TELEPHONE FIGHT GOES OVER.

MAYOR URGED TO GRANT A PUBLIC HEARING ON THE CASE.

The Board of Estimate Holds Its First Full Meeting and Passes Important Matters—Report From the Board to Revise the City's Salary Schedule.

The Board of Estimate met yesterday for the first time since it adjourned for the summer vacation on July 19. The calendar awaiting the board was a formidable one, but the members of the board did not attempt to deal with any of the important matters awaiting action.

Further consideration of the fight of the Atlantic Telephone Company to obtain a franchise was laid over for a week, to await the receipt of the report of the committee of the whole on the proposition submitted last July by the New York Telephone Company to pay adequate compensation to the city for the privileges it now has provided it is allowed to have a monopoly.

The majority of the Board of Estimate is in favor of continuing this single service if the city is properly recompensed. Another reason why the matter was laid over was that the Board of Estimate since it adjourned has been petitioned by many interests to grant a public hearing.

Comptroller Metz got passed his resolution placing the Staten Island lighting situation in the hands of a commission. The commission will consist of the Comptroller, the President of the Board of Aldermen, the Comptroller's engineer, the engineer of the Board of Estimate, the President of the Borough of Richmond and the chief engineer of light and power of the Department of Water Supply, Gas and Electricity.

The report of the commission appointed by the Mayor in the spring to make recommendations to revise the city's salary list was submitted yesterday to the Board of Estimate. The commission made many suggestions, urging changes in the existing methods of classification of public positions, and also reporting in favor of the elimination of many useless offices. The report shows that the city has 48,033 employees, whose salaries foot up to $57,068,253. The Board of Estimate will go into this whole matter of revising salaries when it takes up the budget next month.

MASHED THE MASHERS.

Athletic Cashier Wields Her Umbrella on Brace of Early Birds.

Helen Pierson, who is cashier in a restaurant at Broadway and Fortieth street and lives at 238 West Twenty-fourth street, fought off two drunken mashers yesterday morning with such violence that both the men were wrapped in heavy bandages when they were arraigned later in the morning in the Jefferson Market police court. One, who said he was Conrad Kimbell of Montclair, N. J., was so severely beaten about the head that he had to be taken to the New York Hospital. The other, who said he was a diamond broker, of 8 East Thirty-second street, at present flying under the name of David Peters, escaped with less serious injuries.

Miss Pierson appeared in court as complainant against the men. She testified that as she was going home from her employment about 2 o'clock in the morning the two men accosted her at Broadway and Thirty-ninth street. She said they made several facetious remarks which she did not notice, but when one of them gave her a deliberate insult she turned on him with her umbrella and knocked him down. When the other man interfered she treated him in like manner.

Magistrate Baker commended the girl for her brave defence and fined the men $10 each.

Five minutes after this case was disposed of Benjamin Green, a little red faced man, 24 years old, was arraigned on the charge of insulting Mrs. Emma Toomey and her sister-in-law, Marie Toomey, in Union Square Park. The women said that as they were going through the park to their home at 455 Third avenue Green and another young man attempted to block their passage and made insulting remarks. The women appealed to a man sitting on a nearby bench and he seized Green. The other masher escaped.

The Magistrate held Green in $1,000 bonds and in default the man will serve six months on Blackwell's Island.

FILTRATION PLANT PLANS.

Officials Recommend Old Project of Covering Jerome Park Reservoir.

At a conference held yesterday between Commissioner Ellison of the Department of Water Supply, Gas and Electricity, Chief Engineer De Verona of the department, Rudolph Hering, consulting engineer, Health Commissioner Darlington and W. B. Fuller, the filtration expert of the Water Department, plans were discussed for the purifying of the water supplied to the city. It was decided to urge the administration to construct a big filtration plant in connection with the Jerome Park reservoir.

It had first been proposed to build filtration beds at the entrance to the reservoir, but it was determined yesterday that it would be more economical and more advantageous to carry out the old project of covering in the reservoir and making this covering the bed for the new filtering plant. Mr. De Verona said yesterday that this scheme would save the city at least $5,000,000, as it would cost only about $12,000,000, as compared with the estimated cost of $17,000,000 for the beds at the entrance to the reservoir.

A contract for an experimental filtration plant is to be let to-day or to-morrow. The plant is to be installed at the lower end of Jerome Park reservoir, and will be used for finding out the best process for caring for microbes and bacteria which the sand filter does not wholly provide for.

BERNARD SHAW FEARS US.

A Visit Here Would Be Too Dangerous, He Writes, After London's Quiet.

Marc Klaw of Klaw & Erlanger, who made the contract with G. Bernard Shaw for the production of his satirical historical comedy-drama, "Caesar and Cleopatra," which will be presented at the New Amsterdam Theatre on October 29 by Forbes Robertson and Gertrude Elliott, has been endeavoring to induce Mr. Shaw to come to America for the opening night of his play. Mr. Shaw was assured that he would have "a royal time." Yesterday Mr. Klaw got a postal card from Mr. Shaw dated "Coast of Cornwall, September 2." He said:

"It is just that royal reception that makes it impossible for me to come. If I could come quietly, without convulsing America, without delivering a hundred addresses to enormous crowds, without a salute of 101 guns, without the risk of being forcibly naturalized and elected President, and subsequently seized and imprisoned by Mr. Comstock, then I might come. As it is, I prefer the quiet and retirement of London. Besides, I am writing a new play—an astonishly good one. I had no idea I had so much left in me. It has delayed my reply somewhat; but you will forgive me."

Keith and Proctor Get Harlem Opera House

Keith & Proctor have secured the Harlem Opera House for a long term of years. This theatre, which is located on 125th street, just west of Seventh avenue, has up to now been devoted to legitimate productions.

Immediate possession of the house will be given the new lessees and it will be opened as soon as slight changes can be made.

82,625 PART TIME PUPILS.

$3,000 of Them in Brooklyn, but Schools Nearing Completion Will Help Out.

The Board of Education gave out yesterday the statistics of the registration and attendance last Monday in the public schools.

A total number of 639,778 children registered in Greater New York, an increase of 20,269 over last year. There were 82,625 part time pupils, an increase of 9,386. Fifty-three thousand of these part time pupils are in Brooklyn, 19,000 in New York, 9,000 in Queens, 1,600 in The Bronx and 116 in Richmond. Manhattan and The Bronx are the only two boroughs that show an improvement over last year.

The number of part time pupils in Brooklyn will be reduced by 15,300 by the opening within the next two months of three new schools and an addition to an old one.

All the pupils on part time in Manhattan are on the East Side, and 71 per cent. of them are below Fourteenth street. Within two months schools accommodating 11,000 will be opened in that section.
