department.

The general has accordingly notified all units of the guard to be ready for moving immediately as soon as the order comes from the president, which will include all three regiments of the guard with their auxiliaries.

While nothing definite would be given on it is generally believed the mobilization will be made at Fort Crook.

Reducing the Accidents

"You have noticed the reduction in automobile accidents at railway crossings and on the highways since May, haven't you?" queries a railway man. "We predicted that lives could be saved at railroad crossings by enforcing prohibition of the liquor traffic. The record in Nebraska for two long months seems to sustain that conclusion."

Number of Autos Increasing.

County Treasurer Souder says that the number of automobiles owned in Lincoln county is now seventeen hundred, and he confidently predicts that by the end of the year the number will have reached the two thousand mark.

Basing the population of the county at 19,000, there is one car owned for each eleven people, and by the end of the year every tenth person in the county will be a car owner.

Lightning Strikes House.

During the violent thunder storm Friday night a house in the 1600 block on West Fourth street owned by Sanford Hartman, was struck by lightning. The descending bolt struck the comb of the roof and set fire, but a quick response by the department extinguished the flames before much damage ensued. The roof was not badly shattered and the occupants of the house were not injured.

HAY LAND

1000 acres best hay land in Lincoln county; two fine groves; small improvements; biggest snap in the state. Price \$35.00 per acre. Will sub-divide. O. H. THOELECKE. 50-2

Car Registration for June

During the month of June the registration of automobiles in Lincoln county totaled 108. Of these seventy were Fords, eight were Buicks, seven Overlands, five Dodges, five Maxwells, four Oaklands, three Studebakers, two Mitchells, two Reos and two Chevrolets.

Repairing Bridge Fill.

Several teams and a dozen or more men have been at work for a week filling in the cave-in on the approach to the Lincoln highway bridge. This part of the work will be completed in a few days, but the damage to the abutment at the west approach cannot be determined or repaired until the water recedes.

Miss Minerva Hastings returned Sunday

afternoon from a visit with friends in Kearney.

The Club Nevada will meet Wednesday

afternoon of next week with Mrs. Fred Loudon.

Miss Janet White will leave soon for

eastern points to visit relatives for a fortnight or longer.

Mrs. Frank Sullivan left a few days ago

for Fremont to visit with friends for a couple of weeks.

GUARD WILL GATHER FOR VACCINATION JULY 15.

Captain Halligan, of Company E, has been directed to mobilize his company in this city July 15th in order to get ready for general mobilization of all units of the guard.

The local mobilization is to get the men in physical shape to withstand disease. All of the men will be vaccinated for contagious diseases, so that by the time they are called to the general camp they will be over the trouble of sore arms caused by the vaccinations. Stronozia drilling will also be a part of his program.

Guardsmen will be allowed to enter the officers' training camps. That is the announcement of Adjutant General Hall and each company commander will be allowed to name any private or non-commissioned officer for that service, who shows the proper spirit and aptitude for the work. These men after being accepted will be given the same standing as those who have already been taking training in the officers' camps.

Loyal Railroad Men.

In a letter to the Omaha World-Herald, John P. Coady, of this city, writes as follows:

"Without casting any reflection upon other trades and professions, but do you not think the loyalty, patriotism and quick action of the railroad men of the United States, from the president and general manager to the engine-wiper and track-walker, is deserving of the highest praise and commendation and worthy of special mention?"

Among the first in line to register, purchase Liberty bonds and give generously to the Red Cross fund, there is no record of any slackers in this brave, strong, well-disciplined army of men. And the American railroad men are going to be a great factor in this war, their judgment is keen and quick in an emergency, as indicated by their ready response to the government's war-time needs. Had it not been for the crippled condition of the railroads of Russia the kaiser never would have marched his men into Warsaw.

When the true history of this great conflict is written you will find many pages devoted to the brilliant achievements of those heroes of the rail.

A Prosperous Farmer

Rasmus Jorgensen and son were in from their farm about twelve miles southwest Monday transacting business and found time to call at this office for a brief visit. Mr. Jorgensen informed us that he has about 100 acres devoted to alfalfa this year, and that last year he disposed of about \$1,000 worth of alfalfa seed. He is pretty well stocked up with high-grade black cattle at present and is also growing a large number of the better class of horses. He explains that it is just as easy to grow good grade horses and cattle as it is to raise the inferior kind, and the results are more pleasing and very much more profitable. He is one of the most thorough farmers and stock-growers in this section of the country, has a good farm and conducts it in a manner that proves that farming in western Nebraska can be made worth while. Along with other things he makes an orchard produce a paying crop, and tells us that he will have excellent pears and numerous cherries this season.—Sutherland Free Lance.

"The Kiss" with Marguerite Courtot and Owen Moore will be the attraction

at the Keith tonight. This is the production for which Miss Courtot and Moore both made aeroplane flights at Amityville, L. I., in the Lawrence Sperry machine in which the inventor-aviator later came to grief himself, being forced to spend the night on the ocean when his supply of gasoline gave out.

IT'S SURPRISING

That So Many North Platte People Fail to Recognize Kidney Weakness.

Are you a bad back victim? Suffer twinges, headaches, dizzy spells? Go to bed tired—get up tired? It's surprising how few suspect the kidneys. Kidney trouble needs kidney treatment. Doan's Kidney Pills are for the kidneys only. Have convinced North Platte people of their merits.

Here's a North Platte case—North Platte testimony.

Kidney sufferers hereabouts should read it.

Mrs. J. R. Baskins, 323 W. Eighth St., North Platte, says:

"My kidneys had been acting irregularly and I knew they were the cause of my poor health. I felt tired and depressed and was very nervous. I was taken with dizzy spells and spots came before my eyes. I hadn't been using Doan's Kidney Pills long before I felt much better. The benefit they gave me proves they are fine."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Baskins had. Foster Milburn Co., Mfrs., Buffalo, N. Y.

Notice to Non-Resident Defendant.

Sadie L. Bruce, alias Sadie L. Stromberg.

The above named will take notice that on the 30th day of June, 1917, George E. French, County Judge of Lincoln county, Nebraska, issued an order of attachment for the sum of \$88.25 in the case pending in said court wherein C. F. Blanke Tea & Coffee Company, a corporation, is plaintiff and you are defendant; that property of the defendant consisting of one table, one large box of goods, one crate of bedding and glass, one piano, three pieces of furniture crated, one bundle of chairs, etc., one trunk and suit case, one bundle of rugs, one heating stove, one brass bed, one sewing machine, one top range, one roll of mattresses, one box of dishes, one ironing board, one cook stove and one heating stove, altogether fifteen (15) bundles and crates, have been attached under said order.

That said case was continued to the 21st day of August, 1917, at 9 o'clock a. m.

C. F. BLANKE TEA & COFFEE COMPANY.

By Muldoon & Oberst, its Attorneys.

The Eldeen club will meet Wednesday afternoon with Mrs. E. W. Mann. For Sale—One lawn mower and cutter. Mrs. J. Hahler, phone Red 453.
