GOSSIP OF THE RACETRACK

EMPIRE CITY COURSE TO GET RECOGNITION.

Belmont Informs Butler That on Receipt of Application Jockey Club Stewards Will Be Prepared to Assign Dates and Authorize Meeting—Ring Transactions.

At a meeting of the Jockey Club held at the Windsor Arcade yesterday the following was drawn up and sent to James Butler:

"DEAR SIR: As we notified you yesterday, your last communication of the 20th inst. was received and we now further write in reply thereto

"Under rule 28a of the 'Rules of Racing' before the Jockey Club acts upon your application for approval of the names of the proposed officials you should make application in the ordinary form for its sanction or approval to conduct a recognized meeting upon dates to be assigned by it. When this has been done the Jockey Club will meet at once and consider your application. The application should be accompanied by a programme and a detailed statement of the proposed stake events and other races.

"Assuming that the facts submitted are such as to justify such action, the stewards of the Jockey Club will then be prepared to assign dates and to authorize the conduct of a meeting, subject to the existing rules and regulations of the Jockey Club, or such as may be enacted from time to time with reference to the conduct of races.

"We are proposing to take this action in obedience and out of respect to the decision of the court, though we [are informed that the decision of the court [as it now stands is not in accord with the opinion of the Court of Appeals as to the purpose for which the present racing law was enacted by the Legislature. Very truly yours,

"AUGUST BELMONT,
"Chairman Jockey Club.

"Empire City Trotting Club,
"JAMES BUTLER, Esq., President."

Mr. Belmont made this statement for publication last night:

"To promote a healthy and general interest in racing has been the object of the Jockey Club. After the experiences preceding 1894, when racing was becoming a harmful craze and a mere incident to gambling at tracks the type of Guttenburg and Maspeth, both day and night, the Jockey Club believed a respite in August in the metropolitan racing district was a wise precaution.

"It is not yet satisfied that this policy is not the best. A sentimental pity for the so-called small horse owner must not blind those who love racing and wish its healthy survival, to the danger of encouraging the growth of irresponsible and purely money making ventures, whose managers will be at all times ready, for the sake of gain, to help break down the safeguards placed around the turf, after years of work, by its real lovers and promoters.

"And it must be remembered that the Jockey Club is not a self-constituted body, but that prior to the passage of the Percy-Gray law it was requested at a mass meeting of owners, trainers, jockeys, associations and others interested in the turf to incorporate itself with a limited membership and take full charge of racing in this section of the country."

At a session of the Racing Commission yesterday at which were present James Wadsworth and John Sanford the application of James Butler, owner of the Empire City track, asking that the rules of the Jockey Club, which if enforced would boycott his meeting, be abrogated was duly considered, with the result that Chairman Wadsworth made the following statement after the meeting had adjourned:

"In view of the formal declaration of the Jockey Club to us that it did not propose to arbitrarily discriminate against the Empire City Trotting Club it was not deemed necessary by the commission to modify the existing rules of racing at this time except in respect to the use of the word 'license' in certain rules where such word was inaccurate and would indicate an apparent conflict of authority between the commission and the Jockey Club, and in one or two other minor and unimportant respects."

Six carloads of racehorses from Buffalo arrived at Jersey City yesterday, their destination being the Empire track. From Latonia and Louisville there will be more shipments in the next few days. Work on the improvements at Yonkers went along with much energy yesterday.

The bookmakers at the Beach got another hard drubbing yesterday. All of the six winners were heavily backed and not a book escaped from the general slaughter. It was reported in the ring that John W. Gates had enjoyed a banner day. The sharps said that he had a big bet on Bat Masterson in the first race, the colt being backed from 3 down to 11 to 5. Gates also bet on Thistledale in the steeplechase and then proceeded to unbelt on Carthage in the third event. It was stated on good authority that Gates wagered all of $10,000 on Carthage, who came here from Latonia with a big reputation as a selling plater. But the money paid out on his success was probably offset by the heavy losses on Blandy, who was steadily backed at 11 to 5.

It was also reported as current gossip that Gates's money helped to back Fair Play in the Montauk Stakes from 7 to 10 down to 9 to 20, but Boots Durnell's Royal Vane came near breaking it all up. Dick Finnell, 7 to 5 favorite, in the fifth race, was also played by Gates and other big bettors, but the books also took in many bundles on Ampedo, backed from 13 to 5 down to 2. As a windup, Gates, it is said, went to Fond Heart in the last race for a bunch, taking 11 to 10 for the bulk of his wager. Nobody could say just how much the Chicago man won on the day, but he will probably admit that it was more than $1,000, while the ring sharks will insist that it was close to $30,000.

John E. Madden and Sim Deimel, according to the story that was in circulation yesterday, had a hot interview at the Bay in the morning. Madden attempted to explain why he boosted Deimel's Gene Russell in a selling race on Monday. Deimel retorted with the statement that explanations were not in order and that in future he would bid up all of Madden's horses that might win selling events, and also all horses that Madden might sell to other turfmen. Deimel said afterward that Madden tried to get even with Albert Simons for some trouble that the former had last year with the board of governors of the Sheepshead Bay Club.

Farley, the strike breaker, is one of the biggest bettors at the Beach. He has been winning extensively for the last week and was playing with a lavish hand all day yesterday.

Previous winners of the Montauk were Plucky, Commando, Highlander, Eugenia Burch, Long Shot, Tongorder, Accountant and Salvidere.

BRYN MAWRS CHAMPIONS.

Win the Junior Polo Honors by Defeating the Onwentsias.

CHICAGO, July 24.—The Bryn Mawr Juniors to-day won the junior polo championship of the United States by defeating Onwentsia, 11 goals to 6. Two fouls against Bryn Mawr and a safety by Onwentsia made the final net score: Bryn Mawr, 10, Onwentsia, 5½. Bryn Mawr thoroughly outplayed and outrode Onwentsia in the second period and scored enough goals during that time to win the game. Otherwise the match was evenly contested.

Polo at Great Neck.

GREAT NECK, L. I., July 24.—By a score of 16½ goals to 14 the Great Neck Polo Club, composed of J. S. Phipps, J. P. Grace, Morgan Grace and H. S. Phipps, won the Great Neck Challenge cup on the field at Great Neck to-day, defeating the strong team representing the Meadow Brook Hunt Club. Nearly all the members of the prominent colonies about Hempstead, Garden City, Westbury, Wheatley Hills, Great Neck and a number of the Rockaway hunting colony were in attendance, and from start to finish cheered the respective teams.

The Meadow Brooks, who have been so successful on the polo field this season, were by far the favorites, but so fast and clever a game did the Great Necks develop in all periods that with their allowed handicap of 9 goals they added 8 more and won the highly prized cup that was offered for competition in 1903.

BELMONT TWO-YEAR-OLDS WIN.

Fair Play and Fond Heart, Both Favorites, Score.

Two-year-olds bearing the colors of August Belmont won two races at Brighton Beach yesterday, where another crowd of more than 15,000 enjoyed a profitable afternoon because of the success of five favorites and a second choice. Mr. Belmont's Fair Play, a Hastings colt, who ruled favorite at 9 to 20, was victorious in the Montauk Stakes, for two-year-olds, six furlongs. Mountain rushed the colt to the front at the start and opened up a good lead, but in the homestretch the Belmont youngster tired and had to be put under the whip to win by a head from C. E. Durnell's Royal Vane, 5 to 1, an added starter. T. L. Watt's Home Again, 40 to 1, took thrd place, three lengths away. The time was 1:14.

Mr. Belmont's Fond Heart, a filly by Hastings and favorite at 11 to 10, made a runaway of the last race, for maiden two-year-old fillies, five and a half furlongs. Mountain eased her up in the last furlong and she passed the judges six lengths to the good in 1:07. J. Fitzsimmons's Miss Delaney, backed from 100 down to 30, ran into the place, a length and a half before Louis Cavanagh, 15 to 1, who beat James R. Keene's Red Bonnet, 5 to 1, by half a length.

Bat Masterson, backed down to 11 to 5, had a world of speed in the handicap for three-year-olds, six furlongs, making all the pace and winning in a drive by half a length from Mr. Keene's Cabochon, 4 to 1, who closed with a great rush and beat Prince Ahmed, 8 to 1, half a length for the place. But the stewards disqualified Prince Ahmed for fouling and gave third money to Berwick, 9 to 2. The time was 1:12 2-5.

J. W. Colt's Thistledale, 16 to 5 second choice, was much the best in the steeplechase, at about two miles. He went to the front early and was never headed, coming home on the bit ten lengths in front of T. Hitchcock, Jr.'s, Garret, 13 to 5 favorite. Judge White, 15 to 1, was five lengths away. Belligerent and Sandalwood burned up a lot of smart money. The time was 3:57.

J. T. Williams's Carthage, fresh from Latonia, who was backed down to 7 to 5, won the third race, for platers, at a mile and a sixteenth. He went to the front in the middle of the backstretch and rolled home a length and a half in front of Moonshine, 40 to 1. Bobbie Kean, 20 to 1, was third, beating Miss Doyle, 7 to 1, a head. Mr. Belmont's Blandy, 11 to 5, could not raise a good gallop. The time was 1:48.

After being in a series of pockets Dick Finnell, 7 to 5 favorite, shot to the front at the head of the stretch and won the fifth race, for three-year-olds, at a mile and a sixteenth in a big gallop by four lengths in 1:46 2-5. Rifleman, 5 to 1, who led for nearly a mile, was second, two lengths in front of Troublemaker, 7 to 1. Ampedo, 2 to 1, got a weak ride. The summaries:

LARCHMONT'S RECORD RACE

112 YACHTS CROSS THE STARTING LINE.

Queen Wins From Ingomar and Elmina by a Big Margin—Fresh Wind at the Start, but When on Second Round It Shifts and Gives Big Lift to Some Yachts.

All records were beaten in the Larchmont Yacht Club's regatta yesterday, which was sailed on the Sound. One hundred and twelve yachts crossed the starting line. Some years ago in a regatta down the bay managed by the New York Yacht Racing Association there were 110 starters, but many of these were old timers, while in yesterday's race all were modern racing craft, and they varied in size from the schooner Ingomar to the dory Saucy Sal.

The regatta was so large that it was almost impossible for the committee to time all the yachts as they crossed the finishing line. They crowded so closely together that it was impossible to pick up their numbers, and several boats were missed. These times the committee will have to gather from the owners in order to complete the summary of the race. Yacht racing at Larchmont has grown so that now instead of trying to bring out as many yachts as possible to make the fleet a large one the committee will have to devise other means and perhaps limit the classes each day.

There was a nice sailing breeze nearly all day, and the yachtsmen were agreeably surprised, but the wind did not hold true. It was from the east northeast when the boats crossed the starting line, and later died away and then came in again from the south and also southwest. In some classes this shift made a big difference in the result as some yachts were favored by it and some were put at a big disadvantage.

The courses selected sent the racers across the Sound first. For the big boats this was to a mark off Motts Point, then to a mark bearing northeast by north and then to the home mark, west southwest. The first leg was a reach with booms to starboard, and the Ingomar led across the line to windward of the Elmina and with the Queen astern. In this order they turned the first mark. Then the Ingomar and Elmina made a long tack across the Sound, while the Queen worked along the Long Island shore as far as Matinnecock Point, and when she stood out she crossed the bows of the other two schooners The third leg was before the wind.

The times of the big yachts as they finished the first round of the triangle were: Queen, 1:31:41; Ingomar, 1:34:55; Elmina, 1:36:04; Effort, 1:44:57; Aurora, 1:49:53; Istalena, 1:52:21; Winsome, 1:52:46; Eleanora, 1:53:53; Avenger, 1:54:34; Neola, 1:54:46.

The Queen reached across the Sound again, but before she reached the first mark the wind died out, and as she turned she came in again from the south. Then she had another reach to the second mark, while the Inogmar and Elmina had to make three tacks to fetch the Motts Point mark. In the same way the wind changed the chances of the boats in the other classes. The Avenger, racing against the 57 footers and with an allowance of 1 minute 53 seconds, was able to close up on the leader in her class and to pass the Istalena and Aurora. The Neola caught and passed the Effort and the Gardenia wrested victory from the Eleanora. The Queen got a big lead and she finished a winner in her class by 24 minutes 47 seconds. The Elmina was second.

The Neola finished first in her class, but she has to allow time to the Effort, and the Effort won the race by 1 minute 53 seconds.

In the 57 foot class the Winsome finished first and the Avenger second, but the Avenger's allowance gave the first prize to her. The Gardenia beat the Eleanora 18 seconds in the foot class.

The results are shown in the following summary:

THREE BLUES FOR HARRIMAN.

Vanderbilt and Watson in Competition at Long Branch Horse Show.

LONG BRANCH, N. J., July 24.—First honors of the opening day of the Monmouth County Horse Show Association to-day went to J. W. Harriman, who won three of the thirteen blue ribbons. Charles Watson of Baltimore and P. F. Collier of New York each won two blues. Alfred G. Vanderbilt scored his only win in the tandem class. E. C. Rich won in the roadsters class, S. J. Holloway in the hunters and jumpers class, Mrs. M. H. Kohn in the station horse class, Mrs. H. S. Ladew in the children's pony class and Rufus L. Patterson in the pony class, ladies to ride.

The show opened with the largest opening day crowd in its history. A feature of the day was the close contests between J. W. Harriman and Alfred G. Vanderbilt for first honors in the harness horse class. The Harriman entry, Flashlight, took the blue from Vanderbilt's Sweet Marie and The Major. In the tandem class Mr. Vanderbilt's entry, Polly Prim and The Youngster, beat the Harriman pair Mala and Lord Brook. In the pairs to victorias the Harriman entry won from the Vanderbilt pair.

C. W. Watson scored with Ringing Bells, the Atlantic City winner, in the basket phaeton class, and in the harness horse class with My Maryland. In the polo pony class P. F. Collier won the prize with Hayseed. The polo prize for the last four years previous to this year went to Howard S. Borden's Comet. Comet was entered this year, but was taken with pleurisy to-day and could not be shown. Summary:
