

The NEW EDISON "The Phonograph with a Soul"

I will pay \$10,000

Soothed and refreshed by music

Nervous and exhausted from shopping

Give Mr. Edison an Idea

NO ONE questions the power of good music to relax tense nerves and allay fatigue.

Edison spent three million dollars in research work to develop an instrument, which would RE-CREATE all forms of music, with absolute realism, and thus provide an instrumentality, by which the true beauties and full benefits of music can be brought into every home.

Edison wants a phrase of four or five words, which will distinguish this new invention from ordinary talking-machines. He offers \$10,000 in prizes for the best ideas. Bring or mail the

coupon and get a folder, that gives full particulars and instructions.

Three Days of Music Free

If you do not own one of Edison's new instruments, we shall gladly lend you one for three days, in order that you may experiment with it in your own home and learn what music will do for you. This experience may make it easier for you to win a prize.

Act quickly, as the number of instruments, which we can lend, is limited. Bring or mail the coupon. You assume no expense and no obligation.

Have you a daughter Graduating this June? You promised her a gift. Make it a New Edison, —and delight her heart with music.

Dixon Music Shop.

OF INTEREST TO RURAL READERS

FARM BUREAU NEWS SERVICE SUPPLIES ITEMS FOR THE TRIBUNE READERS

Samples of the U. S. Government harness, which is being sold through the county farm bureaus, has been received by the state headquarters and can be seen at the office at 1543 "O" Street Lincoln.

Officers of the U. S. Grain Growers Inc. will meet with representatives of farmers cooperative elevator concerns of Nebraska at Omaha on June 6 and 7. The object is a further perfection of the plan of the U. S. Grain Growers. Incorporated. Similar meetings will be held in Kansas City on June 2 and 3 and in St. Paul, Minnesota, June 9 and 10.

State Tax Commissioner, W. H. Osborne has again addressed a communication to all county clerks requesting that the county tax rolls be published in the newspapers. Farmers generally are behind Osborne in the request.

Everything the farmer has, his farm, horses, cattle, machinery, and grain are visible assets and carry the full burden of taxation. On the other hand merchandise and other forms of more invisible property has been "getting by" the assessor regularly in the years past. The publication of these tax rolls is bound to shift some of the burden where it properly belongs.

During the last week in June meetings will be held in each precinct in

which the farm bureau is organized for the purpose of getting behind the movement for an agricultural foreign trade financing corporation. The movement was started by James R. Howard, President of the American Farm Bureau federation and a plan has been submitted by Carl Vrooman, former assistant secretary of agriculture. The plan, primarily is to get behind a bill introduced by Senator Geo. W. Norris, which provides that the \$50,000,000 profits of the war-time U. S. Grain corporation be used as capital stock for a foreign finance corporation authorized to issue debentures to a maximum of \$500,000,000 for the stimulation of European markets. Each farmer would be required to buy 10 per cent of value of his export sales in stock in the foreign agricultural trade finance corporation. This sum to be used to repay the \$50,000,000 advanced by the government.

IMPROVE YOUR STOCK

of Rhode Island Reds at small cost. I have four splendid cockerels that I have used in the breeding pens that I am through with for this season I will sell them at \$2.50 each. You cannot obtain this blood anywhere for less than four times the money. Plenty of time to use them this season and you will have your cockerels for next season. J. H. VAN CLEAVE.

Mrs. J. J. Halligan and Mrs. Victor Halligan attended the wedding of Miss Frances Halligan at Brule Wednesday. Miss Frances Halligan is a niece of Mrs. J. J. Halligan and is a graduate of the local high school and has been teaching for the past three years. She was united in marriage at high noon Wednesday to Franklin Anderson, a farmer near Brule.
