## ARMY TRANSPORT REACHES CITY ONE DAY LATE

The army truck train enroute from Washington to the coast arrived in this city at five o'clock Sunday afternoon, twenty-seven hours behind its schedule. This delay was due to bad roads between Lexington and Gothenburg, and by reason of these roads the convoy was compelled to spend Saturday night in Gothenburg instead of arriving here at two o'clock Saturday afternoon. The train stopped Friday night in Lexington, and all day Saturday was spent in fighting mud between that place and Gothenburg with Willow Island as the location of the worst trouble. The individual trucks operated by the Goodyear and Firestone tire companies arrived here Saturday evening as did two Auto car trucks. Included in the Goodyear outfit was an immense truck carrying the Goodyear band. This excellent organization gave two appreciated concerts at the court house park Saturday and Sunday evenings before big audiences. In addition to these trucks there also arrived Saturday afternoon Captain Murphy, a recruiting officer, two officers of the engineering corps and Rev. Dr. Johnston, these men traveling in light roadsters. Rev. Dr. Johnston made two addresses at the court house park Saturday and Sunday evenings on the subject of the need of good roads.

The arrival of the train was announced by a prolonged whistle at the water plant, and the streets were lined with hundreds of cars and thousands of spectators. The train entered the city over the Lincoln highway, down Dewey to Front, west to Locust and thence to the city park. Eight trucks containing the engineering corps did not arrive until ten o'clock at night, and with this corps came Colonel McClure. The delay of these trucks was due to the big repair shop truck going through a bridge or culvert east of Maxwell, and a stop was necessary to extricate the truck and repair the damage to the bridge.

Upon arrival at the city park the train at once went into camp, and during the evening was visited by hundreds who drove over in cars. Members of the corps were gratified to find upon arrival at the park that the Knights of Columbus had established a canteen there and ice cream and lemonade was served throughout the evening to the tired and warm men. Members of the local lodge served the refreshments and to officers and men alike this courtesy on the part of the Knights of Columbus was like an oasis in the desert and they certainly partook freely of the lemonade and cream.

About 9:30 the big three million candle searchlight was brought over from the city park and stationed at the corner of Fourth and Dewey and for a half hour or so was operated, throwing wonderful penetrating and far-reaching light along the streets and into the sky. The exhibition of this searchlight proved highly interesting to the dense throng which crowded the streets.

The delay in the arrival of the train disarranged to a great extent the program which had been prepared. However, when Colonel McClure arrived at ten o'clock Sunday night he was met by Mayor Streitz and the committee and in behalf of the city was presented a floral key by Mrs. Streitz. Colonel McClure gracefully acknowledged this courtesy and promised to have the key photographed and keep the photograph as a memento of the trip.

It was the intention to resume the trip yesterday morning, but Colonel McClure concluded to give the men a rest and therefore the corps remained in camp yesterday, leaving for the west early this morning.

The army truck train comprises the following: Five passenger cars, thirty-five trucks, all of the army type, two ambulances, six motorcycles, two tank trucks, two kitchen trailers, two water tank trucks, one engineer shop truck and one searchlight truck. Technical personnel from the motor transport corps, engineer corps, medical corps, field artillery and air service are making the journey.

There are two main purposes in staging this run. First, it is to demonstrate the strategic value and general utility of the truck for army purposes. It must be remembered that before the Mexican expedition the army placed its whole reliance in the mule, and even up to this day the army officials are not strictly solid on the truck. Secondly, the tour is conducted as an advertising medium for the good roads movement. There is another secondary object, that of securing men for the Motor Transport Corps.

Just received a shipment direct from the New York market of the new tricotette, also georgette tricotettes and serges in all shades, made up in the very newest fall 1919 models and are now on display at BLOCK'S.

Don't overlook your last chance of seeing Fred Stone in "Under the Top," the great circus story, Keith tonight.

Notice to Creditors. Estate No. 1674 of Albert Coolidge, deceased, in the County Court of Lincoln County, Nebraska.

The State of Nebraska, ss. Creditors of said estate will take notice that the time limited for presentation and filing claims against the said estate is December 5th, 1919, and for settlement of said estate is August 1st, 1920, that I will sit at the county court room in said county, on September 5th, 1919, at 10 o'clock a. m. and on December 5th, 1919, at 10 o'clock a. m. to receive, examine, hear, allow, or adjust all claims and objections duly filed.

(SEAL) WM. H. C. WOODHURST, County Judge.

## Will Attend G. A. R. Encampment.

Mr. and Mrs. J. E. Evans, Judge and Mrs. J. S. Hoagland, Mr. and Mrs. J. B. Elliott, Mr. and Mrs. Geo. C. Dowhower and Dr. Marie Ames are among those who will attend the G. A. R. national encampment to be held at Columbus, Ohio, beginning September 7th.

Lieut. Conklin Ordered Back. Lieut. Conklin and men, who have been in town for two months in charge of the landing field for the proposed trans-continental airplane flight, have been ordered to return to Fort Omaha. The gasoline and lubricants taken to the landing field were returned to the dealers yesterday and Lieut. Conklin will probably leave today. This would indicate that the proposed ocean to ocean flight has been abandoned.

Illustrated History of the county. Mr. and Mrs. A. H. Guthrie arrived in town Sunday and expect to make their home here for the next year. Mr. Guthrie comes here for the purpose of getting out an illustrated history of Lincoln county, having issued histories of a number of Nebraska counties that have been highly satisfactory to the people. Lincoln county is rich in historic interest, and the writer employed by Mr. Guthrie to secure the data is one who is accustomed to that class of work and therefore capable of producing an accurate history. The two volumes will be profusely illustrated. W. H. McDonald and The Tribune editor will lend such assistance as they can in making the books complete and accurate.

CUT THE HIGH COST OF CALICO. We have 3000 yards of Light and dark 36 inch percale worth today 40c per yard. On sale all day Saturday, August 9th, at 25c per yard. THE HUB.

G. A. R. Encampment. G. A. R. National Encampment will be held at Columbus, Ohio, September 7th to 13th, 1919.

Tickets will be on sale August 15 good to return in 60 days. Stop overs will be allowed going and returning. The fare from North Platte and return will be \$23.44. To entitle you to the cent a mile rate you must belong to the G. A. R., W. R. C., Sons or daughters of veterans or some allied organization.

Certificates must be procured from Post Adjutant. Official train will leave Omaha via Northwestern Sept. 7, 6:00 p. m., arrive in Columbus 6 p. m. next day.

The Sons of Veterans will have active charge of Headquarters train. This will be a delightful and patriotic trip. Let me know if you are going. J. E. EVANS, Post Adjutant.

Never Forget North Platte. No matter where located, former North Platte boys never forget the town of their boyhood. In a letter to The Tribune, Will Baker, now of New York City, writes that he had the pleasure of meeting in that city Captain Frances, who was due to leave on his transcontinental airplane trip August first, but whose plane was wrecked by a storm and the trip delayed. Mr. Baker saw Captain Frances again two days before he was to have left on his flight, and told the Captain that he was certain a royal welcome awaited him at North Platte, the only stop to be made on the flight. Mr. Baker adds: "Captain Frances is doing me the honor of adding two letters to the few he is carrying across the continent. He will bring a letter of introduction to Mayor Streitz and to The Tribune. I know you will prize the letter as one of the few carried on the first airplane trip across the American continent."

Mr. Baker says the talk in New York is that the airplane flight will be made about August first, and that it has not been wholly abandoned.

Cut the High Cost of Living. Bargains in second hand furniture, ranges, stoves and household articles. See our low prices on men's and boys' shoes. ECHELBERY, 104 east Front.

All of our wash skirts, also all of our fancy silk skirts are now going at actual cost and less while they last. BLOCK'S.

The agency for the Reo pleasure cars and trucks is now in the hands of C. Harold d'Ayes, 615-21 north Pine street. As the cars and trucks have given good satisfaction, Mr. d'Ayes expects that many new cars will be added to the large number already sold in Lincoln county.

DRUG HABIT ENDS WHEN CAUSE GOES. Health Talk No. 16, by

DRS. STATES THE CHIROPRACTORS

Drugging for headache and the terrible nausea of bilious vomiting spells is one of the reasons for hundreds being driven to Keeley institutes for the drug cure.

Morphine for a headache not only creates an insane appetite, but it weakens the body against subsequent and similar attacks.

There is only one correction for weakness (dis-ease) and that is to restore strength. There is only one source of strength and that is the brain and nerves. Adjustments that restore disordered joints of the backbone to alignment, bring normal strength to stomach and liver and destroy the need for drugs and the cause of pain.

FREE—If you suffer from any form of weakness call for a free consultation.

LET US PROVE THIS TO YOU

Nobody wants to drive or own a shabby looking car, but most of us balk at the cost and lay up of a shop job. And we fear we will make a mess of the job doing it, ourselves. Very well then—visit our Chi-Namel Department and we will brush some Chi-Namel on a piece of ordinary cardboard. You watch it level out as smooth as glass. Then write your name in the wet surface with a tooth pick or match and watch it level out smooth again.

It is the most wonderful and interesting test, you ever saw and proof positive that Chi-Namel will level out smooth and glossy on your car no matter how you put it on.

Then again it is the most beautiful and highest quality auto and carriage finish on earth. Absolutely waterproof, self-leveling and durable. Will not crack or check from heat, cold, weather, water or vibration.

Does not quickly lose its gloss like ordinary varnishes but stays bright for a long time.

Visit us today and learn for what a trifling cost you can drive a brand new looking car with Chi-Namel.

Put your car in condition yourself—it's easy. A quart of Chi-Namel Auto Color Finish will do a large car. You need no skill to produce a satiny-smooth surface because the Chinese Oil in Chi-Namel is self-leveling, all brush marks disappearing before it "sets". One coat is usually enough—and it is heat proof, waterproof, weather proof, not affected by dust or hard travel.

VISIT YOUR NEAREST CHI-NAMEL STORE

The recommending dealer will prove how simple the job and demonstrate the other Chi-Namel finishes for other parts of the car—tops, radiators, woodwork and bright metal parts.
